Depravity and Disaster.

CHICAGO, 16.—F. M. Kerr, the defaulting clerk of the banking firm of Preston, Kean & Co., who was captured in Peru, arrived here this morning from San Francisco, in the custody of detectives.

Every creditor of the late suspended firm of McGeoch, Everingham & Co., who failed for $6,000,000, has signed a fifty per cent. compromise, so it is said, and the $450,000 cash to pay the unsecured creditors is to be sent here on Tuesday. It is expected this firm will be organized and resume business in about a month. Its commission on business before the failure was worth $300,000 yearly.

Glen Falls, N. Y., 16.—At 4 o'clock this afternoon the boiler of the Glen Falls paper mills works, south of Glen Falls, exploded and was thrown from the mill 400 feet. Twelve persons were wounded. Some of the wounded it is thought are fatally injured. Within 15 minutes after the explosion the ruins took fire; flames spread with great rapidity destroying the building.

Pittsburg, 16.—A fire broke out in Bell & Dair's packing establishment at 1 o'clock this afternoon and at 2 o'clock the building, together with Taylor & Bullock's cement ware house, and Rea & Co.'s, pork packers, adjoining were in flames. Loss estimated at $50,000.

Sh ev port, 16.—A fire broke out in the business portion of Monroe, at noon, destroying seven stores and is still uncontrollable. A high wind is prevailing and a great destruction of property is threatened.

Bristol, Conn., 16.—Edward Hyland was arrested on a charge of killing his wife. Every rib of the woman, except three, is broken and the body all discolored or bruised. They occupied a small farm at the outskirts of Forestville.

Denver, Col., 16.—*Republican's* Georgetown special: Charles W. Reyer, sheriff of Grande County, suicided at the Ennis House this morning, shooting himself through the head. He arrived in town last night and during the evening seemed much depressed over the late troubles in Grande County, in which he is thought by many to have been criminally connected.

Newport, 19.—Rumor reached here this morning that the steamer *Lottie E. Merrill*, of Silverton, Rhode Island, was lost off George's Bank, with all on board.

Balto, Md., 16.—A malignant type of measles has broken out in St. Mary's industrial School, occupied by 450 boys. Ten deaths have occurred since Wednesday.

General Items.

OMAHA, Neb., 14.—The Union Pacific is making another raid today on their passenger conductors. Every train so far to-day has a new conductor, and it looks as though there was to be a clean sweep. Nothing can be learned as to the cause or the number to be discharged. This is the second time within a few months that a summary change of conductors has been made.

Cleveland, O., 16.—Three hundred journeymen horseshoers struck today for higher pay. They demand $2 50 and $3 per day, and have been getting from $2 to $2.50. The increase asked will probably be granted.

New York, 15.—The announcement that Dennis Kearney would be present this afternoon at a meeting of the central labor union, drew a larger number than usual of delegates and outsiders to Clarendon Hall. Before the meeting began Kearney harangued the crowd from the outer steps until the proprietor of the hotel ordered him to stop. When his name was announced within the hall, a motion was made to give him the floor. Uproar and confusion began. "What labor organization does he represent?" "Where did he get the money to come here?" were called out. His friends yelled: "Who is the father of the Chinese act?" At length the motion was lost, 38 to 13, and Kearney strode out, denouncing the members of the labor unions as blatherskites and dirty loafers. Some of Kearney's admirers hired another room in the hotel. There Kearney made a speech denouncing the labor union, and announcing himself and all working men as protectionists, advocating higher railroad freight and passenger rates, claiming that this would lead to higher wages for the employees of railway companies, and abusing corporations. He finally announced that he would call an open air meeting for Thursday night, in Union Square.

Denver, 16.—The buildings and machinery of the Silver Cord mine, Lewisville, was burned this morning. Loss $70,000, insurance $25,000. The upsetting of a kerosene lamp was the cause. Governor Grant is the president of the company.

Elaborate preparations are being made for the formal opening of the national mining and industrial exposition, which takes place to-morrow. Senator Warner Miller delivers the address. Exhibits from all departments will be exceptionally fine.

Chicago, 16.—Rev. Henry Ward Beecher preached in the First Presbyterian church to-day, on the subject of "Infidelity."

A meeting of the Chicago branch of the Brotherhood of Telegraphers, to the number of about 400, was held this afternoon, and held proceedings with closed doors.

Concord, N. H., 16.—Mary Ann Chandler, mother of the secretary of the navy, died last night, aged 82 years.

Chicago, 15.—The semi-centennial anniversary of the corporation of Chicago, as a village will occur on August 10. The papers begin to agitate the question of a proper celebration of the event.

Lowell, Mass., 16.—Rev. James McGrath, head pastor of the church of the Immaculate Conception, of this city, who returned recently from Rome, has been appointed and soon will be proclaimed provincial of the Oblate Fathers for the United States.

President Arthur Will Try the Trout in Yellowstone Park.

CHICAGO, 16.—Washington special: Although there are very contradictory reports as to the President's purposes, there is no possible doubt that he will make a visit to the Yellowstone. He is reported as having said to a friend that he had abandoned his Newport trip and his sea fishing for this year and intended to have a good time in Yellowstone. "I have," said the President, "had enough of what is called society in my winter in Washington. I want to get a hundred miles away from the nearest politician, where I can take a rest in my own way and be relieved from the social and political pressure that is so hard to avoid. Then I have never seen the section of country we are going to, nor do I know anything of people who are pioneers of civilization and keep on its utmost wave. I will have an opportunity to practically study the Indian question, which I have wished to do ever since I have been in office. Gen. Sheridan has selected the best guides and scouts he can find to go with us on our trip and we will see parts of the country which have been hitherto almost unknown to the white man. As to the spice of danger there may be, that only adds to the interest of the journey. I shall rough it just as the rest do; live and sleep in the open air, wear out my old hunting suit, and for the first time in my life become a savage. Such a trip will be worth more to me in instruction and health than twenty seasons in Newport or Saratoga would be."

Attorney-General Brewster expects to spend the rest of July and August at Newport, Secretary Frelinghuysen will spend August at Newport, Secretary Lincoln will spend August in the Yeltowstone country with the President. Secretary Folger intends to be at his home in New York. Postmaster-General Gresham will be absent from Washington in August. Secy. Teller has planned to spend August in Colorado. Mr. Chandler's intentions are not known. He may not then be a cabinet officer, but there is every prospect that the entire administration will be absent from Washington during August, and the government will be run by assistant secretaries. The anxiety of the President at being absent for so long a time from telegraphic communication, has been relieved by an arrangement which will furnish a daily line of couriers from wherever the presidential party goes to the nearest telegraph station, so that the President will be in daily communication with the executive office as well as he could be on a fishing excursion.

A Sunday Picnic in Ohio, Beneches, Beer Glasses and Bricks in the Air.

CLEVELAND, O., 15.—A bloody melee occurred about 3 o'clock tonight, near this city, at a picnic resort known as the Williams' House, and situated upon the Beckaville road, four miles from Newburg. Five hundred men and women, mostly Newburg mill hands and their wives, of all nationalities, but principally Irish, Polish and Bohemian, had gone out to spend the afternoon, when a fight arose, from what cause is not known, about 6 o'clock, and speedily assumed large and bloody proportions. Eye-witnesses say that fully 200 of the men and women took part in it, and that knives, chairs, benches, plates, improvised clubs, beer glasses and bricks were the weapons used. The police got word half an hour later, and a squad of men were sent to the scene. The fight was over when they arrived, but the place was a wreck; the fence torn down, window broken, blood everywhere and some fifty persons injured, some lying on the ground in a bad condition. Most of the wounded were able to get home.

FOREIGN.

General Items.

CAIRO, 16.—Cholera appeared in several quarters of this city, and is spreading in the Arab quarters. There have been four cases in the hospital, one fatal.

Wurtzburg, 16.—The name of the German-American, who shot a student dead in a duel, yesterday, is Lenning. His opponent's name is Moschel. The duel was fought at ten paces. Moschel was shot in the abdomen and died shortly afterward. The two men belonged to rival students' societies, and the duel was caused by Lenning's insulting Moschel.

Reduced Wages.

The iron men at Wolverhampton, Staffordshire, agree to resume work at the reduction of wages against which they struck.

SANPETE PEOPLE'S CONVENTION.

SANPETE COUNTY,
July 16, 1883.

Editor Deseret News:

According to notice the delegates of the several precincts of this county met in convention at Manti, July 14, 1883. A temporary organization was effected, Luther Tuttle, chairman, A. I. Lund, secretary. A committee on credentials reported every precinct represented. Permanent organization as above. Nominations at large were then called.

After several gentlemanly passes and some humorous remarks for men of the desired ability, the following were chosen as the nominees of the People's Party in this County:

For Probate Judge, W. Anderson; for County Clerk, John Reid; for County Recorder, John Reid; for County Attorney, W. K. Reid; for County Assessor, A. E. Merriam; for County Selectmen, P. McFarlane and John Carter; Sheriff, Christian Larson; Coroner, John Anderson; Surveyor, J. Hargaard; Superintendent of District Schools, A. T. Lund.

For the Legislature—to the Council, Luther I. Tuttle; to the House, Rees R. Llewelyn.

The Central Committee for this county were re-chosen. I have not separated the parties as to terms, full or unexpired; the recipients of the honors will know. Thus the men of the masses are again to the front. Hardly anything matures at even numbers; not even the Hoar Amendment (the 6 months bill).

I think the ticket chosen eminently proper and will sustain the good name of the county as to its officials for honor and probity in the discharge of their duties.

A well merited vote of thanks was tendered and received with hearty acclaim to the retiring county clerk and recorder, W. T. Reid, for his long and faithful services.

Correspondence.

SALT LAKE CITY,
July 16th, 1883.

"Remember the Sabbath Day to keep it holy."

Editor Deseret News:

I am sure that no citizen of Salt Lake City would rejoice more than your correspondent to see all the churches of this city unite with the Mormon Church in selecting a delegation of leading Christian and moral men to visit the officers of railroads centering in this city, to ascertain if some arrangement cannot be made to put a stop to the running of excursion trains on the Sabbath day. I was about to say something as to the "why and wherefore" of this, but here is a paragraph much more to the point, which I quote from a New York City Journal: "All honor to Col. Bennett Young, President of the Louisville, Altany & Chicago Railroad for his order, that, so far as possible, no work shall be done, or trains be run on that road on Sunday. The only passenger train that will be run on that day is for carrying the mails, and efforts will be made to arrange for its discontinuance. In cases of perishable goods or live stock, freight trains will run necessarily only." The order further says: "You will in future run no excursion trains of any kind, for any purpose, on Sunday. This order applies also to camp meeting trains. If Christian people cannot find other places for worship, this company will not violate the divine and civil law, and deny its employees the essential rest of the Sabbath, to carry them to the camp meeting ground."

Even in Chicago with all its wickedness, I am not aware of excursion trains running on the Lord's day—the Sunday funeral train is, of course, an absolute necessity.

Great and beneficial changes in the running of Sunday trains have been brought about by earnest Christian men of that great city persevering in their efforts to petition leading officers of railroads to unite with them in sustaining the sacredness of the Sabbath; and now officers of railroads are bound to acknowledge that such changes are a blessing to themselves, the employees and the public generally, and best of all have the approval and approbation of Almighty God.

Now, who will be the first to call a consultation meeting of good and earnest men to act in this vital matter.

BAPTIST BROTHER.

A smith by the name of John Mincher, mashed his big toe with a pincher, the aches he endured, St. Jacobs Oil cured, he says that for pains 'tis a clincher.

For You, Madam,
Whose complexion betrays some humiliating imperfection, whose mirror tells you that you are Tanned, Sallow and disfigured in countenance, or have Eruptions, Redness, Roughness or unwholesome tints of complexion, we say use Hagan's Magnolia Balm.
It is a delicate, harmless and delightful article, producing the most natural and entrancing tints, the artificiality of which no observer can detect, and which soon becomes permanent if the Magnolia Balm is judiciously used.

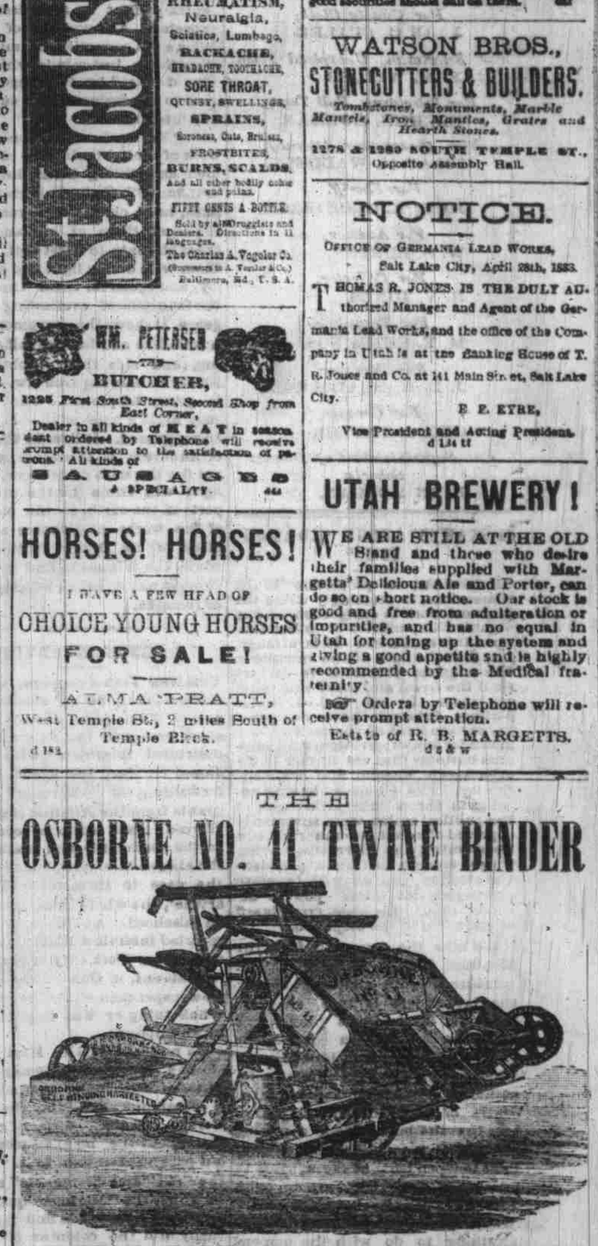
THE
OSBORNE NO. 11 TWINE BINDER



VICTORIOUS
From the Atlantic to the Pacific, and re-echoes again the glad tidings of joy and comfort to the
FARMERS OF THE ROCKY MOUNTAINS!
[Special to the DESERET EVENING NEWS of July 3rd, 1883.]
Trial of a Twine Binder.
Yesterday afternoon there was an exhibition of the Osborne Twine Binder, on the farm of Mr. John Briggs, in Sugar House Ward. The main points of excellence claimed by the company for this machine are, its simplicity, ease of draft an management, perfect binding, power to elevate and the width of cut, the smallest machine having a six foot blade, while the largest one's blades are ten feet long.
The machine did excellent work, binding equally firm and even in long and short grain and not missing a single bundle. Notwithstanding the fact that the grain was green and heavy, the elevator did perfect work, and the grain was bound so tight that it was next to impossible to shake the bundle out. Considering the inexperience of the driver and team the acre of grain was cut in a notably short time and to the satisfaction of all present. A number of local farmers who were present gave Mr. Mellor, the manager, a testimonial to that effect.
JULY, 2nd, 1883.
We, the undersigned, having witnessed the cutting and binding of about one acre of heavy green wheat, on the farm of John Briggs, near Salt Lake City, by an OsBORNE, No. 11, TWINE BINDER, certify that it did the work to our entire satisfaction, and did not miss a bundle.

WEST JORDAN, July 5th, 1883.
Messrs. D. M. Osborne & Co., Salt Lake City:
GENTLEMEN:—The new No. 11 Twine Binder purchased of you this season, was started on my farm to day in ripe rye cutting and binding to my entire satisfaction. The draft is light, it misses no bundles, and is the simplest and most perfect self binder I ever saw. I would recommend all farmers in want of binders to purchase the Osborne No. 11.
