### FORTY-SIXTH CONGRESS.

### CONGRESSIONAL.

#### SENATE.

WASHINGTON, 6.—Among the bills introduced were the following:

By Davis, of Illinois, to establish a court of appeals.

By Cockrill, to repeal section 4,724 Revised Statutes and to provide that no person on the retired list of the army, navy, or marine corps shall draw a pension; also to admit free of duty all articles intended for exhibition at Miller's international Exhibition at Cincinnati, in June, 1880.

By Slater appropriating $500,000 for continuing the work of constructing locks at the Cascades, Oregon.

Conkling presented a petition from large numbers of citizens of New York State, formerly soldiers, remonstrating against the passage of the Senate bill, 496, providing for medical and surgical examination and taking of testimony in pension cases; also a memorial of owners and agents of steam and sail vessels on the northern lakes protesting against the erection of a swing bridge over the Detroit River.

Pendleton introduced a bill to transfer certain claims from the Executive Department to the Court of Claims for adjudication.

Logan presented a large number of petitions of soldiers, for equalization of bounties.

On motion of Morgan, as a mark of respect to the late Senator Houston, the Senate adjourned until to-morrow.

#### HOUSE.

WASHINGTON, 6.—Scales, chairman of the committee on Indian affairs, reported a resolution directing that the committee investigate and report upon the origin of the recent outbreak of the Ute Indians and authorizing it to send for persons and papers. The resolution was adopted.

Scales also reported a resolution calling on the Secretary of the Interior for copies of all correspondence since January 1st, 1879, by N. C. Meeker with the Secretary of the Interior or the Commissioner of Indian Affairs, and copies of all correspondence by Governor Pitkin, Generals Eatch and Adams and Special Agent Pollock with the Interior Department concerning the Ute Indians; adopted.

Reagan, chairman of the committee on commerce, reported a resolution calling on the Secretary of the Treasury for a statement of all the moneys paid into the Treasury under the act of June 7th, 1872, by the respective United States shipping commissioners; adopted.

He also reported back two bills previously referred to that committee in regard to the Panama Ship Canal Company, and they were referred to a select committee on that subject.

Blackburn submitted the report of the committee on rules, and it was referred to the committee of the whole.

The House then went into committee of the whole, Carlisle in the chair, on the report of the committee on rules. At the suggestion of Keefer, Blackburn agreed that the right should be reserved to the absent members of the committee on rules (Garfield and Frye) to offer amendments on their return to such portions of the report as may have been passed over before their return.

Cox thought it rather peculiar that the gentleman up in Maine looking after that State and the gentleman in Ohio looking after that State, should be the only persons privileged to offer amendments at certain times. He thought it would be better to suspend consideration of the rules until to-morrow, so as to give the members an opportunity to read the report.

Blackburn made no objection, and the committee accordingly rose.

Hawk introduced a bill directing the issue of patents for land on which bound land warrants have been located; referred.

Forney announced the death of Senator Houston, and the House, as a mark of respect, adjourned.

### EASTERN.

#### A Prize Fighter Counted In.

NEW YORK, 6.—An exciting scene occurred in the Brooklyn Board of Aldermen yesterday. The board for New Year's met for the first time, Alderman Dwyer, brother of the champion prize fighter in the chair. The nomination of John Dwyer, the prize fighter himself, as clerk of the Third District Court, was received. There was a large throng of Dwyer's friends in the room expecting the nomination and apparently determined to cheer it through. Alderman Demar, representing the First ward, and which includes Brooklyn Heights, at once spread out before him a sporting paper containing a picture of Dwyer, printed soon after his prize fight in May last, on Long Point Island, Canada, with James Elliott "to attract the attention of this board," added Demar earnestly, "I will say that this nomination is perfectly infamous." Instantly there was much confusion. Chairman Dwyer ruled him out of order and proceeded to call the roll. When Demar's name was reached he again tried to speak, but was ruled out of order. Then he appealed from Chairman Dwyer's decision, and the decision was sustained, 15 to 8. All the members who wished to explain their votes on call for the previous question were ruled out of order. The main question was ordered without debate. When it came to Demar's turn to vote, he again declared that the proposal to nominate a prize fighter for clerk of a court of justice was most infamous. "The fact is," said he, "that this nominee should not be within the bar of the court of justice, but if the law were enforced he would be behind other bars, where he would be serving the State without any cost except as to his board. The nomination, I say once more, is simply infamous, and the gentlemen who favor its confirmation know it." After much more of the same sort, Dwyer was confirmed, 15 to 8.

#### Banquet to Lesseps.

The *Herald's* Aspinwall special says: A banquet was given on Monday night at Panama, in honor of M. de Lesseps and his wife. Speeches were made by Commissioner Nero in the name of the government of the United States of Columbia, by M. de Lesseps, by Commandant N. B. Wyase, by the French Consul Resident at Panama, and by the Consular and other representatives of various foreign nations. Great enthusiasm and confidence prevailed. M. de Lesseps' engineer corps start for the final survey of the canal route.

#### Heavy Forgeries.

The forged acceptances of Lloyd Haigh amount to about $100,000. It is now said that this is not the first time that Haigh has forged papers. He did so, it is alleged, once before, when he made good the amount and no proceedings were taken against him. One of his heaviest creditors is the firm of Anderson & Co., manufacturers of iron and steel, at Pittsburg. He was bailed in $25,000.

#### Proceedings in Maine.

AUGUSTA, 6.—Petitions to admit 12 counted out members from Rockland, Bath, Saco, Portland and Lewiston were presented to the Governor and Council, this forenoon, and a hearing appointed for this afternoon. The attempt to influence Mr. Zoter, of Farington, counted in, to abandon his position of refusing a certificate, failed. He declines to participate in the proceeding of the legislature. S. Sprout, of Vessie, was labored with on Monday, but still adheres to his determination to keep away from the legislature. Three other fusion members are known positively to refuse certificates, and one or two are detained home by sickness. The remainder are here participating in various caucuses, but it is not known whether all will take part in the organization. Hobson, counted in senator from Lincoln, says he intends to do what is right and follow the greenback party. He should take his seat and immediately move for a committee to investigate the election in Lincoln county.

Extra men were placed in the State House this morning about 1 o'clock. It is stated 100 more armed men will be placed there to-night.

Gen. Chamberlain announces the partial organization of the State militia. Headquarters of the First District are established in Augusta.

#### Railroad Disaster.

ELIZABETH, N. J., 6.—A locomotive and four freight cars of a train on the Long Branch Railroad fell through a 50 feet draw at Woodbridge, this morning. The wreck took fire and six cars of the train train burned. The engineer was slightly hurt. The draw of the bridge had been left open.

Fourteen cars were burned, together with the draw-bridge. Loss $40,000. The accident was occasioned by the bridge man mistaking the time of the train and incorrect signal lights.

#### Indians Going East.

DENVER, 6.—Ouray and the other Indians en route to Washington, arrived at Alamosa to-day, and to-morrow will take the train for the East. They are accompanied by W. H. Berry and an escort of soldiers, the latter go as far as Kansas to insure the safety of the Indians. Gen. Hatch to-night received instructions to send the chiefs Ignalro and Safernaro to Washington also, and has taken measures to carry out these instructions. Ouray's wife is also one of the party.

#### Terrible Collision.

GALESBURG, Ills., 6.—A terrible collision occurred at Gales' Hollow to-night on the Burlington branch of the Chicago, Burlington & Quincy railroad. One stock train ran into another going in the same direction and causing a general wreck. Two stock men are known to be killed and others are possibly in the ruins. The responsibility of the affair cannot now be located.

#### Telegraphic Complications.

PHILADELPHIA, 6.—It is stated on the authority of Colonel Thomas A. Scott that the question of awarding the right of way over the telegraph wires of the Pennsylvania Railroad Company has not been definitely settled. Colonel Scott says negotiations between the telegraph companies and the Pennsylvania Railroad Company for the right of way are in progress and will probably be settled on Saturday.

#### New Senator Appointed.

MONTGOMERY, 6.—Governor Cobb fills the vacancy in the United States Senate, caused by the death of Senator Houston, by appointing Luke Pryor, of Athens. He has never been an office holder, always declining, but is a lawyer of ability and the law partner of Senator Houston. The election by the legislature is in November next.

#### Hot Springs Report.

WASHINGTON, 6. — Secretary Schurz sent to the Senate to-day a copy of the final report of the Hot Springs commissioners, together with a schedule showing the names of parties in whose favor awards were made, and the list of persons to whom certificates were issued, for property condemned, amounting in the aggregate to $74,696.

### WESTERN.

#### Horrible Death.

SAN FRANCISCO, 6. — About 8 o'clock this morning a fire broke out in a two story frame dwelling on Union, between Powell and Mason streets, occupied by Daniel Hoskins, wife and five children. Hoskins and the eldest son had gone to their work, and Mrs. Hoskins, after breakfast, went to her room on the second floor front and lay down on the bed with Eddie, aged four; her daughter Annie, aged nineteen and a baby sister, were still sleeping in the back chamber. Thomas, a second son, who was in the lower part of the house heard his mother cry, help, fire! Running up stairs he found the way barred by flames. Alarm was instantly given, but before the engines arrived, the house was almost entirely consumed and the bodies of Mrs. Hoskins, Annie, Eddie and the infant were found in the ruins. The origin of the fire is unknown.

### FOREIGN.

#### CENTRAL AMERICA.

News from the South American Belligerents.

PANAMA, 28.—The steamer *Payta*, just arrived from the south coast, brings as passengers, General Marania Agracio Prado, President of Peru, who accompanied by several Peruvian naval officers, goes to Europe via New York. General Prado embarked on the steamer at Callao in a clandestine manner, and under an assumed name. There was no special excitement in Lima, no disorders or revolts in progress or in immediate contemplation that could justify his secret departure. His explanation of the affair is that his mission was decided upon at the last moment, and on account of the excitable character of the Lima populace, the Cabinet judged it better for him to depart in quiet. He says the object of his visit to Europe is to hasten the purchase of a new ironlad, or several, if he can obtain them, which is doubtful for several reasons. Peru's empty exchequer is not in a condition to pay for a powerful vessel which would be a match for the three Chilian ironclads, and there is also standing in the way a universal disinclination of the European powers to supply a belligerent with war vessels. It is more than probable that Prado has secretly left a country which would soon be dangerous to him, and that his flight is a practical admission of the hopelessness of the Peruvian cause.

There have been no fresh encounters since the arrival of the mail. Buendia's army, closely pursued by Chilian cavalry, was within forty miles of Arica and has no doubt arrived at that place. Peru then will have under arms at that place about 11,000 men, with which force the new commander-in-chief proposes to reconquer Tarapaca. The Chilians hold it in force. They have over 11,000 men in the district and operations against them will be excessively difficult and doubtful in their result. Tarapaca may, under present circumstances, be considered as practically lost to Peru. The blockade is being extended and the port of Ilo is guarded by a Chilian vessel. The *Blanco Encalada* and the *Loa* are cruising north of Callao, and the other day chased a Peruvian transport, the *Limena*, which had 1,000 soldiers on board, destined to join the reserve force in Lima. The Chilian armed transport *Amazonas*, is also cruising between Panama and Callao and these three vessels may be expected to arrive at this port at an early date. The *Amazonas*, when last seen, was at Ballevia, on the coast of Beudora, looking out for the torpedo launch which put into a Peruvian port out of coal. The launch was on its way to Callao in charge of two Peruvian officers, and it is quite probable that Capt. Thomson on the *Amazonas*, will sink or capture her wherever found. The launch has already cost the Peruvian government and her chances of arrival ot Callao, or of her employment during the remainder of the war are not very bright.

#### His Grounds for Divorce.

Yesterday Solomon Glass a colored man, whose experience in agricultural pursuits has enlightened his neighborhood, came to town with a view of getting a divorce from his wife. When asked upon what grounds, he replied:

"Sufficient is de grounds on dis occasion. When I rented ten acres and worked one mule I married a 'oman sulitable for de occasion. Now I rent sixty acres ob lan' and work five mules. My fust wife is a mighty good ten-acre wife, but she don't suit de occasion ob sixty acres. I needs a 'oman that can spread more."

When told by a lawyer that the grounds were not sufficient, he remarked:

"I kin produce de histry to show whar I'm correck. I's a learned man an' can read clar aroun' de majority ob colored gentlemen an' a great many white fellers. De reasons belongs ter de French history, an' though I doesn't speak French, I talks about it. You know Napoleon fust married Josephine de Beauharis."

"Yes," said the lawyer, "but you may become a trifle too historically opulent if you proceed much further."

"Dat's all right. An' you know dat when he got to be de head ob de gobernment an' had charge ob all de commisseries, he wanted a wife what would spread more, and he get a dispensation from Josephine and hitched onto Mary Louisa, case she could spread more. Dar's de history, and dar's de precedent, an' of a man can't git a dispensation on dese groun's, whar' yer court houses and where's yer law?" —*Little Rock Gazette.*

From the Factory to the Wearer.

Shirts of Superior Muslin, Extra Fine Linen Shield Bosom, French Yoke, and completely finished for

$7.50 A DOZEN!

Having completed arrangements with one of the largest Cotton Factories in the United States for an unlimited supply of Shirting Muslin, at extremely low prices, and having largely increased our facilities for the manufacture of men's and boys' Shirts, in all styles, we have decided to make an important departure from the course usually adopted by clothiers and furnishers, and to place our selves directly in the consumer, thus avoiding the enormous profits required by middlemen and the retail trade, and enabling us to make the following unprecedented offer:

Shirts Made, Extra Linen Finished French Yoke Shirts, as above, - - - $7.50 per doz.
" " " " " " " - - - 8.00 " "
" " " " " " " - - - 9.00 " "
" " " " " " " - - - 10.00 " "

An elegant set rolled gold plated Sleeve and Collar Buttons presented to each purchaser of shirts.

We warrant these Shirts to be first-class in every respect, to be substantially and neatly finished, and to fit as well as those you are now paying $1.00 each for. Durability and style to any Shirt in the market costing two or three times as much. Send size of collar worn, circumference of chest and length of arm from middle of back to end of cuff, and state if you wish open in the back or front, we recommend open back shirts, as you have a more perfect fit. The following goods are first-class in every respect, much lower than the same quality can be bought for elsewhere, and will be sent post-paid on receipt of price.

Linen Cuffs, 25 cts. per pair, $2.50 per doz. Linen Collars, standing or turn down, 12 cts. each, $1.40 per doz. Celluloid Cuffs 65 cts. per pair.
