

LOCAL AND OTHER MATTERS.

CORRESPONDENTS writing for publication are requested to write on one side of the paper only. No notice can be taken of communications in every instance accompanied by their names, but a guarantee of reliability.

THEATRICALLY.—To-morrow evening "Under the Gaslight" will be presented for the last time, after which it will be withdrawn with its varied attractions. This piece is a remarkably popular one, and has taken quite a hold upon the audience. We have been pleased to see "Under the Gaslight" have so successful a run, for it cost considerable to mount and put it on the boards in the very excellent manner in which it has been done. And it will be a stimulus to increased exertion on the part of the Management, that the energy and enterprise thus displayed are appreciated by the public.

EARLY POTATOES.—Brother Mark Lindsay brought us a very fine sample of early potatoes this morning, known by the name of the "Ash-leaf Kidney." They are a very superior article, and are imported by him at considerable expense about three years ago. They are early and prolific. It is every way advantageous to raise such a quality of potato.

We have for sale a number of copies of the DESERET EVENING NEWS of Thursday, the 23d instant.

HORN MADE.—Who says light hats cannot be made in Utah? We saw one to-day, in the newest style, jet black beaver, weighing less than four ounces, and manufactured by A. Merrill, 17th Ward.

PROSPERING.—From President Benson, of Cache Valley, and President Snow, of Box Elder county, we learn that all things are prospering in their respective counties. These brethren, with a number of leading men from the two counties, came to the city to attend the obsequies of President Kimball.

THE MATINEE.—This afternoon, was a success. The little ones enjoyed the play and the playing immensely, and the court scene, the pier scene and the railroad scene gave them unbounded delight. The pugilistic encounter between Hercules and Peanuts was a "big thing" with them; and so were the illuminated ferry boats and the train of cars.

IMMIGRANTS' NAMES.—We publish to-day the list of names of the passengers by the *John Bright*, that sailed from Liverpool on the 4th inst., for which we are indebted to President Young.

We received a letter this morning from Elder C. C. A. Christiansen, containing the names of the immigrants from Norway, for which he will please receive our thanks; but, as they are contained in the list of the *John Bright* passengers, the necessity for publishing them was superfluous. The number from Norway, according to Bro. Christiansen's letter, is 11 adults and 13 children.

CELEBRATION OF THE FOURTH.—We have been favored with the following minutes of a preliminary meeting, to take steps for the proper observance of the anniversary of the national birth day, and we hope to be able to publish to-morrow the programme of proceedings arranged by the committee appointed for that purpose.

CELEBRATION OF THE FOURTH OF JULY.

MEETING OF CITIZENS AT THE CITY HALL.

A number of citizens assembled at the City Hall on Friday, the 19th inst., to take preliminary measures for the celebration of the Fourth of July. The following named gentlemen were appointed a committee and Marshal of the day, such committee to make all necessary arrangements and furnish a programme setting forth the order of proceedings.

On motion of Dr. Jeter Clifton, a committee of seven was appointed to carry into effect the suggestions of the committee.

The following named gentlemen were nominated and elected:

General Robert T. Burton, Isaac Groo, Esq., Colonel A. W. Richards, Warren Hussey, Esq., General A. L. Chastain, Colonel H. S. Beattie and H. W. Nalaboth, Esq.

On motion, John D. T. McAllister, Esq., was appointed Marshal.

On motion, the meeting adjourned, sine die.

ROBERT CAMPBELL, Secretary.

FROM THE SOUTH.—A letter from Bro. Ellis M. Sanders, dated St. George, 14th inst., says, "I have been cutting wheat nearly all the past week in Heberville. The wheat there is better than I ever saw it, although it has not been irrigated and has had no water except that which has fallen from the heavens, for we have had no rain, neither do I think there ever will be, the half of Heberville being washed away and continuing to wash away, as the river is very high. The Santa Clara is also very high and hardly safe to cross. The water has been in the Clara ditch for some time, yet I believe the wheat is as good in Heberville as in the Clara field. There is more wheat in this section of country than we ever had before. On the morning of the first and second of June the frost was heavy enough to kill the corn and sun-flowers in the Clara field, and although it has been warm for the past week in the day time, the weather has been so cold that the wheat has been very high to-day, and to-night is cold enough for frost if the wind should fall."

LATIMER & TAYLOR published a card in yesterday's News, stating that in the fire which destroyed their property at Heberville, the books of the firm were burned, and asking upon those whom they had accounts against to meet that indebtedness, or at least to send a statement and acknowledgment of it to them. We hope there is no one in the Territory who will hesitate a moment to do so, and that every one who can, will promptly pay them what is due them. We understand a very general feeling has been manifested to assist them to replace their machinery, either by donation or loan. This is highly laudable, and we would like to see some steps taken in the matter immediately, and not let it pass in merely an expression of feeling concerning their loss. We have received a communication on the matter which we will have to withhold until to-morrow.

CACHE CO.—We had a call yesterday from Bishop Wm. Maughan and Elders Gunnell and Parkinson, from Wellsville, and Bishop Budge from Providence. They reported general good health and excellent feelings prevailing in these sections, and in the presence of an abundant harvest throughout the county. Wellsville, which suffered so much last year from the locusts, has the prospect this year of the heaviest crop they have ever gathered there.

OUTWARD TRAINS.—The following telegram was received on Wednesday, by Pres. B. Young to whom we are indebted for it:

FATAL MIXING ACCIDENT.—The territorial papers of the 17th inst. contain a report of an accident which occurred the evening previous, by which a man named Robert Powers, a native of Ireland, aged about 30 years, and it is said, married, lost his life. He was on a horse-drawn wagon, and was struck by a street car.

plaining of sickness before, and was ascending the shaft upon the cage in company with six other men, when, having reached the top of the shaft, he fell. Those with him caught at his coat, but it was loosely thrown over his shoulders, and gave way. He fell 700 feet. His body was fished out of the "sump" horribly mangled and torn.

Funeral.—The funeral of the late Elder Peart will take place to-morrow morning, at 10 o'clock, from Bro. Peart's residence in the 14th Ward.

GONE EAST.—H. W. Lawrence, Esq., and lady, and J. R. Kimball, Esq., and lady, left by stage last night for the east. We wish them a pleasant trip and a safe return.

ARRIVALS AND DEPARTURES BY STAGE.

From the West.—Eli B. Kelley.
From the North.—W. H. C. Nash and wife, W. P. Fry, Garcel.
To the East.—A. Tolpin Moore, Miss Mary L. Hathaway, Major P. A. Gallagher and wife, Mrs. W. H. Bright.

Died:

At Weston, Cache county, on the 13th inst., Jonathan Hoops, aged 79 years and 9 months. Deceased was born in Chester county, Penn., September 17th, 1788; was baptized in Kirtland, Ohio; and continued with the church through all his varied scenes. He died as he had lived, a saint, with his hope and assurance of a glorious resurrection.—*Con.*

This morning, in the 14th ward in this city, Phoebe, wife of Jacob Peart, she was baptized in the fall of 1887, and died the ocean in the Spring of 1901 with those of the Twelve Apostles who returned from Europe at the time of the Nauvoo in the Spring of 1846, and died the same place in 1848 in President Young's company.

LIST OF LETTERS

Remain in the Office at Salt Lake City, Utah Territory, on the 25th day of June, 1896, which were not called for within one month, will be sent to the Dead Letter Office.
