

BUSINESS ON SOUND BASIS

Local Banking Men Feel Good Over Crop Reports of The Country.

NO EXCHANGE CHARGED G.A.R.

Courtesy Extended This Week by Financial Institutions Which Was Appreciated—Business Outlook.

Local bankers say the G. A. R. week has not made business specially active in their line otherwise than as moneys from extra business done by local firms were brought in for deposit, and quite a number of drafts were cashed for visitors. As a general thing, no exchange was charged members of the G. A. R., a courtesy that was appreciated. Local banking men generally are feeling good over the continued reports of good crops from not merely over the west, but over the entire country. Confidence in local money circle is strong, and the general conditions are such as to inspire continued confidence.

IMPORTANT FACTOR.

Henry Clews in his last circular letter says:

"The crop outlook is now the most important factor in the general situation. As anticipated, the government cotton report was unfavorable, and had a marked effect upon the price of that staple. While some improvement is possible in the condition of the plant during the remainder of the season, it is practically a foregone conclusion that the cotton crop will be a short one and that high prices must be expected this season. As for the grain crops, their outlook continues satisfactory. July and August are frequently months of deterioration, and it is quite possible that the government report expected Monday will show a slightly lower percentage of condition than a month ago. It cannot be claimed, however, that there is any great shortage of grain; in fact, the corn crop promises to be the largest on record and prices for all agricultural products are known to be exceptionally profitable. For this reason there is an optimistic feeling throughout the entire grain belt, both merchants and bankers in those sections of the country anticipating with much confidence a good autumn trade. The agricultural outlook as a whole is beyond question encouraging because

of the profitable basis upon which it is at present working."

EXCEPTIONALLY GOOD.

The hardware trade people report that they have good reason to continue in the optimistic vein maintained for the last few weeks, as business is exceptionally good and evidently on a substantial lasting basis, with excellent collections. Orders for fall goods continue to be received, particularly in the line of stove and allied goods. From \$15,000 to \$20,000 worth of stoves are being shipped in carload lots to customers. In fact, stoves are moving out so freely that jobbers are finding themselves short in certain lines, and manufacturers are slow in filling orders.

LUMBER STEADY.

The lumber trade reports no marked features in the week's business, though trade movements in all lines continue steady and strong. Prices are firm with continued tendency to rise as receipts are not arriving regularly on account of uncertainty in movements of cars. Cars are not easy to get, and when secured, there is no telling how soon they may be shunted off onto sidings and left there for a good long time.

WHOLESALE OUTLOOK.

The local wholesale drygoods jobbers report the output of goods as lively in the past week, the Grand Army having drawn so many retail dealers to the city, and while here they used the fitting moments to inspect local drygoods stocks in addition to sight seeing. Just at present the distribution of wholesale stocks is likely to continue heavy. In the general market, jobbers report that duck is in better condition with agents than for the past 18 months. Wide sheetings are firm, with retailers buying sheetings and pillow cases more freely in the past two weeks. Fine cambrics, lawns, fine long cloths and similar fabrics are in better demand than manufacturers can supply. There has been a heavy sale of printed fabrics, with prices somewhat irregular, with a better call for printed flannels, and western buyers are taking fine gingham better than ever before. Poplins are bought as well as ever. Shirtings are moving steadily, much material being wanted for spring waists. Quilts are well sold ahead; so have hosiery and underwear. Sweater goods are strong and scarce. Silk orders are improving with fall trade on the increase, and numerous late summer orders coming.

STORES CROWDED.

Retailers are not merely pleased, but in many cases are emphatically so, on account of the great volume of business brought by the Grand Army. The stores have been crowded daily by both the Grand Army and the general public. People from out in the state, the retail men do not share the doubts of some that more money was expended in the week than was received by the merchants. They call attention to the steady and heavy sales during the week. So not only the hotels, restaurants and railroads, but the local stores have done a rushing business. Parasols, gloves and hosiery were called for constantly; in fact all lines of drygoods were in demand. At 9 a. m., yesterday, the floors of one large Main street house were so crowded that it was difficult to move around, and everybody seemed to be buying. The demand for summer staples is steady and apparently lasting, and dealers appear likely to be rid of summer goods earlier than usual this year.

BUSINESS, REAL ESTATE AND BUILDING

A steady inquiry for Consolidated Wagon & Machine and Utah Sugar preferred stocks during the week has advanced them to the new figures named below. All the brokers report heavy dealings in these securities. With the exception of those two stocks, there were very few transactions, the other dividend payers being so closely held that dealings are few and far between. Following are the latest quotations:

Amalgamated Sugar Co., pfd.	98.50

BUSINESS SHOWS MORE CONFIDENCE

All Branches Affected by New Tariff Law Adjusting Themselves to Schedules

REPORTS MOST ENCOURAGING

Iron and Steel Trade Good—Liberal Orders for Cars—Footwear Market in Waiting Position.

New York, Aug. 13.—R. G. Dun & Co.'s Weekly Review of Trade tomorrow will say:

All branches of business affected by the new tariff law are rapidly adjusting themselves to the amended schedules and the ending of the period of uncertainty as to the rates of duty to be imposed has already had the effect of stimulating trade. Reports from all the important cities in all the leading trades are most encouraging.

In the iron and steel trade each week serves to bring an increased volume of business and labor is in greater request. Conditions in the steel rail division steadily improve, the railroads being with increased freedom. Liberal orders are received for cars.

Reports of large orders for cotton goods for shipment to the Philippines are continued.

The footwear market continues in a waiting position, but the adjustment of the tariff schedules will lead to more activity, as some buyers have not supplied their fall wants. The leather market is somewhat unsettled, on account of the lower prices being made by some tanners on skins, while the accumulation affects the lower grades of side upper leather.

THE CRIME OF IDLENESS.

Idleness means trouble for any one. It is the same with a lazy liver. It causes a host of troubles, such as indigestion, loss of appetite, nausea, and Dr. King's New Life Pills soon banish liver troubles and build up the health. During the month of February, department, 112-114 Main street, Salt Lake City.

ADVERTISING SALT LAKE.

Moving Pictures of G. A. R. Parade To be Shown All Over Country.

The taking, developing and exhibiting of moving pictures of a parade, all within a period of less than three hours, is a feat that few moving picture manufacturing concerns in the world have done.

Yet it was done last Wednesday. A local company of this city had a staff of photographers and cameramen, under Supt. Walter Parkes were ready; every policeman on the line of march had been instructed. As the head of the column swung into Main street the turning of the crank of the camera was started, and from that time on it scarcely let up until the last division had passed.

The pictures obtained are the best advertisement Salt Lake will ever have. The title of the picture, as first flashed on the screen, is "G. A. R. Encampment, Salt Lake City, 1909." Then follow the series of views—15,000 of them, shown during a half hour's time. The scenes show the head of the column; Commander Nevius and staff, soldiers from Fort Douglas, Utah National Guard, the Veterans' War Music association, the visitors and local people, including the governor and Mayor Bransford in carriages, the different organizations, the different decorations in the business houses, the grandstands, the living flag, the dissembling of the flag, the hurrying of the ambulances, funny scenes and incidents, the thousands of people in the stands and lining the streets, in fact every interesting event of the day is pictured.

Though but a few weeks old, the local company has already made a name for itself as manufacturer of moving pictures.

tures. Orders are being received every day, and it might be said that it was the only moving picture company in the world that took pictures of the great parade. This is a tribute extended by all the larger moving picture concerns, who were content to leave the taking of the pictures to the local company, knowing they could be had from it.

SMALLPOX IN PAYSON.

Dr. T. B. Beatty of the state board of health has received a communication from Payson, Utah, stating that the entire town has been exposed to smallpox. Many cases, it is stated, had existed for days before they have been discovered. The quarantine regulations have been broken and this has also accounted for the wide spread of the disease.

In another communication received from Dr. J. L. Woodruff of Cedar City, Utah, he stated that the epidemic of typhoid fever in that city was now under control. The nuisances which caused the disease have been removed.

For over nine years I suffered with chronic constipation and during that time I had to take an injection of warm water once every 24 hours before I could have an action on my bowels. Happily I tried Cascara and today I am free from all my troubles. Nine years before I used Cascara I suffered untold misery with internal piles. Thanks to you, I am free from all that suffering humanity. R. F. Fisher, Roanoke, Ill.

Pleasant, Palatable, Potent, Taste Good, Do Good, Never Sicken, Weaken or Grip. 10c, 25c, 50c. Never sold in bulk. The genuine Cascara is guaranteed to cure or your money back.
