Free—Skirts to Order—Free.

Some ten days ago we announced the opening of a department wherein we would make dress skirts to order free, from material bought in our store. We have not made mention of this in our ads since for the reason that our first announcement met with such hearty response that it gave us more than we could handle, with the equipment we had, consequently we were obliged to enlarge and rearrange our plant, this we have done and are now prepared to promptly execute orders as fast as they may come. Those of our patrons who have already received their skirts are so well pleased with the work and manner of Prof. Tower that they have no hesitancy in giving him praise. Remember that no addition is made to the price of materials, and your skirt is made absolutely FREE.
