

## CARDINAL GIBBONS MUCH CONCERNED

Over the Political Conditions of  
The Country Which He Thinks  
Are Very Bad.

### TREND TO UNRIGHTEOUSNESS

Corrupt Bosses Lead Voters Either  
Way—Voters Cheap—Unit Men  
Nominated and Elected.

New York, July 18.—Cardinal Gibbons of Baltimore said before he sailed today on the steamer Koenig Albert for Genoa with many other Catholic dignitaries on the pilgrimage to Rome: "I am much concerned over the political conditions of this country. There seems to be such a gradual trend toward unrighteousness in the great mass of our people that thinking men must realize that the problem must be met without delay. There is no morality without religion, and without religion there is no God. In politics today men will sell their votes for \$1.00. Corrupt political bosses in many states and cities lead men to vote either way they choose. Men are nominated and elected who are unrighteous."

The cardinal contended that the place to begin training the future citizens is in the public schools. He suggested that each religious denomination maintain its own schools, the expense to be borne by the state. Commenting on the coming election, the cardinal said:

"No matter who is elected, I do not fear for my country's welfare. I have perfect confidence in the people. But the duty that confronts the next president is great."

Cardinal Gibbons said that the divorce laws should be made a national issue and be revised in such a manner as to stop wholesale divorce.

### ABSCONDER WALKER ARRIVES.

San Diego, Cal., July 19.—When the steamer St. Denis arrived from Ensenada at 6:40 this morning she had on board William F. Walker, the New Britain (Conn.) absconder, who was in custody of State Sup. of Police Egan of Connecticut and H. J. Hoffman, a Pinkerton detective. Walker was rather a pitiable object as he appeared ashore, stoop-shouldered and haggard. The newspaper man who sought to interview him could get little more than a shake of the head and the remark: "It is a very fine day." He returned no answer to the rather pointed questions that were put to him. The fugitive and custodians proceeded at once to the Santa Fe where they left for Los Angeles on the 8:35 train.

### BROTHER SWEARS VENGEANCE.

Flagstaff, Ariz., July 19.—As the result of a gun fight at Williams yesterday, a Mexican deputy sheriff named E. Dominguez was killed and two Mexican bystanders were wounded. James Duncan, a colored bartender at the Harvey house, is under arrest for murder. It is claimed Dominguez attempted to arrest Duncan in a saloon for a previous disturbance. The two injured will recover. Duncan is an ex-soldier, who recently returned from the Philippines, and is a good character. The brother of the dead man washed his hands in his brother's blood and vowed vengeance on Duncan.

### TURKISH SOLDIERS REVOLT.

Constantinople, July 19.—It is rumored that 5,000 soldiers in the Monastir are in open revolt and that 33,000 troops have been ordered to the scene of the outbreak. It is also reported that a number of officers of the Third army corps have threatened that unless the officers now awaiting court-martial on the charge of assisting the "Young Turkey" agitation are immediately liberated all the generals in Macedonia will be killed and the army will then march to Constantinople and demand the re-establishment of the constitution.

### MANEUVERS AT CAMP TAFT.

Chattanooga, Tenn., July 19.—Gen. Luke E. Wright, military governor, and Gen. G. Franklin Bell, chief of staff, will arrive in the city at 6:45 tomorrow evening, and the following morning will proceed to camp, where 6,000 troops, state guards and regulars, are encamped for maneuvers. At 3:30 o'clock Tuesday afternoon the troops will be reviewed by the secretary of war and Gen. Bell. The maneuvers at Camp Taft have been in progress during the past week. The troops have been divided into two armies, the blue and the brown. No

one except the officers highest in command know what movements will be made during the coming week. It was reported among the troops today that it is to be a repetition of the battle of Missionary ridge, but this is by no means certain.

### MEXICANS RAISE CRY.

"MEXICO FOR MEXICANS"

Mexico City, July 19.—The anti-foreign fight in Mexico is assuming large proportions and a bitter controversy is being waged by the foreign and the native press.

La Patrie yesterday printed an article in which it proclaimed the time ripe for a policy whose cry shall be "Mexico for the Mexicans."

Most of the trade is directed against the "Yankees," a term of contempt used by Mexican editors in describing Americans.

Among other things La Patrie declares that if Americans think the governments of Argentina, Chile or Brazil more enlightened than that of Mexico, they should journey to those parts, the sooner the better.

After referring to the efforts on the part of foreigners against the proposed new mining law restricting incorporations in Mexico, the paper says:

"We repeat our attitude toward foreigners. We are not 'boxers,' but patriots, and when we take a given direction, we take it, not against foreigners, but for the benefit of Mexico."

### TO PRESERVE FORESTS

ON MILITARY RESERVATIONS

Washington, July 19.—A joint board representing the war department and the bureau of forestry has taken up the matter of preserving the forests on military reservations. An arrangement will be made for a most beneficial cutting of timber and for preserving the trees which will remain. Under this arrangement the war department retains control of the forests on the reservations and at the same time gets the valuable support of the forestry bureau.

### CANADIAN PARLIAMENT.

Today Will Conclude Longest Session In Its History.

Ottawa, Ontario, July 19.—The longest session in the history of the parliament of Canada will conclude with adjournment at noon tomorrow. The supply bill for the current year, put through the commons just before midnight on Saturday, provides for a total expenditure of \$140,000,000, exclusive of railway subsidies totalling \$20,000,000 on 4,000 miles of new roads to be built during the next two or three years.

### FOR PIMPLES AND BLACKHEADS

Gently apply Cuticura night and morning. Wash off with hot water and Cuticura Soap.

### ROGER A. PRYOR.

Distinguished Ex-Confederate Celebrates His Eightieth Birthday.

New York, July 20.—Ex-Judge Roger A. Pryor of the supreme court, member of the confederate states congress, confederate general and a lifelong Democrat, celebrated his eightieth birthday yesterday. A few friends called to see him, and the large desk in the library of his home in West Sixty-ninth street, held two huge bunches of beautiful flowers. But he spent the day—as he spends most of his time—now—with his books and flowers. Mrs. Pryor is his constant companion. Ex-Judge Pryor was the youngest member of the convention which nominated Franklin Pierce at Baltimore in 1852, and he yet has decided opinions on politics.

### CHICAGO CHINESE RESTAURANTS DECLINING

Chicago, July 20.—The Chinese restaurant business in Chicago is on the decline. Several chop suey resorts have closed their doors during the last two months, and the condition of affairs is so alarming that Chinese restaurant keepers held a meeting last night to discuss the matter.

Gez Lung, who is heavily interested in chop suey restaurants, has been engaged in the trade 10 years, he said, and the present season is the worst he has experienced.

Wah Moy, who has a chop suey resort in West Madison street, predicted that this savory Chinese dish would be only a memory inside of a year or two. "If it wasn't for the American dishes

that we now serve," said Wah Moy, "there wouldn't be a Chinese chop suey place left in Chicago."

"It is right that we should meet to discuss the danger that threatens the chop suey business," said Hip Lee. "There were between 150 and 200 Chinese restaurants in Chicago before they began to close their doors. This business here amounted to about \$2,000,000 a year."

"We will have to find out what is the cause of the decline of chop suey or else the business will go all to smash."

### COMPERS WON'T TALK.

Washington, July 19.—Samuel Compers, president of the American Federation of Labor, returned here late tonight from the Denver convention. He declined to talk about politics, saying: "Whatever I have to say on politics will be printed in the papers and will be the property of the American Federation of Labor, which will appear within a few days."

### LOVE-CRAZED ITALIAN KILLS MRS. DOLLY SHARP

Portland, Ore., July 20.—David Conelli, an Italian, 25 years of age, shot Mrs. Dolly Sharp with whom he was enamored at 2613 Third street last night. Mrs. Sharp, 40 years old, was taken to the hospital, and Peterkin two hours later. Conelli fired 10 shots from the two revolvers he had, and the noise attracted several men who rushed in pursuit of Conelli as he fled from the scene of the shooting, and by the time Conelli had reached his lodgings on Sixth street, hardly a dozen blocks away, the crowd had grown to a howling mob of more than a thousand. Women, who were kept some distance ahead of the mob, and, running to his own room, he bolted the door to Clifford Leonard, in whose house he boarded and then blew out his own brains with the shot that he had left.

Women occupants of the Leonard household, unaware of what was going on, but that a cry went up when they saw the revolver, shot and the mob outside, fancying that the fugitive was continuing his murderous work, quickly surrounded the house shouting wildly and, of course, attracting a larger crowd until the police, in the meantime, had been summoned to the roominghouse. When the police arrived, they found Conelli in the Leonard residence. It required still further time to force a way through the mob, which was so excited that it refused to let the police pass. Conelli, who was armed with a revolver, and a knife, and a small pistol, was taken to the police station, where he was held for a few days.

### GEN. LEE'S STATUE.

One Designed for Statuary Hall, National Capitol, Is Satisfactory.

New York, July 20.—Ex-Judge George D. Christian of Richmond, Va., is here after returning from Providence, R. I., where with many other members of the Virginia legislative commission, he inspected the new Valentine statue of Gen. Robert E. Lee, designated for Statuary Hall in the national Capitol. Another member of the commission returning from Providence is Don P. Hankey, of Lynchburg, a son-in-law of Senator John W. Daniel. The commissioners were accompanied to Providence by Edward V. Valentine, the Richmond sculptor, who designed the statue of Lee over the general's tomb in the chapel of Washington and Lee university, Lexington, Va.

Members of the commission expressed themselves as being greatly pleased with the new statue. Virginia has been for years represented in Statuary hall by a figure of Washington, but the other niche to which the old dominion is entitled, has all this time been vacant because the legislature was willing to accept none but one of Lee. When the bill was introduced in the Virginia general assembly providing for the appropriation of \$10,000 for statue of Lee for the second Virginia niche, many expressed the opinion that the monument was ill-timed.

At the time the bill was passed, however, and the commission does not doubt that the statue will be accepted.

### LT. GUY BURR DEAD.

Manila, July 20.—Lieut. Guy Burr, who was wounded July 10, in an attack on outlaws at Cota, on the island of Mindanao, died from his wounds. Lieut. Burr and Whitney commanding a detachment of the constabulary stormed Cota, which was occupied by the outlaw Uyan. Fourteen of the outlaws were killed and two guns were captured.

### RUEF TO BE PLACED ON TRIAL FOR THIRD TIME

San Francisco, July 19.—Abraham Ruef, who until two years ago, was the dominating political power in municipal affairs in San Francisco, and practically built up the Union Labor political organization which three times elected Mayor Eugene E. Schmitz, formerly orchestra leader in one of the local theaters, will be placed on trial for the third time next Wednesday for alleged bribery. Ruef is under 78 indictments charging him with bribing 14 of the 18 members of the last Schmitz board of supervisors to grant franchises to various public service corporations.

He was arrested in March of last year and was in custody until two weeks ago when he secured his release from the county jail on bonds aggregating \$1,500,000, the largest amount of bail ever given by one man in any criminal case in the history of California. It is variously estimated that he is worth from \$1,000,000 to \$2,000,000.

The former political dictator pleaded guilty to the charge of extorting money from French restaurant keepers, although declaring at the time that he entered the plea that he was innocent, and then took the witness stand against Mayor Schmitz who was convicted upon the same charge. The verdict and Ruef's plea, however, were nullified by the decision of the appellate court unanimously sustained by the supreme court, that the indictments against the two men were defective and stated no crime. Ruef was then tried upon the charge of having bribed one of the supervisors to vote for the Parkside trolley franchise which resulted in the jury being unable to reach a verdict. The home of James L. Gallagher, the leader of the board and self-confessed "go-between" between Ruef and the supervisors, and who is practically the prosecution's only direct witness against Ruef, was blown up with dynamite while the latter was on trial.

### ALICE HALE HILL DEAD.

Denver, July 19.—Mrs. Alice Hale Hill, widow of ex-United States Senator Nathaniel P. Hill, died at the family home in this city tonight of a complication of diseases resulting in heart failure. Mrs. Hill was born in Providence, R. I., in 1840 and was married in 1867, coming to Colorado the same year. Mr. and Mrs. Hill located at Black Hawk, where Mr. Hill became manager of the Boston & Colorado smelter. In 1878 Mr. Hill was elected to fill an unexpired term as Colorado's representative in the United States senate, and the family moved to this city soon after. The former senator died in 1905.

### MAINE AND ALABAMA.

The Special Service Squadron Arrives At Manila.

Manila, July 20.—The battleships Maine and Alabama, composing the special service squadron, which is going around the world in advance of the American fleet, arrived here today. The run from Guam, from which island they sail-

ed July 14, was uneventful. The weather was calm. The battleships will call here and start for Singapore July 27.

### \$1,000 PACKAGE MISSING.

Mysteriously Disappeared from Des Moines Office of Adams Express.

Des Moines, Ia., July 20.—A package containing \$1,000 has disappeared from the Des Moines office of the Adams express. It was one of three identical packages and while the other two reached their destination without mishap this one has completely vanished. From all that can be learned, though several of the clearest detectives in the company's employ are at work on the case, no clue has been discovered as to what has become of the missing \$1,000 package.

### VALUABLE SUIT CASE.

One Containing \$10,000 in Bonds and Securities Stolen.

Chicago, July 20.—A suit case containing stocks, bonds and other securities valued at \$10,000 and belonging to John Burford of Chattanooga, Tenn., was stolen by a 13-year-old boy. It was learned by the police today. The theft occurred in the federal building while Mr. Burford was listening to the trial of a case in the United States court.

### DISLIKES APPLAUSE.

Herr Leopold Godowsky, the famous pianist is at present giving a series of piano recitals in London. He is so unconventional as to dislike applause; that is, applause of the noisy order; nor does he look with favor upon those admirers whose tributes to his musical genius take floral forms.

The other day after giving a superb rendering of Beethoven's Sonata in E flat, a bouquet of roses was handed up to him, but he refused to accept it. Interviewed afterward, he said:

"Serious and dignified music makes a deep impression upon the mind and feelings of an appreciative listener. To have this impression, which is the aim and object of good music, abruptly and rudely dispelled by noise and applause is very distressing. It must jar the nerves of artistic listeners, and it certainly has that effect upon the performer."

"Good music should be received in silence. I would suggest that people

## WOMAN'S NIGHTMARE

No woman can be happy without children; it is her nature to love them as much as it is the beautiful and pure. The ordeal through which the expectant mother must pass is so full of dread that the thought fills her with apprehension. There is no necessity for the reproduction of life to be either painful or dangerous. The use of Mother's Friend prepares the system for the coming event, and it is passed without any danger. The remedy is applied externally, and has carried thousands of women through the crisis with but little suffering.

Book containing information of value to all expectant mothers mailed free. BRADFIELD REGULATOR CO. Atlanta, Ga.

## MOTHER'S FRIEND

### EVERY MAN

Should know of the wonderful opportunities for the homeseeker, investor and business man of energy afforded by the opening of the vast tract of land under the OASIS PROJECT in Millard county, Utah. These broad, level delta deposits of exhaustless soil are now ready for irrigation, and are served by the largest reservoir system in the state, supplied from the largest reservoir in Utah.

4,000 ACRES CAREY ACT LANDS, giving the settler or investor the privilege of paying for the same in ten equal annual installments, with perpetual water rights.

OPENING AND DRAWING THIS SUMMER. Don't you know this means that there will be wonderful opportunities for all kinds of investments in this territory, and the first men on the ground get the best of these? Business opportunities are everywhere in this imperial valley. The palatial Los Angeles Limited on the Salt Lake Route goes through the heart of this section. Send for handsomely illustrated booklet giving maps, terms, methods of acquiring land, water, and general and particular information of the project.

## The Summer Dish

Meat is heat-producing. Eat little of it in summer—little of any heavy food. Most people eat too much to keep cool. These are the days for Mapl-Flake and fruit.

Ask your doctor. He will tell you that whole wheat is the ideal food for summer, if the wheat is made digestible. It gives one the maximum food value, while creating the minimum heat. Let it serve—at least once a day—for the whole meal. But you must have wheat that's digestible, else you don't get enough food. And the part that doesn't digest is injurious. That's why we steam-cook our wheat for six hours. Why we cure it.

Then we flake each berry so thin that the whole heat of our ovens can reach every atom. Then those thin flakes are toasted 30 minutes in a heat of 400 degrees. That is essential. Every food specialist knows it. The particles of starch must be so separated that the digestive juices can get to them. The result is a food that's all food—a food that all digests. But it takes us four times as long to prepare it as it need take to make a flaked food.

## Mapl-Flake

The Food with the Maple Flavor

We cook this wheat in pure maple syrup, mainly for the children's sake. We want them to eat it in summer—as you do—to the exclusion of heat-forming foods. And we want them to ask you to get it again after you serve it once. So we make it enticing. Get one package to-day. Then stop reading our ads. We are perfectly willing to let the food itself argue then. But get the one package—now.
