Senator Morton's Death.

New York, 16.—Notwithstanding the republicans are excited by yesterday's journey from Richmond to New York, the private advice leave too much reason to fear that he is gradually failing in body and mind, and will never appear again publicly.

Edwin Adams Improving.

Edwin Adams, who had been extremely exhausted by the emotions excited by the kindness of his friends in connection with the recent benefit for his account, is better again, as the result of perfect quiet enforced by his physicians.

Theodore Tilton and Wife.

The fact that Theodore Tilton is known to visit his wife again, gives rise to the belief that a reconciliation between the two is probable. Theodore Tilton has cut Tilton's acquaintance and regrets that he ever sacrificed his friendly relations with Beecher for Tilton's sake.

Arrest of an Embroiderer.

Moses A. Snyder, teller of the Merchants' Exchange National Bank, for the embezzlement of \$8,000 from this month's accounts, was arrested to-day.

Faithful to his Trust.

George L. Plume, broker, No. 67 Exchange Place, in the event of his death, has left a large estate, valued at \$400,000. Charles A. Lamont, formerly a sugar refiner and afterwards a stock broker, was accidentally killed in the fall of '75. He left an estate of nearly \$800,000 to the care of his wife as executrix, and of Frances Skiddy and George L. Plume, as co-executors. Lamont was formerly Lamont's partner in the sugar business, and had the latter's entire confidence, and had complete trust in him by Mrs. Lamont and Mr. Skiddy. He had entire charge of the property, which consisted of United States bonds, bonds of other kinds, and first-class stock, valued at \$400,000. There was no suspicion that Plume was faithless to his trust until last week, when, connections of the Lamont family state, Plume was found to have been unable to account for the securities placed in his hands. To reporters who called on him this evening, Plume admitted that there were difficulties in his accounts with the estate, but said it was a family affair of no public interest, and that the amount was exaggerated. It is said on the street that Plume has been speculating heavily on puts and calls and has lost largely.

Removal of the Sioux Indians.

WASHINGTON, 16.—Advice by telegraph received at the Indian Bureau to-day, indicate the safe and expeditious removal of the Sioux Indians to the Missouri river, in accordance with the wishes of government.

Bills Introduced.

The bill introduced by Sargent to-day, regarding the rights of certain settlers, etc., is for the relief of former accountants of the Pacific military reservation, providing that they shall be compensated for the value of lands and improvements at the time of military occupation, and the court of the claims to determine said value and give judgment accordingly.

The bill for the release of sureties on Collector Soule's bond is accompanied by a petition reciting numerous precedents of congressional action for the relief of collectors of internal revenue whose clerks had embezzled government money in methods which ordinary care could not prevent.

Thurman's bill concerning the Pacific Railroad sinking funds, provides that each year a sum which, in connection with 5 per cent. of the net earnings, and the whole amount, shall be set aside for the purpose of paying the interest on the bonds of the Pacific Railroad Company, which recommended its passage last winter, at \$1,500,000 for each year.

Speaker Randall.

CHICAGO, 16.—Speaker Randall says he intends to make radical changes in the committee of the House.

The Modified Oath.

Seventy-one representatives had to take the modified oath yesterday on account of their connection with the Confederacy.

To-day's Census.

Sensations are very rampant about the census, which undoubtedly considered the Kellogg-Spofford case.

Denunciation to Hon. E. B. Washburn.

Trudeau's Galena Illinois: The heavy rain this afternoon did not prevent a large and imposing demonstration in honor of Hon. E. B. Washburn, ex-Minister to France, made to-night by his fellow citizens of all parties and creeds. French and American flags decorated the stage with the motto, "Galena honors the man who honors the nation." Washburn's appearance was the signal for unbounded applause.

The meeting was organized with R. W. McClellan president, and a long list of vice-presidents, who delivered an address of warm welcome, which the audience very heartily approved.

The Rev. Mr. Lorenz made an address in German in behalf of his German friends.

Mr. Washburn, in reply, made a long speech. He recounted the various events of his life since leaving Galena; expressed his gratification at his ability to have discharged his duty satisfactorily to the people of Galena; and present, making special reference to the Southern Pacific Railroad. He paid a warm tribute to Gen. Grant. He alluded

at some length to his career as Minister to France and the difficulties of his position. Thanking his Galena citizens for their appreciation of his services in behalf of their countrymen, he closed with a eulogy of Galena.

Death of an Express Member.

St. Louis, 16.—A special from Mexico says James Berry, Pacific Railroad robber, died here to-day, from wounds inflicted by Sheriff Glasscock, in the attempt to arrest him. He confessed that he helped rob the express car at Big Springs, says the Collins, who was killed in Kansas, planned the robbery; that the names of the others were correct, as known by the Express Company.

The Suro Tunnel.

VIRGINIA CITY, 16.—At a meeting of the superintendent of mines on the Comstock lode, to-day, to consider questions arising in connection with the approaching completion of the Suro tunnel, a committee was appointed to make a careful investigation as to the cost of the tunnel, the benefit it is likely to prove to the mines, the cost of pumping water to the surface from the tunnel level, etc. The committee will probably report in two or three weeks, and their report is expected to exert a strong influence in settling the points of difference between the tunnel company and various mining companies.

FOREIGN.

GREAT BRITAIN.

Eastern War News.

LONDON, 16.—A Berlin correspondent states that the Porte is dissatisfied with the evasive answer of Greece to its previous communication, and has sent a second sharp note protesting against the non-punishment of those who attempted to assassinate the Sultan in Thessaly, and proposing a reduction of the Greek army.

Several telegrams from the Turkish side report improvement in the weather on the Balkan front, and the prospect of an early engagement near Kadikoi.

Heavy cannonading has recommenced in Schipka Pass.

It is said that Serbia has assured the Porte of its intention to strictly observe neutrality, but this is due solely to the fact that it has not yet finished preparations, and is waiting for a better opportunity to openly assume the offensive against Turkey, which will probably come with a Russian victory at Plevna.

The Turkish withdrawal from the artillery from the second Griviza redoubt. Russians fear the redoubt is mined.

A correspondent with the Russian headquarters at Andria, telegraphs from Karajal, Monday evening as follows: Gen. Lazareff, who, with twenty-seven battalions of infantry and forty guns, was recently dispatched on a turning movement from here, behind Aladja-Dagh to Avlasis Hill and Veal Kov, telegraphed last night from his headquarters at Andria, that he was before him with a superior force. Thereupon, this morning our troops began an attack on the Turkish position, and after heavy cannonading on our left wing, with Aladja batteries, we made a serious assault on Avlasis Hill, and redoubts. At noon the Caucasian Grenadiers under General Fleimann, stormed the hill and redoubt, capturing three Krupp guns. The Eskinoy regiment occupied Aladja Dagh, capturing the Turkish camp. The army retired in disorder in three directions, being cut off in the rear from Kara. The pursuit was sharp everywhere, and will be continued to-morrow. No news has been received from Gen. Lazareff.

A correspondent at St. Petersburg telegraphs that the fate of Monday's battle was decided by a Russian success on Muntashir, a position from the north. The Russians captured some thousands of prisoners. The siege of Kara will recommence immediately.
