

RARE GOOD LUCK TURNS OUT BAD

Harry Simmons Has a Brief
Period of Free-
dom.

RELEASED IN CITY COURT

Then Detective Sheets Discovers a
Sentence and He is Locked Up
When Calling at Jail.

Harry Simmons, a youth who has
given the police of this city more
trouble than any other youth with
whom they have had to deal, played in
rare good luck in Judge Diehl's court
this morning and through an oversight
and the failure of the prosecution to
be represented, the young man secured
his liberty.

He was charged with burglary in
the second degree, the breaking into
a place in the eastern part of the city
and stealing therefrom a quantity of
clothing belonging to a young man
named Low. When arrested Simmons
had on some of the clothing said
to have been stolen. At the time of
his arrest he was under sentence of
a "foster." When taken in on the
charge of burglary he was arraigned,
pleaded not guilty and was given in
the custody of the sheriff. The case
was regularly set for preliminary hear-
ing this morning and Simmons was
represented by Atty. "Jim" Smith. The
latter telephoned to the county at-
torney asking that the matter be pro-
secuted as he was ready for the hear-
ing. Smith was informed that the
prosecution could not be present. When
the case was called in court Judge
Diehl ordered the case continued with-
out date and also ordered that Sim-
mons be released on his own recogni-
zance.

HIS SENTENCE FORGOTTEN.

The young man and his attorney lost
no time in getting out of the building
and it was not until then that Chief
of Detectives Sheets discovered that
Simmons was under a four months' sen-
tence in the city jail for vagrancy and
also that there are other felony
complaints filed against him. But Sim-
mons had gone. Everybody had for-
gotten the four months sentence in the
city jail. Immediately half a dozen
detectives and patrolmen were sent out
to locate Simmons.

The youth worked here several
months ago as a messenger. He was
arrested on numerous occasions for of-
fenses from vagrancy and burglary. One
time he was accused of stealing a
\$3,000 automobile but managed to get
out of that scrape only to get into
another. In releasing the young man
Judge Diehl stated from the bench
that the order was made because of
the failure of the county attorney to
appear to prosecute, knowing that the
case had been set in its regular order,
and in view of the fact that the mat-
ter had been pending for about two
weeks during which time Simmons
was in custody.

Feeling no doubt safe because of
the ruling of the court, the young man
went to the county jail to get some
things he had left there. Much to his
surprise he was immediately taken
into custody and hauled back to the
city jail in the patrol wagon. He will
serve out the four months and the
police say he will be arraigned on other
charges of burglary.

HOW TO CURE A COLD.

Be as careful as you can you will
occasionally take cold, and when you do,
get a medicine of known reliability,
one that has an established reputation
and that is certain to effect a quick
cure. Such a medicine is Chamberlain's
Cough Remedy. It has gained a world-
wide reputation by its remarkable cures
of this most annoying ailment. It is
always depended upon. It acts on na-
ture's plan, relieves the lungs, aids ex-
pectorations, opens the secretions and
restores the system to a healthy condition. During the many
years in which it has been used, it has
never failed to cure a single case of
cold or attack of the grip having re-
sulted in pneumonia, whooping cough
or any other disease. It is a certain preventive of that dan-
gerous disease, Chamberlain's Cough
Remedy contains no opium or other nar-
cotic and may be given as confidently
to a baby as to an adult. For sale by

ROB INSTALLMENT HOUSE.

Thieves Get Away With \$50 Worth of
Boots.

The Ward Installment house, 353-355
south State street, was broken into
and robbed of about \$50 worth of goods
by clever thieves last night. The rob-
bers gained entrance to the place by
smashing the glass of a rear door and
then reaching through and unlocking
the door. Once inside they evidently
took their time in selecting the articles
that struck their fancy. They opened
showcases and took a number of razors,
hones, pocketknives and other articles,
totaling in value about \$50. The robbery was not
discovered until this morning and was at
once reported to the police. Sergeant
Roberts and other officers started to
work on the case. Behind the Utah
State Livery stables they found five
left no clue as to their identity.

CAUSE FOR THANKSGIVING.

Owner of Horses and Man With Fam-
ily Face Problem in California.

Charles M. Bell returned this morning
from California, and is at the Knuts-
ford. He reports that on account of
the drought of the past year, the hay
and grain crops in California have
proven a failure. That California and
Sacramento at \$25 to \$30 per ton.
As the freight from Utah is \$8 per ton,
there is a good chance of such large
shipments from this state as to en-
hance the price at this point. Gen-
erally alfalfa is grown in great abun-
dant in southern California, the farm-
ers in the Indian desert, 60 miles below

crops of lucerne annually, and could
raise more if he wanted to. He is

scription Which Anyone

ELIMINATES THE URIC ACID.

Druggists Say Its the Only Mixture
Known Which Cures These Cases
Without Injuring the Stomach.

Thousands of men and women who
have felt the sting and torture of this
dread disease, which is no respecter
of age, person, sex, color or rank,
will be interested to know that while
for many years rheumatism was con-
sidered an incurable disease, now it
is one of the easiest afflictions of the
human body to conquer. Medical
science has proven it not a distinct
disease in itself, but a symptom
caused by inactive kidneys. Rheu-
matism is uric acid in the blood and
other waste products of the system,
which should be filtered and strained
out in the form of urine. The func-
tion of the kidneys is to sift these
poisons and acids out and keep the
blood clean and pure. The kidneys,
however, are of sponge-like substance,
the holes or pores of which will some-
times, either from overwork, cold or
exposure become clogged and inac-
tive, and failing in their function of
eliminating these poisons from the
blood, they remain in the veins, de-
compose and settling about the joints
and muscles, cause the untold suf-
fering and pain of rheumatism and
backache, often producing complica-
tions of bladder and urinary disease,
weakness, etc.

The following simple prescription is
said to relieve the worst cases of
rheumatism because of its direct
action upon the blood and kid-
neys, relieving, too, the most severe
forms of bladder and urinary trou-
bles: Fluid Extract Dandelion, one-
half ounce; Compound Karsan
ounce; Compound Syrup Sarsaparilla,
three ounces. Mix by shaking well in
a bottle and take in teaspoonful doses
after each meal and at bedtime. The
ingredients can be had from any good
prescription pharmacy, and are abso-
lutely harmless and safe to use at
any time.

now getting \$16 for his hay delivered
at the railroad.

However, the oranges and other
fruits are doing well, with of course
reasonable prices there, but turkey is
selling at 45 cents, and eggs are bring-
ing 65 cents; so Salt Lake is not so
bad off after all.

The usual stream of winter visitors
is beginning to drift into California
with prospects of filling up the hotels
and boardinghouses, and leaving large
amounts of money there. The hotels
are doing a good business already.
Mr. Bell says San Francisco is a
dream in its rehabilitation, a source
of constant wonder at the enormous
strides it is making, so that by an-
other year it will be greater than ever
before. Utah seems to stand high in
the Californian estimation, for people
there are constantly talking about this
state.

WEEKLY MARKET LETTER.

Special Correspondence.

Kansas City Stock Yards, Nov. 23.—
After the decline first of last week,
the market turned upward, and closed
with nearly all of the recent loss re-
covered. A very large percentage of
the supply last week was range cattle,
and quality of receipts from the
panhandle and New Mexico was much
mixed, characteristic of close up ship-
ments. Colorado beef was generally good
quality. Run today is 15,000 head, fair-
ly good for Thanksgiving week, mar-
ket strong to 15 higher on all classes
today. Colorado beef steers reached
\$5.30 today, close to the top notch for
the season, bulk of Colorado beef
steers at 4.40 to 5.00, cows 3.90 to 4.25,
feeders 4.00 to 4.85, stockers 3.25 to
4.00. Panhandle and New Mexico cows
are mostly on the canner order at 2.30
to 2.90, a few good cows up to 3.00,
bulls 2.40 to 3.25, calves 2.25 to 3.50,
beef 3.50 to 4.85, stockers and
feeders 3.25 to 4.40, with common stuff
at 3.00 or less. Demand from all
sources is very satisfactory, country
buyers taking out 900 car loads last
week, one of the biggest weeks this
year, and outside buyers facing pack-
ers into sharp competition for all de-
sirable killing cattle. Colder weather
will still further sharpen the demand,
and the outlook is promising from the
seller's standpoint.

Sheep and lamb receipts were 23,000
head last week, and so far this month
supplies are smaller than a year ago
at this time. The market was strong
last week, although lambs were
slightly lower for the week. Run is
heavier today, top lambs around \$6.00,
some medium Colorado at \$5.75 today,
yearlings worth 4.50 to 5.20, wethers
4.25 to 4.80, ewes 3.90 to 4.25. Country
demand is sufficient to take the of-
ferings at firm prices, lambs 4.90 to
5.40, wethers and yearlings 4.90 to 4.50,
ewes 2.50 to 3.25, breeding ewes 4.00
to 4.25. Receipts are likely to be mod-
erate balance of this year.

guilty was entered.

RESCUE SNOWBOUND WOMAN.

Bingham posse fights its way
Through Mountains for Seven Hours.

For persons to be snow-bound in
Utah during the month of November,
is an unusual occurrence, and yet such
a condition prevailed in at least one
instance in Salt Lake county this week.
Within three miles of Bingham a woman
and child were rescued from im-
prisonment caused by 10 feet of snow
surrounding the cabin in which they
were housed, after many hours of
work. They were Mrs. John Bogdan
and child, and the rescuers were the
husband and father, with a party of
volunteers, headed by Deputy Sheriff
J. L. Forbes of Bingham.

Before the late storm Bogdan went
from his home to Bingham to purchase
a supply of provisions. While he was
in town snow began to fall and it piled
up so fast that he was unable to make
his way homeward, and was forced to
return to Bingham. Next day, Wednes-
day, conditions were no better, in fact
were worse, and the man began to
worry for the fate of his wife and
baby. The deputy sheriff was sought,
and soon a posse was formed and a
start made over the mountains. From

3 p. m. Wednesday until 10 o'clock
Thursday morning the men worked,
breaking a trail, some resting as best
they could while others shoveled snow.
At the hour last indicated the cabin
was reached, and the inmates were
found safe and sound. The supply of
food in the house, however, was very
limited.

TYPHOID DEATH RATE.

Dr. Beatty of Health Board Says it is
Twelve Per Cent.

In a communication from Secy. T. B.
Beatty of the state board of health,
addressed to Gov. John C. Cutler, it is
explained that the average death rate
for typhoid in Utah is 12 per cent, and
that the mortality is not greater in one
county than another.

The question was raised by the statis-
tics contained in a recent report of the
board. In the returns from San-
pete county the number of cases during
it stated time was given as eight, while
there were four deaths from typhoid
during that period. As only about one
case in seven of eight resulted in Salt
Lake county, according to the same re-
port, it was apparent that, if no mis-
take had been made in the matter of
compiling statistics, the mortality in
the first named county was alarmingly
large.

Secy. Beatty explains that in some
counties the number of cases are not
reported accurately by any means,
while the number of deaths, coming as
they do more directly to the notice of
the compiler, are much more apt to be
noted.

THIRTY FAMILIES DRIVEN FROM HOME BY FIRE

Chicago, Nov. 25.—Thirty families
were driven, panic-stricken, into the
streets last night by a fire which
threatened part of the business section
of South Chicago. Women and chil-
dren were carried by firemen and po-
lice to the streets.

The blaze started in the basement of
the three-story brick building
occupied by the Commercial bank and
Ingraham, Bennett & Co. The interior
of the building was destroyed.

Two hundred members of the Team-
sters' union were gathered in a hall on
the second floor, and they were start-
led by the dense smoke. The loss is
\$40,000. The fire is supposed to have
been started by incendiaries.
