

## EDUCATIONAL.

## L. D. S. UNIVERSITY.

The last issue of the Gold and Blue, bright, new, and full of vim, was distributed this week.

Prof. John T. Miller, Mrs. B. F. Goddard, and Prof. C. D. Schettler, furnished the program at general meeting on Wednesday. Prof. Miller spoke to the young men only, Mrs. Goddard to the young women, and Prof. Schettler gave some fine guitar selections.

All the class societies held meetings on Friday from 8 to 10 p. m., with interesting programs, in five different rooms.

The night class society announces a very interesting program for Monday night.

The metal shingles for the roof of Barratt hall have arrived, and now everything looks favorable for the early completion of this building.

The close proximity of the art institute exhibit to the departments of the University has made it possible for all the students that desired to do so to visit the exhibition. This is only one example of the many advantages of our convenient and central location.

The report that Instructor Snow had resigned spread dismay through the classes in French and German yesterday, but delight was shown in every face when it turned out that the report was wholly erroneous.

Instructor Fielding has been at his post for some time past, after his siege of typhoid fever. He is looking rosy and well now, and the classes in telegraphy are fairly "humming." Every student congratulates Brother Fielding on his recovery.

New oak seats for the telegraphy department have just been put about the tables. Each two instruments are several connected so that every student can send and receive in equal amounts. The telegraphy equipment is the admiration of all visitors familiar with modern telegraph office work.

The separate meetings of boys and girls last Wednesday demonstrated that no two rooms in the present buildings can contain all the students. The lady-students were packed into room 204, but one of them fainted in consequence. Hereafter, it is said, when the students separate by sexes, one meeting only will be held, and the other half will be given a recess.

At the last meeting of the night class society, President Paul, by invitation, lectured on the technical side of parliamentary law, presenting the regular and the privileged questions in such a manner that all present could understand the most important of the rules governing public assemblies. To adjourn, to postpone, to commit, and the previous question, were handled in a masterly and simple fashion that cleared up most of the mists that surround these perplexing special motions.

## BRIGHAM YOUNG COLLEGE.

Logan, Dec. 5.—The faculty will tender the students a reception on Saturday night, Dec. 7th. Arrangements are all made, and every member of the faculty is working hard to have the reception a most successful entertainment. The various classes also, in view of the labor of the faculty in this respect, are preparing to be well represented, and are making class flags, badges, etc., of their colors, which harmonize nicely with the college crimson.

All will meet at 7 o'clock p. m. in the assembly hall, where a program will be rendered. The essential features of the evening procedure will be as follows:

1. A College Song.
2. Prayer.
3. Song—College Glee Club.
4. Address of Welcome—President J. M. Linford.
5. Violin Solo—Prof. Chas. M. Harris.
6. Presentation of College Flag.
7. Response—Trustee Wm. B. Preston.
8. Vocal Solo—Miss Constance Thatcher.
9. Address—President Jos. F. Smith.
10. German Song—German Class.
11. Reading—Miss Bush.
12. Remarks—Supt. J. M. Tanner.
13. Song—Class, 1902.

After the rendering of this part of the program, all will repair to the gymnasium, where dancing will begin. During the evening, there will be a fencing exhibition in the assembly hall, and lemonade and candy will be served in the gymnasium and in room 11.

Students are still coming, and of late quite a number of new ones have registered, perhaps due partially to the action of the trustees to admit students who want only one course, for the reduced fee of \$6. New students coming in is also due to the very nice equipment of the business department. Many young men and women of the town are availing themselves of the privilege of taking a good thorough practical course in bookkeeping.

The surveying class is practicing everywhere on our campus and lawns, to ascertain if previous surveys are correct in the plans they have made, and the members of the class are getting excellent practice as well.

The college expects a visit from President Jos. F. Smith, and other members of the college board, this week.

Professor Mosiah Hall and other Teacher Miss Peterson, are engaged for summer school in Fremont Co., Idaho. Professor Hall will conduct the school.

The class in history of philosophy is getting great value out of this subject. They are now considering the Plato Philosophy.

Mr. Peterson, father of Miss Peterson, critic teacher, died recently. The faculty and students join in giving their sympathy to Miss Peterson in her great bereavement.

Basket ball goes fine now. Manager David Allen says our team does not back down for any team. He says the team is ready to receive and give challenges to everybody.

## UNIVERSITY OF UTAH.

President J. T. Kingsbury returned from the East Monday. After leaving the city of Washington, he spent six days at Harvard, three days at University of Pennsylvania, and visited the University of Chicago. At all three places he saw interesting football contests.

Elder Henry W. Naisbitt conducted chapel exercises last week. Prof. D. R. Allen will lead in the exercises during the coming week.

Professor W. M. Stewart gave a talk before the Patrons of the Bonneville school last night.

Professors Allen and Stewart will deliver an illustrated lecture at Eureka on Dec. 14.

Last night, the Social League gave a successful dancing party in the physical building.

Instructor Fred Reynolds, who has been pursuing his studies at Harvard, has been induced to give up his scholarship and receive an instructorship in the department of English. He teaches English at, and Nineteenth Century Literature. At Radcliffe he has Advanced Composition and Eighteenth Century Literature. Mr. Reynolds is also doing some studying.

Professor G. M. Marshall delivered a lecture before the normal society yesterday. His subject was "College Life and Customs."

Principal J. E. McKnight of the training school is now sick with typhoid fever.

The "Chronicle" offers a prize of fifteen dollars for the best patriotic school song. Compositions must be in by Jan. 1st. The offer is limited to subscribers.

At a meeting of the football team Thursday, Mr. George Brown was elected captain for the coming year. The team next year will consist of the same men with the exception of Mr. Ben Harker. Mr. Harker leaves Dec. 26 for a mission to Germany. At that meeting the boys disbanded for the year. Yesterday they had their pictures taken.

The "Silk Sox" now hold the state championship for one hundred and thirty pound teams.

The Engineers will give a dancing party at Christensen's Dec. 13.

## BRIGHAM YOUNG ACADEMY.

Provo, Utah, Dec. 5.—Professor Wolfe will lecture in the Sanpete Stake Academy in Ephraim on Saturday.

"The Hired Girl" was the subject of Professor Brinshell's lecture before the Parents' class on Wednesday night.

Professor Hinkley and Mrs. Ida S. Dusenberry attended the teachers' institute in Sanpete county last Saturday.

Leonard Schofield, formerly business manager of the "White and Blue," has been visiting at school this week renewing old acquaintances.

The second issue of the "White and Blue" came out on Monday bringing with it the usual good cheer and abundant food for reflection.

The Wasatch students held their regular meeting on Monday and had as special visitors President Murdoch and President Jensen, of Wasatch Stake.

William Lewis, one of the music teachers of the academy who has been ill with typhoid fever for some time, is now convalescing and will soon be able to resume his work.

Jesse Knight and Oscar B. Young, members of the general board of the academy, were present at the Sunday evening meeting.

The academy was favored this week by the visit of two of the Seven Presidents. Elder George Reynolds was at school on Tuesday and Elder Rulon S. Wells on Wednesday.

Nathaniel Tanner, one of the teachers from the Beaver branch, visited school on Monday. It was a gala day for Beaver students low here as the visitor came well prepared to give them the latest news about friends at home.

The academy Sunday school was visited last Sunday by the Stake Superintendent, L. E. Eggerston, Arthur Southwick, J. H. Rawlins visited the various classes during the time they were in session and expressed their satisfaction at the work being done.

The literary society has made arrangements for another recital to be given by Miss Margaret Barry, the noted elocutionist. The students are anxious to hear Miss Barry interpret Shakespeare's characters and the event promises to be a success.

Memorial services in honor of Lucian Deal, a student of the commercial college who recently died in Springfield, were held in College hall on Wednesday morning. Remarks were made by Professor Brimhall, Professor Keeler, Professor A. C. Lund and Arthur Chadwick. A copy of the resolutions of respect, which were adopted by the school, will be sent to the family and printed in the next issue of the "White and Blue." Lucian Deal was one of the best students of the commercial college and he is sincerely mourned by his classmates and many friends.

## BEAVER BRANCH B. Y. A.

Beaver, Dec. 2, 1901.—Thanksgiving day was celebrated in good style at the school, an interesting program being carried out in the morning meeting including Thanksgiving stories, songs, piano solos, etc. At the close of the meeting an interesting basketball game was had between the "odd fellows" and the "other fellows," the latter winning by a score of 16 to 9.

After the rendering of this part of the program, all will repair to the gymnasium, where dancing will begin. During the evening, there will be a fencing exhibition in the assembly hall, and lemonade and candy will be served in the gymnasium and in room 11.

Students are still coming, and of late quite a number of new ones have registered, perhaps due partially to the action of the trustees to admit students who want only one course, for the reduced fee of \$6. New students coming in is also due to the very nice equipment of the business department. Many young men and women of the town are availing themselves of the privilege of taking a good thorough practical course in bookkeeping.

The surveying class is practicing everywhere on our campus and lawns, to ascertain if previous surveys are correct in the plans they have made, and the members of the class are getting excellent practice as well.

The college expects a visit from President Jos. F. Smith, and other members of the college board, this week.

Professor Mosiah Hall and other Teacher Miss Peterson, are engaged for summer school in Fremont Co., Idaho. Professor Hall will conduct the school.

The class in history of philosophy is getting great value out of this subject. They are now considering the Plato Philosophy.

Mr. Peterson, father of Miss Peterson, critic teacher, died recently. The faculty and students join in giving their sympathy to Miss Peterson in her great bereavement.

Basket ball goes fine now. Manager David Allen says our team does not back down for any team. He says the team is ready to receive and give challenges to everybody.

Professors Allen and Stewart will deliver an illustrated lecture at Eureka on Dec. 14.

Last night, the Social League gave a successful dancing party in the physical building.

Instructor Fred Reynolds, who has been pursuing his studies at Harvard, has been induced to give up his scholarship and receive an instructorship in the department of English. He teaches English at, and Nineteenth Century Literature. At Radcliffe he has Advanced Composition and Eighteenth Century Literature. Mr. Reynolds is also doing some studying.

Professor G. M. Marshall delivered a lecture before the normal society yesterday. His subject was "College Life and Customs."

Principal J. E. McKnight of the training school is now sick with typhoid fever.

The "Chronicle" offers a prize of fifteen dollars for the best patriotic school song. Compositions must be in by Jan. 1st. The offer is limited to subscribers.

At a meeting of the football team Thursday, Mr. George Brown was elected captain for the coming year. The team next year will consist of the same men with the exception of Mr. Ben Harker. Mr. Harker leaves Dec. 26 for a mission to Germany. At that meeting the boys disbanded for the year. Yesterday they had their pictures taken.

The "Silk Sox" now hold the state championship for one hundred and thirty pound teams.

The Engineers will give a dancing party at Christensen's Dec. 13.

## BRIGHAM YOUNG ACADEMY.

Provo, Utah, Dec. 5.—Professor Wolfe will lecture in the Sanpete Stake Academy in Ephraim on Saturday.

"The Hired Girl" was the subject of Professor Brinshell's lecture before the Parents' class on Wednesday night.

Professor Hinkley and Mrs. Ida S. Dusenberry attended the teachers' institute in Sanpete county last Saturday.

Leonard Schofield, formerly business manager of the "White and Blue," has been visiting at school this week renewing old acquaintances.

The second issue of the "White and Blue" came out on Monday bringing with it the usual good cheer and abundant food for reflection.

William Lewis, one of the music teachers of the academy who has been ill with typhoid fever for some time, is now convalescing and will soon be able to resume his work.

Jesse Knight and Oscar B. Young, members of the general board of the academy, were present at the Sunday evening meeting.

The academy was favored this week by the visit of two of the Seven Presidents. Elder George Reynolds was at school on Tuesday and Elder Rulon S. Wells on Wednesday.

a large and appreciative audience and at the close it was decided to allow all to dance a short time, the party being known as the "posthole" dance.

The students and faculty feel very much encouraged over the prospects for a new building as matters are being shaped in that direction very satisfactorily.

Prof. Maeser has been confined to his room a few days with "grip," but is on his feet again.

Instructor N. H. Tanner was called to Payson Friday on account of the death of his sister, Mrs. Nebeker, of that place.

## HIGH SCHOOL.

On Wednesday morning no regular program was given in either of the assembly rooms, but Mr. Eaton talked to the pupils of the junior and senior classes on "Methods of Studying." He emphasized the subject of individual study. The best results are obtained only by those who prepare their lessons alone. A boy who solves one original problem in geometry has gained for more than another who has secured the result by the aid of another pupil. He also showed how much time and energy are wasted by lack of concentration of thought. If a pupil gives ten cases of deafness is traced to throat trouble; this is probably overstated, but it is certainly true that more than half of all cases of poor hearing were caused by catarrh.

The catarrhal secretion in the nose and throat finds its way into the Eustachian tube and by clogging it up very soon affects the hearing, and the hardening of the secretion makes the loss of hearing permanent, unless the catarrh which caused the trouble is cured.

Those who are hard of hearing may think this a little far fetched, but any one at all observant must have noticed how a hard cold in the head will affect the hearing and that catarrh if long neglected will certainly impair the sense of hearing and ultimately cause deafness.

If the nose and throat are kept clear and free from the unhealthy secretions of catarrh, the hearing will at once greatly improve and anyone suffering from catarrh and catarrhitis should take of Stuart's Catarrh Tablets, a new catarrh cure, which in the past year has won the approval of thousands of catarrh sufferers as well as physicians, because it is in convenient form to use, contains no cocaine or opiate and is as safe and pleasant for children as for their elders.

Stuart's Catarrh Tablets is a whole-some combination of Blood root, Gualac, Eucalyptol and similar antiseptics and they cure catarrh and catarrhal deafness by action upon the blood and mucous membrane of the nose and throat.

As one physician aptly expresses it: "You do not have to draw upon the imagination to discover whether you are getting benefit from Stuart's Catarrh Tablets; improvement and relief are apparent from the first tablet taken."

All druggists sell and recommend them. They cost but fifty cents for full sized package and any catarrh sufferer who has wasted time and money on sprays, salves and powders, will appreciate to the full the merit of Stuart's Catarrh Tablets.

David McElroy, Grace Oatman, Fred Evans, Isabella Pardo, Beale Butcher, Oscar Knapp, Will Springall, Jas. Linell, Edna Irvine, Florence Foulton and Anson Thomson.

In room 8, the following reached 100 per cent: Ruby Morley, Vida Glaucus, Lily Reiser, Orson May, Chas. Kabinas, Sibyl Hansen, Elsie Busath, Nettie New-comer and May Oatman.

Pupils in room 6 who stood 100 per cent: Byron Spry, Mary Cronin, Clyde Lawrence Nink, Katie Anderson, Earl Rytting, Raymond L.

Basket ball has rained such a foothold among the high school pupils that the boys have organized a team with the following line-up: Forwards, William Nuttall and Dale Pitt; center, Le Roy Bourne; guards, Harry Bero and Harry Moore.

Thursday afternoon of next week the Juniors play a match game of basketball with the Sophomores.

A picked team of the high school football players will play a game with the Provo team Saturday, December 13.

Reta Kahn, a member of the first year classical class, has left school on account of sickness in the family.

## SALT LAKE CITY SCHOOLS.

Mrs. Alexander was a visitor at the Lincoln school on Thursday.

A parents' meeting will be held at the Sumner on Thursday, Dec. 12.

A sample of cotton as it grows in the field has been procured from South Carolina and has been made the basis of some interesting language lessons at the Lincoln the past week.

Superintendent Cooper of Seattle has sent to Superintendent Christensen for specimens of drawings from our schools. A compliment to Supervisor Elliott.

Miss Palmer, of Utah county, was a visitor at the Union Thursday, Dec. 5.

Mrs. Munn being out of school on the 4th, her place was filled by Mrs. Angell.

Mrs. Elliott visited the Sumner, Webster, Irvine, Washington and Lincoln schools this week.

Miss Katharine McDonald of Marion, Indiana, spent Tuesday with her cousin, Miss Olive Thompson, of the Union school. Miss McDonald left Wednesday morning for Albion, Iowa, where she will introduce the kindergarten work in the public schools.

Miss Mori substituted for Miss Benton at the Jackson on Monday, and for Mrs. Held at the Lowell on Wednesday and Thursday.

Miss Tibbets substituted for Miss Davis at the Webster on Wednesday and Mrs. Angell for Mrs. Munn at the Union on Wednesday and Friday.

Mr. Huff of the Bryant visited the Lowell and Ogden on Thursday.

Miss Embree of Kentucky was an interested visitor at the Lowell on Friday.

The Sumner school will have a parents' meeting on Friday afternoon. The exercises will consist of song training in beginning, reading from Miss Ulmer's room, and rhythmic drawing in Miss Cutler's room. The cigarette habit will be discussed and will be led by Mr. Leatherwood.

The last feature will be a question box, in which subjects will be placed for discussion.

A mothers' meeting will be held at the Franklin school on Friday next.

A contest in spelling occurred at the Lincoln school on Wednesday among rooms 6, 7 and 8, resulting as follows: Room 7, 99.42 per cent, room 8, 95.75 per cent, room 6, 92.91 per cent. Room 8 seemed to want another trial, and nine of that room classed the entire number of pupils in room 7 as correct, after a spirited contest, room was again compelled to an inglorious defeat. Room 7 still holds the picture, an engraving of the "Horse Fair."

In the contest on Wednesday twenty-four pupils in Mr. Arnold's room each stood 100 per cent, as follows: Cook, Eva Newcomer, Ethel Briggs, Marguerite Reiser, Gail Heath, Nellie Pitt, Irene Hobbs, Emma Rasmussen, Mary Cordie, Ethel Watson, Burt Oatman, Olivette Buttle, David Watson,

## WHAT CAUSES DEAFNESS.

The Principal Cause is Curable, but Generally Overlooked.

Many things may cause deafness, and very often it is difficult to trace a cause. Some people inherit deafness.

Acute diseases like scarlet fever sometimes cause deafness. But by far the most common cause of loss of hearing is catarrh of the head and throat.

A prominent specialist on ear troubles gives his opinion that nine out of ten cases of deafness is traced to throat trouble; this is probably overstated, but it is certainly true that more than half of all cases of poor hearing were caused by catarrh.

The catarrhal secretion in the nose and throat finds its way into the Eustachian tube and by clogging it up very soon affects the hearing, and the hardening of the secretion makes the loss of hearing permanent, unless the catarrh which caused the trouble is cured.

Those who are hard of hearing may think this a little far fetched, but any one at all observant must have noticed how a hard cold in the head will affect the hearing and that catarrh if long neglected will certainly impair the sense of hearing and ultimately cause deafness.

If the nose and throat are kept clear and free from the unhealthy secretions of catarrh, the hearing will at once greatly improve and anyone suffering from catarrh and catarrhitis should take of Stuart's Catarrh Tablets, a new catarrh cure, which in the past year has won the approval of thousands of catarrh sufferers as well as physicians, because it is in convenient form to use, contains no cocaine or opiate and is as safe and pleasant for children as for their elders.

Stuart's Catarrh Tablets is a whole-some combination of Blood root, Gualac, Eucalyptol and similar antiseptics and they cure catarrh and catarrhal deafness by action upon the blood and mucous membrane of the nose and throat.

As one physician aptly expresses it: "You do not have to draw upon the imagination to discover whether you are getting benefit from Stuart's Catarrh Tablets; improvement and relief are apparent from the first tablet taken."

All druggists sell and recommend them. They cost but fifty cents for full sized package and any catarrh sufferer who has wasted time and money on sprays, salves and powders, will appreciate to the full the merit of Stuart's Catarrh Tablets.

David McElroy, Grace Oatman, Fred Evans, Isabella Pardo, Beale Butcher, Oscar Knapp, Will Springall, Jas. Linell, Edna Irvine, Florence Foulton and Anson Thomson.

In room 8, the following reached 100 per cent: Ruby Morley, Vida Glaucus, Lily Reiser, Orson May, Chas. Kabinas, Sibyl Hansen, Elsie Busath, Nettie New-comer and May Oatman.

Pupils in room 6 who stood 100 per cent: Byron Spry, Mary Cronin, Clyde Lawrence Nink, Katie Anderson, Earl Rytting, Raymond L.

Basket ball has rained such a foothold among the high school pupils that the boys have organized a team with the following line-up: Forwards, William Nuttall and Dale Pitt; center, Le Roy Bourne; guards, Harry Bero and Harry Moore.

Thursday afternoon of next week the Juniors play a match game of basketball with the Sophomores.

A picked team of the high school football players will play a game with the Provo team Saturday, December 13.

Reta Kahn, a member of the first year classical class, has left school on account of sickness in the family.

SALT LAKE CITY SCHOOLS.

Blanche Davis, Myra Bates, Oscar Davis, Linn Smith, Albert Seimoth.

## OQUIRH.

The pupils and teachers of the Oquirrh feel highly indebted to Mrs. J. H. McCooy, who very kindly loaned the pictures of the celebrated queen of the Hawaiian islands and her royal spouse. They were especially interesting to the pupils who have had the geography and history work pertaining to Hawaii.

Supervisor Wetzel was at the Oquirrh the first of the week and gave music lessons, laid out work for the teachers, and incidentally lunched with them and the principal. He was heartily welcomed to the building, and succeeded in arousing such enthusiasm as to lead to a genuine revival in music. Teachers and pupils alike, will welcome his future visits.

Miss Kate McKenzie of the Oquirrh, has been removed from the hospital at Butte to her mother's home, but is improving so slowly that it is impossible for her to return before the holidays.

Miss Bain of Park City visited the seventh and eighth grades in the Oquirrh on Monday.

Mrs. McCarrick an Oquirrh patron, very kindly loaned some very fine specimens of Mexican pottery and basket work to assist the fifth and seventh grades in their art study.

Miss Ella Dyer, a fifth grade Oquirrh pupil, has returned from a seven week's visit in Mississippi, bringing with her specimens of sugar cane, cotton, all cake and Spanish moss, which are interesting additions to the geography study.

A peep into room 14 at the Oquirrh reveals a remarkably large collection of over a hundred Marbans (ancient and modern) gathered by the enthusiastic teacher, Miss Jennie Caulfield. The collection is still growing through the efforts of the interested pupils who are studying it in connection with the Christmas thought. As a part of the drawing work, the pupils are illuminating for Christmas gifts, William Henry Channing's inspiring symphony: are also other sixth, seventh and eighth grade pupils in the city school.

At the recent Monday afternoon meetings of the Oquirrh teachers, pronunciation and phonics have been exhaustively discussed. The graduated table of sounds and the phonics drill given at the last meeting by Principal McCoy, who has made a thorough study of the subject, were excellent and will doubtless prove very helpful to the teachers.

of the most stubborn and distressing kind positively cured permanently by NAUSEA DYSPEPSIA CURE, which is now recognized in the medical world as the only specific known. No matter how long you may have suffered you can find immediate relief if you will do what thousands of others have done try this wonderful remedy. It is not a patent medicine. It is the prescription of one of the most famous physicians in the world, and has been doing good for more than ten years. A woman who without in agony for 25 years found perfect health through this marvelous medicine. Hundreds of men and women who have been painfully troubled for from 10 to 20 years have been cured. Ordinary cases of dyspepsia—of from one month to a year's duration—cured with one bottle.
