DESTRUCTIVE CONFLAGRATION.

Machine Shops of Utah Construction Company Burned Down—
Loss Probably \$15,000.

THE McNEILL EXTORTION CASE.

Electrical Association's Brilliant Social—
Telephone Extension—Court Business—Weddings.

Ogden, Utah, Jan. 26.—A destructive fire occurred at an early hour here this morning. The machine shops of the Utah Construction company were destroyed, involving a loss of \$10,000 to \$15,000. The main shop, which is a structure about 140 feet long by 65 feet wide is a total loss, and also valuable machinery, including a steam hammer, a number of lathes and other machines, among which were three or four small steam engines used in operating the machinery. There were also a lot of tools and material in the building, together with a number of pieces of machinery of different kinds which were in the shops being repaired. The fire was communicated to a number of smaller buildings, but was extinguished before they were destroyed.

The cause of the fire is not known. There was a number of workmen sleeping in the quarters close to the machine shops, but the blaze had gained such headway before they were aroused that nothing in the machine shops could be saved. The building is situated at the west end of Thirtieth street near the Union Pacific tracks. The fire department hadn't enough hose and a return trip had to be made to the station to get enough hose to reach the blaze. A steam shovel standing near the building also caught fire, but a Union Pacific switch engine pulled it out of the way. There was an unusual lot of machinery and tools in the building and about 350 head of horses in the corral as a shipment was about to be made to the government work near Carson, Nev. There was about \$3,000 insurance. None of the horses were burned.

THREE COUPLES WED.

Marriage licenses were granted by the county clerk to the following couples:
Frank P. Phelps, 41, and Miss May Nafors, 18, both of Salt Lake City, Utah.
Edward P. May, 21, and Miss Bernice Grant, 23, both of Ogden City, Utah.
Charles E. Slater, 25, of Salt Lake City, and Miss Hazel Brown, 26, of Ogden City.

WARRANTS FOR McNEILL.

William Howell served out two complaints yesterday charging Charles D. McNeill with attempted extortion and conspiracy. The complaints were issued by the county attorney and warrants issued by the county clerk. McNeill is still confined in the city jail and will be arraigned this morning. He is taking the matter philosophically and appears not to worry.

A new development has come to light in the McNeill case. The county attorney, who is now conducting an investigation into the case, has learned that McNeill was in the office and could hear what was said. He is taking the matter philosophically and appears not to worry.

TELEPHONE EXTENSION.

Within the next 10 days the Rocky Mountain Bell Telephone company will extend its system to cover North Ogden and Pleasant View, and shortly thereafter will include Plain City and a number of intervening towns. Word reached Ogden yesterday from North Ogden and Pleasant View that the company had no contracts for installing lines in residences in those two towns, and that the company would not make a branch exchange would be located at North Ogden and the instruments immediately installed. These districts will be given the same service as the Ogden phone users are receiving, and there will be no extra charge for talking to any of the suburban towns in the county reached from branch exchange. It is understood that the company will not delay in making the connections and that there might happen in the city service.

DECIDE YOURSELF.

The Opportunity is Here. Backed By Salt Lake City Testimony.

Don't take our word for it. Don't depend on a stranger's statement. Read Salt Lake City endorsement. Read the statements of Salt Lake City citizens.

And decide for yourself. Here is one case of it. J. P. Ketchum, fireman on the R. G. R., residence 3721 1/2 South Main St., says: "Starting with a tired out feeling just across the loins, the symptoms gradually developed until it became a regular thing to have backache. The constant jolting, jolting and jarring of the train aggravated the complaint and with the passing of time it grew worse and I was compelled to look for something to bring relief. An advertisement about Doan's Kidney Pills attracted my attention just then and I went to the F. J. Hill Drug Co. store for a box. The treatment gradually lessened the aching until it disappeared. This should be of considerable value to those who suffer in Salt Lake City from backache."
