

## MOBS SHOUTED, "DOWN WITH DIAZ!"

Started Riots at Guadalajara by  
Breaking Up Mass Meeting in  
Interest of Diaz and Corral.

### ORATORS STONED BY RIOTERS

Police Charged, Repulsed; Troops Or-  
dered Out; Fired; Two Dead,  
Twenty Injured.

Mexico City, July 26.—Two dead, 20  
injured and more than 200 arrested  
from the result of political riots in  
Guadalajara yesterday and last night,  
according to reports received here to-  
night.

The riots started when a mob broke  
up a mass meeting in Delgado theater,  
called in the interest of President Diaz  
and Ramon Corral, vice president, for  
re-election.

The orators were stoned in street cars,  
carriages and automobiles in which  
they rode.

Mobs paraded the streets crying  
"Down with Diaz," "We want Reyes."  
A barricade was erected and many  
shots were exchanged. Eight police-  
men were wounded.

The Diaz orators were escorted to the  
railway station by a cordon of mounted  
police and the Tenth regiment of infan-  
try. Luis Rojas, a prominent Diaz ad-  
herent and a well known lawyer, was  
among the wounded.

The police charged the crowd repeat-  
edly, but were repulsed. State troops  
were called out and a number of volleys  
were fired in the air without effect.

Some members of the mob erected a  
barricade and shots were exchanged be-  
tween them and the soldiers.

Considerable American property was  
destroyed and two Americans wounded.

The Americans have asked the Ameri-  
can consulate for protection. The Hotel  
Garcia, which was wrecked by the mob,  
was leased by an American, and he has  
put in a claim for damages.

W. Hinton, an American who was  
wounded, was a guest at the hotel, and  
just before it was stoned he is said to  
have stepped to a balcony and fired his  
revolver in the air in an attempt to dis-  
perse the crowd. A. Murphy, the other  
American injured, was cut by a police-  
man's saber.

A heavy hailstorm eventually dis-  
persed the mob, which had taken up a  
position in the Plaza de Armas after  
breaking up all the benches and the  
grand stand.

The riot is the most serious that has  
occurred in Mexico in years, and is  
looked upon as significant by those who  
have been closely following the political  
situation. The official press claimed it  
was planned and carried out by the  
Democratic party, known as the  
Reyesista party, from the name of the  
candidate for vice president, Gen.  
Bernardo Reyes.

Many of our citizens are drifting  
towards Bright's disease by neglect-  
ing symptoms of kidney and bladder  
trouble which Foley's Kidney Remedy  
will quickly cure.—F. J. Hill Drug Co.,

## AGONY OF ECZEMA BEYOND WORDS

Whole Body a Mass of Raw, Tor-  
turing Humor—Hair All Fell Out  
and Ears Seemed Ready to Drop  
Off—Clothing Would Stick to  
Bleeding Flesh—Hoped Death  
Would End Fearful Suffering.

## CASE SEEMED HOPELESS BUT CUTICURA CURED HER

"Words cannot describe the terrible  
eczema I suffered with. It broke out  
on my head and kept spreading until I  
covered my whole body. The pain and  
agony I endured seemed more than I  
could bear. Blood and pus oozed from  
the great sore on my scalp, from under  
my finger nails, and nearly all over my  
body. My ears were so crusted and  
swollen I was afraid they would fall  
off. Every time I moved my head I felt  
I could not sit down, for my clothes  
would stick to the raw and bleeding  
flesh, making me cry out from the pain.  
My family doctor did all he could, but  
I got worse and worse. My condition  
was awful. I did not think I could live,  
and wanted death to come and end my  
fearful sufferings.

In this condition my mother-in-law  
begged me to try the Cuticura Rem-  
edy. I said I would, but had no hope  
of recovery. But oh, what blessed re-  
lief I experienced after applying Cuti-  
cura Ointment. It cooled the bleeding  
and itching flesh and brought me the  
first real sleep I had had in weeks. It  
was as grateful to me to a burning  
tongue. I would bathe with warm  
water and Cuticura Soap, then apply  
the Ointment freely. I also took Cuti-  
cura Resolvent for the blood. In a  
short time the sores stopped running,  
the flesh began to heal, and I knew I  
was to get well again. Then the hair  
on my head began to grow, and in a  
short time I was completely cured.  
I cannot praise Cuticura enough.  
I wish I could tell everybody who has  
eczema to use Cuticura. My condition  
was so terrible that when cured I  
cannot fail to cure anybody of this  
awful disease. If any one doubts the  
truth of this letter, tell them to write  
to me. Mrs. Wm. Hunt, 135 Thomas  
St., Newark, N. J., Sept. 28, 1908."

Cuticura Soap, Ointment and Resolvent (liquid)  
are sold throughout the world. Cuti-  
cura is a Chem. Corp., Sole Prop., Boston, Mass.  
60 Mailed Free. Latest Cuticura Sun Book.

## HUGE IRRIGATION TUNNEL FINISHED

Greatest Enterprise of Its Kind  
In This or Any Other  
Country.

### GUNNISON RIVER PROJECT.

On Sept. 25 President Taft Will Press  
The Button Which Will Raise  
The Headgate.

(Special Correspondence.)  
Delta, Colo., July 25.—When the last  
blast of dynamite was fired that broke  
through the wall of rock which separ-  
ated the two ends of the Gunnison tun-  
nel the greatest irrigation enterprise  
ever inaugurated by this or any other  
nation was successfully completed. On  
Sept. 25 President William H. Taft will  
press a button which will raise the  
headgate at the Gunnison river and al-  
low the water to flow through the tun-  
nel. By this act 150,000 acres of land  
that is now almost a desert will be  
made fertile and homes and good in-  
comes for 10,000 families made possible.

The eastern farmer, who depends  
wholly on rainfall, might find it dif-  
ficult to understand what the building  
of this tunnel means to the people of  
the west. The land which is to be ir-  
rigated by the government now looks dry  
and sandy, and the thin growth of  
sagebrush which covers most of it  
seems to have a hard struggle for ex-  
istence. A year from today, when the  
water from the irrigating ditches flows  
over the land, it will blossom like a  
garden.

RANCHERS RESPONSIBLE.  
To a ranchman in Delta county, Colo-  
rado, must be given the credit for con-  
ceiving the idea of building the longest  
irrigation tunnel in the world. He  
knew that the Uncompahgre valley,  
in the southwestern part of Colorado,  
and in which Delta county is located,  
was as fertile as any locality in the  
west if an adequate water supply could  
be secured. Half a century ago he  
had seen the valley of the Gunnison river  
flowing to waste between the walls of  
a canyon which sometimes ran up as  
high as 2,500 feet above the river bed,  
and it seemed impossible that the  
water could ever be taken out for ir-  
rigation.

When this ranchman, Meade Ham-  
mond, became a member of the Colo-  
rado legislature he propounded his  
scheme, which was to build a tunnel  
six miles long under the mountain  
range which separated the river from  
the valley, carry the water of the river  
through the tunnel and thence over the  
valley in irrigating ditches.

The scheme at first looked visionary,  
but \$26,000 spent in preliminary work  
convinced the state of Colorado that  
it was feasible. The United States re-  
clamation service was asked for help  
and it spent four years in investigat-  
ing before it undertook the work of  
building the tunnel, which has taken  
up another four years.

COST FIVE MILLIONS.  
The total cost of the tunnel will be  
over \$5,000,000, but the peculiar feature  
is that Uncle Sam only loans this money  
to the farmers who are to benefit by  
receiving water. Of all the millions  
spent by the government in various  
public improvements, this is probably  
the first time in history that any of the  
money has been paid back. The total  
cost of building the tunnel, which is  
about 10 miles long, is estimated at  
\$5,000,000. The water flows out into  
the ditches it will be used to  
develop electricity to furnish light and  
power for Delta county. And all built  
for the interest of \$5,000,000 for ten  
years, which is the time given the  
farmers to pay back their money.

Moreover, Uncle Sam has shown his  
generosity in another way. About 50,  
000 acres of the land will be distributed  
by the lottery system. The Delta  
Business Men's association is already  
preparing to build a city to care  
for the people who will go to Delta  
to register for this drawing. The tracts  
will be worth from \$2,000 to \$5,000  
without development. It is the great-  
est thing ever done by the government.  
Certainly it is an enterprise of which  
every American can feel proud.

THE PROCLAMATION.  
Madrid, July 26.—The following is the  
official explanation of why martial law  
was proclaimed today at Barcelona:

"The workers and democratic or-  
ganizations in Catalonia province were  
forbidden to hold meetings protesting  
against the war in Morocco, and this  
afternoon at Sabadell, a town ten miles  
northwest of Barcelona, a general  
strike was declared. The workers  
made manifestations in the streets, cut  
the telegraph wires and surrounded the  
station, preventing a train from leav-  
ing for Barcelona. The mounted civil  
guard, after firing their revolvers in  
the air, succeeded in clearing the sta-  
tion and the train left, but it was  
obliged to return, as the track was  
torn up outside the city.

"Simultaneously a general strike be-  
gan at Barcelona. In view of the seri-  
ous character of the movement a state  
of siege was declared and the move-  
ment will be energetically suppressed."

MARTIAL LAW IS  
PROCLAIMED IN BARCELONA

Barcelona, July 26.—A general strike  
was declared here today as a protest  
against the Spanish-Moroccan war.  
The government, by proclaiming a  
state of siege, which is equivalent to  
martial law.

## BATTLE FOR WOMAN SUFFRAGE

Taken Up Among Two Thousand  
Students, Mostly Women, at  
Summer School.

### DEWEY'S VIEWS OF SUBJECT.

Would Greatly Improve Educational  
System of Country If Women  
Were Enfranchised.

New York, July 27.—The fight for wo-  
man's suffrage, backed by the Equal  
Franchise society, of which Mrs. Clara  
H. Mackay is president, has been  
taken up at Columbia university where  
2,000 summer students are now attend-  
ing classes. A majority of those stu-  
dents are woman teachers. In the  
first of a series of lectures, Dr. John  
Dewey, professor of philosophy, spoke  
on "Some Educational Aspects of Equal  
Suffrage."

The educational situation of the  
country would be greatly improved if  
women were enfranchised was one of  
the arguments advanced by Prof.  
Dewey. He deplored the fact that the  
cause of the tendency of public of-  
ficials to keep down the salaries of wo-  
men teachers, the public fails to place  
a true value upon the work of women  
educators.

"There might be some justice in de-  
nying to woman the privilege of fran-  
chise," Prof. Dewey said, "if she were  
not permitted to own real estate or  
was not required to pay taxes on her  
holdings."

He then discussed the injustice of  
the system of taxation which does not  
carry with it the privilege of a voice  
in the management of all public affairs.

OFFICIAL STATEMENT.  
The official statement issued at the  
department of justice says:

"A few months ago the Utah Fuel

company, a subsidiary corporation of  
the Denver & Rio Grande Railroad  
company, pleaded guilty in the district  
court of the United States for the dis-  
trict of Utah to an indictment charg-  
ing it with having conspired to de-  
fraud the United States of 1,440 acres  
of coal lands, and was fined \$8,000. It  
also conspired to the United States  
lands, which are appraised at  
upward of \$50,000, and forfeited the  
original purchase price and paid to  
the United States the sum of \$12,000  
in settlement of claims for coal taken  
from other lands which could not be  
recovered owing to the fact that they  
were mortgaged to secure issues of  
bonds outstanding in the hands of  
bona fide purchasers.

"Subsequent to such settlement, the  
agents of the government became  
satisfied that the Utah Fuel company  
had illegally acquired title to other  
coal lands of the United States in  
Utah, and after examination of their  
report the attorney general directed  
suits in equity to be brought to annul  
titles to such lands. Shortly after the  
commencement of these suits the re-  
presentatives of the company opened  
negotiations for settlement, which re-  
sulted in an adjustment agreed to by  
the attorney general and the secretary  
of the interior, pursuant to which the  
Utah Fuel company pays to the gov-  
ernment \$73,000, reconveys to the  
United States 800 acres of coal land  
now appraised at a value of about

\$40,000, besides forfeiting \$14,400 paid  
to the government at the time patents  
were issued on the land.

"In view of the settlement and upon  
payment and reconveyance as above  
mentioned, the attorney general has  
discontinued the suits. Only the lands  
described in the suits discontinued  
were embraced in the settlement.  
Further investigation is being prose-  
cuted, and in case other coal lands  
shall appear to have been illegally ac-  
quired, suits will at once be instituted  
to assert the government's interests  
therein."

## UTAH FUEL CO. HAS SETTLED

Agrees to Pay Government \$73,-  
000 and Reconveys to United  
States 800 Acres.

### MAY BE MORE PROSECUTIONS

Attorney-General Wickersham Issues  
Statement Giving Reasons for  
Discontinuing Suits.

Washington, July 26.—Promising  
new prosecution if further investi-  
gation now in progress shows that other  
coal lands have been illegally acquir-  
ed, Atty. Gen. Wickersham today gave  
out a statement concerning the dis-  
continuance of the equity suits recent-  
ly instituted against the Utah Fuel  
company to annul title to 800 acres of  
coal lands in Utah valued at \$40,000.

This action is caused by the settle-  
ment between the government and  
representatives of the fuel company  
under which the company agrees to  
pay the government \$73,000, reconveys  
the 800 acres to the United States, be-  
sides forfeiting \$14,000 paid to the  
government when the patents were  
issued on the land. The fuel company  
is a subsidiary corporation of the  
Denver & Rio Grande railroad.

OFFICIAL STATEMENT.  
The official statement issued at the  
department of justice says:

"A few months ago the Utah Fuel

company, a subsidiary corporation of  
the Denver & Rio Grande Railroad  
company, pleaded guilty in the district  
court of the United States for the dis-  
trict of Utah to an indictment charg-  
ing it with having conspired to de-  
fraud the United States of 1,440 acres  
of coal lands, and was fined \$8,000. It  
also conspired to the United States  
lands, which are appraised at  
upward of \$50,000, and forfeited the  
original purchase price and paid to  
the United States the sum of \$12,000  
in settlement of claims for coal taken  
from other lands which could not be  
recovered owing to the fact that they  
were mortgaged to secure issues of  
bonds outstanding in the hands of  
bona fide purchasers.

"Subsequent to such settlement, the  
agents of the government became  
satisfied that the Utah Fuel company  
had illegally acquired title to other  
coal lands of the United States in  
Utah, and after examination of their  
report the attorney general directed  
suits in equity to be brought to annul  
titles to such lands. Shortly after the  
commencement of these suits the re-  
presentatives of the company opened  
negotiations for settlement, which re-  
sulted in an adjustment agreed to by  
the attorney general and the secretary  
of the interior, pursuant to which the  
Utah Fuel company pays to the gov-  
ernment \$73,000, reconveys to the  
United States 800 acres of coal land  
now appraised at a value of about

\$40,000, besides forfeiting \$14
