UTAH'S

CENTENNIAL ART UNION.

THE annual Art Union of the Pioneer Art Gallery will take place on Tuesday, December 21st, at 2 o'clock p. m.

The collection comprises 200 pictures of the highest order of merit, including 10 originals, by G. M. Ottinger, and are of different values, from $5.00 upwards, the retail value of the whole lot being $1,500.00, and will be sold to shareholders for $1,000.00, thus giving each person the value of his money, and two-thirds of the number a picture of greater value than $5.00. As an extra inducement, these hard times, I will agree to give any person whose picture at $5.00 does not suit them, a dozen fine photographs of themselves or friends, in our best style, instead.

Sunday school Superintendents requiring a fine line of pictures as presents for Christmas, can select from an immense collection at the Lowest Prices.

The photographs we are now taking excite the admiration of art lovers—and now is a good time to give a fine surprise portrait of yourself to those you love best as a Christmas Box.

The largest collection of Frames and Mouldings in Utah kept in stock and marked down to living rates.

Good, durable Albums from $1.00 to $30.00, warranted of best quality. Opera Glasses, Reading Glasses, Water Colors in boxes, Crayons, Fancy Gilt Books, elegant Chromos, and lots of other notions all at very low figures.

It will pay you to visit the Art Gallery.

An Express Car Robbed.

ST. LOUIS, 18.—About five this morning the U.S. express car, on the St. Louis Kansas City, and northern train, due here at 6.15 a. m., was entered between Ferguson and Jennings, some ten or twelve miles from here, the messenger, Chas. Kinkaid, was thrown into a large package chest and locked up, and the safe was robbed of from $10,000 to $20,000 in money and goods. Kinkaid says he was lying on one of the packing boxes in the car, half asleep, when he felt a heavy hand placed on his shoulder, and he turned his head around and was confronted by a pistol in the hands of a masked man, and before he could speak he was seized by the collar from behind and found himself under cover of more pistols in the hands of another masked man. He was thrust into the large packing box by the robbers, and the lid was closed on him and locked. When the train reached St. Louis he was released. He heard the men working at the safe and supposed they were robbing it. He says the doors of the cars, besides locking with an ordinary snap lock, are secured by chains fastened loosely on the inside, so that they can be opened four inches, but still so secure that nobody can enter the car. He, on taking charge of the car at Kansas City, observed that one of the staples on the rear door had been drawn out, and the chain on that door was useless. After leaving Mexico he has nothing to do, and usually takes a short nap in that end of the route. When Kinkaid lay down on the packing box he took the precaution to place his heaviest trunk, weighing about 150 pounds, against the door, but so noiselessly did the robbers enter that the messenger did not hear them. On being released he was in a half smothered condition. The car was in pretty good order, few packages being scattered about. The safe was rifled of all its valuables. Kinkaid can give a very meagre description of the robbers, and the detectives here have so far discovered no clue to them.

Visiting Centennial Buildings.

PHILADELPHIA, 18.—This a.m. the guests of the Centennial Commission left the Centennial Hotel for Fairmount Park. President Grant joined the company, which arrived on the Centennial grounds about half past eleven, after a drive of over an hour. The party entered the Horticultural Hall, which was tastefully decorated, Secretary Chandler escorting the President, G. W. Childs, Mr. Grant and Secretaries Bristow and Robeson following. The beautiful building inspected, the company entered the Banquetting Hall, and, after prayer by Bishop Simpson, partook of a delightful *dejeuner*, made more enjoyable by the music of a fine orchestra. J. C. Bullitt presided.

NEW YORK, 18.—David Felsenheld, of San Diego, is now here for the winter, to aid ex-Governor Brown, of Tenn., in the outside management of a movement in favor of the Texas Pacific Railway bill. He bid good bye to the crowd, and kissed his hand to the ladies. About six thousand persons witnessed the execution.

She received orders to go to Portland on the second inst., and when about 400 miles north of here she was thrown on her beam ends in a gale; she shifted her ballast, sprang a leak, cut away her main and mizzen top-masts, lost one man over board, carried away her bulwarks and everything on deck, and arrived here this evening.

Condition of the Providence Tool Company.

PROVIDENCE, R. I., 19.—The Providence Tool Company, in its statement, says it has a contract to manufacture six hundred thousand rifles for the Turkish government, of which 220,000 are completed; that during the past year it has reduced a debt incurred in making preparation to the amount of $800,000, and has added $300,000 to its general assets. A combination of unfortunate circumstances has compelled it to ask its creditors for an extension. The assets of the company are estimated to exceed its liabilities by a million and a quarter dollars. The stockholders, who are wealthy, intend to employ their utmost resources to aid the extrication of the company from its embarrassment.

News from Japan and China.

The following is from the Japan *Herald and Gazette* of November 25—

The political crisis appears to have passed over, the Mikado and his government having triumphed over those who wished to involve the country in war or revolution.

A proclamation has been issued intimating that the age of feudalism is past forever.

A new code of regulations for military levies has been promulgated; the object of the government is to render the service compulsory upon all classes, and to train the entire male population to the use of arms.

Mori Aronoi, formerly minister to the U. S., and latterly vice minister of foreign affairs, has been appointed minister to China.

A rumor has appeared in the native papers that reparation will be demanded of Corea for firing upon the Japanese vessel *Unyo Kan*, and that the ministers of war and navy have been ordered to make preparations.

George Clark, late quartermaster of the Pacific Mail steamer *Golden Age*, has been arrested for robbery of silk from that ship, in September last.

A burglary has been committed at the U. S. consulate by natives; money and other property and the consular seals were stolen; the latter have been recovered.

Prosecutions under the press laws are still active.

Convicts at Osaka prison attempted to escape on Nov. 4th; several were killed by the guards and the attempt was frustrated.

The government has decided to establish a military camp at the Loo Choo Islands.

Officers have been delegated by the government to establish order in the Bonin Islands, where considerable lawlessness recently occurred.

It is reported that an entrance was forced into the mint at Osaka and a large amount of coin taken.

The return of Moriyama from Corea has again aroused a desire among the military for a Corean expedition.

The treaty between Russia and Japan for the exchange of the Kurile Islands for Saghalien provides that subjects shall be allowed to remain in or leave those Territories, as they may decide, those remaining receiving equal rights and protection to property and religion.

The following is from the Hong Kong *Press*, to Nov. 15—

The Peking *Gazette* publishes a decree regarding foreign travellers in the provinces, requiring them to take out passports with proper official seals; foreigners committing unlawful acts are to be turned over to the nearest consul.

An attack was recently made on the Dutch residency and fort at Menando, Celebees Islands, by three piratical prahns; some fifty landed and attacked the fort, but were repulsed; they then attacked the house of the resident and gutted it. Mrs. Van Musschendrock, the resident's wife, and children and nurse, were in the house, but they were saved by the arrival of troops. A fight ensued and the pirates were routed with great loss, and fled to their prahns, two of which had been in the meantime seized by a government schooner. About fourteen got into one prahn, but were finally captured. In all twenty were killed and the remainder captured and held in custody. The prisoners were all Mahommedans, and, from their statements, the attack seems to have been instigated by religious fanaticism.

A telegram from Amoy, dated Nov. 10th, reports the total loss of the steamer *Glengyle*, on Namoa Island, the preceding morning. The steamer was bound to Swatow; she struck a rock in Chimney Bluffs passage and sank in fifteen fathoms. Captain Carnell and the third officer and fourth engineer were lost.

A telegram from Singapore, dated Nov. 10th, reports that the Dutch mail steamer *Kronprinz*, from Singapore to Batavia, was totally lost through a collision with the steamer *Atjeh*.

Advices from Manilla report that the tobacco crop is very large and of superior quality. There have been a number of severe earthquakes lately, but no serious damage was done.

FOREIGN.

GREAT BRITAIN.

The "Salier."

SOUTHAMPTON, 19.—The steamer *Salier*, which replaced the *Mosel*, took on board over sixty passengers saved from the *Deutschland*, and sailed for New York. The authorities at this port took every precaution to ensure public safety while the *Salier* remained at the docks, and the German consul assured the passengers that the steamer's entire cargo had been most rigidly examined.
