for the truthfulness of the funeral connard. It is now whether he can rally from the fatigue. He has at hand every-thing that is needed 'now to secure his convalesance. It is expected that he will have rather a quiet night to-night. To-morrow, how-ever, promises to be a troublesome day. He finally announced that all might enter at midnight on Mon-day. Parties are slready trying to cut out fortunate ones offering one or two thousand dollars a state. Extensive Condegration. East SAGINAW, Mich., 7.—Re-ports of the ravages of the fire con-

ports of the ravages of the fire con-tinue to come in all along the Sag-inaw valley and St. Louis road; 21 miles are burned over on both sides recovery than threatening what he would do if he should survive the assassin's bullet and the assaults of disease. The "Mormons" as well as Boyd and the President are in the

hands of Providence, and He will have something to say in regard to the people who have gathered to Utah for the express purpose of serv-ing God in the way they are con-vinced is right. "The wish was fa-ther to the thought" in the mind of Mr. Boyd. He would probably like to see "Mormonism" annihilated by the force of governmental authori ty, seeing that it cannot be overcome by Presbyterian propagandism and wholesale misrepresentation. But the wolkesale misrepresentation. But

one then asked the President if he thought they were going too fast and he answered, 'O no, let her go.' There was some jar, which the Pre-sident noticed before the end of the fourney, because when he got here he said, 'My back feels as though it had a good nounding.' This was ⁵ Journey, because when he got here he said, 'My back feels as though it had a gool pounding.' This was the only expression of complaint he made. He has looked around him quite a good deal, but is too tried to give much expression, either by words or looks, of what he thinks. He seems to delight in look-ling out of the window toward the sea. We will have to lat him have it. When he happened to get a lit-the said, 'Oh, that's good.'' The man ager of the Elberon hotel said he showed a lively interest in the trip and frequently lie asked for some information about the locality the trais was passing through, or the president displayed in the success of the trip. He seemed to feel cer-tain that his removal would take place without any accide t. He appeared to be less anxious ab ut the result than those around him. Vice President Aribur still remains in this city; his friends say he has received an intimation that his pres-to. The fact that most of the members. ence will be required in Washinton. The fact that most of the members of the Cabinet accompanied the President to Long Branch is taken as an indication that the Vi e Pre-sident will not be likely to be called an an under the duties of the states of the the marshes taking fire, and reports of many losses to farmers are beginning to reach us. The weather continues excessively hot. No signs cola, the whole country around Sagiof rain. sister."

He asked:

"What will remove this great evil from our land? Schools will do why does the hair come off a pig much, but nothing but Christianity when it is immersed in boiling wa will effectually blot the terrible evil ter? Or, another question, Did you from the escutcheon of our country. If President Garfield lives he can and will rid Utah of this curse, more fashionable boots now worn are open abominable than slavery ever was."

Returning direct from Utah, of course his remarks would be received water-tight and ventilation and ciras the result of his experience and culation tight, added to which is the observation while here. The state- fact that the high heel interferes ment about education is the old falsehood which preachers who have ball of the foot forward into the designs upon the pockets of the pub- narrow and inflexible toe, therelic delight in repeating. If they can by preventing the natural play succeed in creating the impression of the muscles, and, as a natural that the children in Utab have no consequence, producing a full opportunities for securing a common crop of corns, bunions and "tender-education, they have a very good foots." As for the ladies' shoes, chance of a pull at the purse strings Miss Stone says, "They have pegs of the benevolent, and money is for heels half way under the foot on sure to be forthcoming for the es. which they walk with a totter tablishment of schools under the ing, hobbling gait like Chinese auspices of the sect or preacher that women. Frills, fringes, cords, straps, buttons, pullbacks and flourcommon school system in Utab al. ces supposed to be ornamental, but most from the beginning of the which have no other use, burden Territory. Latterly the schools un- and deform even our young girls," der that system have been called and she might with equal truth have "district schools," instead of the former name of common schools. added that the tight lacing practised by many, deforms their bodies, And though but few of them crushes out their vitality, and comare entirely sustained by taxation plately reverses the order of namaking them what is spopularly ture. known as "free schools," yet they are all supported by a territorial tax, assessed upon property of all kinds, and distributed according to the school population in the various districts. Our schools, sustained partly by taxation and partly by tuition fee, and open to scholars without distinction of race or creed, are not ing the very citadel of life. This is claimed to be incapable of improve- not a new subject, it has been writment, but they are above the ave. ten upon repeatedly, and people can rage of many States which have the not plead ignorance of the conseadvantage of government appropria- quences of these and fother abuses tions and the experience of many years. The effort continually made does the knowledge of the evil reby professional Christian ministers sults check the pernicious practices? to convey the idea to the country Not much. We expect them to go that the "Mormons" have no on to the end of the chapter, for it schools, but are opp. sed to education, seems that Solomon and Carlyle cannot be too strongly condemned, were both pretty near right. and those who propagate the false-

hood cannot be too intensely despised.

We have no antipathy whatever to the Presbyterian or Methodist manner of educating their children. other parts of New England. What

we object to la their manner of attempting to teach our children. They are gathering BY TELEGRAPH. money from every possible source, with the avowed intention of leading "Mormon" children from the faith of their parents. They proclaim this to the world, while they deny or strive to conceal it in Utah. In

may be said to be parboiled, and yet the attending surgeons and cabinet officers express themselves as enthe wearer wonders why it is that his hair falls off. We might ask, look. The morning bulletin had the effect of allaying all uneasiness on the part of these who were extremely anxious last night, and it is confilently that the favorable change will continue. The fact of the Preever see a bald headed Indian? The sident's having had sufficient recuto the same objection that applies to the hats, viz.: they are air-tight,
