## ANTI-LOTTERY LAW.

So Constructed As to Exclude Mention Of Winners of Card Games,

The postoffice department is warm on the trail of all rossible violators of the anti-lottery law, and now places under the ban the names of winners in social card games. This is included under the head of raffling, lottery and other gambling devices, and newspapers printing the names of card game winners will be excluded from the mails, A Des Moines press was stopped 20 minutes the other day, that there might be cut from the plates a statement that Mrs. Jones had won a cutglass water pltcher, and a Mrs. Smith had won a chafing dish at a card party.

Claude S. Williams and Mrs. F. Little. In Time of Peace.

In Time of Peace. In the first months of the Russia-Japan war we had a striking example of the necessity for preparation and the early advantage of these who, so to speak "have sningled their roots in dry weather." The virtue of preparation has made history and given to us our greatest men. The individual as well as the nation should be prepared for any emergency. Are you prepared to racessfully combat the first cold you take? A cold can be cured much more quickly when treated as soon as it has been contracted and before it has been estiled in the system Chamberlain's Cough Remedy is famous for its cures of colds and it should be kept at hand ready for instant use. ----CURE FOR CANCER.

Formula That May Benefit Those Afflicted With Dread Disease.

George M. Peck, a Tahitlan mission ary, sends the following to the "News" in the hope that it may benefit those afflicted with cancer: A cure for cancer is a small herb known by the name of Sheep Sorrel. The latin name is Rumex Acetosella. It is known to grow in Iowa and no

doubt in all other prairie states. It is found after harvest in the wheat and corn fields. The herb is about four of five inches high, is quite sour and there

Making the cancer medicine is very easy and simple. Gather the sorrel late in the season when it has its full strength; pound it up and squeeze the juice out through a cloth; put the juice into a plate or any shallow disk in the

into a plate or any shallow dish, in the sun to evaporate. When it reaches the consistency of pomatum, or any other ordinary salve, it is ready for use, and can be kept in any jar or box.

Don't use the roots, just gather the bushes above the ground. To apply it, simply spread a little on the carce like applying any other salve. It fol lows and kills the roots of the cancer. Keep applying for a few days until the burning stops and then the cancer is dead.

Capt. R. B. Doom, a native of Iowa who is now living in Mangaria, Gem-ber islands, says he never knew that a cancer was dangerous until he becam quite old. He thought all people had to

do was to put some cancer cure on and that was all there was to it. H H also says he never knew his father, Dr. Doom, to lose a case of cancer. If the cancer is near the eye or any part of the body the salve is not dan gerous.
