

A TERRIBLE TRIPPLE MURDER REVEALED.

Bodies of Willis and Fred Olney Found in Woods Near Their Own Home.

ALICE INGERICK MURDERED.

Her Mother Found Unconscious—Police Believe Some Motive Besides Robbery Prompted Crime.

Middletown, N. Y., Oct. 7.—A tripple murder was revealed today when the bodies of Willis and Fred Olney were found in the woods half a mile from their home at which last night was found the murdered body of Alice Ingerick. Both brothers had been slain.

Before night the crime is expected to number one more victim, Mrs. Georgia Ingerick, mother of the girl Alice. The mother, who was found unconscious in the barn of the Olney brothers last night, had not regained consciousness and was believed to be dying.

As soon as daylight permitted a search to be made for Fred and Willis Olney, who were from their home last night, where Mrs. Ingerick was found unconscious and her daughter murdered, fresh wagon tracks leading across a field to a woods near the house were traced. Just beyond them in the woods were found the bodies of Fred and Willis, lying on their backs, each with one arm across the breast. Their pockets had been turned inside out. Marks in the underbrush showed that the bodies had been dragged from the wagon to the place where they were found.

The police believe that the wagon which was used to carry the murdered bodies to the woods is the same vehicle that several persons yesterday noted in the vicinity of the Olney farm. Two strangers were in this wagon, about 7 p. m. when it disappeared in the woods. At 11 p. m., several hours after the time when the murder was committed, the wagon was seen on the same road going away in the vicinity of the Olney farm, and toward the Shawangunk mountains. The fact that an attempt was made to kill every person who was known to have been in the Olney house has caused the police to declare that there were other motives than robbery for the crime, and that the rifting of the Olney brothers' pockets was only a ruse to mislead pursuers. As yet, however, no plausible theory for the murder has been advanced.

The four persons in the house about dark yesterday, according to Lulu Ingerick, who left the place shortly before the tragedy, were Willis Olney, 62 years old, Fred Olney, 53 years old, Mrs. Ingerick, the housekeeper of the two brothers and her small daughter, Alice, who is 15 years old, went to Middletown, returning in time for a luncheon. Finding the house empty the girl in flight summoned neighbors who searched the premises. Alice was found dead in the collar, her head broken with an iron pipe. Her mother was found in the barn apparently strangled by the same instrument which was picked up on the kitchen floor by the searching party.

Olney was a widower and Frank was a bachelor. Mrs. Ingerick, who had separated from her husband, had been employed as housekeeper at the Olney brothers' place only about a month. Her husband, Martin Ingerick, lived at Wartzboro, not far from Middletown.

In the house no traces of robbery have yet been found. The only articles of value known to have been taken from the two brothers in the rifting of their pockets were two silver watches. Considerable comment was excited here by the similarity of position of the two brothers bodies found in the woods, each had the right arm crossed over the breast in the same position, wounds in the right side and an odd circumstance about these wounds was that they were under the right arm in such a position that the arm must have been raised high before the shots were fired. Willis Olney was shot through the right ear.

SALOONS IN LOS ANGELES. The Gothenburg System May be Installed There.

Los Angeles, Cal., Oct. 13.—As the result of a formal proposition submitted in writing to the city of Los Angeles today there is a possibility that the "Gothenburg saloon system" may be installed in this city, supplanting the present private ownership of the two hundred saloons here.

THE VALUE OF CHARCOAL.

Few People Know How Useful it is in preserving Health and Beauty.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the germs and the most for the same cleansing purpose.

Charcoal sweetens the breath after smoking, drinking, or after eating onions or other odorous vegetables. Charcoal effectually clears and improves the complexion, it whitens the teeth and further acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Stuart's Charcoal Lozenges; they are composed of the finest powdered Willow charcoal, and other harmless antiseptics in tablet form or rather in the form of lozenges, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is that no possible harm can result from their continued use, but on the contrary, great benefit.

A Buffalo physician in speaking of the benefits of charcoal says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the blood, and I believe the liver is greatly benefited by the daily use of them; they cost but twenty-five cents a box at drug stores, and although in some sense a potent purgative, yet I believe they are more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets."

receipts of the business on the total amount of their investment, the remainder of the profits from the operations of the 25 saloons to revert to the city treasury.

GOVERNMENT EMPLOYEES MUST NOT CONTRIBUTE.

Washington, Oct. 6.—The civil service commission is preparing to forward a circular letter to all government employees warning them against campaign contributions as in violation of the regulations. The letter in like those ordinarily circulated when election campaigns are in progress but the necessity for the warning was emphasized by a discovery adopted by Commissioner Greene when engaged recently in investigating the postmaster at Goshen, Ill., and his clerks. Mr. Greene reported to the commission that when the clerks were under examination they told him that during the campaign of 1902 they had contributed 5 per cent of their respective salaries to the Republican state campaign fund, and that the contributions were made through U. S. Circuit Judge Baker. As it did not appear that it had been a recent offense the commission did not feel justified in making a formal charge against Judge Baker.

GREAT NORTHERN OFFERS REWARD OF \$5,000.

Seattle, Oct. 6.—The Great Northern today authorized a reward of \$5,000 for the arrest and conviction of each man implicated in the holdup of Monday night's overland train near Ballard. This offer supersedes the initial reward of \$2,000 for the entire gang offered by the express company. The sheriff and police have practically abandoned the chase, leaving the case with the Pinkertons and the railroad's secret agents. Beyond satisfying themselves that the robbers had carefully planned and faultlessly executed the robbery and that they are old hands in the handiwork, the detectives have established no new situation. The claim that the men implicated in the Canadian Pacific and O. R. & N. hold-ups were connected with the raid on the Great Northern are discarded by the police. The men can all be accounted for elsewhere than in this part of the country. Practically complete returns of all shipments by express Monday night show the amount taken will not exceed \$700.

BRIDGE MONOPOLY. President Determined to Take Action in St. Louis Case.

Washington, Oct. 6.—Upon leaving the White House today after the session of the cabinet Atty.-Gen. Moody said: "It was determined by the president that upon the complaint pending in the department of justice against the monopolization of the bridges and the ferry across the Mississippi into St. Louis appropriate action should be begun by the attorney-general."

DEATH OF YOUNG OLIVER. His Father is Investigating His Mysterious Disappearance.

Butte, Mont., Oct. 6.—A special to the Miner from Helena says: Commissioner W. M. Oliver of Dillon arrived here today and with Sheriff Scharenbroin left for Wolf creek to investigate the mysterious disappearance of his son whose body was found there tonight. Young Oliver had started home from Canada, driving a team and having three extra horses. Mr. Oliver learned that his son's outfit had been found burned in the canyon near Wolf creek and that the five horses were later seen in the possession of an unknown Frenchman. Good description of the suspected Frenchman has been obtained and a determined effort is being made to apprehend him.

Columbia Sophomores Suspended.

New York, Oct. 6.—Three sophomores were suspended for one year from Columbia university by President Butler today because of active participation in recent underclass disturbances at the university. The authorities refused to disclose their names.

Tarrasch Defeats Marshall.

Nuremberg, Germany, Oct. 6.—Tarrasch won from Marshall today in the fourth game up of their chess match of eight games up at the local club at Marshall's home. The score now reads: Tarrasch, 4; Marshall, 1; Drawn, 7.

Negro Soldier Kills White Soldier.

Wichita, Kan., Oct. 6.—A special to the Eagle from Anadarko, O. T., states that Private W. H. Smith, a white soldier, whose company is stationed at Fort Sill, was murdered this morning by a Negro soldier, W. C. Mitchell, a negro soldier, who is a member of the Fort Reno infantry. The soldiers were encamped at Anadarko. The murdered man was shot in the head and instantly killed. Mitchell is a member of the 25th, and serious trouble may result. The body of Smith will be sent to Nova Scotia, the home of his parents.

OLD BAY STATE DEMOCRACY.

For People of Massachusetts the Paramount Issue is Relief From Tariff Restrictions.

THE PRESIDENT IS COMMENDED.

Warning Against Too Great Control Of Country's Business by Federal Government.

Boston, Oct. 7.—The only drawback to unanimity in the voting at the Democratic state convention at Faneuil hall in this city today was the possible entrance as a candidate for governor of former Mayor John H. McNamee of Cambridge. The state committee had arranged a slate headed by Gen. Chas. W. Bartlett of Boston as the candidate for governor and Henry M. Whitney of Brookline for lieutenant-governor. Efforts had been made to induce Mr. McNamee to withdraw. He seemed determined, however, to go into the convention because he had been given the support of the delegates from Medford and Cambridge and of some from the western part of the commonwealth. The remainder of the ticket as agreed upon included Henry M. Little of Newburyport for secretary of state; John P. Leahy of Boston for attorney-general; Patrick A. Ashe of North Adams for auditor and Daniel J. Doherty of Westfield for treasurer and receiver general.

The platform to be presented by the committee on resolutions, which is expected to contain a plank favoring mild or gradual municipal ownership, a declaration against federal supervision of insurance companies and a reciprocity plank, almost identical with that presented by the committee of the Boston chamber of commerce, of which Henry M. Whitney is president. Former Congressman John P. Thayer of Worcester was selected as permanent chairman.

THE PLATFORM.

Following is an abstract of the platform presented to the Democratic state convention today. "The paramount issue at this time before the people of Massachusetts is relief from tariff restrictions. The effect of this policy forced upon the dominant Republican party by the greed of great and selfish interests had been to cut Massachusetts from its national markets of sale or purchase and to push the state toward the danger line of industrial decline. It shows in trade reports, financial statements and census returns that while the industries of the country as a whole have materially increased in the past decade, those of this state have remained nearly stationary. It is believed that a sensible relief from these evils could be obtained without disturbance to business by placing upon the free list a number of the raw materials of our industries, such as coal, iron, lumber, hides, wool, pulp, and by the immediate enactment of a dual tariff law, which, while having the present tariff as its maximum, would give liberal reductions in duty to those nations that will accord to us favorable trade opportunities.

"We believe that general laws should take the place of special laws in legislation relating to public service corporations, that all rates of tolls should be prohibited from contributing money to be used for political purposes; that, as the tariff is the mother of trusts, these off-springs should be deprived of the excessive protection by means of which they are oppressing the people; that United States senators should be elected by the people and that pending the passage of a constitutional amendment their nomination by direct popular vote; that in all attempts made to regulate the business of the country through the medium of the national government, the rights of the state governments and the rights of the state governments and to prevent the creation of bureaucratic authorities capable, when treated in a distant capacity, and when working without direct responsibility of evading the wishes and destroying the liberty of the people.

"We believe that legislation should be enacted giving to cities and towns broader powers in the control and control of business which derives its profit from necessities of the community, experiencing and demonstrating that under favorable conditions and proper management the business of municipalities can be conducted by municipal corporations with profit to the people, both in price and in service.

"We believe that the revelations of life insurance corruption, brought on by the investigation now going on in New York City, make it evident that there cannot be for these corporations too much or too close official oversight, and we protest against anything that would restrict the control of more than questionable constitutionality for the existence of state supervision.

"We heartily commend the diplomacy, courage and sagacity of President Roosevelt in exerting the great influence of his office to bring to an end the terrible and bloody war in the far east. We deeply regret that Gov. Douglas has declined the highly deserved honor of a republican nomination. He has shown in his official career an honesty, courage and dignity which have won for him the commendation alike of political friends and opponents."

Thief Surprised and Shot.

Fresno, Cal., Oct. 6.—Henry Martin was shot and killed this morning in the street here.

FOOD AGAIN. A Mighty Important subject to Everyone.

A Boston lady talks entertainingly of food and the changes that can be made in health by some knowledge on that line. She says: "An injury to my spine in early womanhood left me subject to severe sick headaches which would last three or four days at a time, and a violent course of drugging at the hands of old-fashioned physicians brought in competition with all the ill that follow. My appetite was always light and uncertain and many kinds of food distressed me. "I began to eat Grape-Nuts food two or three years ago, because I liked the taste of it, and I kept on because I soon found it was doing me good. "I eat it always at breakfast, frequently at luncheon, and again before going to bed—and have no more sick headaches which would last three or four days at a time, and a violent course of drugging at the hands of old-fashioned physicians brought in competition with all the ill that follow. My appetite was always light and uncertain and many kinds of food distressed me. "I give Grape-Nuts credit for restoring my health, if not saving my life, and you can make no claim for it too strong for me to endorse." Name given by Postum Co., Battle Creek, Mich. There's a reason. Read the little book, "The Road to Wellville," in each pkg.

Appetite poor this morning?

Porridge with cream and toast will tone you up. Delicious—light and all right.

In two pound packages. Sealed to protect its purity and flavor. All good grocers.

Pacific Cereal Association San Francisco, California

Eisen vineyard, on the banks of Plancher creek, by Gilles McGee, who owns a roadside store in Temperance colony, five miles out of town. Martin was surprised in the theft of a sack containing \$40. In the pursuit he took to the vineyard and from behind the fork of a tree he fired at his pursuer. Several shots were sent after him in the chase of about 400 yards. Gilles McGee, who is a crack shot, fired a rifle at the tree fork and Martin dropped dead.

Killed by Premature Blast.

Butte, Mont., Oct. 6.—Frank Ellison and Oscar Matti, Swedish miners, were killed today by a premature blast in the Rarus mine. They were unmarried. Ellison has a brother in Astoria, Or., and another in Hibbing, Minn. Matti has two brothers in Lead City, S. D.

Schwab to Settle in Nevada.

Reno, Nev., Oct. 6.—From reliable sources it is learned that Charles M. Schwab, who has been in the state for some time, will locate at Goldfield. Schwab in an interview at Goldfield today refused to discuss his political ambitions beyond stating that he was much pleased with the state.

Apostolic Delegate to Cuba.

Rome, Oct. 7.—The Vatican has been urged to appoint an apostolic delegate to Cuba and Porto Rico to succeed the late Archbishop Chappelle, of New Orleans. Pressure has been brought to bear to have Archbishop Farley of New York, chosen apostolic delegate to Cuba and Porto Rico, pointing out that the archdiocese of New York disposes of funds sufficient for the position and because steamers for Cuba start from New York. For similar considerations the Bahama Islands belong to the archdiocese of New York. The appointment is considered a most important one, being, it is believed, a step toward the delegate's nomination as a cardinal.

WEATHER REPORT

FORECAST TILL 6 P. M. SATURDAY. Barometer reading at 8 a. m., 25.51 inches, temperature at 8 a. m., 52 degrees. Maximum 50 Minimum 34. Local forecast for Salt Lake City and vicinity: Fair tonight and probably Sunday.

WEATHER CONDITIONS.

Prevalent occurred over portions of Oregon, Washington, British Columbia, Montana, Amenibia and Florida, with heavy rainfall at Roseburg and Kamloops. It was raining at Portland and Spokane at time of report. The temperature fell in nearly all districts. Lower barometric pressure continues over Arizona and the British Northwest Territory, and the conditions are still favorable for continued fair weather tonight and probably Sunday in this vicinity.

R. J. HYATT, Local Forecaster.

Killed Woman He Loved.

St. Joseph, Mich., Oct. 7.—Driven mad over the refusal of a young woman to marry him, Fred Freaser, chef restaurant, fatally wounded Mrs. Violet J. Lonsale here today and then killed himself.

PROBATE AND GUARDIANSHIP NOTICES.

Consult County Clerk or respective signers for further information.

IN THE DISTRICT COURT, Probate Division, in and for Salt Lake County, State of Utah. In the matter of the estate of Joseph Anderson, deceased. Notice. The petition of Elizabeth R. Anderson, praying for the issuance to William Reese of Letters of Administration in the estate of Joseph Anderson, deceased, has been set for hearing on Saturday, the 22nd day of October, 1905, at 10 o'clock a. m., at the County Court in Salt Lake City, Salt Lake County, Utah. Witness the Clerk of said Court with the seal thereof affixed, this 6th day of October, A. D. 1905. J. U. ELDRIDGE, JR., Clerk.

IN THE DISTRICT COURT, Probate Division, in and for Salt Lake County, State of Utah. In the matter of the estate of Geo. Henry Snell, deceased. Notice. The petition of May Snell, administratrix of the estate of Geo. Henry Snell, deceased, praying for the settlement of final account of said administratrix and for the distribution of the residue of said estate to the persons entitled, has been set for hearing on Saturday, the 22nd day of October, A. D. 1905, at 10 o'clock a. m., at the County Court in Salt Lake City, Salt Lake County, Utah. Witness the Clerk of said Court with the seal thereof affixed, this 6th day of October, A. D. 1905. J. U. ELDRIDGE, JR., Clerk.

By W. H. Farnsworth, Deputy Clerk, Johnson & Fowler, Attorneys for Petitioner.

By W. H. Farnsworth, Deputy Clerk, Richards, Richards & Ferry, Attorneys for Administratrix.

BAD BLOOD WEAKENS THE SYSTEM AND INVITES DISEASE

Every part of the body is dependent on the blood for nourishment and strength, and when from any cause this vital stream of life becomes impoverished or run-down, it invites disease to enter. No one can be well when the blood is impure; they lack the energy that is natural with health, the complexion becomes pale and sallow, the vital energies are at a low ebb, and they suffer from a general broken-down condition of health. The system is weakened and unable to resist the diseases and disorders that are constantly assailing it. The Liver and Kidneys, failing to receive the proper stimulation and nourishment from the blood, grow inactive and dull, and the waste matters and bodily impurities that should pass off through these channels of nature are left in the system to produce Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases or some other blood disorder. When the blood is in this weakened and diseased condition it should be treated with a remedy that is not only thorough, but gentle in its action. S. S. S., a purely vegetable remedy, made of roots, herbs and barks, is just what is needed. It not only cleanses the blood of all impurities and poisons, and enriches and strengthens it, but gently builds up the entire system by its tonic effect. S. S. S. reinvigorates every member of the body, gives tone and vigor to the blood, and as it goes to the different parts, carries robust health and strength. S. S. S. acts more promptly and gives better results than any other medicine. It cures Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases and all other blood disorders, and cures them permanently. Our Medical Department will be glad to give advice without charge to all suffering with blood or skin diseases. Address THE SWIFT SPECIFIC CO., ATLANTA, GA.
