

AMERICAN FLAG IN CUBA LOWERED

Last Sign of United States Occupation of Island Has Now Disappeared.

SOLDIERS BOARD THE SUMMER.

President Palma and Cabinet, Ministers Squiers and Others Witness Evacuation Ceremonies.

Havana, Feb. 4.—The last vestige of the American occupation of Cuba disappeared this afternoon when the American flag was lowered from the Cabanas barracks and the last battalion of American soldiers marched to the Triscornia pier and boarded the United States transport Sumner, which will sail tomorrow for Florida.

The Sumner had brought the Seventeenth and Nineteenth companies of United States artillery from Santiago, and these troops participated with the Twenty-first and the Twenty-second companies, which have been stationed here in the evacuation of the Cabanas barracks.

President Palma and the members of his cabinet, Gen. Rodriguez, commander of the rural guards, United States Minister Squiers and the members of the legation staff witnessed the ceremony of hauling down the American flag and hoisting the Cuban flag, with the usual salutes.

President Palma addressed Minister Squiers and Maj. Brown, commander of the American troops, saying:

"We are confronted by one of the most extraordinary facts recorded in the annals of universal history, the departure from our shores of the last troops of the United States who have helped us to secure our independence and the blessings of freedom. They could stay longer, under any pretext whatever, or an unjust demand could be imposed upon us, but, on the contrary, the government of the United States, identified as it is with the liberal spirit and noble character of the American people, willingly proffers its disinterestedness and sincerity of the aid it rendered us by taking these men away and showing us at the same time that we have, as an independent people, the confidence of one of the most powerful nations on earth."

"This act of the United States in withdrawing its troops from Cuban territory reflects upon it everlasting glory and makes us proud of ourselves, for it means that nobody could be able to govern ourselves or to maintain peace and order and guarantee the rights of all the inhabitants of this island. This new consideration, shown us together with the services we have previously received at their hands, will bind the Cuban people to the American people forever in a strong tie of sincere gratitude."

Maj. Brown replied to President Palma and thanked him for his kindness to the American officers and soldiers. There were many more American spectators present than Cuban, and the only dignitary besides Mr. Squiers to witness the departure of the Americans was the Chinese minister, who was accompanied by his staff. The British minister sent his regrets.

NATIVES OF TAHITI.

Dr. Senn Says They Are a Happy People, Now Dying Out.

San Francisco, Feb. 5.—Dr. Nicholas Senn, professor of surgery at the University of Chicago, who has just returned from a visit of several months to Tahiti, made a close study while there of the conditions and customs of the natives. He says they are a simple race of happy, honest, forbearing, but dreary people who are doomed to extinction by civilization. The population estimated at 200,000 when Cook landed at Tahiti in 1769 has dwindled away until today it only numbers 11,000 of which 300 are whites and 500 Chinese. Diseases of the simplest forms, such as measles and whooping cough, which have no apparent effect upon the whites, cannot be combated by the natives, who know nothing of such ailments in their primitive state. Tahiti, the doctor says, is a land of rest, especially for the whites, an excellent resort for those suffering from nervous diseases. A native can live on food furnished by nature and about two dollars a year will furnish him clothing. There is no object poverty, no begging and no crime. It is hoped that the French medical commission now at the islands will furnish a plan for sanitary relief.

Demand for Salmon.

Astoria, Or., Feb. 5.—The Astorian today says of the salmon market: "There is a noticeable improvement in the demand for all kinds of salmon, especially the lower grades, the stocks of which are now beginning to get very low, and prices for which are moving upwards. It is stated in the best informed quarters that considerably better prices for chums and pinks are looked for ere long, as it is thought the present supply will not last until next season's product is available. There is considerable inquiry from all quarters for the better grades of salmon. The eastern markets show greater strength, and the situation is still

NO PERSON

Would Make Such a Proposition to the People of Salt Lake City, as Our Leading Druggists, Druehl & Frank.

Did you ever know or hear of a person who would offer to return every cent you paid him if he could not build up and create strength and vitality for old people, weak, sickly women and children and the convalescent; create an appetite, cure stomach troubles; make those who are too thin fat, rosy and healthy; or cure hacking coughs, chronic colds, throat and bronchial troubles?

Miss Elizabeth Vanderbilt Dead.

New York, Feb. 5.—Miss Elizabeth Vanderbilt, 77 years old, daughter of Oliver Vanderbilt, who founded the first ferry between Staten Island and New York, and a relative of Commodore Vanderbilt, is dead at the home of her niece in a small apartment on the upper west side.

Maldon de la Fere Suicides.

San Francisco, Feb. 5.—Maldon de la Fere, doctor, ex-soldier and inventor, who was wanted by the Minneapolis police authorities for embezzlement, has committed suicide here by taking poison. He is from a city in this state, and was in Minneapolis in order to escape trial for the same offense. He is reported to have been in Minneapolis for some time, and was in the city at the time of his death.

Released from Their Bonds.

Glenwood Springs, Colo., Feb. 4.—Dominick Zecchi and James Gleason, non-resident coal miners, who were arrested on the charge of blowing up the house of six of the officials of the union, were released from their bonds today. Police authorities who have been investigating the affair appeared in court and announced that no evidence had been discovered sufficient to convict the men of the charge and requested that they be freed from their bonds.

Experiments in Tuberculosis.

Berlin, Feb. 4.—A further installment of the accounts of experiments in transferring tuberculosis in animals to men and vice versa was published today. The experiments were confined to injections under the skin. The results are not ready for report.

A Severe Cold For Three Months.

The following letter from A. J. Nushbaum, of Batesville, Ind., tells its own story: "I suffered for three months with a severe cold. A druggist prepared me some medicine, and a physician prescribed for me, yet I did not improve. I then tried FOLEY'S HONEY AND TAR, and eight doses cured me."

A Chattanooga Druggist's Statement.

Robert J. Miller, proprietor of the Read House Drug Store, of Chattanooga, Tenn., writes: "There is more merit in FOLEY'S HONEY AND TAR than in any other cough syrup. The calls for it multiply wonderfully and we sell more of it than all other cough syrups combined."

Ayer's Cherry Pectoral

What would you do the next time you have a hard cold if you couldn't get Ayer's Cherry Pectoral? Better think this over.

Made by J. C. Ayer Co., Lowell, Mass. Also manufacturers of AYER'S HAIR VIGOR—For the hair. AYER'S KIDNEY PILLS—For constipation. AYER'S SARSAPARILLA—For the blood. AYER'S AGUE CURE—For malaria and ague.

Cherry Pectoral

further improved on this side by orders from English dealers in canned salmon. On the whole, the industry is much more encouraging than has been anticipated.

CONVICT KILLED.

Was Trying to Escape from the Nevada State Prison.

Carson City, Nev., Feb. 4.—At the state prison this morning a convict by the name of Bentley, alias Teddy Smith, was shot and killed by Guard Gamble. Bentley was endeavoring to escape and while making for the open beyond the dead line, was shot.

Bentley has been feigning insanity for a number of weeks and when this did not bring the desired results he made a break for liberty, with a number of convicts who were being taken from the quarry, as the weather was threatening.

Guard Gamble, who was the nearest to him, ordered him to halt. The convict was repeated several times and, as the man was getting out of range, the guard fired. Bentley died in a few minutes.

Bentley had a bad record and was serving his second term—25 years—for attempting the life of Sheriff Hays of Washoe county.

French Ships Undermeasured.

San Francisco, Feb. 5.—The work of the deputy surveyor of this port in measuring the French vessels in the harbor has shown that all the ships have been undermeasured and the government has thereby been cheated out of its just dues in pilot fees and dockage and custom tolls. In the case of several French ships it has been found that their tonnage has been undermeasured by several hundred tons. This amount has in the past permitted the French vessels to register their tonnage according to their own measurements, but a recent order has been received from Washington by which French ships are to be placed on the same basis of measurement as the American vessels. Ten vessels flying the French flag have been measured and in every instance it has been found that the net tonnage has been increased under the laws of this country.

Tobias Broderick, Trainer, Dead.

Chicago, Feb. 5.—Tobias Broderick, trainer of trotting horses, showman, clam-bake promoter, and politician, is dead at Ottawa, Ill., after a week's illness. He was 48 years old. Broderick was a well known character in Chicago for 20 years, and numbered among his friends the leading politicians of both parties. He planned the first race meeting on a snow course in Chicago.

A Gift to Tuskegee.

Altoona, Pa., Feb. 5.—Mrs. Annie E. Moore, formerly a teacher in the Altoona high school, died recently. Her will, which has just been probated, bequeaths \$6,000 outright to the Tuskegee institute of Alabama. After other bequests have been paid, the residue is to be divided between Tuskegee and the Lincoln university.

Usurers Getting Out of N. Y.

New York, Feb. 5.—As a result of the relentless campaign against usurers being conducted by the district attorney's office, nearly all the big loan companies have moved hurriedly across the river to Jersey City, to which place they have advised their victims to send payments.

Released from Their Bonds.

Glenwood Springs, Colo., Feb. 4.—Dominick Zecchi and James Gleason, non-resident coal miners, who were arrested on the charge of blowing up the house of six of the officials of the union, were released from their bonds today. Police authorities who have been investigating the affair appeared in court and announced that no evidence had been discovered sufficient to convict the men of the charge and requested that they be freed from their bonds.

Experiments in Tuberculosis.

Berlin, Feb. 4.—A further installment of the accounts of experiments in transferring tuberculosis in animals to men and vice versa was published today. The experiments were confined to injections under the skin. The results are not ready for report.

A Severe Cold For Three Months.

The following letter from A. J. Nushbaum, of Batesville, Ind., tells its own story: "I suffered for three months with a severe cold. A druggist prepared me some medicine, and a physician prescribed for me, yet I did not improve. I then tried FOLEY'S HONEY AND TAR, and eight doses cured me."

MRS. MAYBRICK TO BE FREED IN JULY

She Has Not Been Released But Is Now Kept Under Surveillance.

IS NOT IN AYLESBURY PRISON.

In Distant Part of England Under Care Of Members of a Religious Sisterhood.

London, Feb. 4.—The Associated Press can announce with authority that Mrs. Florence Maybrick is now in a home in a distant part of England and under the care of the members of a religious sisterhood. She has not been released, and she is kept under surveillance, but to all intents and purposes her life now, compared to her existence in Aylesbury prison, is that of a free woman. She will remain where she is until next July, when her punishment will be ended under special license, and she will be allowed to go free, subject to the usual conditions governing ticket-of-leave convicts.

Chinese Wears U. S. A. Uniform.

University of California, Feb. 5.—Samuel Sung Young, a Chinese student at the University of California, has just been appointed a lieutenant in the university cadet regiment. Should he rise to major or higher he will be eligible for a second lieutenant in the United States army. Lieut. Young is the only Chinese wearing the uniform of an officer of the United States army. He is a son of Rev. W. C. Young, a regularly ordained clergyman of the Episcopal church and formerly rector of a mission in San Francisco.

Fighting in San Domingo.

San Domingo, Friday, Jan. 29.—The troops under the command of the rebel Gen. Rodriguez arrived at Pajarito last night from San Pedro de Macoris. Fighting at once commenced and lasted during the night and was continued today. A general attack is expected.

Colorado Lands Opened.

Denver, Feb. 5.—More than 300,000 acres in Rout and Grand counties were thrown open for settlement today by the state land board. Coal lands, agricultural lands, mineral lands and tracts of properties adjacent to towns in the counties mentioned can now be secured by people who wish to settle along the route of the Moffat railroad.
