I am just out of jail for a wrong deed but my folks are analous to help me set up in business. I know that my character is bad and for that reason I plead guilty because circum-stances are against me."

Mr. Lyon was on his feet in an in-stant. He stated that Aaron had begged to be permitted to plead guilty to petit larceny to avoid going back to the state prison. Mr. Lyon consented and now Aaron was trying to escape nunishment punishment.

BUYERS TO ENTERTAIN. There promises to be many lively centers for entertainment of dele-gates, outside of those located by the Sait Lake citizens. Several prominent hotels have received orders recently for the rescryation of suites of rooms during the convention, and most of them come from big wool and sheep buying concerns at Chicago and else-where. Their representatives are now gathering here with the avowed pur-pose of showing a lively time to the wool men and sheep men for the pur-pose of getting acquainted with the people from whom they buy. PROCEAM PREPARED. "It seems to me," said Judge Diehl, "that Mr. Lyon has been extremely kind to you. The fact that you have a bad record and a bad character would certainly go against you in the district court before a jury." Judge Diehl then sentenced Aaron to the county jail for six months.

Its deposit and investment. In the matter of the deposit of pub-lic funds, I regret to say that Wash-ington is numbered as one of only 13 states that have no depository law. Five of these states, Alabama, Ar-kansas, Illinois, Indiana and Nevada, keep their funds in the state vaults; while Tennessee, South Carolina, North Carolina, Wyoming, Oregon, Montana and Utah, together with Washington, deposit with banks with-out profit to the state. The state board of tax commissioners takes up this subject quite exhaustively in its first biennial report, a copy of which I will mail to you as soon as it comes from the hands of the printer, which will probably be within a week or 10 days. I am enclosing herewith a copy of the bill for a depository law drawn by this board, which will be submit-ted at the forthcoming session of the legislature. A general law was passed by the legislature of 1905 "regulating the keeping and deposit of municipal funds," but was special in this, that it applied to no city save and except the city of Seattle. That city, however, had no difficulty in placing this money at the rate of 2½ per cent on the same day the law took effect, and now reaps the henefit of over \$20,000 a year. Copy of this bill is herewith

at the fact of 2% pier tent on the same day the law took effect, and now reaps the benefit of over \$20,000 a year. Copy of this bill is herewith enclosed. The eity of Tacoma, acting under a free-holders' charter, last spring, by practically a unanimous vote at a general election, held in that city, adopted an amendment providing for the deposit of city funds in the banks of the city at a fixed rate of interest. If I have not covered the subject sufficiently, please write me for any-thing further that you may desire. Vary respectfully, STATE BOARD OF TAX COMMIS-SIONERS, By Frank C. Morse, secretary.
