Three persons were arrested Saturday evening by the police for being drunk and disorderly.

A concert will be given in the 18th Ward Chapel on Friday evening next, in the interests of the Sunday school and Ward poor fund. A splendid programme.

Lost, a lady's gold breast pin yesterday, between the Fifteenth Ward and the Assembly Hall. The finder will confer a great favor by leaving it at this office.

LOCAL NEWS.

The Salt Lake Eagle.—There is now at the Eagle a work of art which should be seen by every young man in the city. It is a clay bust of Mr. John Tullidge, an artist of this city, recently modeled by Mr. John R. Gilmer, now a resident of Salt Lake. It is a splendid piece of work and needs only to be placed to be appreciated. For public convenience it will remain at the Eagle all this week.

Fort Douglas Theatre.—The Holland Comedy Company will to-morrow night formally open the new theatre at Fort Douglas with "Our American Cousin." Mr. Geo. Holland as "Lord Dundreary." It is doubtful if his duplicate in this particular role is among the dramatic lights of the day. While Mr. Holland furnishes most of the material for this play, Miss Murielle, Misses Murry Buckingham, Dichi and others, are performers of no common order, as has been shown at the Theatre during the past week.

Railway Accident.—By an accident which occurred on the D. & R. G. Railway, Friday night, in one of the cañons south, a freight train was badly wrecked, the fireman killed, a brakeman seriously hurt and the engineer severely injured. The train was coming down the cañon, when the engine discovered the track to be covered with ice and applied the brakes, but to no avail; the locomotive tender left the track, and the cars piled up together, the caboose lodging a couple of rods ahead of the locomotive. It was broken yesterday that the injured brakemen would not live.

Harrison and Gourlay.—The Harrison and Gourlay, who have decided to play twice in this city, Wednesday and Thursday of the present week, at the Salt Lake Theatre. The S. F. Alta says of the piece:

The strangest, quaintest, oddest, drollest, queerest, most ludicrous characters, scenes, situations, sayings and doings that the human mind has ever conceived are embodied in this play. The humor of the most unending, laughing, jovial, side-splitting character that the most fertile imagination can picture is its distinguishing feature. Such laughter as it evokes wherever it is produced has never before been heard within the walls of any theatre in this city.

Weather Report.—The following, by Deseret Telegraph, received at 11.15 a.m., shows the extent of to-day's snow storm:

Logan.—Snowing, wind blowing, snow six or seven inches deep.

Ogden.—About five inches of snow on ground, cloudy, now snowing and drifting.

Wood's Cross.—Snowing, now about six inches deep.

St. George.—About three inches of snow, cloudy.

Park.—Snowing, from 10 to 24 inches now on the ground.

Richmond.—Snowing and blowing hard from the north, about six inches of snow on the ground.

Payson.—Weather moderated some, snowing again.

Parowan.—Eight inches of snow, cloudy and cold.

Cedar City.—Six inches of snow on the ground, about one foot has fallen, looks like more snow.

Beaver.—About six inches snow, snowing and blowing all the morning.

Cove Creek.—Snowing fast, about six inches on the level, drifted badly.

Fillmore.—Snowing in heavy flakes, now four inches. Very cold.

Nephi.—Weather cold, snow six inches, still snowing, cold.

Gunnison.—It has been snowing here all night, but has stopped now; very cold wind coming from the west.

Salina.—Snowing and blowing hard, snow about four inches, wind from south.

Moore.—Cold wind blowing, snowing very hard, about five inches of snow.

Glenwood.—Snowing and blowing very hard.

Kanab.—Six inches snow, thawing very fast.

Orderville.—Stormy, ten inches snow fell last night, still snowing at intervals, snow two feet deep.

Toquerville.—Four inches snow early this morning, melting fast, snow six inches deep.

Silver Reef.—Cloudy, snow two inches deep.

Pine Valley.—Snowing and blowing, snow three feet.

Provo.—It has been snowing quite hard all the morning and is cloudy and snowing now, snow six inches.

UTAH EASTERN RAILWAY.

MEETING OF THE MINORITY SHAREHOLDERS—COMMITTEE OF PROTECTION APPOINTED.

Pursuant to the notice published in these columns last week, a meeting of the holders of pool stock in the Utah Eastern Railroad, took place on Saturday afternoon at Fireman's Hall. The committee appointed at a previous meeting to investigate the affairs of the road, submitted the following report:

SALT LAKE CITY, February 9th, 1884.

To the Shareholders of the Pooled Stock of the U. E. R. R.:

Gentlemen—Your committee appointed at a meeting held in the County Court House, on Saturday, Feb. 2, 1884, to investigate the present condition of the U. E. R. R., and to ascertain how the road is being run in regard to the interest of the minority stockholders, respectfully report as follows:

We find, on examination, that said road has earned, by hauling coal from the contract made with the Ontario Salt Mine, \$13,880, in 1883; and from Dec. 20, 1883, \$166,156.90; in addition to which the road has hauled large quantities of coal, and other passengers, which would amount to a large sum; the exact amount your committee could not ascertain, as the books of the road are not sufficient to show the exact amount of the road's earnings. It is therefore evident that there is no necessity of the road's being run at a loss, and that the road is being run in the interest of the minority stockholders.

We find that on or about the 20th day of November, 1883, the day after the new board was elected, orders were issued to the employees of the Utah Eastern road not to receive or transport any local freight or passengers over said road, and on the 24th of December, 1883, the coal trains hauling coal on the Ontario contract were taken off, and the coal to fill this contract between the Ontario and the Utah Eastern—which was to continue five years—was transferred to the Echo & Park City road, and no trains have run over the Utah & Eastern since that date. Thus the present directors of the Utah Eastern—who are also the interested parties in the Echo and Park City road—have transferred all the business from one to the other, to the great detriment and against the interests of the stockholders of the Utah Eastern.

We find that, immediately after the election of directors, a new secretary was appointed, and the books and papers belonging to the company were taken from the office in this city away from the stockholders, and the stockholders applied to the office to transfer stock or do business there were informed that the books and papers had been taken away. We find from the best information obtainable, that the books and papers of the road, including right of way, station houses, weigh scales, snow-sheds, engine houses, etc., and including \$22,000 worth of stock, cost in all up to May 31, 1881, about \$200,000; that \$54,000 of the above amount was paid in by the pooled stockholders, and expended in the construction of the road.

We find on examining the list of the pooled stockholders there are between 400 and 500 owners, a few of them are wealthy men, a good many are merchants, and a large number of influential citizens, who unitedly can wield an influence in this city, in resisting a wrong when perpetrated upon them, should necessity require it.

Information which would be inexpedient to mention in this report, and in consideration of all the circumstances, they recommend that a committee of five stockholders be appointed from this meeting to take the necessary steps for the protection of our rights in the Utah Eastern Railroad Company.

JOHN R. WINDER, A. H. RALEIGH, JOHN A. GROSBECK, JOHN C. CUTLER, Committee.

The report was adopted unanimously, and a committee was appointed to take the necessary legal steps for protection. Following are the names of the committee: John R. Winder, A. H. Raleigh, Francis Armstrong, Robert T. Burton and Elias Morris.

HAND-BOOK OF REFERENCE.

A WORK WORTH HAVING AND READING.

The above is the title of a little book of 157 pages, just issued at the *Jesse L. Instructive* office. It is replete with information relative to the history, chronology, religion and country of the Latter-day Saints, and includes the full text of the Revelation on Celestial Marriage. It is designed for the use of Saints and strangers, and as a handy substitute for works of a more diffuse and ponderous character, will be found of much use and convenience.

It is one of the best books that has yet been published of its kind. The first article it contains is one by way of preface, entitled "A Friendly Word," in which the reader, if he be a stranger investigating the "Mormon" problem, is earnestly requested to throw aside all prejudice, turn a deaf ear to the slanders uttered against the Saints, and let facts speak for themselves in making up his opinion as to the character, experience and aims of this "peculiar people."

The following twenty-eight pages are devoted to Church history, and the next fifty-two pages to Church chronology. Then follow twenty-eight pages devoted to religion, and after that twenty-nine pages on Utah, past and present. The appendix is the revelation above mentioned, which completes the volume.

This little book will be found of great interest to everybody, and of especial value to the stranger, for whose benefit, as well as that of the Saints, it has been written and compiled. We heartily recommend it to our readers. The price is 50 cents.

Funeral Services.—The funeral services over the remains of Sister Vienna Jacques took place yesterday at 10:30 a.m. in the Twelfth Ward meeting house, under the direction of Bishop H. B. Clawson. There was a large attendance. Bishop A. Melas opened the meeting with prayer. The speakers were President A. M. Cannon, Elder C. W. Penrose, Apostle H. J. Grant, Elder George Hamlin and President Wilford Woodruff. Benediction by Elder Joseph O. Kingsbury.

The remarks were instructive and consolatory. President Woodruff, after referring to the identity and identity of the deceased, stated that during the last few months of her life, through infirmity of body, her mind had been much affected and her speech totally irresponsible, inasmuch that she was not accountable for things she had said during her last illness, and could not be blamed for them.

The Twelfth Ward choir, a very choice selection of voices led by Bro. George D. Pyper, rendered some beautiful music very effectively. Their singing was quite a noticeable feature of the services. The remains were taken to the City Cemetery, followed thither by many friends of the departed.

Gone East.—Mr. S. P. Teasdel, the popular proprietor of the Eagle House, started east this morning on business connected with his establishment. He goes on the D. & R. G. line, and will probably be absent about six weeks, during which time he will visit the principal cities of the east. Miss Sarah Teasdel and Master Henry accompany him, the latter for the benefit of his health. We trust their trip may prove pleasant and profitable.

There are messages at the Western Union Telegraph Office for George C. Rogers, R. R. Connel, G. C. Knauer, Miss Katie Jensen and Isaac Hule, Jr.

Grammar School Examination.

The Fillmore Grammar School met and passed examination on Friday, January 25th. The advanced department was examined in the following branches: Reading, arithmetic and history; the intermediate department, in reading, arithmetic and grammar; and the primary department in reading and arithmetic. There was not sufficient time for the schools to be examined in all the branches. Examination papers were written by the scholars of each school and placed on the table for inspection. The reports of the three schools were then presented to the trustees.

Advanced department, J. Greenwood teacher.—Number enrolled first day, 30; increase, 20; total, 50; discontinued, 2; transferred to intermediate department, 1; number remaining, 47. Number of daily recitations, 16; weekly, 90; total during term, 80.

Intermediate department, Melian Russell, teacher.—Number enrolled first day, 40; increase, 20; total, 60; discontinued, 2; remaining, 58. Number of recitations, daily, 13; weekly, 65; total during term, 520.

Primary department, Birdie Robinson, teacher.—Number enrolled first day, 22; increase, 25; total, 57; discontinued, 7; remaining, 50. Number of recitations, daily, 12; weekly, 60; total during term, 600.

After the reports were read the trustees expressed themselves as well satisfied with the schools and reports. They felt to sustain and uphold the teachers in their occupation.

Temperance Address.—Elder Scott Anderson preached a sermon on Temperance on Sunday evening last, in the East Bountiful Tabernacle. There was a large attendance. At the earnest request of Bishop Clawson, call was made on the members of the ward, Brother Anderson consented to preach again on Sunday evening, the 24th inst. Subject—"The Influence of Mormonism on the Creeds of Christendom, and some of the causes why it is so unpopular."

Philip Schumann was yesterday arrested on a charge of prostitution and will have a hearing to-morrow morning.

To-day's session of the Legislature concluded the first half of the time allotted for the convention of the same.

Betsy Wilson, the notorious prostitute, was released from the city jail Friday evening, and was again taken into custody by the police Saturday evening, charged with prostitution and drunkenness.

The Government Inspector of Mines and the Inspector of Civil Engineers have returned from Ischia, after having decided that the building of the future new town of Canaan, which will be constructed on the model of the houses in Canaan, which are well adapted for an earthquake locality. The new town will be situated on the level sea shore, as far as possible from the slopes of Epomeo.

Bailey & Bro. of Salt Lake City, who fully understand the status of all such entries.

A MAGIC POWER.

A Secret Agent at Work.

We were surprised the other day to learn that certain individuals in this city, who had for many years yielded to what was apparently an inevitable fate, had been cured of their terrible condition of semi-stupidity, into asserting their right to "life, liberty and the pursuit of happiness." They had been bound by an influence as powerful as it was incomprehensible. They knew not the cause, yet they were victims to the result. They were enchained, but they could not discern by what means they had been enchained. They had long sought deliverance in vain. Their appeals to science and the knowledge contained in books were equally unavailing. At last, relief came! It was not through any action of the President, or of Congress, for their trouble was not of a political character. Neither did the Governor's Message relieve them, nor any action of the new Legislature, for it was out of their power, and foreign to their jurisdiction. Yet they were suddenly and effectively released from the bondage they suffered, and placed on the equal scale of human happiness.

"What was their trouble?" is what our readers will ask. They had been rendered helpless by that universal enemy—"Rheumatism." They had not walked or even moved without pain for years, and on the strong recommendations of friends who had been there, they tried Britania, and were at once relieved and radically cured. It was what it is. It acted like a magic power. This secret agent quietly coursed through their veins, removed the cause of the trouble, liberated the captives from their doomed condition, and now they congratulate each other on the accomplishment of such a triumph, and the acquisition of the knowledge, by which they can at any time rescue the encroachments of their common foe. We could give the names of the parties, but will wait a future time.
