WITH this word is announced the presentation of the new hats for the coming spring and summer. Despite our blanket of snow, millinery style and beauty have been ripening-waiting for the first hint of spring sunshine to burst into full bloom. A broad satisfying display it is. Our expert picked the choicest of Parisian gems, and already in fancy we see the enthusiasm with which you will receive them. Individuality is "style" this season more than ever. "Your" hat-chosen for becomingness is fashion and none other. No narrow mandate binds to high crown or low crown as in days agone. There are hats turned full off the face, hats to be worn over the forehead, picture hats, jaunty, saucy hats, turbans and so on, with flowers, feathers, laces-all the trimmings that have ever appeared on or off in the past requisitioned to make hat loveliness, for 1903. Those from Paris are superb. Those made in our own workrooms are superb. The whole array awaits your coming.
