Cough medicines, Ayer's Cherry Pectoral is in greater demand than ever. No preparation for Throat and Lung Troubles is so prompt in its effects, so agreeable to the taste, and so widely known, as this. It is the family medicine in thousands of households.

"I have suffered for years from a bronchial trouble that, whenever I take cold or am exposed to inclement weather, shows itself by a very annoying tickling sensation in the throat and by difficulty in breathing. I have tried a great many remedies, but none does so well as Ayer's Cherry Pectoral which always gives prompt relief in returns of my old complaint."—Ernest A. Hepler, Inspector of Public Roads, Parish Terre Bonne, La.

"I consider Ayer's Cherry Pectoral a most important remedy

For Home Use.

I have tested its curative power, in my family, many times during the past thirty years, and have never known it to fail. It will relieve the most serious affections of the throat and lungs, whether in children or adults."—Mrs. E. G. Edgerly, Council Bluffs, Iowa.

"Twenty years ago I was troubled with a disease of the lungs. Doctors afforded me no relief and considered my case hopeless. I then began to use Ayer's Cherry Pectoral, and, before I had finished one bottle, found relief. I continued to take this medicine until a cure was effected. I believe that Ayer's Cherry Pectoral saved my life."—Samuel Griggs, Waukegan, Ill.

"Six years ago I contracted a severe cold, which settled on my lungs and soon developed all the alarming symptoms of Consumption. I had a cough, night sweats, bleeding of the lungs, pains in chest and sides, and was so prostrated as to be confined to my bed most of the time. After trying various prescriptions, without benefit, my physician finally determined to give me Ayer's Cherry Pectoral. I took it, and the effect was magical. I seemed to rally from the first dose of this medicine, and, after using only three bottles, am as well and sound as ever."—Rodney Johnson, Springfield, Ill.

THE PATENT

Wire Gauze Oven Door

IS THE LATEST IMPROVEMENT ON THE

It Produces Practical Results in Baking and Roasting never before attained in any Cooking Apparatus, and will

Revolutionize the Present Methods of Cooking

ITS THEORY

Is that all Food Baked or Cooked, should be cooked in fresh air freely admitted to the oven. This is done by discarding the close oven door heretofore used, and substituting for it a door containing a sheet of Wire Gauze nearly as large as the door itself.

Through this Gauze Bear the air freely circulates, facilitating the process of cooking, and producing food that is unequaled in flavor and nutrition, and actually cooked with less consumption of fuel than in an oven with a closed door.

It makes an enormous saving in the weight of meat.

It also produces larger Loaves of Bread, requires less attention from the cook, and promotes the health of the family by the SUPERIOR QUALITY OF THE FOOD COOKED IN IT.

OPINION OF AN EXPERT.

MRS. MARY B. WELCH, Teacher Domestic Economy, Iowa State University, says: "My deliberate judgment is that the oven of the Range, as compared with others, is not only more equally heated in every part—front and rear—but as a result of its superior ventilation the food placed therein is better cooked, while retaining a sweeter flavor, and a larger proportion of its best juices. I find, also the consumption of fuel in this Range is much less than any other for same work.

FIFTIETH CONGRESS.

SENATE.

WASHINGTON, Oct. 18.—Teller offered a resolution instructing the committee on Indian affairs to inquire into the truth of the report that the Secretary of the Interior had purchased a large number of wagons for the Indian service manufactured with prison labor in Tennessee. He made some remarks on the subject intimating that the complaint was really made against the late Commissioner of Indian Affairs.

After a lively debate between Teller, Bates and Cockrell the resolution went over on objection by Cockrell.

The Senate then took a recess of half an hour in expectation of some message from the President.

The Senate then resumed consideration of the tariff bill and was addressed by Aldrich, who asserted that the table concerning tariff rates in the House and Senate bills, furnished by the bureau of statistics and produced some days ago by Vest, was full of misstatements and errors and entirely inaccurate and misleading, and that the bureau officials, if they knew anything about the subject, must have known that it was.

The discussion was continued by Senators Frye, Evarts and Teller.

Cockrell replied to Aldrich's criticism of the tables of the bureau, and said that they were perfectly correct, and had been made out under headings prepared by himself, by Kepperstein, a Prussian employe of that bureau, who had been in the department at least, since 1879, and who had no interest directly or indirectly in any misrepresentation.

Allison offered a resolution authorizing the finance committee to continue its investigation into the tariff. The matter laid over till tomorrow. Adjourned.

HOUSE.

WASHINGTON, Oct. 18.—Cox was in the chair at the opening.

Farquhar, of New York, complained of the absence of the Speaker and inveighed against keeping a "skeleton house in session while the political game was going on."

Richards (Tenn.) called for the regular order.

Farquhar made a point of no quorum.

The Chair ruled he could not officially decide no quorum as the House was not counted.

The journal was then read and the chair asked if it should be approved.

Taylor (Ohio) objected and raised the point of no quorum.

The Speaker said on examination he found it was the duty of the Speaker and not of the House to approve the journal. The journal was approved.

The bill granting a right of way to a water company across an Indian reservation in Arizona was called up and the Senate amendments rejected.

A resolution was adopted authorizing the committee on appropriations to sit during the vacation.

The Speaker pro tem. laid before the House the adjournment resolution of the Senate.

McMillan, of Tennessee, briefly reviewed the work of what he termed the present extraordinary session of Congress, devoting himself especially to the consideration of its action on the tariff.

What seemed to be an interminable discussion followed, and was participated in by Bayne, Turner, Breckenridge, of Kentucky, E. B. Taylor and others. The main feature of the debate was on the question whether Mr. Hayemeyer's visit to Washington and his alleged appearance before the ways and means committee had anything to do with increasing the duties on sugar in the Mills bill, the democrats denying the proposition and the republicans affirming it.

The Senate resolution for final adjournment was then concurred in.

Adjourned.

The Locomotive Engineers.

RICHMOND, Oct. 18.—The convention of locomotive engineers was resumed in secret session this morning. The discussion of questions of national and general importance is not expected to take place for several days yet.

Quick Passage.

NEW YORK, Oct. 18.—The Inman line steamer *City of New York* arrived from Liverpool this morning after a passage of six days and twelve hours. This is the best third trial record in shipping annals. It is thought the big steamer will later get over the ocean in a little over five days and carry out the promises of her builders.

A Broadsword Contest.

NEW HAVEN, Oct. 18.—The broadsword contest this afternoon between Bryan Linn of this city, a member of the Connecticut National Guard, and Xavier Orlofsky of the German Black Hussars, developed so much bad blood that the police interfered and stopped the fight after the second attack. When Linn first rode up and saluted Orlofsky the latter retaliated by giving him a bad cut on the wrist. This made the crowd very indignant. The contest proceeded in an excited manner. The Connecticut man had the best of it, and the score stood Linn 8 points, Orlofsky 6 points. When the men came together in the second bout, Linn greatly surprised the Gusman by unhorsing him. At this the latter became enraged, and rushing up to Linn struck him across the sword arm. The crowd then made a break for Orlofsky, and the police had a lively time to keep them off. When order was partially restored the chief of police stopped the fight. The referee decided the score to be, Linn 9 points, Orlofsky 6 points, and decided the fight should be continued at some future time.

Capital Notes.

WASHINGTON, Oct. 18.—The Sioux chiefs have not yet submitted their answer to the President's propositions of yesterday made to them by Secretary Vilas, but it is understood they have decided not to accept them.

Judge Shellabarger today filed in the Supreme Court a petition for a writ of *habeas corpus* in the case of David S. Terry of California, sentenced by Judge Field to imprisonment for contempt of court.

The petition in Judge Terry's behalf takes the ground that his commital was void for the reason that the prisoner was not present in court at the time the sentence was imposed upon him.

In a telegram received by the Treasury Department, the collector of San Francisco announces the arrival at his port of the steamer *Parthia*, with 90 Chinese laborers. The steamer, he says, cleared at Kodiac Island, Alaska, whither they went from San Francisco. The collector asks for a ruling whether the Chinese should be permitted to land.

In reply, Assistant Secretary Maynard says that these Chinamen may be regarded as never having left the United States, and may therefore be permitted to land. He advises, however, that strict proof of this be demanded.

The Secretary of War has appointed a court of inquiry to investigate the charges of defective work in the Washington aqueduct tunnel.

The National Street Railway Association elected officers for the ensuing year as follows: President, George D. Kerber, of Cincinnati; first vice-president, Jesse Metcalf, of Providence, R. I.; second vice-president, H. Hurt, of Washington; third vice-president, W. H. Martin, of San Francisco; secretary, W. J. Richardson, of Brooklyn. Minneapolis was selected as the next place of meeting. The railway supply men were admitted to membership in the organization. The convention adjourned *sine die*.

BRIEF TELEGRAMS.

Quebec, Oct. 18.—At Count Premo Real's inquest today the jury rendered a verdict of suicide during temporary insanity.

There was some excitement on the New York Metal Exchanges yesterday in transactions in lead, the price falling forty points. Before the close the price recovered somewhat.

The circulation of the newspapers *Estafette, Paye, Intransigeant, Petite Telegraphe* and *Voltaire* has been prohibited in Alsace-Lorraine and the circulation of other papers has been restricted.

Nashville, Tenn., Oct. 18.—A special from Decatur, Alabama, says: Three new cases are reported today. H. C. Jones, President of the Board of Relief, was taken down this morning and it is feared he will have a bad time. Two deaths are reported for the 24 hours ending at noon today.

Springfield, Mass., Oct. 18.—Attachments for large sums were placed on the property of the Atlantic Cigar Company of Westfield and on the property of Wm. A. Abbott, president, who has disappeared. It is thought he is in Canada. The company is one of the largest cigar houses in this State.

Rochester, N. Y., Oct. 18.—The business community was astounded this morning by the report that H. S. Briggs, the safe manufacturer, had left the city; that he was charged with forgery and that the sheriff had levied on his property. The extent of the forgeries is unknown but will amount to at least $15,000. Briggs is related to several of the most prominent people in the city.

WOMAN'S TRIUMPH.

A Severe Surgical Operation. It is Endured without taking Ether. Return of the Disease prevented.

From the Correspondence of the Kingston, N. Y. *Freeman.*

The case of Mrs. Edward Meyers, of Roudout, New York, furnishes an apt illustration of woman's power of endurance. This lady had been treated for months in the usual way for Erysipelas of the hand, without benefit. Not until her hand had become a mass of putrid flesh did she turn to Dr. David Kennedy, proprietor of the "Favorite Remedy," which is made at Roudout, N. Y.

He informed her that it was impossible to save the hand—it must be amputated. She received the terrible intelligence quietly, declined to take ether, stipulating merely to hold her husband's hand during the operation, and underwent the painful process without moving a muscle or uttering a groan. Dr. Kennedy then gave "Favorite Remedy" freely to cleanse the blood and prevent a return of the disease, and Mrs. Meyers now lives and rejoices in her great deliverance.

Dr. Kennedy's "Favorite Remedy" is fast becoming a trusted household friend in all cases of Female Weakness and diseases of the blood, Kidney and Liver complaints, and Constipation of the Bowels.

I suffered with catarrh for many years and got so deaf that I went about my Museums, Circus and Theatre giving directions and doing business with a big ear-trumpet at the side of my head. It was very annoying to me and amusing to those who saw me. By the advice of physicians I sought the climate of the Sunny South. In six months I could see no change and was discouraged. At this time I began using Chalmer's English Catarrh Cure. In three months I felt a new man, in six months my hearing returned. I refused to give a testimonial at once for the English Catarrh Cure, as I feared it was not permanent. But a year and more has now passed, and I can now heartily indorse Chalmer's English Catarrh Cure for the cure of catarrh and deafness.

MATTERS OF INTEREST

TO

Gardeners and Farmers.

BUY NORTHERN-GROWN SEEDS. WE ARE THE PRODUCERS OF seed sold by us. They are the best in the world. They are the best for all climates. They are earlier, more hardy, vigorous and productive than those grown in lower altitudes. We keep a large stock of fresh seed and believe that we can give you satisfaction. We unhesitatingly affirm that no better seeds than those we deal in CAN BE PROCURED. Bestowing such assiduous care upon them, we feel justified in saying our seeds are UNSURPASSED in purity and quality. We do not pretend to be the "only house in the west selling NORTHERN-GROWN SEEDS," but we do claim that we have the very best seed to be had anywhere; and that has not been all over the country, for several years, in commission boxes, as we do not send out any commission boxes at all, as so many do. Ask your HOME MERCHANT for our Northern-grown Seeds OUR PRICES are as low as reliable stocks can be sold at and afford a fair remuneration for the expense and labor attending the proper conduct of the seed business. We ask a trial order from all who have not used our seeds. Write for circulars. Address all correspondence to the UTAH NURSERY CO., General Western Agency, Salt Lake City, Utah.
