THE QUESTION OF INDEMNITY

Demands of the Powers Practically an Ultimatum. Envoys of the Emperor Urged to Sign.

Washington, Jan. 8.—The negotiations which have been proceeding for some time relative to the removal from Peking of some of the subjects of international negotiations so they could be taken up at Washington or at the capital of one of the other powers, have advanced to a stage where there is promise of a satisfactory understanding among the powers on this score.

It has been the purpose to assemble at Washington a commission which could pass on all questions of indemnity and the subject of an international commission which has been the subject of an international commission...

Minister Conger was heard from today in a cablegram to the state department. COLORADO'S NEW GOVERNOR.

His Inaugural Address Largely Devoted to Questions of State Finances. Denver, Jan. 8.—Hon. James B. Orin was inaugurated as governor of Colorado at noon today with only the faintest of a smile. The oath was administered before Chief Justice Campbell, and the inaugural address, in the presence of the members of both houses of the legislature, was delivered by the issuance of tickets to the only military display at the time of the inauguration. The address was largely devoted to questions of state finances. Suggestions for an inheritance tax, an increase in the tax on mining property, and a declaration of bankruptcy are not uniform. In this case an example is cited in the case of a man who will cite the large

COST OF SICKNESS.

What a large proportion of the time of the well is necessarily devoted to and lost in the care of the sick.

An army of Physicians, Nurses and Watchers, etc. One sick member of the family upsets the whole current of domestic affairs, and social and business interest suffers.

Sleepless nights and anxious days tend to undermine the health of those who are well.

The direct cost of sickness is an item impossible to estimate: even the direct cost—could it be computed—would be something appalling.

Health is maintained by resorting to the use of Warner's Safe Cure just as soon as the liver shows signs of torpidity or the kidneys give suspicion of weakness.

This great Kidney and Liver Specific relies upon the verdict of the world after 21 years trial.

express companies who are doing business within the confines of our State, the Standard Oil trust which lays tribute upon all our people, and many other large corporations which absorb vast sums of money yearly, yet pay no appreciable tax. One reason for this may be that the assessors are unable to value the intangible property upon which a valuation can be placed for assessment purposes.

Capt. Herilly's Trial. New York, Jan. 9.—The trial of Police Capt. Herilly on charges of neglect of duty and unbecoming conduct was resumed by James B. Reynolds of the University settlement as the principal lawyer after Capt. Herilly had taken charge of the Eldridge street station, he had called at the station to see him in a snowblide at the Alpine tunnel, and has been snowbound ever since.

A rotary plow from Como is on the way here, but it is doubtful if it will be able to accomplish anything as the storm which has been raging since Monday morning has increased and the reports from the tunnel are to the effect that the snow is falling hard and being driven with high winds.

The train is a mixed freight and passenger. How many passengers there are on the train is impossible to find out. Only a few are released soon they will suffer from hunger and cold. The storm which commenced Monday evening has developed into a blizzard. All trains on the Colorado, Grand and Rio Grande are arrested in the city late and the Colorado & Southern is attempting to run no trains on account of the many snowblides on its line between here and the tunnel.

EXPLOSION OF A CAR OF POWDER.

Caused by an Engine Running Into a Freight Train.

A CONDUCTOR'S HEROIC ACT

Cut Loose a Car of Dynamite and Signaled "Go Ahead"—Crew Run for Their Lives.

Wilkes Barre, Pa., Jan. 9.—By a collision on the Central railroad of New Jersey near Laurel Run, a car filled with black powder exploded with such force that the report was heard a distance of twenty miles.

The car was attached to a freight train bound south and was the third car from the rear. When near Laurel Run station an empty engine following, crashed into the freight. It plowed its way through the caboose, a car filled with beer and went half way through the powder car. The powder did not explode at once, but hot coals from the fire box of the wrecked engine set fire to it. Then every pound of powder in the car exploded.

The locomotive was bent and twisted into a shapeless mass and five of the cars were crushed into kindling wood. The trucks of the cars were hurled hundreds of feet away and underneath the powder car a great hole was torn in the ground.

The crew of the empty engine, seeing that a collision was unavoidable, jumped after the engineer had reversed the locomotive. The engineer knew that there was a carload of powder on the train ahead and he took the train to get away from the scene of the collision as far as possible. This is the only thing that saved their lives.

Peter Strime, the conductor of the freight train, performed a heroic act just before the powder car exploded he "cut" a car loaded with dynamite which was coupled to the powder car and gave the engineer the signal to go ahead. The dynamite was thus moved to a place of safety before the explosion occurred.

To Contest Mrs. Winters' Will.

New York, Jan. 9.—Seven nieces and one nephew of the late Anna Marie Winters are contesting the will of their aunt, who left \$2,000,000 to her young husband.

Ex-Alderman Dooley's widow was 70 when, in 1888, despite objections of her relations, she married young Mr. Winters, who was but little over 24. When she died at 78, bequeathing nearly everything to Winters, her will was admitted to probate. Now the seven nieces and one nephew, Stephen J. O'Dell, have begun an action before Justice Bishop to have the probate of the will set aside, alleging that the testatrix was not of sound mind, and that the will was procured by fraud.

Mrs. Winters was three times married, her first husband being named Hunt, and her second ex-Alderman Dooley.

The Nerves of Women

To Nervous Women.

"I feel as if I should fly into a thousand pieces!" "I just can't stand it another minute!" "Do you ever make use of these expressions?" "Why, yes," you say. "I'm nervous and unstrung, and I can't help it." "Do you know what makes you so nervous?" "Oh, everything! I don't know and I don't care what it is. I wish I was dead!" STOP and listen. People do not sympathize with you, do they! They think you can help getting wrought up in this way, if you will. They tell you to "keep cool;" not to "lose your head;" to "calm yourself;" to "avoid excitement." They will not understand that you are sick, and that you really "can't help it." You do not know yourself just what the trouble is. You have been to your doctor, but his medicine has had no effect. Every day you get more nervous. You are almost beside yourself with every small responsibility and can see no way out of it.

A Few Letters from Women.

"DEAR MRS. PINKHAM:—I cannot help but feel that it is my duty to do something in regard to recommending your wonderful medicine. I must say it is the greatest medicine on earth, and have advised a great many suffering with female troubles to take it. I tell people I wish I could go on the platform and lecture on it. "My trouble was extreme nervousness caused by painful menstruation. The suffering I endured I cannot describe. I was treated by one of our most prominent physicians here for five months and found myself getting worse instead of better. At the end of the fifth month he told me he had done all he could for me, and that I had better go to the hospital. My sister advised me to try Lydia E. Pinkham's Vegetable Compound as it had cured her of her troubles. I did so and took it faithfully, and am now cured of my trouble and in perfect health. Thank you for your medicine."—MRS. H. S. BALL, 461 Orchard St., New Haven, Conn.

"DEAR MRS. PINKHAM:—I wish to speak a good word for Lydia E. Pinkham's Vegetable Compound. For years I had ovarian trouble and suffered everything from nervousness, severe headaches, and pain in back and abdomen. I had consulted different physicians, but decided to try your medicine, and I soon found it was giving me much relief. I continued its use and now am feeling like a new person, physically and mentally, and am glad to add one more testimonial to the value of your remedy."—MRS. M. H. LEWIS, 2108 Valentine Ave., Trenton, New York, N. Y.

"DEAR MRS. PINKHAM:—Words cannot express my gratitude to you for the good I have derived from the use of Lydia E. Pinkham's Vegetable Compound. What I have suffered since the birth of my babe, no one can know. I had severe pains in lower part of abdomen and such a nervousness in my left side. My womb was so swollen as to almost protrude. I was very weak and nervous, and could hardly care for my babe. "I have taken two bottles of your Vegetable Compound and feel almost like a new woman. I shall always praise your medicine and wish that every woman in the land could know of and use your Vegetable Compound, for I know it will cure all suffering coming to our sex."—MRS. M. M. BOYD, La Due, Mo.

"DEAR MRS. PINKHAM:—I suffered with female weakness for years, and was hardly able to do anything. Lydia E. Pinkham's Vegetable Compound proved a great help to me. I am now able to do a hard day's work. "I keep your medicine in the house all the time and recommend it to every woman I know who suffers with any female troubles."—MRS. LOUISA BETZ, 147 Beech Street, Portstown, Pa.

"DEAR MRS. PINKHAM:—For a long time, I have suffered with chronic inflammation of the womb, pain in abdomen, and bearing down feeling. Was very nervous, and so weak I was hardly able to do anything. Was subject to headaches, also troubled with leucorrhoea. After doctoring for many months with different physicians, and getting no relief, I had given up all hope of being well again when I read of the great good your Compound was doing. I decided immediately to give it a trial. The result was simply wonderful. After taking four bottles of Lydia E. Pinkham's Vegetable Compound, I can say using three packages of your Compound, I can say I feel like a new woman. I deem it my duty to announce the fact to my fellow-sufferers that Lydia E. Pinkham's Vegetable Compound has entirely cured me of all my pains and suffering."—MRS. HENRY DOHR, 206 Findley Street, Cincinnati, Ohio.

Owing to the fact that some skeptical people have from time to time questioned the genuineness of the testimonial letters we are constantly publishing, we have deposited with the National City Bank, of Lynn, Mass., \$5,000, which will be paid to any person who can show that the above testimonial is not genuine, or were published before obtaining the writer's special permission.—LYDIA E. Persons who suffer from indigestion can not expect to live long because they cannot eat the food required to nourish the body and the products of the undigested foods they do not get out of the blood. It is important to cure indigestion as soon as possible, and the best method of doing this is to use the preparation known as Kodol—Lynch's Kidney & Bowel Cure. It digests what you eat and restores all the digestive organs to perfect health. F. C. Schramm.
