He possessed a very powerful constitution and contined to labor with his hands until his fast illness which occurred about five wee (s ago. THRATRE TO-NIGHT. - Everybody and his friends should attend the Theatre tonight, on the occasion of the farewell benefit of the very talented and favorite comedian Mr. "Phil." Margetts. The bill is a first-rate comedy bill, and in the character of "Toodles" "Phil" has not many equals in the profession. Mr. McKenzie, Muss Colebrook and other favorite artists will appear, and the performance will be certain to be more than ordinarily attractive and excellent, and being on the occasion of the tarewell to the dramatic profession of one who has so long been a "bright particu-lar star" therein, it should draw a crowded audience.

SANDWICH ISLANDS .- Brother George Nebeker, of the Sandwich Islands, reached Ogden yesterday morning at 6 o'clock, and came on to this city by the morning train. It will be remembered by many that Bro.

Brother Nebeker and his family also Brother Davidson, left the islands at the same time as Bro, Cluff and family; the former have come on a visit to their friends at home. They left on the 30th ult., and started for this city from San Francisco last Wednesday morning.

REVIVAL .- From the Chicago Times, of May 24th, we take the following fair report:

"A Mormon revival is at present in progress about fifteen miles from New Albany, Ind., in the church of the Christian denomination, which the trustees have given the Latter-day Saints the privilege of using. This church is located about three miles from New Providence, Clark county. The meetings are conducted by a Mormon evangelist from Salt Lake, and it is said he is creating an intense excitement. Already fifteen persons have given in their adhesion to the Mormon church, and the revival progresses without abatement. One entire family of six persons has joined the church and will shortly leave for Salt Lake. So great is the excitement that farmers are stopping their plows in the fields to attend the meetings. What the end will be it is hard to determine, but in the meantime many converts are being made to the Mormon faith."

Six Chinese companies of tha city lately met and prepared a lengthy document for distribution in China for that ourpose. California, they say, and adjoining States, are not what they formerly were, so far as facilities for making money are concerned. Their people do not meet with respect, but are placed on a level with cattle received there last Wednesday; and there and horses. The majority of them there are scarceely able to obtain more than a bare subsistence. Poor John! ARRIVALS at the TOWNSEND HOUSE. May 27th, 1870. DANGEBOUS GAME .-- We hear of a case of death from the game of base ball, in Dover, N. H. A youth of fifteen, while engaged in the game, was struck on the head with the ball with such force as to prove fatal. Base ball is a favorite game with our young men here; and, considering the hardness and weight of the balls generally used, it is really surprising that more accidents do not occur. There is no necessity for having them so hard and heavy as to kill a person if striking him on the head; and those who are in the habit of engaging in this other wise pleasant pastime here would do well to remember this that we may not have to record the accidental killing of one here similar to that case in New Hampshire.

HAULING ROCK .- A number of ox teams three or four yoke to a wagon, came in this morning, loaded with granite for the Temple. They were loaded so heavily having on from seventy to eighty-five hundred to a wagon, as to render it almost impossible for them to proceed up the State Road, where the new turnpike is being made. We believe the intention is to wait until the road is more solid before hauling more.
