Wells, Fargo & Co.'s Letter De-
partment.

WASHINGTON, 10.—The report of
Special Agent Sherrill to the Post-
office Department concerning
Wells, Fargo & Co.'s delivery of
letters on the Pacific Coast, has
forth the magnitude of their busi-
ness in this respect by stating that
they purchase on an average 200,000
stamped envelopes per month in
San Francisco, and double the
proportionate number in Portland,
Salt Lake and other places. The
grounds upon which the Depart-
ment is asked to interfere with
this business are:

First, that Wells, Fargo & Co.
don't charge double rate of postage,
and consequently the cost of the
stamped envelope which they sell
for five cents contains over three
mail matter than would pass
through a postoffice for three cents.

Second, the company's correspon-
dence between its various banking
houses is carried free, and beside
this the Western Union Telegraph
Company and the Central Pacific
Railroad Company have an ar-
rangement with the express com-
pany by which their letters are
transported without cost, thus de-
priving the government of the post-
age which it should receive.

Third, it is alleged that about
one-fifth of the expense of the
company's 500 agents on the Pacific
Coast are postmasters, and they
are amenable to law for the
stamped envelopes at higher prices
than the government charges.

A committee of prominent of-
ficials of the Department last night
discussed the subject, and they
have been appointed to examine into
this subject, will thoroughly ex-
amine it, but it does not seem gen-
erally expected they will discover
any statute materially interfering
with the existing business, and in
view of the formidable litigious
opposition already made, the com-
mittee will probably move in the
matter very cautiously.

The Kellogg-Spofford Case.
The Senate committee took up
the Kellogg-Spofford case to-
day. Some discussion of the
manner of conducting the proceed-
ings was brought on by a sugges-
tion from Judge McKee that only
members of the committee exam-
ine and cross-examine witnesses. It
was decided, however, that counsel
for both parties interested might
also interrogate witnesses.

John A. Walsh, a banker of this
city, testified in rebuttal of the
testimony of Barney Williams, a
member of the sub-committee in New
Orleans, that he had conducted
five Kellogg witnesses to the sen-
ator's rooms about midnight on the
evening of June last; that they re-
mained there a long time, and that
Senator Kellogg produced an en-
velope containing \$2,500 bills, which
he distributed equally among the
five witnesses. Walsh testified that
he occupied a room adjoining the
Senator's at the night in question; that
the connecting door usually open; that
he was in Senator Kellogg's room
frequently before midnight, and that
from that room he observed the
Kellogg's parlor conversing un-
interrupted; and that he was posi-
tive neither Williams nor the five
witnesses were in Kellogg's room
over to the time mentioned. More-
over he believed they could not
have visited Kellogg's room after
a late hour without his know-
ing it.

After the examination, Judge
McKee declined to allow the wit-
ness to be discharged until after
Walker, his counsel, now on his
way to Washington, from New Or-
leans shall have an opportunity
to cross-examine the witnesses.
The committee re-assembles Mon-
day.

Not Encouraging to Canal Stock-
holders.

Such portions of our diplomatic
correspondence of the past year, as
are considered proper, will be made
public in the course of publication,
under orders of the State Depart-
ment. Among them are several
dispatches from Ernest Diekmann,
our minister to the United States of
Columbia, in which he quotes and
severely criticizes the provisions of
the Wyse contract with the Colum-
bian government in behalf of the
DeLesseps project for the construc-
tion of an inter-ocean canal across
the Isthmus of Darien, which has
been forth in detail what he charac-
terizes as the unsatisfactory char-
acter of the conditions contained in
that instrument for attaining the
object for which it is executed.

Common Commissioners.
Senator Farley and Representa-
tive Berry have filed a joint recom-
mendation for the appointment of
Alexander Dunn, for County Clerk
of Holano County, Cal., as super-
visor of census for the third Cali-
fornia district. He will un-
doubtedly be appointed. They
have also recommended E. C. Grif-
fith, of Fresno, for appointment as
census supervisor in the fourth dis-
trict; but as Representative Pacheco
and Senator Booth have asked
that Charles W. Dunn be ap-
pointed for this district, which is com-
posed of the greater part of Pacheco's
congressional district. It is
uncertain which of the two will get
it.

Indian Investigations, Etc.
At a meeting of the Board of In-
dian Commissioners to-day, a com-
mittee was appointed to investigate
the accusations against Commis-
sioner Hayt on account of his al-
leged mining speculations in Ariz-
ona. This committee consists of
Messrs. Barlow, Klingley and
Slickney. Any one who has attend-
ed the open session of the board,
could not fail to observe that Hayt
has two staunch friends and de-
fenders in that body. One of these
is the chairman and the other
Klingley, of New York. Hayt was

appointed at the urgent solicitation

of the latter.

The United States consul general
of Mexico writes that the superi-
ority of American manufactures is
beginning to be generally recog-
nized, and they are gradually
displacing European articles
of similar character.

The committee appointed by the
Board of Indian commissioners to
investigate the charges against In-
dian Commissioner Hayt, are hold-
ing a secret session.

The Interior Department will
conduct the examination of the Ute
Indians with closed doors. The
matter to be treated upon is of a
very delicate character.

Revolutions of the Pacific.
The statisticians of the Pacific
have as yet discovered no relief
from the embarrassment of not be-
ing in possession of a quorum and
have no particular plan next week.

The treasurer has directed that no
money be paid from the treasury
on the order of the legislature until
other wise decided. He refused this
forenoon to honor two orders pass-
ed by the legislature.

It is expected that Gen. Cham-
berlain will issue an order for the
removal of arms to the State arse-
nal at Bangor this afternoon.

Should the order be issued, the
arms and ammunition will be in
charge of the city marshal.

While night watchman Watson
was going his rounds last night he
discovered armed men in the mid-
dle of the library in the upper story
of the State House. Two were first
discovered and afterwards eight
more, who were carefully secured
from ordinary observation.

They were surrounded by a large amount
of arms and ammunition ready for
use. The intelligence causes con-
siderable excitement, and the An-
gusta police force will refuse to act
until the secret men are removed.

They claim that in case of distur-
bance, and referred to the present
situation at hand could do com-
siderable harm. The men have
been promptly removed by an order
of Gen. John Marshall Brown.

The rumor that has found its way
abroad that the Governor's room
had been seized, is false. The crowd
at the State House was greatly dim-
inished. The force was in position
but a few minutes. All is quiet in
the city. Most of the members will
remain over the Sabbath.

Unavailability of Telegrams.
CHICAGO, 10.—The Tele-
graph Company, has prepared a bill
to provide for the unavailability of
telegrams in case of a general strike
in the city. The bill, which will
soon be presented, proposes to place
telegrams on the same basis as let-
ters and in these terms:

A bill in relation to telegraphic
communications. Be it enacted,
That any telegraphic message de-
livered for transmission to any tel-
egraph company availing itself of
title 65 of the Revised Statutes and
copies thereof by such com-
pany at the place of destination or
at any intermediate point, shall be
deemed to be the private matter of
the sender, and the telegraphic com-
pany shall be protected from unrea-
sonable search and seizure, and
from production as evidence in
judicial and legislative proceedings
to the same extent as communica-
tions sent by United States mails.

Chicago Grain Trade.
The same unusual condition of
prices remains the feature of the
Board of Trade, and the enormous
aggregate of grain in the elevators
in Chicago, and points outside the
city and along its tributary rail-
ways, is growing larger daily.

Memorandum.
NEW YORK, 10.—A dispatch
from Berlin, according to the Tri-
bune, says: The Prince is worse
and his death is believed to be im-
minent. The Emperor is said to
have displayed much anxiety con-
cerning the Chancellor during the
last twenty-four hours.

The Prince's family
have been summoned to Varsell.

Irish Aid Promised.
Parnell and Dillon called on
Mayor Cooper this afternoon in re-
gard to holding a mass meeting of
citizens with a view to raising
funds for the suffering poor in Ire-
land. He assured them he would
heartily co-operate. Parnell and
Dillon then left for Philadelphia.

Drowned.
GLOUCESTER, Mass., 10.—John
and Malcolm McLeod (and James
Fabian) were drowned in a gale
while fishing on the Grand Banks.

Discharged.
BOSTON, 10.—Eileen J. Ward, ar-
rested for shooting her mother on
the night of December 23, has been
discharged.

WESTERN.
Effects of the Storm.
SAN FRANCISCO, 10.—For
forty-eight hours, ending to-
day, a snow storm has raged in the
Sierra Nevada along the line
of the Central Pacific Railroad.
Snow fell to the depth of eight
feet, and the snowdrifts were
three snowdrifts occurred
between Emigrant Gap and
Cleo, crushing the sheds and block-
ing the track. In some places the
snow is twenty-five feet in a
gale top of the wrecked sheds. Five
hundred feet of the shedding west
of Tamarack Station is destroyed.
The overland passenger train for the
East and Virginia fast train, which
left this city yesterday, are at Gold
Run. The passenger train from the
East, due here at noon to-day, is on
the track at Truckee, waiting for
the blockade to be raised. A large
force of men and snow plows
are at work removing the snow
from wrecked sheds. Telegrams re-
ceived at noon to-day report the
storm subsiding, and it is believed
that the road will be cleared to-
night if no further slides occur.

\$2,000 for the Irish.
The Irish Relief Committee to-
day telegraphed \$2,000 to Dublin for
the relief of the sufferers.

EASTERN ARIZONA STAKE
CONFERENCE.
The Quarterly Conference of the
Eastern Arizona Stake of Zion, was
held in Snowflake commencing
Saturday, 10 a.m., December 7th,
1879.

Present on the stand: Presidents
J. H. Hatch, Oscar Mann,
and most of the presiding Elders
of the Stake.

Among the visiting brethren

President Lot Smith, of Sun-

set Brothers, Allen, L. Lake, Rich-

ards and others.

After singing and prayer the
Bishops and presiding Elders ver-
bally reported their several wards
and districts, spiritual generally be-
tokened good feeling and prosper-
ity.

Bishop George Lake gave a very
interesting discourse upon our du-
ties, and what the Lord required of
us. Spoke at length upon the sub-
ject of the Saints scattering out
ranches, etc., where they could not
have a benefit of schools; we
should be as close together as possi-
ble.

2 p. m.
The statistical report for the
quarter was read and the general
and local authorities were present
and unanimously sustained.

President Lot Smith spoke of our
increase in numbers and the sleep-
ing condition of many of the Saints,
earnestly entreated the Bishops and
Teachers to be alive to their du-
ties.

Brother Allen exhorted the
Saints to diligence and faithfulness.
We will all have to meet our
recount when we go hence, and we
should not let this world's goods
get between us and our God. Re-
ferred to the destruction of the
Nephites for their disobedience.

Brother Smith made a few
encouraging remarks.

6.30 p. m.
There was a meeting of the
priesthood, at which much valu-
able instruction upon our temporal
affairs, spiritual and civil, was
given by Elders Allen and Smith.

Sunday, 23th, 10 a. m.
Bishop George Lake spoke of the
Lord's gathering us from the na-
tions, and our expulsion from civil-
ization, and referred to the present
religions of the world.

Brother Allen spoke of the deal-
ings of God with Jeremiah, and
the destruction of the Jews, also of
the corrupt state of the civilized
world at the present day.

Brother Jesse N. Perkins made a
few encouraging remarks, exhorting
all to be faithful.

2 p. m.
Sacrament was administered,
after which quite a strong force of
missionaries were introduced. The
services were unanimously sustained.

Brother Richards spoke of his re-
cent trip to Utah, and how the
Saints felt the liberally encouraged
Saints in this land.

Brothers John C. Hall, John
Hunt and Allen made some in-
teresting remarks on our various
duties.

Conference adjourned until the
last Saturday and Sunday in
March, 1880.

Benediction by L. H. Hatch.
There was a meeting in the eve-
ning in which all were at liberty to
participate. All felt well, and a
good spirit prevailed during the
conference.

JOSEPH FISH, Clerk.

THE NEW VICTOR.

Improvements September, 1879.

The NEW VICTOR has long been the
most popular of Sewing Machines, and
is now being improved and re-
constructed by the Victor Sewing Machine
Company, of New York, and is now
being introduced into the market as a
combination of desirable qualities. It is
a beautiful specimen of mechanism,
and is a most reliable and durable
instrument. It is a most valuable
acquisition to any household, and is
well worth the money invested in it.
