"My writing any letter in the terms "My writing any letter in the terms I did was inexcusable, and that I ad-mit fully and with the deepeet regret. . . . If in your judgment it would clear me in Mr. Hay's eyes, will you hand him the enclosed note of personal apology? But I beg you will do this or not, as you think wise, as I must not appear to try to escape official cen-sure by personal repantance. There-fore, give or burn this note, as you deem best. Not to justify my writ-ing at all, or in using the language I did, but to explain the affair, I must call attention to the difference of pro-cedure in this consular case as to what I had supposed was precedent. . . . cedure in this consular case as to what I had supposed was precedent. Without the confidence of the depart-ment, the work cannot go on. For your sake, I should wish that my leav-ing the service might be made to ap-pear a voluntary one, in the spring or early summer. Also, I think it would be better to have it known after June. be better to have it known after June. In role of everything, it might make political gossip, which I should wish to postpone until the din of the campaign postbone until the din of the campaign is on. I thank you, my Theodore, loyally and sincerely for your letter. I never doubt your absolutely loyalty in friendship to me and mine. "Faithfully yours, "BELLAMY STORER.'

STORER'S PECULIAR PERFIDY. "There could be no fuller confession of wrongdoing or more absolute throw-ing himself upon the mercy of his sup-perior. It was this letter which I an-swered, saying, as he has himself quoted, that I would treat the incident as closed and would not accept his resignation, and I was sure that John Hay felt as I did. With peculiar per-fidy. Mr. Storer how weeks to turn this act of cordial, and, I think I may add, generous friendship on my part, into an attack upon me by treating my re-fusal to accept his resignation as an indorsement of his position in the mat-ter of the valican, to which there was absolutely no allusion whatever of any kind or sort in his letter of resignation. Berlin, Dec. 7 .- The resolution adopted by the West Prussian Agricultural association at Danzig yesterday, emassociation at Danzig yesterday, em-powering its executive committee to prepare to import Chinese as farm la-boreds on account of the scarcity of such labor, has attracted much atten-tion as characterizing the general scar-city of labor in Germany. The Prussian ministry of agriculture, however, does not regard the matter seriously, and doubts whether the agriculturists in-tend making a determined effort to carry out the resolution. "In response to this, Mr. Storer wrote me a letter tendering his resignation, not, as he asserts, because of anything in connection with his visit to the vat-ican, but solely because of his conduct in the Hurst matter. In this letter, in in the Hurst matter. In this letter, in answer to mine of Dec. 30, he makes absolutely no allusion whatever to what I said in that letter us to his call at the vatican; this letter of mine shows that I had then never heard from him that he called at the vatican, and his absolute silence at the time shows that what he says now on the subject is pure afterthought. He never in any way dissented from the state-ments I made in these three letters of Dec. 19, 27 and 30, and in this letter of Jan, 16, in which he tendered his resignation, his whole concern was over his conduct in the Hurst affair. "I say that I never received such a letter as that which Mr. Storer alleged

HURST'S DISMISSAL.

"The White House, Washington, D. -C., Dec. 30, 1903. "My Dear Bellamy—(Personal)— In my last letter to you I wrote you as to a report I had heard about your writing a letter concerning the dis-missal of Hurst. This came to me from an outside source and I did not from an outside source, and I did not credit it. Since then Secy. Hay has, sent me over a letter (of yours) to Senator Hanna, which the latter put before the description Senator Hanna, which the latter put before the department with a request that, he be given information in or-der to answer you. Secy. Hay feels, of course, exceedingly indignant over your having written in such a manner to any outsider, and feels that there should be some official rebuke. "Of course, this amounts to a bit-ter attack upon the administration, of which you are a part. You make charges of a grave nature against the secretary of state and president under whom you are serving. If these charges were true, that would not, in my opinion, jusify you in writing to the senator in such fashion. As it happens, they are absolutely without foundation. No case was gone into more carefully than this. I have re-ports before me from Ambassador Me. Cormick and from a special and trasi-ed agent of the department has absolute confidence. No other action was possible in view of these reports. "I know, my dear Bellamy, that you have not intended to do suything
