The day was one of brillant sunshine, with just a touch of autumn chill in the air. In the enclosure at porest park, given over to the arec-nants, the nine balloons were arranged in two rows, five being on one side of the central lane and four on the other. For four hours before the starting hour, gas was pumped simultaneously into each bag from a skeleton of specially constructed pipes leading from a gas tank in which was stored 3,200,000 cubic feet of the light-est coal gas that, according to the acro-nants, has ever been manufactured. When half filled, each balloon resembled the rounded cover to some giant cauldron. The colors of the bags ranged from an opaque chrome yellow, pecular to a con-situation of cotton doth, treated with a rubber or guita percha composition, to a light drab transparency, which charac-terized the balloons made of varnished cotton Over each half clobe was thrown

Now that Chicago has won the worldhompionship from Detroit the figures or the five games show some in tails. The "Cubs" proved to with the bat and also secar-runs, but the "Tixers" secure honors. Steinfeid and Kossmail each secured 8 hits, but the latter was at oat 19 times, while Steinfeid faced the Detroit plichere but 18 times. Evers secured 7 hits in 49 times at bat, Jones 6 in 18 attempts, Crawford 6 in 20, Coughlin 6 in 19, Siagle 6 in 22, and Schulte 5 in 19. In extra bases, Steinfeid and Cobb are tied with five, as each secured a double and a triple, Rossman and Tinkar were the other players to hit for three bags, while sheckard and Evers each got two dou-bles and Crawford and Chance one. The "Cubs" secured 10 extra bases and the "Tigers" but 6. Evers and Steinfeld were the only Chicago men to secure three hits in one game, while Jones, Crawford, Rossman and Coughlin stat-ered in three hits in a game. Rossman and Steinfeld secured five bases on their hits, as they both tripled. DETROIT AHEAD IN FIELDING.

DETTROIT AHEAD IN FIELDING.
In fielding the Detroit team excelled, but the errors of the 'Cubs' did not make much difference in the run-getting, while Chicago was able to the the first game on Detroit's errors and scored sev-eral runs on some of the other 'boots.'
The fielding averages for the teams gives Detroit six, while Chicago secured a per-centage of .94. Tinker was the greatest offender and made three misplays. Evers made two, as did Schmidt of Detroit. The players who made one error follow; Rossman, Coughin, O'Leary, Denovan, Fayne, Slagie, Chance, Kling and Schulte. Those who went through the sories, without a black mark against them are: Sheekard, Steinfeld, Zimmer-man, Overall, Reulbach, Howard, Brown, Pfeister, Jones, Schaeffer probably has the best record, as he accepted 32 chances at second without an error. O'-Leary made but one error in 26 chances and Tinker but 3 errors on 40 plays. Eyers made two kills chances without an error. Overall had six agsists and no errors, and Mullins four assists without an error. The belower fails to make good, or by second to a control of the second s

SOME EXCITEMENT.

SOME EXCITEMENT. The only English balloon, the Lotus II, went up without a hitch. The first ex-citement attending a possible mismap did not come until the strat of the Amer-ica, mailed by J. C. McCoy and Capitain C. de F. Chandler. When released the America stood stationary for several mo-ments and them glided off directly to-wards the big granistand erected at the edge of the starting field. Th their efforts to noknowledge the dem-onstartions in their honor, the zervnauta did not notice the danger until shouts of when a gust of wind swept the ballast baland was about to heav it overboard when a gust of wind swept the balast down of the dolging heads of the alarmed papela.

This is given to wind aways the alarmed beam of the dolging heads of the alarmed active to the St Loupis. The Americans were saver to keep as near the earth as possible and it was this desire which arry caused disaster. The St Louis moved so threateningly when two feet above the ground and higher start. The pilot of the St Louis, Alan R. Hawiny, had stowed all of his bid is to this that the new start was added upon rather than an attempt to incide the competing balloons seres still this when the St. Louis savended, and the start and the first savended, and the sourd waited and watched in the output net the last of the yellow globes had disappeared.

THE SUMMARY. In the fielding averages, Detroit had 67 assists and Chicago 66; in pulcouts Chi-cago had 144, while Detroit got but 139; as in the second and third games, which were played in Chicago, the "Cubs" did not take their turn at bat in the ninth inning, which accounts for the difference of six points in the totals. In figuring it up, Chicago accepted four more chances and made two more errors, while they outbatted their opponents and turned their hils into runs. Taker scored the most runs, getting around the bases four times, while schulte, Chance and Single each scored three, Steinfeld, Kling and Evers scored more than one run.
