

NINE LUCKY ONES GRANTED PARDONS

Three Other Convicts Obtain
Commutation of Sentence
From the Board.

TWENTY-FIVE CASES HEARD.

The state board of pardons granted nine pardons and three others obtained a commutation of sentence Saturday when the regular monthly session was held at the state prison. There were 25 cases which came up for hearing, which is the largest number that has ever been heard for some time. The case of Nick Hayworth, who is serving a life sentence for the murder of Thomas Sandall, a night watchman at Layton, came up before the board but was continued for a month. "Dr." James Donaldson's application for a pardon was also continued until the next regular meeting.

A. R. Alston, convicted of forgery in the Third district court and sentenced April 17, 1907, to three years in the state prison was pardoned. He was released yesterday.

Lamar Killpack, Alvin Larson, Magnus Knudsen, three young men, who were convicted of breaking into a saloon in Emery county, were pardoned. It was shown that they committed the burglary while they were intoxicated and the judge who tried them and the prosecuting attorney signed the petition for their release.

Cora Parker, who was convicted of vagrancy and sentenced to the county jail for six months was pardoned. She married a man who came here for her about three weeks ago.

Leo Camp, who was convicted of a statutory offense in Morgan county, on June 11, 1907, to serve three years was pardoned. His sentence had also expired.

Leo Mosely, convicted of burglary in Tooele county and sentenced to one year, was pardoned. It will not take effect until Sept. 1, about two months before his term expires.

Leonard Pao, who was convicted of a statutory offense in Davis county and sentenced to six months in the county jail on March 31, 1908, was pardoned.

George Young was pardoned after serving three years of a 10 year sentence for burglary. He was convicted in Salt Lake county on Jan. 26, 1906.

Lewis M. Lockhart, convicted of grand larceny in San Juan county, was granted a commutation of sentence. It will take effect on Oct. 1, 1909.

R. J. Ryan was also granted a commutation of sentence to take effect on Oct. 1, 1909. He was convicted of burglary in Utah county on April 21, 1908.

The sentence of Charles Smith, who was convicted of burglary in Salt Lake county and sentenced to serve three years, was commuted to take effect tomorrow.

Pardon-James Porter, burglary in second degree; Willard Thompson, petit larceny; George O'Connell, statutory crime; James O'Brien, burglary.

George Laffay, burglary. Commutation of sentence—George Norman, burglary.

JUDGMENT SET ASIDE.

Judge C. W. Morse set aside a judgment Saturday in the case of A. Ruben against C. W. Miller which was rendered in Judge J. J. Whitaker's court, and the defendant was given 20 days to answer. The suit was brought by Francis G. Luke of the Merchants' Protective association for \$52 alleged to be due on a sewing machine in the suit filed in the district court Miller declared that he knew nothing of the suit in the city court until after judgment was secured. He alleged that he never was served with a summons in the case.

MRS. BROWN SEEKS DIVORCE.

This afternoon Mrs. Rosetta J. Brown filed suit in the district court for a divorce from her husband, Oscar D. Brown, charging non-support. Mrs. Brown asks for a divorce, a division of property in Utah and Wyoming alleged to be valued at \$8,000, and \$55 per month permanent alimony and also the custody of a 3-year-old child. The couple married at McCook, Neb., Oct. 22, 1887.

QUEER LOAN CASE.

H. F. Rugg Accuses Somebody of Impersonating Him and Borrowing.

In a complaint filed Saturday in the Third district court, H. F. Rugg says that somebody impersonated him and borrowed money on his salary from a "loan shark." He named D. H. Tollman, who does business as the Union Credit & Investment company, as the defendant in the action. The company he says through negligence in not making the proper investigation allowed the impersonation. The loan of \$25 was made on April 10, 1906, and on Oct. 29, 1907, Tollman attempted to collect it. Rugg told him at that time that he had never had any dealings with his company. Despite this, however, Rugg says that Tollman continued his wages and he was discharged by his foreman before the gang of men he had been working with for several months. On account of the humiliation and distress caused by this he asks for \$1,000 and for 21 days' work which he lost at \$2.00 a day or \$1,054.50 in all.

COURT NOTES.

In the Third district court Saturday, Judge Morse granted the applications of the Black Dragon Mining company and the Ajax & Mammoth Extension Mining company to dissolve the corporations. The stockholders in both cases filed the petitions after all claims had been settled.

Judge Armstrong dissolved the temporary injunction issued in the case of Hober J. Grant against Carl Berg and Addison Cain. Mr. Grant asked for a restraining order prohibiting the defendants from constructing a building on some property owned by him. The order was granted but upon the hearing of the order Saturday it was dissolved because the defendants claim a tax title to the ground.

The Chicago Film company of Chicago filed suit in the Third district court yesterday against the Elite Theater company to recover \$400.00 alleged to be due on moving picture films.

John Katholakis, who is charged with the murder of Peter Gettles, was refused bail Saturday by Judge Lewis. The petition to admit him to bail was made last week when he was arraigned and pleaded not guilty to the charge.

BOY SUCCUMBS TO BAD POWDER BURNS

George Bear, 10 Years Old, Places
Gunpowder and Matches in His
Pocket With Fatal Sequel.

George Bear, the 10-year-old son of a Tooele carpenter, died Saturday evening after being terribly burned, the result of an explosion. In company with another boy he walked up the railroad track from Tooele towards the new smelting plant. Before starting out he had put some loose powder in his pocket and also some matches. In some way the powder ignited and an explosion followed which set fire to the boy's clothes. He ran some distance to a small stream where the flames were extinguished, but not before the boy was terribly burned. His playmate later flagged a train, and when the brakeman went to where the boy lay, he was found to be in a terrible condition, but still conscious. He was taken to the hospital, where he displayed wonderful grit. Everything possible was done to relieve his suffering, but his injuries were so severe that he died during the night. It is not known where he got the powder.

A private safe may be rented in the fire and burglar-proof vaults of the Salt Lake Security & Trust Co., 32-34 Main street, \$2.00 per year.

BEER SOLD ON SUNDAY.

Gus Veros, proprietor of the Albany hotel, was arrested last night on a charge of violating the liquor ordinance by selling beer on Sunday, after he had been watched for four hours by Patrolmen Slater and Crowley. In the role of plain-clothes men the two officers had rented a room at the hotel and then ordered two bottles of beer. This was served and the operation repeated several times, until the officers were satisfied with the evidence secured.

ALIEN IN THE TOILS.

George Bruz, a Poleander, was arraigned in Judge Bowman's court this morning on a charge of grand larceny, but owing to his ignorance of the English language his time for pleading was extended until tomorrow morning in order to secure an interpreter. Bruz is accused by Theresa Hoffman of Garfield of the theft of \$57.50 on Feb. 2. While walking down the street Saturday, Mrs. Hoffman espied Bruz, and followed him until he entered 241 South Seventh West street. She then secured a policeman, who placed Bruz under arrest.

OPTIMISTIC MRS. GILMAN.

Delivers Characteristic Address on Human Race at Unity Hall.

That Charlotte Perkins Gilman is very optimistic of the human race was evidenced by her talk yesterday morning in Unity hall. Mrs. Gilman, who is a member of the International Council of Women, as well as a noted writer and lecturer, said that the race is advancing to that point indicated by Christ that men should love one another.

er. Many examples are afforded of men who have jeopardized their lives for others, which serves to show that such sacrifice is natural to the race. During her talk the action of the ants in a hill, whose first effort on being disturbed is not to save themselves but to take care of the eggs and larvae of the whole hill, was mentioned. Similarly, the men are working today in many places who are working not for themselves but for the whole world. The number of those who are doing so is growing, and men are becoming more imbued with the precept to love one another, and live for the good of the race and not alone for ourselves.

HOLDUPS PLEAD.

Harry Hill and J. W. Onan, who are alleged to have held up and robbed Andrew Wings of \$7 and a watch on the night of July 15, pleaded not guilty to the charge of grand larceny this morning. In default of \$500 bail they were remanded to the custody of the sheriff pending their hearing July 30.

INDIFFERENT PROSECUTOR.

The disinterestedness of the complaining witness in the prosecution of S. P. Espinoza, the Mexican whom D. A. Gould alleged had stolen his watch, led to the dismissal of the case today on motion of the assistant county attorney.

Gould's story was to the effect that one night while standing on the street talking with a friend a Mexican had approached him, asking for a match and then had stood and listened to the conversation for a few minutes. An hour or two later Gould missed his watch, and was certain that the Mexican had picked his pocket. A few days later Gould appeared at the police station, telling the officers that the man who had stolen his watch was over in the Volunteers of America hotel. Espinoza was arrested and could identify him as the Mexican who had accosted him, and also identified a watch in Espinoza's possession as the one which he had lost.

Since then Gould has failed to appear to prosecute or to bring forward as a witness the friend with whom he had been talking when the watch was alleged to have been stolen.

EFFORT TO RAISE TAXES.

Board of Estimates and Apportionments Meet Wednesday.

The board of estimates and apportionments will meet Wednesday afternoon instead of this afternoon on account of the absence of Councilman W. Mont Perry. Reports of the expenditures in the various departments for the first six months will be made, and an adjustment of the appropriations will be made.

The fixing of the tax levy will be taken up and discussed. Although the city is on the verge of bankruptcy, an effort will be made not to raise the taxes on account of the coming municipal election this fall. The present levy is 13 mills.

VERY LITTLE CHANGE IN WOOL SCHEDULE

Conclusion Reached Which Will Not
Hurt Utah Stockmen and
Will Be Acceptable.

(Special to the "News.")
Washington, July 18.—A conclusion has been reached by the tariff bill conference on the wool schedule, which places the duty at two and one-quarter times the duty on first-class wool plus 30 per cent ad valorem if valued at 20 cents or less per pound, and three and one-third times the duty on first-class wool plus 30 per cent ad valorem if valued at over 20 cents per pound. The conference committee places the duty at 55 per cent ad valorem on cheap yarns. The committee also lowers the duty of 5 per cent on importations of the cheaper grades of dress goods containing a mixture of cotton and wool. These changes do not injure wool growers, it is said. They were not consented to by senate conferees until after assurance was received from Senators Warren, Carter and Smart of the subcommittee that they would be acceptable to the wool-growing states.

MILK DEALERS TO UNITE.

Preliminary Meeting Scheduled for Tomorrow Evening at Kenyon.

A meeting of the milk dealers of Salt Lake City and vicinity will be held at the Kenyon hotel tomorrow evening at 7:45 for the purpose of discussing the advisability of organizing a milk dealers' association. It is proposed to hold meetings regularly if an organization is effected with the view of improving the sanitary conditions of the dairies. The call for the meeting is signed by Ben R. Eldredge of the Eldredge Farm dairy. The promoters of the movement desire to work in harmony with the pure food authorities, and City Commissioner Walter J. Frazier and State Inspector Willard Hansen will be invited to meet with the dealers and make suggestions for improving the milk supply and service.

CATCHER COMES HIGH.

Ebbetts of Brooklyn Offers \$20,000 For Johnny Kling.

New York, July 18.—President Ebbetts, of the Brooklyn National League club, has made the Chicago club an offer of \$20,000 for Catcher Johnny Kling, who has refused to play with Chicago this year. Ebbetts wants Kling to manage the Brooklyn club. President Murphy of the Chicago club said: "President Ebbetts has made me an offer of \$20,000 for Kling, but I have nothing in regard to it. You know Kling will have to play with my club first. He is a great player and I must not act too hastily in his case."

IN POLICE COURT.

John Roach was charged today \$5 for a meal that had been paid for it at the time it was served and eaten would have cost only 65 cents. Roach ate his meal in the Newhouse cafe one night last week, but overlooked its payment. When his attention was called to the oversight an altercation followed, in which fists flew about freely, and Roach was later arrested. Roach prepared for his ordeal of explanation in the court last Friday by indulging in numerous potatoes, and when his case was called all he wanted was "to be hung." He was not sent to jail, instead, and appeared in the courtroom this morning in a penitent but brighter mood. The opportunity for meditation in the jail had been taken, and he had arrived at the conviction that he should have paid for the meal instead of fighting for it. Asst. City Atty. General wanted a ticket made out for \$10, but the court thought \$5 would be a fair price.

O. Moyer, proprietor of the Lagoon bar, opposite the Short Line depot, was found guilty this morning of permitting and suffering a disorderly and ill-governed house, and a fine of \$500 imposed. Moyer was arrested on complaint of Harry Joseph, who testified that on a certain night Moyer had permitted a fight in his saloon, in which one young man was badly beaten.

Joe L. Alvarado, who was arrested last night on the complaint of Victor Halverson, who alleged that Alvarado was wearing a coat which had been stolen from him on July 3, will not be prosecuted today on a larceny charge, but instead is accused of being drunk. This he denies, however, and will have a trial tomorrow morning.

In a clean-up of the American house last night by Patrolmen Kast and Griffiths seven men were taken in as vagrants. They pleaded guilty, to the charge this morning and received floaters.

James Sheridan, with two companions, John Cummings and Frank Conney, was in a fair way to receive a 10-day sentence for vagrancy and trespass, until he made a sobbing plea to the court for leniency. The trio had been found sleeping in a deserted house. Sheridan told the court that he was a forlorn hope, and that he had gone into the house last night seeking shelter from the rain. He was so weak, he said, that when he lay down he had dropped off to sleep. He was given the chance to leave the city, but his two companions were so mixed in their stories of where they had been working that their cases were continued until tomorrow for investigation.

W. H. CARTER ADMITS THAT THE BOYS IN HIS NEIGHBORHOOD HAD AGGRAVATED HIM TO SUCH AN EXTENT THROUGH THEIR MISBEHAVIOR THAT IN A MOMENT OF EXasperation he had chased them with the intention of chastising them, and had even swung his foot at little Howard Baker, but denied that he had struck the boy. The Baker boy testified that Carter had struck him four times on the face and had kicked him on the leg, and the lad's story was corroborated by two other boys and Mrs. Margaret Barron. Carter was positive that he had never struck the boy. He said that while chasing the boy, the latter had fallen, striking his face on the pavement. The defendant had picked the boy up and when he started to run again had swung out his foot, but did not kick the lad. Mr. Carter was found guilty of the charge of battery and fined \$5.
