{\;\quad \quad \qu CAPT. FRED BENNION,

Utah Champion in Hammer Throw Act.

Capt. Bennion is Utah's star man in the hammer throw. He now helds a state record of 135 feet 7 inches, which he made at Provo this year, and he is roked for today to pass this mark and establish a new record. Capt. Bennion has difficulty in releasing the hammer properly, and fears he may fall down, but if he gets it off at all, it is good for winning distance. Upon the request of the "News" Coach Maddock, D. A. Callahan and Dr. Plummer were asked to select the three best developed men in Utah, according to their judgment. They gave places to Bennion and "Cuday" Russell of the U. of U., and Richmond of the West Side High school. These men, they claim, have built up their physique by scientific training, so that it is in much nore perfect control than that of many athletic giants, who might be expected to secure mention. Coach Campbell has a candidate in Frew, of Logan, and Coach Tetzel in Rose of Provo.

BASEBALL AT BINGHAM.

Association Signs Nine Star Men-Salt

Lake Man in It.

Lake Man is it.

The Bingham Bulletin says:
Before the end of the week nine star players will have been signed by the Bingham Baseball association, and if this team doesn't carry the banner of the copper camp to the fore during the entire season some people will be greatly surprised. It is believed to be the strongest association aggregation ever brought together in the state.

Thomas and Huser will pitch, and both are good men. Huser having pitched for Eureka last year. The man benind the bat will be Deem, from Eureka, or James. Stewart, from Salt Lake, will play shortstep, Bins of Bingham will hold down the first bag. Eddie Harn, from Eureka, second, and Riggs, from the Salt Lake league team, third The helders will be McKean from Eureka, left; Nutting, Bingham, center, and Hopkins, Bingham, right.

All but one or two of the players will be here by Sunday, when a practise game probably will be played with the Smelter team.

Baseball teams are springing up all over the district one has been organized at

bome aggregation—with some assistance from the Indians, Five to one is what they did to Reilly and his bunch.

The umpire, Mr. Mckae, received considerable attention at the hands of the fans. This was because of one or two decisions that were questioned in a manner rather strenuous. In the sixth he gave a decision in favor of Spokane that meant a run for the Redskins, whether it had any effect on the final outcome is doubted. Spokane had the game anyway.

In the inning referred to, two men were on bases when Simons hit to Delmas. The latter caught the ball clearly. Two men were already out and Dei carelessly threw the ball to Thornton and started for the bench, McRae called the batter safe at first, much to the amazement of the fans assembled, Of course, a rin came in Several things were said to the indicator holder. aggregation-with some assistance he indicator holder.

Baneball teams are springing up all over the district. One has been organized at the Highland Boy, Manager Channing having donated \$250 for the equipment. There are some exceptionally good bail players at this mine, and Supt. Williams himself is said to be among the best. The Yampa smelter slace expects to do things to the local teams. An organization has been effected, with O. F. Riser, as captain, and a fund of over \$30 raised. The smelter has a number of stars, including P. A. Bell, one of the most famous of castern college players. The smelter will go against a tewn team next Sunday afternoon. PORTLAND, 8; BEALS, 3. San Francisco, May 13.—Portland defeated San Francisco in a free hitting game today with a score of 5 to 3. The Giants landed on Whalen for twelve hits and in the second inning with three men on bases Essick lined out a two-bagger which cleared the bases. McCreedie was at the bat four times and made four hits. The weather was fine and the attendance larger than for some time.

Portland Batterles—Essick and McLean; Whalen Umpire—Perrine.

ANGELS, 4; TIGERS, 1 Los Angeles, Cal., May 19.—Los Angeles batted Fitzgeraid today for thirteen nits, two of them two-baggers. They bunched their hits in the second, sixth and eighth innings, scoring four runs. Fitze-gaid also gave the home team gratuitus assistance by making two errors. On the other hand, excepting for Nordyke's home run drive over the left field fence in the fourth inning. Tacoma was unable to hit Goodwin consistently.

Batteries — Goodwin and Spies; Fitz-gerald and Graham. Umpire—Davis.

THE OLDSMOBILE TRANSCONTINEN-NATIONAL LEAGUE. Philadelphia. May 19.—Cincinnati's errors and Philadelphia's hits combined to win today's game for the locals. Attendance, 1,000.

Mr. LeRoi C. Snow of the Utah Automobile company, who are local agents
of the Oldsmobiles, is receiving daily
builtins of the progress being made by
the two big vehicles in their race across
the continent, from New York to Portland. The first man to arrive at the destination will receive a \$1,000 prize, the second will have the Oldsmobile that he
drives on May 12 both cars were reported
together at Erie, Pa., and they were ruining neck and neck.

It is expected that they will puss
through Ogden, but will not visit Salt
Lake.

New York, May 18.—The locals turned day, 23rd, Z. C. M. I. Social club.

WAR IS ON AMONG TRACK FOLLOWERS

New York Racing Associations Sever Relations With Met ropolitan Turf.

FREE-FOR-ALL HEREAFTER.

Those Known to be Reputable and Figancially Responsible to be Admitted.

New York, May 20 .- One of the most important steps since racing in New York state has been conducted under the present law has just been taken. Every racing association in the state has announce the absolute severance of all business relations, directly and indirectly with the Metropolitan Turf association, and all other organizations or individual bookmakers.

Hereafter, while there may be layers of odds and a betting ring, as of old, it will be absolutely without restriction, free of admission to any person purchasing one ticket, known to the track police as personally reputable and financially liable for the amount of their wagers.

OUTCOME IS UNCERTAIN. Just what will be the outcome is a lit-tle uncertain. One thing is certain—the racing associations had voluntarily put off dyalings with the organized bookmait-

racing associations had voluntarily put off dealings with the organized bookmakers, have cast aside a revenue for racing days in season amounting to searly \$1.29,.000. Various schemes are being brosened to make up for the lest revenue, but it is generally expected that the admission feewill either be raised to \$3 for men and \$1.50 for womn or that racegoers with have to pay for the privilege of betting by purchasing at extra cost a ticket to the betting rings.

By refusing to accept as heretofore, the voluntary contribution of \$5, from each bookmaker, the Jockey club will be freed from legal entanglements which are said to have been carefully prepared by an old time poolroom propristor who had planned to begin proceedings against the racing officials on the opening day at the Gravessond track, May 25. The courts have held that it is not a violation of aw when one man makes a bet with another. The bookmakers have been allowed to operate under this ruling.

In England the bookmakers operate ha a portion of the track set aside for them. This Indosure the racesoing public may enter on payment of extra free, and it is possible such a plan will be in future developed in the New York tracks.

BELMONT PARK TODAY.

BELMONT PARK TODAY.

The innevation will begin today at Belmont park, \$5.000 received yesterday from the bookmakers for extra tickets bought according to the prevailing custom, having been returned to them. While there has been growing friction between celtain elemnts and the bookmakers for some time, which recently came to a head when an opening wedge was driven by breaking the monepoly, the bookmaking fraternity held in the "big ring" at the eastern tracks by the Metropolitan Turf association, reasons for the lotest move are said to be two-feld. One is stated to be that the owners of the race tracks of New York state have made up their minds to clear themselves of any alliance with bookmakers, to the end that they may not be attacked by any crurace against racing or in any suits incilitate by any influence opposed to betting at the tracks. against racing or in any suits instituted by any influence opposed to betting at the tracks.

Whether the condition has been hastened by the fear of a determined fight by position interests cannot be learned. The second reason assigned is that the racing association has declared themselves against further attempts to dictate by outside organizations in the conduct of affairs about the tracks.

MONEY BET ON TRACK. It Has Been Estimated That More Than

\$1,000,000 Goes in a Day. During a brisk racing day—an afternoon when a big event like the Brocklyn Handicap or Suburban is decided—over \$1,000,000 changes hands in the two betting rings on the six contests. Two hundred bookmakers cry the odds and handle the bets. Each firm of layers conducts a business the volume of which amounts from \$1,000 to \$16,000 to a race. The small fry handle \$1,000, and the big fish, such as \$61 Lichtenstein. W. Cowan and George Rose, accept \$10,000.

Each bookmaker carries in his pocket a bank rool to fill the requirements of his busines. The men on the rear line operate with a cash balance of from \$1,500 to \$15,500. The men on the inner circle—those who belong to the Metropolitan Turf association—carry with them each day sums that vary from \$2,000 to \$15,000.

The average daily attendance at a race-course is \$,000 persons. Of this number at least \$20 persons. Of the latter sum is placed by the turf plunger, who invariably plays the favorite. At huce sem is placed by the turf plunger, who invariably plays the favorite. At huce sem is placed by the turf plunger, who invariably plays the favorite. At huce sem is placed by the favorite was a least to be bookmakers. The latter arrange their odds against each horse so that in case all horses in a race are backed they wil receive a percentage. This ohance in the bookmakers favor varies with each contest. Usually the book is made on a 10 per cent basis at the opening, but as some horse

> OLDS MOTOR WORKS. Detroit, Mich.

the life of Mary, the beautiful child of section foreman Wade Roy. Mary was sweet company for her mother, and she always ran with smiling and joyful glee to meet her father as he came from work, and her happy disposition banished any cares or worries that he may have had. For two months little Mary lay at the point of death. The family physician had called in consultation three of the most skilled of his

professional brothers. These good doctors did all in their power, with not a spark of improvement in Mary's condition. They lost all hope, and told the mother that her little darling could not live.

The Rescue as Told by the Engineer

A year ago I was troubled so with my atomach I thought I had cancer. One Sunday afternoon I had such pain I could hardly stand it. I was at Wichita, where we had three hours' lay ever before going to Salina. I went to Arch McVicar's drug store, and asked for a dose of Bromo Soda. He said that would only help for a few minutes and recommended Kodol Dyspepsia Gure for a permanent cure. I bought a bottle and had immediate relief. I took four bottles and am cured entirely. I have run a locomotive engine for twenty-eight years,

twenty-five of that time on passenger, where we only have twenty minutes for meals. That is what ruins railroad men's stomachs; that is why I thought it my duty to tell you about this medicine, so that my brothers could be relieved in case of trouble of this kind. I have been a B. L. E. for twenty-seven years; run on Mo. P. R. R.

twenty years; am known nearly all over Kansas. About a year ago, now, our section foreman, Wade Roy, from Ruella, told me his little girl had cholera infantum, and was given up by three doctors. While I lay at Klowa I bought a new bottle of Kodel Dyspepsia Cure, and while sitting in the seach I read a testimonial where children had been sured

by taking twenty drops when doctors had given them up, so I poured half of my new bottle in the old one, and when I got back to Ruella, I stopped the engine in front of the section house and gave him the bottle and told him to read the circular and use his own judgment, that the medicine had cured me. Next morning he was at Anthony smiling and said the child was better from the first dose. In two weeks she was up and running around, and a more grateful family was never seen. With best wishes I remain. 208. TACK, Engineer Mo. P. R. R., 423 W. 2nd St., Wienita, Kansas.
