April 11, 1876.

NEWS OF THE DAY. A Frenchman named Dostilo blown to pieces by an explosion dynamite, at St. Paul, Minn. Damage by flood at Chicot and Napoleon, Ark.

... Mr. J. C. Crane died suddenly of bronchial disease at Memphis.General rejoicing among the settlers at the Osage Mission, over the decision of the U.S. Supreme Court in the Osage ceded land case.

..... Insurrectionary attempts have recently been made by the .Germany wants more artillery

in her army. Several steam lines, running from Liverpool to New York, have resolved to materially reduce the number of trips by their steamers.Revolution, in full blast in Mexico and Hayti.

Mrs. Morgan committed sui cide, in New York, yesterday.It is said that Joyce, one the convicted revenue officials of Missouri, has been sentenced to a term of imprisonment six months

longer than the law allows.Thirty thousand dollars damage by fire at Baltimore.

......Murder in the first degree is the verdict returned against the man who recently chopped a fellow workman to pieces in Brooklyn. Mexican forces at New Laredo, yesterday, commenced an attack on the U.S. guard on the American side, and a two hours'

fight ensued.Mr. Warren Hussey, formerly engaged in the banking business in this city, has been testifying in the Emma mine case, in Washington.

.....Now Blaine is charged with corruption; \$64,000 is the amount, and it belonged to the U. P. R. R. Company. For particulars see telegrams of this afternoon.

.....Fifty-six prisoners indicted for violating the Enforcement Act, have been discharged at Baltimore. A half-witted drunkard named Diltz, a resident of Osceola, yes-terday, murdered his sister and himself.

has been increased, by the addition of Max Blumenthal, ex-deputy collector at St. Marks, Fla. stripped off the feet of the horses, and in the houses the casters from Emma mine investigating commit- the furniture and the hi tee to day; he corroborated Mr. McKean's testimony about the \$100,000 bribe mentioned in yesterday's telegrams.

EDITORIAL NOTES.

-The color war has broken out virulently in Kansas. The Legislature of that State knocked the word "white" out of the school law, and the consequent fight has law, and the consequent fight has commenced, as an exchange says of the same at Leavenworth—"The war has fairly begun, and threatens to break up the public schools of this city, as the majority of the city to ruins, and destroying about 3,000 of the inhabitants." of this city, as the majority of the parents in the city have plainly intimated that they will not sanction the mixture of white and colored the Giant and Hercules powders. pupils, and will withdraw their dynamite, nitro-glycerine, etc., are children if it is done. More than vastly more powerful and destruchalf of the members of the school live, and some of them are exceedboard have stated plainly that they ingly uncertain and dangerous in do not sanction the action of the regard to liability to explode with legislature, and will prevent the slight cause. admixture if it is possible for them to do so."

Robinson, respectively seven and six years old, disappeared from Jersey City Heights for several hours the other day, and were found in a barn belonging to William Tully in Westside avenue, where they had gathered a quantity of crockery and provisions, intending to live together the rest of their lives.

-Mr. T. J. Megibben, of Kentucky, has lost by death the shorthorn bull Second Duke of Oneida, bought for \$12,000 at the New York Mills' sale, with the Duchess of Oneida for \$25,000. The Duchess Grant. dled some time ago, after producing The Herald's Washington special thinks that General Hancock is

-In addition to all other promises, great and small, the girls in the east are making their sparks promise to take them to the Centennial before they will say yes to the great question.

-A decision has been rendered in Philadelphia that the streets belong to the city and not to the telegraph company, and that the right to erect poles depends on the good will of the city. The St. Louis Globe - Democrat commentingly says, "It is very strange that there should ever have been any question of so plain a proposition, but the notion that the city had any long to the city and not to the the notion that the city had any ed, probably fatally. rights in its own thoroughfares was in danger of disappearing utterly."

THE SEASON.

THE present is one of the most backward seasons we recollect to have experienced in these valleys The winter was exceptionally mild in the lower valleys, but severe in the upper valleys, and long drawn out in both, long at both ends in the upper valleys. Nevertheles, the general barvest may come along about as early as usual, though of course early crops are likely to be

Of late years our springs and of course our sowing and planting times have been more uncertain irregular, and precarious than they were in former times. It was common years ago to have three or four weeks settled weather in March, so that plowing and digging and early sowing and planting could be done continuously, and wet weather, which served to give the small seeds and grain a good start. Of late years, hewever, the weather has often been more mixed in the early spring, hardly giving time after rain or snow for the soil te dry sufficiently for good of the board of directors in Septembe followed by two or three weeks of

There is one thing favorable to good crops, and that is the large amount of snow that has fallen on the mountains, which, if it does not melt too suddenly, will produce the resolution was introduced and withdrawn, as a member of the board of directors. It is preper to say that a lot of worthless Arkansas R. R. bonds, were deposited as collatteral security for this money. Mr. Harrison's testimony before aYellow fever is raging with an unusually liberal amount of unparalleled violence at Rio Jan- water for irrigation. If the snow

TO-DAY'S DISPATCHES

Want to Court-Martial Babcock-Will Veto It-Hancock for Prest-

NEW YORK, 11.—The World's Washington special says that some of the officers of the army are discussing the question of convening a court-martial for Babcock's trial; they find abundant charges.

The bill reducing the President's salary is about to be vetoed by

the coming democratic candidate

Another Defaulter-Railroad

The receiver of the Security Savings Bank, which suspended some time ago, has discovered that J. M. Seal, the beokkeeper and teller, is a defaulter to the extent of \$70,000. Seal is a married man and received a yearly salary of six hundred dollars. His operations data head to

Winslow's Case, etc.,

The following way of a clever woman seems to be the way of the world generally—"I do not wish anybody to do anything naughty, but if they do, I want to know all about it."

The Tribunc's Washington special says that Secretary Fish has sent to Hoffman, Charge d'Affaires at London, an official note informing him that the United States cannot, under any circumstances, take cognizance of the act of the British Paralisment of 1870, touching extradition to the states and personnective retion treaties, and peremptorily re-fusing to give any assurance what-ever that Winslow, the Boston forger, shall not be tried for any crime except that for which extra-dition is asked.

Sentenced to be Hanged. Fuchs, the mens, was, to-day, sentenced to be Dies Ires

Prisoners Discharged. BALTIMORE, 11.—In the U. S. Court, yesterday, Judge Gurs, under the recent Supreme Court decision, sustained the demurrer to the indictments in the recent election cases of the violation of the en-forcement act, and discharged all the prisoners, fifty-six in number.

Blaine a Corruptionist. CHICAGO, 11 .- The Times India CHICAGO, 11.—The Times India-napolis special says the Sentinel, this morning, contains the follow-ing charge against Mr. Blaine, edit-orially—"J. C. Harrison, a promin-ent banker of this city is in posses-sion of a secret the exposure of which will forever blast the pros-pects of a certain prominent candi-date for the Presidency. It is this

working before another storm broke | ber 1872, Harrison who has been a THE EVENING NEWS.

Working before another storm broke and more wet fell. It has been a member of that board for a number of that board for a number of season, insomuch that there has yet been comparatively little sowing and planting done, except in the drier soils. This causes farm and garden work now to be rushing.

April 11, 1876. and garden work now to be rushing, sooner had this been done than Mr. and cultivators of the soil to be the Rollins, secretary of the board, most busy of men, that they may said—'You must withdraw that reget their necessary early work done before the hot, dry weather shall come on, which it may do all at once, and then in a week or two there will be plenty of wishes for the resolution was present at the time the resolution was introduced and the resolution was introduced and SALT LAKE THEATRE

mot melt too suddenly, will produce an unusually liberal amount of water for irrigation. If the snow should melt very quickly, then the streams and ditches and embankments will need looking after to prevent serious damage by floods.

WONDERFUL POWER OF GUN-POWDER.

LAST week the residents of this city learned by experience something of the wonderful force pent up in gunpowder, and other powders of similar nature. The following from Appleton's American force in the discover and the triple of the U.S., and that he does not in any respect or degree represent the United States, and has no authority whatever from the Government of the U.S. rity whatever from the Government of the U. S.

Murder and Suicide.

SOUTH BEND, Ind., 11.-At Os ceola, yesterday, a half-witted "The wonderful power developed by the explosion of gunpowder is shown by the experiments of Count Rumford. He loaded a mortar with ter, Mrs. Baldwin, and then, going der, and closing up every aperture to the woods near the house, cut he placed a cannon so as to rest up- his own throat from ear to ear. ter going a short distance short returned, and on some of the neighbors going to the house short ly after, she was found lying dead on the kitchen floor, in a great pool of blood, with a knife in her hand Bloody steps were seen leading
