Interest Centered in Request of Employes Upon Mine Operators.

BIGGER WAGES ARE WANTED.

Set Forth That Increase in Cost of Living Has Been so Great That Better Pay is Necessary.

(Special to the "News.") The union men have asked for a uniform scale of wages, setting forth that the cost of living has increased to such an extent that the wages paid some of the men is entirely too low.

peremptory demand on the mine owners, nor has any date been set when new scale should become effective miners are asking for a minimum of \$3 a day. MEETING IN SALT LAKE.

Cowardly Effort to Kill Mrs. Woodland At Willard This Morning.

(Special to the "News.")

Brigham City, June 11 .- A dastardly attempt at murder was made about 2 'clock this morning at Willard, a few miles south of this place. At the hour named a window was raised in the house of D. B. Woodland and the contents of a double-barreled shotgun were fired into the bed occupied by Mrs. Woodland. The shot took effect in the left forearm, shattering that member in a horrible manner. The would-be assassins then fled. Assistance was rendered the injured woman as soon as possible. Drs. Rich and Browning were natlly summoned from Ogden, and they found it necessary to amputate the arm of the unfortunate woman.

Sheriff Joseph Josephson of Boxelder county went to work to apprehend the fiends who fired the shots, and ere long had arrested a young man named Woodland, and a 17-year-old boy named Sorenson. The latter has confessed to

## SENATE NOW HAS

very strong feeling, that polygamy very strong feeling, that polygamy should be done away with. So here was this pressure within the Church against polygamy and the pressure by the government from outside the Church against polygamy. In 1831, I think it was, the president of the Mormon' Church issued a manifesto deciaring that thereafter there should be no polygamous marriages anywhere in no polygamous marriages anywhere in the 'Mormon' Church. The 'Mormons' were then called together in one of their great confe rences, where they meet by the thousands. This manifesto was issued to them by the first presi-dency, which is their authority; was submitted to them, and all the 'Mor-mon' people ratified and agreed to this manifesto, doing away with polygamy

thereafter.
"The senator from Maine (Mr. Hale) will recall that I came here as a senator from Idaho shortly after that, and the senator from Connecticut (Mr. Platt) will recall how bitter and al-most intemperate I was in my language before his committee and on the floor of the other house in the denunciation of these practices of the Mormon Church. But after that manifesto was issued, in common with all of the Gentiles of that section who had made this fight, we said: "They have admitted the right of our contention and say now, like children who have been unruly, we will obey our parents and those who have a right to guide us; we will do those things no more.' Therefore we could not maintain our position and continue punishing them unless it was afterwards demonstrated that they would not comply with our

'After a few years in Idaho, where the fight was the hottest and the thickest, we wiped all of those laws from our statute books which aimed directly at the 'Mormon' people, and today the laws on the statute books of Idaho against polygamy and kindred crimes are less stringet than in almost any other state in the Union. I live among those people; and, so far as I know, in Idaho, there has not been a polygamous marriage celebrated since that manifesto was issued, and I have yet to find a man in Idaho or snywhere else who will say that a polygamous marriage has been cele-brated anywhere since the issuance of that manifesto."
"Mr. Hale. Then, it must follow

"Mr. Dubois. There is no question about it; and I will say to the senator, owing to the active part which we took in that fierce contest in Idaho, I with others who had made that fight thought we were justified in making this promise to the Mormon people. "We had no authority of law, but we took it upon ourselves to assure them that those older men who were living in the polygamous relation, who had

growing families which they had reared and were rearing before the manifesto was issued, and at a time when they thought they had a right under the Constitution to enter into polygamous relations-that those oldshould not be disturbed; that the polygamous man should be allowed to ipport his numerous wives and their "The polygamous relations, of course, should not continue, but we

would not compel a man to turn his families adrift. We promised that the spider Kelly undeducedly shows would not compel a man to turn his chail he is talking about. He has been former for many years. Much more testimony might be quot-

CONDITIONS ACQUIESCED IN. In other words, the conditions existing in Utah since eed Smoot became an official of the "Mormon" Church in 1990 have been such that non-"Morquiesced in polygamous cohabitation on the part of those who married be-fore the manifesto of 1890, as an evil that could best be gotten rid of by simply tolerating it until in the natura course of events it shall have passed out of existence. With this disposition prevailing

everywhere in the State of Utah among all classes—the Gentile or non-"Mormon" population as well as among the "Mormons"—the undersigned are of the opinion that there is no just ground for expelling Senator Smoot or for finding him disqualified to hold the seat he occupies because of the fact that he in common with all the people of his state, has not made war upon, but has acquiesced in, a condition for which he had no original re-sponsibility. In doing so he has only conformed to what non-"Mormons," hostile to his Church, as well as "Mormons, have concluded is, under all the circumstances, not only the wisest course to pursue, but probably the only course that promises effective and sat-
