SEVEN INSTEAD OF TWENTY-THREE MEN STARTING OUT TO GUARD TAXPAYERS' INTERESTS AND PROPERTY.

When the afternoon police shift went on duty yesterday only seven guardians of the peace and safety of the liver and property of the residents of Salt Lake City, out of 24 patrolmen, answered to their names.

In the Fifty-third district the same conditions prevail. Five persons appear on the official register from No. 177 south State street. This building was torn down four months ago and there now stands on its site the hotel being constructed by Gus Holmes and Frank Knox.

Biggest list yet. When Mr. Nolle Edwards, the registry agent in the Fifty-third district was asked about the registration he said:

Police tactics. Two-thirds of the afternoon police shift and several members of the department who are working on the night shift were on duty about the registry offices yesterday in plain clothes.

Actor aroused. One man went through the Orpheum roominghouse early yesterday morning on the first round after the registry office opened.

Brazen work. Yesterday was the last registration day and the "American" ward "heeler" and the police assisted by canvassers did their best to register every man and woman who could be intimidated by threats to take a false oath and swell the list of voters from these two districts.

Typical cases. Policemen Fred Clough escorted Earl Clark, a prisoner serving 60 days for vagrancy, and R. A. Flore, a Mexican, to the registry office in the afternoon.

Russia contributes. Dora Post, a Russian girl, who cannot speak English and has only been in this country a short time registered.

Citizens-democratic rallies tonight. Fifth ward amusement hall. Second municipal precinct at 8 o'clock tonight.

Registered after hours. About 8:35 o'clock last night the police rushed eight or 10 men and women to the registry office in the Fifty-fourth district.

JAPAN'S POLICY TOWARDS KOREA

Foreign Office Says it Will Remain Same as Before Assassination of Prince Ito.

STOPS CRY FOR ANNEXATION.

Sensational Newspapers Had Demanded It—It's Known Wishes Will be Followed.

Tokio, Oct. 27.—Japan's policy towards Korea will remain unchanged because of the assassination of Prince Ito, who as a resident general of Korea, worked out the plan for that kingdom's reformation.

There is no reason to believe that the death of Prince Ito will have the slightest effect upon Japanese policy at home or abroad.

An imperial ordinance directs that a state funeral, which with three exceptions, has never been given for other than a prince of the blood, be held on Nov. 4.

NEWS IN CHINA. Peking, Oct. 27.—The assassination of Prince Ito became known in Peking at the hour the government received the report of the speech which the prince recently made at Dairen.

He said the Russian and Japanese interests in Manchuria were identical, and moreover, Manchuria would develop in keeping with the growth of Russia and Japanese interests.

TOM IS CONGRATULATED. Jerry Darmer, chairman of the campaign committee, was particularly jubilant on account of the heavy registration in the Fifty-fourth and Fifty-fifth districts.

MULVEY'S QUOTA. Martin E. Mulvey, the saloonkeeper and gambler, who is a candidate for the council from the Fifth precinct, held a silent hand in the registration deal.

LANDSLIDE PREDICTED. Chairman Ben T. Lloyd, of the Citizens-Democratic party, is optimistic about the situation. He looks for a landslide in a majority of the districts.

REPUBLICAN CLAIMS. The Republicans claim a big lead over the "Americans" in the registration. Chairman Leobow says that of the 7,000 registrations received, 4,000 will vote the Republican ticket.

Political Workers Narrowly Escape Death in Sensational Smashup on First South.
