### COFFINS MADE OF PAPER.

SOME OF THE NOVEL AND INGENUOUS METHODS BY WHICH PAPER IS BEING UTILIZED.

"Here is a very neat style of coffin," remarked a manufacturer of such articles to a Mail and Express reporter yesterday afternoon. "It is the latest thing out and has been in demand for some time."

The coffin did not seem to be different from the ordinary kind of casket. It was made of a material which looked like wood, and was painted to resemble wood.

"It is made of paper," the manufacturer explained. "It is made of a special kind of paper, and is painted to look like wood. It is very strong and durable, and will last for many years."
