Miss F. N. M. has a woman's
heart of stone, and Blanche's husband
is dead.

Large columns of smoke are
lounging in the Arkansas Valley about Los
Angeles.

A long stage line has been applied
to the Black Springs and Loveland and
Lander in Wyoming.

The growing of onions in the Castle
Rock (Colo.) valley is rapidly
increasing, and the Port Collins express
cars—large storage tanks—have
arrived.

Buildings are sold to be fairly putting
into the Colorado river valley at the
rate of \$1,000 per week to less than
one-half the value. Five families have located in
our section. They usually have good
books and wagons, and are principally
from Cache Valley, Utah.

A very exciting contest is now on in
the state for the control of essential
mines and water rights. All
mines are in the hands of speculators,
and their properties are sold under
the pending acts of Congress, there
providing in each interesting effort to
claim these rights.

Colonel Crowley, a Mexican, shot
and killed his wife, Mrs. Crowley, at
the time she was giving birth to a child.
The bullet passed her right
shoulder and came down across the heart.
The Mexican gave up his gun
and was taken to the county jail. A
little eight or ten hours were spent in
the jail prior to the trial; but he
was set free.

Officials of Bingham county re-
quested the Haden (Utah) Justice
on the trail of the robbers who had paid
a stage and dray to the Lost River, below
Hanson. William H. Marsh of Antelope
has been arrested on the charge, and
will be tried on May 21. He is
accused of being in the gang which
robbed the stage and dray on the same
charge will soon be made.

Patrons about Sheridan, Wyo., says
the "Enterprise," are planning a far
greater savings than usual this season,
at all kinds of cereals and vegetables.

Northern Pacific will furnish
markets with the "Mountain" mining
towns, and the farmers are not slow to
appreciate this fact.

That the fruit crop in the great
valley of the Payette (Idaho) valley
has been considerably injured by the
recent frost is known to all the
farmers who have given him the most
information. The manager of the
Payette & Independence says that
after all it would be strange if this
section escaped entirely, while almost
every part of the United States has
suffered a frost, and the first frost
of the year has come to the mountains
with other areas of the country.

Hundreds of thousands of immigrants
into this state continue to be heard,
says the Cheyenne (Wyo.) Sun. The
report comes from reliable authority
that an Omaha emigration company
will bring 10,000 men and 800 families
to the Black Hills next month, the month
of Pikes Peak crests. A representative
of the company is now looking
over the ground preparatory to taking
out the canal which will irrigate this
west branch of the Black, which empties
into the Horn river, yet there are thousands
of acres of irrigable land to be found in
that stream.

Taylorville Musical Class.
The friends of the Taylorville
musical class, who have been training
for some time under Professor Austin
and others, were much gratified at
the performance given at the
Murray Opera house. The two
operas, "The May Queen" and "My
Uncle Tom," the latter a laughing
one, were extremely well received,
considering the small number of
most of the performers, and were much
applauded. The efforts were very
skillfully done, and the solo voices with
more precision. The little tragedy,
"Master Arthur," was inserted between the
two operas. I dreamt I went in
to Eddie Hale, with variations, and
was in a most remarkable clever
manner.
