

INQUEST OVER BURDICK ENDED

Has Served to Develop Several Theories Regarding Crime.

DEATH OF ARTHUR PENNELL

An Official Inquiry Will Now be Made Into It—It Will Begin Next Monday.

Buffalo, March 26.—The inquest into the death of Edwin L. Burdick, who has murdered just a month ago in his home on Ashland avenue, ended this afternoon. At the close of the inquest Judge Murphy announced that an official inquiry into the tragic death of Arthur Pennell, who has figured so prominently in the Burdick inquest, will begin next Monday.

The Burdick inquest has served to develop several theories relative to the crime that had been suggested many days ago, but it would be hardly correct to say that the investigation has cleared anything tangible to any of these theories. Aside from the failure of the authorities to secure evidence bearing directly upon the commission of the crime, or to establish the identity of the murderer, there is a feeling of dissatisfaction that the name of Mr. Burdick has been lifted from the mire in which he was first dragged and his character shown in its true light. The evidence brought out during the examination of witnesses by Dist. Atty. Casworth has shown Burdick to be a man of loving father, always willing to sacrifice his own happiness and pride for the sake of his children; that he was the victim of false friendship, broken pledges, and a treacherous and was a forgiving, indulgent husband.

The efforts of the authorities to fix the crime upon some one will not end with the inquest. At the same time there is little hope of success in this undertaking and the murder probably will go down in criminal history as one of the great unsolved mysteries. Judge Murphy stated after court adjourned this afternoon that his judgment in the case will not be handed down until Monday or perhaps late in the week. It is possible that he may have a change of mind and take the case until Monday or perhaps late in the week. V. E. Reichenberg Suicides. St. Louis, Mo., March 26.—V. E. Reichenberg, a guest at the Hotel Garnier, died in his room today from the effects of a dose of laudanum and cyanide of potassium. The death was evidently been calmly planned. A dozen letters were found written to various friends, and one was addressed to his mother, Mrs. S. Reichenberg, 1501 Post street, San Francisco, in an envelope containing the name of the Kline & Co., San Francisco, was also found.

POWER OF ASSESSOR. Decision Regarding Right to Assess Property in Trustee's Hands. Chicago, March 26.—A dispatch to the Chronicle from Clinton, Iowa, says: Judge P. B. Wolfe of the Seventh judicial district, has just rendered an important decision regarding the power of assessors to assess taxes on property in the hands of a trustee as trustee. The court holds that property is liable to assessment for county and city taxes, if the case at issue was that of the

Test for Yourself the Wonderful Curative Properties of Swamp-Root

To Prove What Swamp-Root, the World-Famous Kidney, Liver and Bladder Remedy, Will do for YOU, Every Reader of the Deseret News May Have a Sample Bottle FREE.

Gentlemen—Some two years ago I was so run down that I lacked strength, had no appetite and could not sleep nights. Sometimes it seemed as though my back would break in two after stooping. I had to get up many times during the night to urinate and go often through the day. After having the best physicians prescribe for me without relief, I decided from my symptoms that the medicine I needed was Dr. Kilmer's Swamp-Root, the great kidney liver and bladder remedy. After trying a sample bottle with good results, I purchased six bottles of the regular size and after taking them was entirely cured. Swamp-Root is a wonderful remedy when a man is not feeling well after exposure or loss of sleep and irregular meals. It is also a great medicine to tone up a man's system. Other members of the Police force are using and recommending Swamp-Root. They like myself, cannot say too much in praise of this great remedy.

The officers (whose signatures accompany this letter), as well as myself, thank you for the good you have accomplished in the compounding of Swamp-Root.

We remain, yours very truly, William Moore, Chief of Police. John W. Heath, Patrolman. W. H. Fredenburg, Roundsmen.

If you are sick or "feel badly" begin taking the famous new discovery, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone. Weak and unhealthy kidneys are responsible for more sickness and suffering than any other disease. Therefore when through neglect or other causes, kidney trouble is permitted to continue fatal results are sure to follow. Kidney trouble irritates the nerves, makes you dizzy, restless, sleepless and irritable. Makes you pass water often through the day and obliges you to get up many times during the night. Unhealthy kidneys cause rheumatism, gravel, catarrh of the bladder, pain or dull ache in the back, joints and muscles; makes your head ache, causes indigestion, stomach and liver trouble; you get a salivary, yellow complexion, makes you feel as though you had heart trouble; you may have plenty of ambition, but no strength; get weak and waste away. Swamp-Root is pleasant to take and is used in the leading hospitals, recommended by physicians in their private practice, and is taken by doctors themselves, because they recognize in it the greatest and most successful remedy that science has ever been able to compound.

POOR PROSPECT FOR RECIPROCITY. Senator Silva Says It Would Be Best to Disapprove Treaty. THEN NEGOTIATE ANOTHER. Cuban Have Confidence in Roosevelt, But Think Amendments Are in a Confining Shape.

New York, March 27.—Senator Silva, secretary of the Cuban senate, who has been an advocate of the treaty of reciprocity with the United States, is quoted as saying, according to the Havana correspondent of the Tribune: "I am inclined to the belief that the best thing would be to disapprove the treaty, then negotiate another. The amendments sent confining to all of us. We have perfect confidence in President Roosevelt, but fear the amendments are in such a shape that to make a new treaty is preferable."

Blind Two Years, Now Sees. Morristown, N. J., March 27.—After two years of total blindness George Lewis is able to see. His sight has been restored by a form of the Lorenz method of bloodless surgery. Two years ago he felt a severe pain in his right eye, which then became inflamed, and finally he could not see. He went to physicians for treatment, and they decided that in order to save the sight of the right eye, the left should be removed. The operation was performed, but it gave no relief, and Mr. Lewis became totally blind. A few weeks ago he heard that a New Brunswick physician had been using a form of the Lorenz method, and to him he went. After the first treatment he could see well enough to walk home, and now, after two weeks, he is able to read.

Will Make Affidavit. Postmaster R. H. Randall, Dunlap, Ia., says: "I suffered from indigestion and re-eking evils for years. Finally I tried Kodol. I soon knew I had found what I had long looked for. I am better today than in years. Kodol gave me a new lease of life. Anyone can have my affidavit to the truth of this statement." Kodol digests your food. This enables the system to assimilate supplies, strengthen every organ and restoring health. Kodol Makes You Strong.

Wisconsin Anti-Cigarette Bill. Madison, Wis., March 26.—The anti-cigarette bill was passed in the assembly today without a word of debate. It prohibits the manufacture or sale of cigarettes or cigarette paper, and takes effect July 1 next.

BAD WRECK ON SOUTHERN PACIFIC

Sunset Limited Collides With a Passenger Train.

THREE PEOPLE KILLED.

Were All Mexicans in Private Car of Gen. Trevino—Six Were Hurt or Less Injured.

San Antonio, Tex., March 27.—The Sunset limited of the Southern Pacific and another passenger train collided at La-coste, 13 miles west of here, at 9:55 o'clock last night. Three passengers were killed and nine injured. The bodies of the dead were burned.

THE DEAD. Guadalupe Cantes, Monterey, Mexico. Antonio Arizpe, Sabinas, Mexico. Manuel Trevino Saino, Sabinas, Mexico.

THE INJURED. Nabor Flores, Monterey, Mexico, chest crushed. T. W. Morrow, traveling passenger agent, Locomotive, and Nashville railroad, San Antonio, two ribs broken. Miss J. Foster, Houston, Texas, hip dislocated. Robert Harrahan, brakeman, San Antonio, arm broken, face bruised. Miss A. Kistler, Great Bend, Pa., arm dislocated. Wm. Dobrowski, San Antonio, bruised. W. E. Hess, U. S. A. hospital corps, Washington, D. C., leg wrenched. John Quinn, engineer, bruised.

The three Mexicans were relatives of Gen. Gerónimo Trevino, of Monterey, Mexico, who was on his way to San Antonio, accompanied by his wife and son. The Trevinos were not injured. The dead men were in a compartment of the private car of Gen. Trevino. The Pullman car in the rear telescoped the private car, crushing them to death. Their bodies were not recovered until they had been burned to a crisp in the fire which destroyed the entire train, including the engine. The engine, which was the originator of the crash, was derailed from the oil in the tender. The train was eastbound. The first, the Eagle Pass train, was standing on the main line at La-coste. The cause of the stop at La-coste, which is only a small place, is not known. The Sunset limited was traveling at great speed when it crashed into the Eagle Pass train. The engine of the limited, crashed through the cabooses and was hatched to the rear of the Eagle Pass train and the rear sleeper. This car in turn telescoped the Trevino private coach, killing the Trevinos and injuring the other passengers. The engine of the limited was destroyed. Nearly all of the injured were on the limited. The injured were brought to San Antonio.

W. E. ANNIN DEAD. Was a Well Known Washington Correspondent.

Phoenix, Ariz., March 26.—William E. Annin, a specialist in charge of the rural route service for the Denver division, died in Phoenix today of tuberculosis. He was 47 years old and leaves a wife and two children. For years Mr. Annin has been one of the most brilliant newspaper men of the congressional gallery membership at Washington, and was one of the most prominent members of the Capitol club, of which he was president for a term.

Judge Ide Returns.

San Francisco, March 26.—Judge Henry C. Ide, one of the members of the Philippine commission, arrived on the Kona today. He returned after two years spent in the islands. Judge Ide's health has been impaired for some time and he recently spent three months in Japan in an effort to recuperate from the effects of the tropical climate of Manila. Failing to secure any permanent benefit, he determined to return to America, where he hopes to find complete recovery.

POWERS OF THE ACOUSTICON. An Interesting Demonstration of Them Given.

New York, March 27.—Another interesting demonstration of the powers of the acousticon has been given in this city by the inventor, Miller Reese Hutchinson. Mr. Hutchinson selected as subjects for the experiment several inmates of the York institution for the instruction of deaf and dumb. Some had been stricken with deafness at too early an age to remember what the meaning of sound was, and one young girl in particular almost never heard spasms of delight when the ear piece was adjusted and she heard the strains of music. Mark Twain was in the audience, as was also Mrs. George Dewey, wife of Admiral Dewey. There was one skeptic present. He was deaf, but had no faith in the invention, so he asked to be put in the chair. This was done and his face flushed with surprise when he was able to distinguish "Mama" from "Papa." Mr. Hutchinson said "Hello" to him and he repeated it. A number of other tests were made and all were successful.

Observatory on Farallone Island.

San Francisco, March 27.—Observer Stanley Boykin will leave today for his new station on the Farallone islands, 27 miles west of the Golden Gate. The new observatory will facilitate the weather forecast in this city and will also be provided with a powerful telescope by which passing vessels can be seen 30 miles off the station. The station has been named Mt. Ticonderoga and is located on the only accessible peak of the rocky islands. San Francisco has now the largest weather bureau in the United States, except that at Washington, D. C., with three well equipped sub-offices as feeders—at Point Reyes, Mount Tamalpais and the Farallones.

The West Virginia to be Launched.

New York, March 27.—C. B. Orcutt, president of the Newport News Ship Building & Dry Dock company, has announced that the date for the launching of the United States armored cruiser West Virginia at the company's yards, Newport News, Va., has been officially set by the navy department for April 15. Miss Katherine V. White, daughter of Gov. Albert B. White, of West Virginia, will name the vessel.

Hit with Burning Lamp. Butte, Mont., March 26.—John MacGinnis, vice president and assistant general manager of the Montana Ore Purchasing company, took desperate chances this morning in his mother's room. Mrs. MacGinnis came into the room in the Butte hotel and noticed that an oil lamp she kept burning was blazing all over. She called to her son, regardless of the consequences, seized the lamp and threw it out of the window. It struck John George, a hickman, on the head and burned most of his hair off.

TREASURY BUYING BONDS

Secretary Will Take Not More Than A Hundred Millions.

TERMS OF THE SURRENDER.

To be Taken at a Figure That Will Yield the Investor an Income of Two and a Fourth Per Cent.

Washington, March 26.—The secretary of the treasury today published a circular announcing that on and after April 1, 1903, he will receive, under authority of section 11 of the act of March 14, 1900, to an amount not exceeding \$100,000,000 of the bonds of the 3 per cent loan of 1900-1901 and the 4 per cent funded loan of 1901. They may be surrendered at prices yielding to the investor an income of 2 1/4 per cent per annum, and the new bonds will be issued in exchange at a premium of 2 per cent. Accrued interest on both old and new bonds will be calculated to date of exchange.

There are now outstanding about \$7,000,000 3 per cent bonds and \$23,000,000 of 1901, which are affected by the circular issued today. There are also outstanding about \$40,000,000 of the 2 per cent consols of 1903 issued under the act of March 14, 1900. These 2 per cent bonds were issued in 1900 at par under provisions of the refunding act. If the new bonds were to be issued now at par there would be a profit to the owners of the bonds, taking the present market valuation as a basis, of about 4 per cent on bonds surrendered at about 5 1/2 per cent for the 4s of 1903. The secretary desires to obtain an equitable share of this profit for the government, which is the reason for charging a premium of 2 per cent upon the new bonds to be issued. The circular will contain full particulars for the guidance of those who desire to avail themselves of the provisions of refunding, and will be sent to each recorder of registered bonds of the two loans in question.

The 5 per cent bonds of 1904 will not be received for refunding under this circular, but will be reserved for redemption. They mature Feb. 1, 1909. The secretary stated in explanation of his action that he desired to put out a large amount of 2 per cents, which could be available to increase circulation in case of a stringency.

BROKERS ARE SURPRISED.

New York, March 26.—The offer of Secy. Shaw seemed to come as a surprise to bond brokers, some of whom professed to be unable to understand its scope or purpose. It was generally looked upon as an emergency or relief measure, inasmuch as the offer will release from \$5,000,000 to \$5,000,000, the amount depending entirely upon the proportion of 2s or 4s turned in. One broker thought the proposition was designed to induce banks to increase their circulation. Nobody could trace any connection between the offer and the coming Panama canal payment.

THE FAST TRAINS TO CHICAGO.

New York Central's Express Service Added To. George H. Daniels, General Passenger Agent of the New York Central Road, talking yesterday of the company's fast train service, said that, in addition to the new twenty-hour train, there are now four twenty-four-hour trains to Chicago, and two Empire State express trains daily. The Twentieth Century Limited, twenty-hour train, leaves New York every day at 2:45 p. m. and arrives at Chicago the next morning at 4:30. The Fast Mail, a fine twenty-four-hour train, leaves New York at 8:45 a. m. every day, reaching Chicago the next morning at 7:30 by boat at the Lake Shore and the Michigan Central. The noonday Chicago Limited leaves New York at 1 p. m., reaching Chicago by the Lake Shore the next morning at 11:30. The twenty-four-hour train, ready twenty-three hours and fifty minutes. The Detroit and Chicago Limited leaves New York at 4 p. m., reaching Chicago the next afternoon at 4:30. From the New York Times.

Note.—The New York Central also has 15 trains a day between New York and Buffalo and Niagara Falls; 5 trains a day between New York and St. Louis and Cincinnati; 4 trains a day between New York and Montreal and by its Boston and Albany Division 4 trains a day between New York and Boston via Springfield.

THE ARREST OF WHITAKER WRIGHT IN NEW YORK.

WHITAKER WRIGHT, arrested in New York, was promoter of the London and Globe Finance Corporation, Limited, the failure of which two years ago brought ruin to thousands of persons in Great Britain, who are believed to have lost at least \$100,000,000 directly and indirectly in the crash of other companies which went down in the wreck. Wright is charged with having falsified the company's accounts.
