

## ALL DEPENDS ON THE RAILROADS

Magnates of the Inter-mountain  
Baseball League Are in Session.

MAY LAST SEVERAL DAYS.

Unless Reasonable Rates Are Granted  
The Project Will Fall Through  
—The Six-Day Race.

The success or failure of the Inter-mountain Baseball League depends entirely upon the action of the railroad officials relative to the rates asked for the project tomorrow with the return of General Passenger Agent Burley of the Oregon Short Line.

Yesterday afternoon and last night officials of the new league met and held a secret session which lasted far into the night. It is said that in the afternoon a committee was appointed to confer with the railroad officials, but that the rates quoted were not satisfactory. They were informed, however, that Mr. Burley would return tomorrow and would perhaps quote better rates. The meeting will be continued this evening and those who will be here are President Critchlow, William Muth of Helena, J. J. McCloskey of Butte, V. Fortune of Great Falls, A. G. Horne of Ogden and C. H. Griffin of Salt Lake.

Boise, Logan and Pocatello were not represented at last evening's session, but W. E. Trapp of the latter place will be on hand tonight. As there is a great deal of work to attend to in connection with a constitution and by-laws, the fixing of a schedule, the salary basis for the league and the election of permanent officers, in the opinion of President Critchlow, this work will require several days, but it is understood the delegates are prepared to stay a week or ten days if necessary.

It was decided last night to open the season on the 25th of April and close October 1st. Each representative will be allowed a \$500 to post when it is assumed the league will go through. Two of the delegates came here with instructions not to join the league unless a satisfactory rate was granted by the railroads. It was decided that the league should be known as the Inter-mountain Baseball League, and the salary limit for umpires was fixed at \$300 and railroad expenses. Some thought this was too much, but Mr. McCloskey of Butte contended that \$300 was by no means too much for a good umpire and one could not be secured for less. He said he had had experience and the league wanted to be sure of the best who understood the business and who could not be bluffed by players who are aspiring for pugilistic honors.

Nothing will be done toward formulating a schedule until the question of rates is settled. It is understood, and hoped, that Mr. Critchlow will be asked to accept the position of president permanently.

### THE SIX DAY RACE.

Samuelson and King Two Laps Behind the Leaders.

New York, Dec. 12.—At the beginning of the last half of the six-day bicycle race, with its attendant spills and the nervous tension of the riders strained to breaking point, the interest of the public is greatly on the increase. This was apparent from the presence of the 15,000 people in Madison Square Garden last night.

The seventeen hundred-mile mark in the race was passed at 6 o'clock, and in the ninety-second hour of the race the men covered fifteen miles and three laps, while in the same hour of the record score Miller and Waller made sixteen miles and four laps. At 8 o'clock the men were fifty-seven miles and six laps behind the record.

Yesterday afternoon a collision between McLaren and Chevalier occurred. They fell from their wheels, and Chevalier was severely hurt. As instant later Fredericks, who seemed to be very weak and was wobbling along as best he could, tried to keep up with the leaders, and struck the rear wheel of Fischer's bicycle, who had been hurried into his saddle by his partner, and the place of his partner, and was riding at full speed about the track. Both men were thrown to the track, and Hall ran into them as they lay there and was thrown from his wheel. He escaped injury, though, and was soon riding again.

For several minutes Fischer lay like one dead. His trainers were about to carry him to his quarters, when he became as one who had been struck, kicking one of them in the stomach. It was hard to get him to his room. Later in the afternoon it was announced that Fischer and Chevalier would be unable to continue the race. Fischer sustained a fracture of his shoulder. His partner sprained his wrist.

Four miles were added to the totals during the sprint in which the incident occurred, but the effects of the efforts of the men upon them were clearly shown by their faces. Several of them were so weak that they seemed hardly able to remain upon their wheels. Their faces were ashy gray and their eyes looked as if they were about to burst.

All the racers were examined by physicians in the evening and were pronounced to be in good condition. The physical condition of Babcock and Turville is exceptionally good, and that team is looming up as a decided factor in the race for first money. It is admitted that the terrible strain had affected the nervous systems of all the men.

Early last evening the trainers of McLaren and Walhour agreed to withdraw their protest against the referee's decision which refused them the lap they declared they had gained during the afternoon. It was because of this decision that McLaren threatened to quit the race.

A one-mile match, best two in three heats, was participated in last night by Howard Freeman of Portland, Or., and George Schreiber, the indoor champion of this city. Freeman won the first heat in 3:34.4, the riders jockeying all over the track. The second heat went to Schreiber in 3:19.2; Freeman won the third and deciding heat in 3:39.4. At 2 o'clock this morning the score was:

	Miles.	Laps.
Newkirk and Munro	1828	4
Burker and McLaren	1828	4
McEachern and Walhour	1828	4
Maya and Wilson	1828	4
Babcock and Turville	1828	4
King and Samuelson	1828	2
Hall and McLaren	1827	2
Fredericks and Jaak	1827	6
Lawson and Julius	1827	5

The record for this hour is 1901.

### HEGERTY KNOCKED OUT.

Kid Lavigne Does the Trick in Four Rounds.

Oakland, Cal., Dec. 12.—George (Kid) Lavigne knocked Tim Hegerty of Australia out in the fourth round tonight. The betting at the ring side was 19 to 1 in favor of Lavigne. The men weighed in at 130 pounds. There was considerable interest in the event, as it was the first appearance in this country of Hegerty, who claims the championship of Australia. Hegerty fought the fighting, and in the second round Lavigne a clip on the jaw that staggered him. In the third round Lavigne landed for the stomach and weakened Hegerty badly. In the final Lavigne knocked Hegerty down with a left on the jaw. Hegerty got up at six seconds. With a left hook on the jaw Lavigne put Hegerty completely out of consciousness. The fight was a fast and hot one.

### AN ABSOLUTE DEADLOCK.

Quarrel Over the Election of President for National League.

New York, Dec. 12.—An absolute deadlock exists over the selection of a president of the National League to succeed N. E. Cunningham, and the magnates of the league only argued the day away at the Fifth Avenue hotel. As announced by President Young at the conclusion of the day's session, "No baseball history will be made as the outcome of the argument."

Several meetings were held today. The first was called at 3 o'clock and lasted until 6. The evening session began at 8 o'clock and was not over until late tonight.

"Merely a reminiscence meeting," was the way one of the magnates referred to the heated debate of three hours which occurred in the afternoon. It was said, however, that the syndicate baseball scheme, which was defeated yesterday, was brought up again today and that over this the magnates argued pro and con. John T. Brush leading in the debate. Strongly opposed to this measure were the Brooklyn, Philadelphia, Pittsburgh and Chicago magnates. Behind Brush were arrayed the men from Boston, New York and St. Louis. The chances that the Brush combination will win a victory are said to be very small. It is said some kind of compromise is all that Brush can expect.

### ASKS FOR RELEASE.

Pitcher Nichols Has Good Thing With Kansas City Team.

New York, Dec. 12.—"Kid" Nichols, the Boston pitcher, arrived in New York today with President Whitfield of the Western league. He had a long consultation with A. H. Soden of Chicago tonight. Nichols has been offered a half-interest in the Kansas City team with "Jimmy" Manning. The provision is, however, that he must play as well as manage the team. Nichols' visit here is for the purpose of securing his release from Boston. He wants to part with the Boston management on friendly terms. Mr. Soden promised to give him a definite answer tomorrow.

### A Good Cough Medicine.

(From the Gazette, Toowoomba Australia.) I find Chamberlain's Cough Remedy is an excellent medicine. I have been suffering from a severe cough for the last two months, and it has affected a cure. I have great pleasure in recommending it—W. C. Wockner. This is the opinion of one of our oldest and most respected residents. It has been voluntarily given in good faith that others may try the remedy and be benefited, as was Mr. Wockner. This remedy is sold by all druggists.

### DR. LIEBLICH CALLED DOWN.

Strong Protest From a Veteran School Teacher of Utah.

Utah, Weber Co., Utah, Dec. 11, 1901.

Editor Deseret News:

I notice in the "News" of the 9th inst. some excerpts from an article written by J. D. Liebllich, D.D., to the Christian Advocate. I spell his name "Liebllich."

I trust that you will permit an old pedagogue to speak in defense of himself and for many others, who have labored in the "district schools" for over a quarter of a century. I here boldly give the first three letters of his surname to his statement concerning the insistence of the "Mormon hierarchy" and the public schools upon a religious tenet in the school.

I have never used any text books other than those published by Eastern firms.

I have never used the name of any man in authority in the "Mormon Church" as an example to follow, or pattern after. As principal, I have never asked my assistants whether they were Mormons or Gentiles, and I have had many of the latter as assistants and have one now.

I was a member of the board of examination of Weber county for a period of eight or nine years, and during that time neither of the members of the board inquired about the religious beliefs of the applicants. I certify that we do teach now, and have taught for thirty years, loyalty to the Constitution of the United States, and to prove that our instructions have borne fruit, I have but to call your readers' attention to the overplus of volunteers when the call was made in Utah for men to defend the flag and to "Remember the Maine."

Yes, more, when the second call was made, Utah boys "Rallied round the Flag" and went to the Philippines and were in the front of the battle. Two of my sons volunteered.

Are these acts the results of teaching?

Remember, the nerve traverses the entire body, and when they are out of order, convey their trouble to some one or more parts. No living being can tell just where the nerve will deposit the trouble, but it is certain they will place it somewhere in one or more organs.

In some cases disease is slowly built up, by instance, in the kidneys, or in the brain, or perhaps in the bowels, and does not make any violent show for weeks or months, but it is being piled in slowly and surely, so that when enough diseased cells are built to make a showing, the trouble is so far gone that many times it is impossible to recover.

The only safe pathway for anyone who cares for health, is to throw out the poisonous drug coffee as soon as you find some evidence of incipient disease, shown by aches or ails, or uncomfortable feelings anywhere in the body.

# DR. PRICE'S Cream Baking Powder

Each time the United States Government has officially tested the baking powders the report has shown Dr. Price's Cream Baking Powder to be of superlative leavening strength, free from alum, absolutely pure and wholesome.

This is gratifying, for Dr. Price's Cream Baking Powder is depended upon by millions of people to raise their daily bread.

PRICE BAKING POWDER CO., CHICAGO.

NOTE.—These Government inquiries also developed the fact that there are many mixtures upon the market made in imitation of baking powder, but containing alum or other caustic acid, whose use in food is dangerous.

McLaughlin, and a feature of the feast spread for the occasion was a mammoth birthday cake. There were waffles and dumplings, drills, skirt and Spanish dancing, and the affair altogether was most enjoyable.

About 75 children gathered at the Social hall yesterday afternoon to enjoy the Huonaka party given by the Jewish Council of Women for the B'nai Israel Sunday school. There was dancing during the afternoon and each child was given a present.

The regular semi-monthly meeting of the Ladies' Literary club was held this afternoon, the topic being "Mistress and Maid," a story of the Dunes by Mrs. F. C. Wright, and discussed by Mesdames Nelden, Priest, Reed, Rose and Bailey.

WOMEN OF THE BIBLE.  
An appropriate Christmas present. Elegantly bound in cloth, 75c per copy at Cannon Book Store.

### AMUSEMENTS.

The big Italian band comes back to the Tabernacle tonight and throws open the whole house at 8:00 and 25c admission. The program tonight will include miscellaneous selections, the big numbers being "William Tell," "La Gioconda," a solo by the soprano, Mlle. Barti, and two numbers by the Tabernacle choir. For tomorrow afternoon the band will render a selection from Sousa's "El Capitán," one from the "Child of the Regiment," and "Reminiscences from Scotland," with solos for all instruments. Signor Palma will give "The Holy City" as a trumpet solo, and Miss Heintzen will render a solo. Tomorrow night, the closing concert, Miss Heintzen will again appear, the band will repeat its grand "Tannhauser" selection, the Lucia Sextette, and the Baticanna hall chorus, concluding with Herbert's famous American Fantasia.

Nearly every seat in the Grand was filled last night when the curtain rose on Haverly's Minstrels. The company this year is pretty much George Wilson, and if entire consistency ruled, he would be starred, as he is a great selection of the whole show, nearly everything else in it making only on the fair to middling order, but Wilson is a host and he alone is worth the price of admission. How old he must be growing, nobody could of course tell under his burnt cork visage, but he has certainly improved with age in everything he does. The first part was not distinguished for anything brilliant in the way of jokes, or humor, and the singing was all of the respectable order without going to any notable heights. The male soprano, Mr. Morgan, has a wonderful range, and he was greatly applauded for his rendition of the beautiful song, "Since Thou Art Mine." The several orchestral selections which divided the two parts do not call for serious mention; if the drum was keyed up and made to sound less dead in its tone, it would vastly improve the whole orchestra.

Mr. and Mrs. Emanuel Kahn and daughter Reta left yesterday for the east where they will spend the winter.

A reception and physical culture exhibition was given by the girls of Bowland Hall last night, their parents and intimate friends being present. The reception was in honor of the tenth birthday anniversary of Miss Isabel

George Primrose occupied a seat at the Grand last night and watched keenly the gallery boys to join in whistling the refrain of his song.

Primrose and Dockstader held the boards at the Theater tonight. About the only question will be as to whether there are seats enough in the house to accommodate the large crowd that will turn out to greet them.

A LISTENER'S OPINION.  
To the Editor:  
A musical feast has been given to a few Salt Lakeers this week, in the Tabernacle, and it is a great pity that more have not enjoyed it. The glorious Royal Italian band, under the superb leadership of Signor Creator, has been giving to Salt Lake the most splendid interpretation of high class music ever presented to us. This band is, without doubt, the very finest we have ever had the privilege of listening to in this city, and every music lover who has not attended these concerts has missed a most wonderful treat. The matchless leadership of Signor Creator is worth a good price to be as to whether the glorious music his hand creates, the marvelous exhibition of perfect time and the revolution of the wonderful possibilities of the works of the great composers. We rarely have an opportunity to hear grand opera, but here, for three nights, we have had presented, by a perfect organization, the choicest work of the choicest composers and it is almost a shame to our city that the patronage has been so meager. It would indeed be a shame to our people, if, knowing the rich feast prepared, they had neglected to partake; but there is a fear that very many did not know the band was here, or knowing

it, did not realize how great it was. Then, too, there is a very strong sentiment that popular prices should prevail in our great Tabernacle; that having such an immense auditorium we are entitled to hear these fine organizations at low prices and I am sure that many who would have been present at the high prices and remained away. This, coupled with the meager advertising, I believe, is responsible for the poor audiences and the loss of a rich treat by our citizens. It is gratifying to know that at least one of the lessons of their experience has been learned by the management, and that they will give three more concerts this week at popular prices, and it is to be hoped that they will learn the other lesson and give their concerts more publicity; and further that the local management of concerts and the like in the Tabernacle will learn the lessons taught by this experience. It is also sincerely to be hoped that every one who loves perfect music will avail themselves of the opportunity to hear these concerts on Friday and Saturday next.

I have trespassing upon your space with these communications because I feel that it would be a great loss to our community if many more of our people do not have the privilege of hearing such peerless renditions of fine music.

### EVERY PURCHASER.

At our store Friday and Saturday will be given the handsomest souvenir ever given in this city. SALT LAKE FLORAL CO., 142 S. Main Street.

### WOMEN OF THE BIBLE.

An appropriate Christmas present. Elegantly bound in cloth, 75c per copy at Cannon Book Store.

### Oil Fields Enlarged.

Beaumont, Tex., Dec. 13.—A well has been broken in which enlarges the known oil fields several acres and brings it about 100 feet nearer the town.

### To Promote Rice Industry.

Crowley, La., Dec. 12.—At a meeting of rice growers and handlers the Rice Association of America was organized, having for its object the promotion of the industry. All the states interested were represented.

### Adolph Oppenheimer Murdered.

San Francisco, Dec. 13.—Adolph Oppenheimer, who was one of the principal witnesses against Theodore Barker, hanged for the brutal murder of Blanche Lamont, was mysteriously shot and killed early this morning in a shooting gallery which he had conducted on Dupont street. He was shot from behind the bullet from one of his target rifles entering the small of the back and causing instant death. Robbery was the motive, a box containing \$750 having been taken from the place. The body was discovered by the dead man's son. There is no clue to the assassin.

### Huntington Holdings Sold.

San Francisco, Cal., Dec. 13.—The stock of the Pacific Improvement company, belonging to the Huntington estate, amounting to one-fourth of the total outstanding issue of 50,000 shares, has been transferred on the company's books from the name of C. P. Huntington to that of Gen. Thomas H. Hubbard, as trustee for Edwin Seales. The purchase of the Huntington stock by Gen. Hubbard was announced a few weeks ago, and there was considerable speculation at the time as to whether he had purchased the stock for Seales or for other investors. The transfer of the stock settles the question.

### "THE WORLD'S FAIR LINE."

The Missouri Pacific Rio Grande through line between Salt Lake and St. Louis and Kansas City, with only one change for all points east, is anxious that the public use this route. The Great World's Fair will be held in St. Louis, and it should be the aim of the visitor to visit St. Louis, if possible, before the opening of the Fair, and to that end, we advise all who are going east, to use our through World's Fair Line, and thus get an idea of the convenience and the pleasures of the "St. Louis Route." Ticket office 193 south Second West street.
