### DEATH OF OLE OLSON.

State Wide Prohibition the Burning Question in Cache.

Special Correspondence.  
 Smithfield, Cache Co., Jan. 17.—Last Wednesday evening, one of Smithfield's oldest townsmen, Mr. Ole Olson, 86, departed this life. He had been very ill for quite a while until last Sunday, when he became suddenly ill and death came, as above noted. The deceased was 82 years of age. He came to Utah in 1866 and to Smithfield in 1886, where he has since resided. He is survived by two sons, Ole and John. He was living with his oldest son at the time of his death. The funeral was held in the First ward meeting-house last Friday afternoon. The deceased was a faithful Latter-day Saint and a good neighbor.

Last Friday evening, Lucile, the 15-year-old infant daughter of Mr. and Mrs. Richard Hinkley, died of lung trouble after a brief illness. The funeral was held today at the family residence.

The one question discussed here now is state-wide prohibition. A large majority of the people here are strongly in favor of it. Many have remarked that if their representatives in the legislature do not work for prohibition, they will leave from their constituents at the next state and county conventions.

### Special Correspondence.

Payson, Utah Co., Jan. 18.—Thomas Poulson Cloward, the veteran pioneer who died Saturday, Jan. 16, at his home here, was born Dec. 10, 1823, in Chester county, Pa., and was the son of Jacob Cloward and Ann Pluck. He became a member of the Mormon Church in 1844, and moved to Nauvoo the same year. In 1846 he was driven with the Mormon people out of Nauvoo and became a settler from his home for being a follower of the latter-day prophet, Joseph Smith. He spent that winter on the banks of the Missouri, where the saints had made a temporary resting place. Here he met Mary Page, and they were married March 25, 1847. The same year he was chosen one of a band of 143 to come west with President Brigham Young to the Rocky mountains and a resting place for the saints, and arrived in Salt Lake valley July 24, 1847. Being a shoemaker, he made the first pair of shoes made in Utah.

In September of the same year he was called to return to Winter Quarters and did not return to Utah until 1852, when he again crossed the desert with a company of 72 wagons. He moved to Payson the same year, and remained there until 1862, when he settled in Payson. He was married to Mary Gardner in the fall of 1854. He took an active part in the settlement of Utah, always responding to every call for assistance or in defense of the homes of the people against the attacks of Indians. He was also called to go to Echo canyon to take part in the campaign against the Johnston army invasion.

His life since 1862 has been almost entirely spent in Payson, where he has reared a large family and assisted materially in the development of the city. He was beloved and respected by all who knew him and has gone to the reward of the faithful. His descendants number 19 children, 14 of whom survive, 55 grandchildren, 76 surviving and 66 great-grandchildren. Funeral in the stake tabernacle Tuesday, Jan. 19.

## WEAK KIDNEYS AND BLADDER

Are Said to be Readily Relieved By Simple Home Made Mixture.

## MAKE SOME UP AND TRY IT.

### Less Kidney Trouble Here If This Prescription to Make Home Remedy Becomes Known—Directions to Mix and Dose.

Here is a prescription that anyone can mix at home. Any good prescription pharmacy can supply the ingredients named at little cost; being composed of vegetable extracts. It is harmless and inexpensive. Best of all it does its work well, relieving even the worst forms of bladder trouble, frequent urination, backache, kidney complaint, and by its direct action upon the eliminative tissue of the kidneys, makes these most vital organs rid the blood and system of waste matter and uric acid which causes rheumatism.

Here it is: try it, if you suffer. Fluid Extract Sarsaparilla, one-half ounce. Compound Kargon, one ounce. Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and at bedtime.

Former sufferers often state that one week's use shows curative results in nearly every instance, and such symptoms as lame back, frequent desire to urinate, pain in bladder and even chronic rheumatism are generally relieved within a few days, the pain and swelling diminishing with each dose.

Wahsatch, Summish Co., Jan. 18.—On the 12th and 13th a heavy snow fell here, succeeded by rain, and a general thaw, which by the 15th made very high water that flowed over bridges and covered the fields, washing away one bridge at Castle Rock station on the county road.

The stock-raisers of this vicinity are experiencing some severe losses from the raids of wolves. A few days ago three wolves got into the cattlemen's D. Moore, and killed 10 head of his cattle. J. S. Ball has also had some losses, and the Wright Bros. had a fine cow killed by wolves on the 30th. One stockowner here has had 30 head of cattle killed by wolves during the fall of 1908. "The bounty was taken off of these animals by the state legislature two years ago, at the time some bounty frames were exposed, and of late these animals are increasing in numbers and ferocity.

## MACARONI FACTORY DYNAMITED BY BLACK HAND

Scranton, Pa., Jan. 9.—The macaroni factory of Nicholas Fazio in this city was badly damaged by dynamite early today, presumably by a "black hand" gang, the front of the building being wrecked, Fazio and his family and four employees, who occupied rooms over the factory and store-room were buried in the wreckage and sustained injuries. Windows were blown out of the Arlington hotel and other buildings within 200 feet of the explosion. The failure of two sticks of dynamite to explode alone saved that section of the city from serious wreckage.

Seven Italians are under arrest suspected of the outrage. Three years ago the place was dynamited after Fazio, who is wealthy, had ignored repeated "black hand" demands for money. Two Italians are now serving long terms in the penitentiary for that crime. Fazio and family furnishing the evidence against them. The crime today is believed to be in revenge for this.
