

Idaho News From Her Main Cities and Towns.

W. E. BORAH HANGS SCALPS ON BELT

Senator Heyburn Not Consulted Regarding Official Decapitations in Idaho This Week.

FULL SWAY IN NAMING MEN.

Junior Senator Compensated by Indicating Successors to the Late Lamented Ruick and Rounds.

Special Correspondence.
BOISE, Idaho, June 18.—Two telegrams were received in Boise this week, the substance of which was as follows: Mr. Ruel Rounds, Boise, Idaho: The president has removed you from the office of United States marshal for the district of Idaho.

BONAPARTE.
Attorney General.
Mr. Shadrach Hodgins, Boise, Idaho: The president has signed your recess commission as United States marshal for Idaho. Qualify.

BONAPARTE.
Attorney General.

This makes the second victim to come under the president's ax within the last week, the first being that of District Attorney Ruick, who met with this fate last Friday, and now comes Mr. Rounds. And rumors have it that Postmaster Fenton will not last long, but just when this will take place is hard to anticipate.

It is stated on the sole recommendation of Senator Borah, President Roosevelt today appointed C. H. Lingenfelter to be United States district attorney for Idaho, and Shadrach J. Hodgins to be United States marshal, succeeding respectively Norman M. Ruick and Ruel Rounds, removed. The appointments were made at the White House this afternoon after the president had conferred with Senator Borah by wire.

HEYBURN NOT CONSULTED.

It was stated at the White House that Senator Heyburn had not been consulted about either of these appointments, as he was supporting the men removed. This does not coincide with the statement made in the Heyburn circles here, where it was declared last week that Heyburn had desired to withdraw, or abandon his support of Ruick. The commission of Lingenfelter and Hodgins will be made out immediately and forwarded and they will be directed in getting into office.

SYMPATHY FOR BORAH.

As these are recess appointments it will be necessary to send the nominations of both men to the senate when Congress reconvenes in December. There are said to be several reasons why the president allowed Senator Borah to have full say in the selection of the successors of Ruick and Rounds. The president had great sympathy for Borah in his trouble with these two officials and undoubtedly felt that it would largely compensate him if he should be able not only to carry off the scalps of Ruick and Rounds but also have full sway in naming their successors.

CHANGE IN POSTOFFICE.

Boise may soon have three branch postoffices, the one in the residence section of the city as to facilitate more immediate and efficient service. The matter was first taken up with the department last February, by Postmaster Fenton, and word has just been received from Washington, that Borah has recommended they be established.

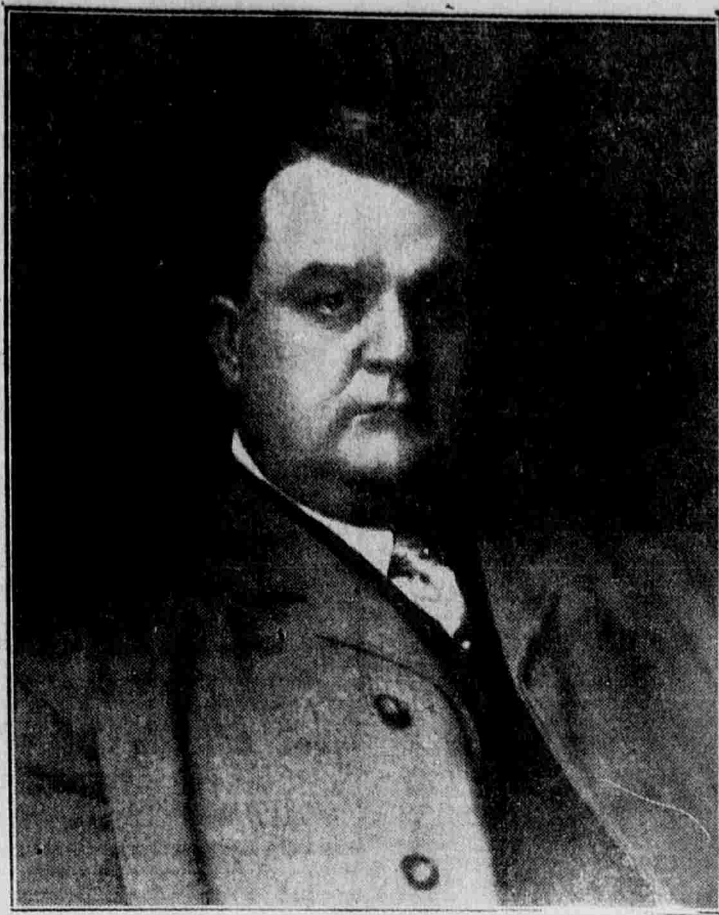

If the plan meets with success in the neighborhood where these offices will be established, an effort will be made to find a storekeeper who can be appointed as clerk in charge. The locations being considered are on the west end of Main street, near Sixteenth and Eastman, and Warm Springs avenue. The carriers in those parts of the city will thereafter make headquarters at the branch office instead of coming down town, and in all cases the locations given are about the center of a carrier's territory. The present clerical force at the postoffice will not be reduced by such a change in the service.

Petitions are now being circulated, asking the establishment of a rural route out of Boise to cover a scope of country on Dry creek, and Mr. Fenton stated yesterday that it is his intention that the inspector comes to view this to take up the readjustment of all routes so that the country service may become as near complete as possible.

ESCAPES FROM ASYLUM.

Dennis Raymond is the name of a little old man, attired in ragged clothing and with an unkempt beard, who applied at the police station Sunday night for a bed. In conversation with Captain Phillips, the man said that he had escaped some time ago from the asylum at Blackfoot.

The claim made by the man caused the authorities to call up Dr. Hoover

JUDGE K. I. PERKY.

The above is the likeness of "The Immovable, the undaunted Perky," "the big man from Boise," who placed his stalwart form upon a chair in front of the rostrum in the late Twin Falls Democratic convention, as the elected chairman of the "true blue" anti-Dubois Democrats, and in the midst of a pandemonium carried his half of the convention through to a complete organization and election of delegates, to the national convention.

Judge Perky has always been known as a "standpatter," and during his five years of residence in Boise, he has built up a splendid reputation as a jurist.

superintendent of the asylum, who stated that the story was true. An attendant from the asylum was expected to reach the city to take Raymond back to Blackfoot. This makes the second time Raymond has escaped from the institution, the first time being April the 25th, 1905. Raymond told the officers that he had walked from Nampa to Boise, and his appearance indicated the truthfulness of the statement. He also claims that he had been in California and Utah, since his escape, going from Salt Lake to Nampa.

SHERIFF HODGINS RESIGNS.
The candidates for appointment as sheriff of Ada county will have but a few short days to further their candidacy, as a special session of the county commissioners has been called for Monday morning at 10 o'clock to act upon the resignation of Sheriff Shad Hodgins, tendered yesterday.

Five candidates are in the field and it is suggested that there are a number who may go after the place as dark horses. W. I. Thrall, W. H. Sherrill, W. C. Lane, C. E. Marsden and W. J. Driscoll are avowed applicants for the appointment, and it is rumored that under sheriff C. C. Siggs and Daniel Ackley are receptive candidates for the position.

BETTER BUREAU WANTED.
The league of southern Idaho commercial clubs has taken up a movement to secure for Idaho a more valuable bureau of immigration and statistics. The league believes that the state is now handicapped because of lack of funds to carry on the work of the bureau, and that its managers, with their present means cannot do themselves or the state justice. It will ask the Tenth legislature to appropriate at least \$25,000 a year for 1909 and 1910 to enlarge the bureau.

Secy. Ralley Atkinson of the league has recently written letters to the clubs in the league urging them to act for a better bureau. The work of the present commissioner is very commendable so far as the appropriation will allow to carry on this work but it is felt by the people of the state that a more liberal appropriation be made and additional help secured to gather statistics throughout the various parts of the state, the state ultimately would be the gainer thereby.

Owing to the undeveloped resources of the state, by an extra effort put forth Idaho's valuation could be increased 50 per cent in a very short time, and as the revenue of the state is derived from its assessed valuation, the consistency of such a move on the part of the league is a very wise one.

SHEEP MAN FINED.

Finley McKenzie, a prominent and wealthy sheep man living near Caldwell, paid a fine of \$14 and costs of \$5, at a special session of the municipal court last night, held for the purpose of disposing of his case, wherein he was charged with riding a horse on the sidewalk. McKenzie was arrested early Tuesday evening by Officer Hawley. He was riding Thos. Hall's saddle horse

LARGE CORTAGE FOLLOWS FUNERAL

Masons and Knights Templar in Uniform Join in Exercises At Pocatello.

RANCHER DESERTS HIS CLAIM

Walter C. Sherwood Suffers Delusion As to His Rights in Portneuf Canyon.

Special Correspondence.
POCATELLO, June 18.—The funeral of Conductor Fred G. Rice, who died Sunday evening at 5:45, was held Tuesday afternoon at the Episcopal church. By request, Rev. P. Murphy of Payette, formerly pastor of the Episcopal church here, officiated at the services. The funeral was conducted under the auspices of the Masons, who turned out in force.

It so happened that the annual convention of the Knights Templar convened here Tuesday forenoon, and they attended in a body, in regalia and uniforms. A large delegation of the Order of Railway conductors was also in attendance, which by the presence of other citizens, made the funeral cortege one of the largest this season.

The floral decorations were very beautiful. Mr. Rice leaves a wife and a son and daughter, who are grown. The deceased was a highly respected member of the community and had been serving the O. S. L. train department 22 years.

WORKMAN INJURED.

Will Gray, an employee in the truck gang at the round house, was painfully injured Tuesday morning at about 11 o'clock by being struck in the mouth by an air hose, which he was disconnecting. He did not know that the hose was charged with high pressure of air. The result was that he was struck violently in the mouth, cutting the lower lip, besides knocking out three upper and one lower tooth.

RANCHER WANTED.

Walter C. Sherwood, a rancher in the Portneuf canyon, who left his ranch and family a few days ago under a wrong impression as to his legal rights to the homestead, is wanted on the premises. He can obtain possession by cancelling his claim of condemnation and make a regulation entry of five years' residence on the land. United States Commissioner Fred G. Caldwell is anxious to explain this point of law, and he desires that Sherwood should return to his domicile, as he has a good ranch, which should not be allowed to fall into other hands.

J. G. Adams of Salt Lake City has opened a brokerage office in the Bannock hotel. He will deal in grain, general stocks and provisions. Tomorrow a vote will be taken by the qualified taxpayers of Pocatello to bond the city for \$15,000 for the purpose of installing a heating plant in the two city schools.

Last Saturday, Mrs. Sibyl Bottleson, daughter of Mr. and Mrs. A. J. Pierce of this city, was granted a divorce from Albert Bottleson, a cigar maker, on the grounds of cruelty. Ten dollars alimony was allowed for the support of her child.

Thomas R. Jenkins, a member of the firm of The Temple Pharmacy, and Miss Louise Jenkins of Ashville, N. C., were married at Caldwell June 13, by Rev. P. Murphy of Payette. After the honeymoon to the coast the couple will reside at McCammon. While bearing the same name they are not related.

Sunday evening Rev. Mr. Hunt, united in marriage Clyde Cullen of Portland, and Miss Matilda Kohl of this city. The bride is a daughter of Mrs. Ann Kohl, and the groom is a popular mail clerk with headquarters at Portland, where the newly wedded couple will reside.

William E. Duggan of Colorado, and Miss Anna White of Utah, were married last night by Elder N. S. Pond, of the state presidency, at the latter's residence.

ROMANTIC WEDDING.
Abraham D. Dowdall of Portland, Or., and Mrs. Jennie Knudsen of San Francisco, were married Tuesday afternoon by President W. A. Hyde at the court house. Sentimental decorations governed the selection of Pocatello as the courtship began here. A casual acquaintance was formed between the groom and bride, five years ago in the waiting room of the Pocatello depot, which finally ripened into love and marriage. The pair determined to marry.

Prof. and Mrs. John Johnson returned from a visit to Elsinore, Utah, last Friday.

If you will make inquiry it will be a revelation to you how many succumb to kidney or bladder troubles in one form or another. If the patient is not beyond medical aid, Foley's Kidney Cure will cure. It never disappoints. For sale by F. J. Hill Drug Co., "The Never Substitutors."

ed to come back to Pocatello to get married.

Mr. Dowdall, who is a confectioner by profession, may locate here if the field proves inviting upon examination.

Ray Nielsen, cadet in the naval academy at Annapolis, writes his parents, Mr. and Mrs. N. P. Nielsen Sr., of this city, that he will be home on a visit in September. He is aboard the Chicago on a practice cruise with headquarters at Norfolk, Va. He is now advanced to the position of third classman. His first week's duty aboard the Chicago was masterhead-lookout while underway. He enjoys his new profession very much.

The Carnegie library is rapidly nearing completion, and will shortly be formally dedicated. Last week Miss June Linn of Denver, Colo., a graduate of the Drexel Institution Library school of Philadelphia, arrived to assume her duties as librarian of the institution.

ONE WEEK'S WEATHER OVER IDAHO STATE

Special Correspondence.

BOISE, June 19.—Edward L. Wells, section director for Idaho, issues the following summary of Idaho's weather for the week ending June 15:

The week was the warmest of the season thus far, with abundant sunshine, moderate winds and local showers over most of the state.

The week opened cool, but there was a gradual increase in warmth, and during the closing days the temperature rose to 80 degrees or higher, except in elevated regions. The nights, however, were generally cool. The mean temperature was somewhat above the normal except in the south-east counties where there was a slight deficiency. The weather was abundant of sunshine, the rainfall occurring mostly in typical summer showers, in some instances accompanied by thunder. These showers were light in the north end of the state, and generally copious to heavy in the southern counties, but the amounts varied greatly in different localities. Some hail is reported from scattered stations.

Wind velocities were generally light. The warm weather is melting the snow in the higher mountains, and causing the streams to rise.

BEET CROP LOOKING EXCEPTIONALLY WELL

Special Correspondence.

BLACKFOOT, June 18.—The beet crop in this section is looking very good. From the present outlook the yield will be as large as last year. The stand is in a healthy condition and farmers generally feel encouraged.

The weather continues cold. Occasional showers with light winds from the southwest have marked the past week.

Dan Gutting and family are preparing to move to Yuma, Ida.

Heber Austin of Idaho Falls, Agricultural superintendent of the sugar companies of this district, was in Blackfoot Wednesday and Thursday looking over the beet crop.

President James Duckworth returned from Salt Lake Tuesday, where he attended the M. I. A. conference.

Mrs. Golda Clayton returned from Salt Lake Tuesday. While away she attended the Primary conference and visited with relatives.

WELL KNOWN WOMAN DIES AT ELBA

Special Correspondence.

ELBA, Ida, June 14.—Funeral services over the remains of Mrs. Ray Beecher Taylor were held in the ward hall yesterday at 11 o'clock. Mrs. Taylor was born in Elba 23 years ago on the 24th of this month. In November, 1905, she married Winslow Taylor of this place, and shortly after moved to Burley, where they have since resided. She was loved and respected by the entire community. Service were conducted by Bishop Thomas Taylor, the speakers were David Ward, David Taylor, Bishop D. P. Thomas of Oakley and President William T. Harper of the state presidency. They spoke in the most endearing terms of the departed and gave comfort and consoling words to those bereft. She leaves a husband, two little girls, besides father, mother, brothers and one sister, and a host of friends to mourn her departure.

The sympathy of the entire community goes out to them in their bereavement.

MARYSVILLE BUILDING DESTROYED BY FIRE

Special Correspondence.

MARYSVILLE, June 16.—A fire, that for a time threatened to do great damage, occurred last night about 11:30 in the building occupied by the Marysville Mercantile company. The building and contents were completely destroyed. The amount of damage has not been estimated. The origin of the blaze is not known. The fire was discovered by Mr. and Mrs. A. H. Hale and the latter lost no time in giving the alarm. A bucket brigade was formed by a large number of citizens who fought bravely to extinguish the flames. However, it was impossible to save the building. The Farmers' Elevator and Exchange company building would have been burned but for the prompt work of those fighting the fire.

During the excitement J. W. Tidwell met with an accident which resulted in his receiving a dislocated shoulder.

IRRIGATION COMPANY RECENTLY INCORPORATED

Special Correspondence.

McCAMMON, June 16.—The Portneuf Marsh Valley Irrigation Co., Inc., has filed papers with the county clerk and is fully incorporated, and ready for business. The capital stock of the company is placed at \$500,000, with shares at \$100 each; this is the most important move that has been made in Bannock county, and will be a great advantage to the people of this part of the state. It is stated by Mr. T. M. Edwards, manager, that the company will push construction work as soon as they possibly can. The land is taken under the Carey act; there will be about 20,000 to 30,000 acres thrown open some time in August for settlers. This land will be watered by a storage reservoir, located about five miles from Chesterfield, on the Portneuf river. The reservoir will cover an area of about two sections of land. The average depth will be 25 feet, the dam will be about 1,500 feet long and 50 feet high at the highest point; this will hold back about 27,250 acre feet of water, where it is needed. It will be

LEADER OF TOBACCO GROWERS.

Clarence Le Bus is the man who is at the head of the organized tobacco growers of Kentucky and Tennessee in

where it will be distributed into laterals.

The main canal will be large enough to carry 250 second feet. It will be about 28 feet wide at the water line. The land will be disposed of by drawing in 80-acre tracts, and the price will be \$35.50 per acre; \$35 is for the water and 50 cents goes to the state. Three dollars per acre must be paid in cash and the balance in nine annual installments.

On Tuesday evening, June 9, the Downey Townsite & Development Co. was organized, with G. G. Hyde, president; E. C. Crocker, vice president; L. W. Johnson, secretary, and V. M. Edwards, treasurer. The company is capitalized at \$35,000, and has purchased 320 acres at Downey, which will be sold out in town lots, the town will be watered from a spring just above the town, and which will be piped to the town for drinking purposes. The town will be lighted by electric lights, which will be furnished by the company from its power plant at McCammon.

Bailey & Sons Co., 63 East 2nd South.

PROMINENT COUPLE MARRY AT MALAD CITY

Special Correspondence.

MALAD CITY, June 17.—The marriage of Dr. E. Owens and Miss Sadie Little of Malad, was solemnized yesterday at 11 o'clock at the residence of Mr. and Mrs. D. C. McDougall. After a wedding breakfast Mr. and Mrs. Owens left on the afternoon train on a wedding tour.

The stake conference of the Relief Society of the Malad stake will be held at Malad, June 26, and the general stake conference, June 27 and 28.

HEAVY RAINS AND COLD WEATHER DELAY CROPS

Special Correspondence.

LEWISVILLE, Fremont Co., June 18.—Owing to numerous heavy rains and a long and extremely cold spell, crops in this part of the county are decidedly backward, causing the farmers no end of worry as to the outcome. But little cultivation has been done and the alfalfa crop will be lighter this year than it has been for many years. While the weather has been cold there has been little or no frost and the fruit crop is considered safe.

The first quarterly conference of the Jigby stake will be held on June 20 and 21.

THE MODERN MOTHER.
"John Alexander Dowle," said a Zion City man, "had a grand knack of putting things quaintly and forcibly. At one of his last meetings here, he attacked the modern mother of society, the mother who neglects her children."

"Why," he said, "I overheard the most remarkable conversation between two nursemaids on a car yesterday. 'Are you going to the picnic?' said the first nursemaid."

"No," said the second; "I'm afraid I shan't be there."

"Why not?" cried the first. "And you so fond, too, of picnics, and dancing, and young men, and all that sort of thing?"

"Oh," said the other nursemaid, "I love dearly to go, dearly; but, to tell the truth, I'm afraid to leave the baby with its mother!"

ARTISTS TOURING IDAHO

PROF. ALFRED OSMDON, Dramatic Orator and Lecturer.
MISS MABEL BORG, The Gifted Pianist.
PROF. MOSE GUDMANSON, The Celebrated Norwegian Violinist.

The group of artists above referred to are given excellent notices by the country press, and a handsome testimonial by President J. R. Shepherd of Paris, Idaho. The lecture and the musical numbers, according to President Shepherd are all of a very high order and the recent entertainment in Paris at the stake tabernacle was a notable event. The company also appeared recently in Milford, where the "Times" of that place says: "The Latter-day Saints' hall was thoroughly filled by an appreciative audience, all the numbers being beautifully rendered."
