CURIOUS CUCKOOS.

The cuckeo is generally known only as a bird with a very monotonous note; a continuous cry of "enckoo, cuckoo" over and over again. Among naturalists, however, the cuckoo is known as a bird that never builds a nest for itself, but takes advantage of one already built by some more industrious bird. There is a good deal of the cuckoo

about these advertisers who, instead of making a success of their own, seek to profit by the success which some one else has made with much effort and labor. It is so with those imitatious of Dr. Pierce's methods, by which free medical advice is offered, although those who make the offer are without qualified medical ability or experience. And the cry raised in some cases of "woman, woman, woman write to woman" makes the resemblance to the cuckoo even

There is as far as known no qualified woman physician connected with any proprietary medicine establishment, and none therefore competent to give medical advice. It is certain that there is no one, man or woman, who can offer free medical advice backed by such knowledge and experience as is possessed by Dr. R. V. Pierce, chief consulting physician to the World's Dispensary, Buffalo, N. Y. For over thirty years Dr. Pierce has made a specialty of the treatment of diseases peculiar to women. In that time he has treated over half-a-million women, ninety-eight per cent, of whom have been perfectly cured. Every sick woman is invited to consult Dr. Pierce by letter absolutely without charge or cost. Every letter is held as strictly private and sacredly confidential, and all answers are mailed securely sealed in perfectly plain envelopes bearing no

printing whatever upon them. Dr. Pierce's Favorite Prescription makes Weak Women Strong and Sick Women Well.

REPORT DEFEAT OF ALLIES IN PEKIN.

Rumor Comes from St. Petersburg, but Nothing Authentic.

CLAIMS OF ALLIES' SUCCESS.

Li Hung Chang's Advice-Partition of China-Further News Anxiously Awalted.

Paris, Aug. 28, 4:25 a. m.-A special dispatch to the Siecle from St. Petersburg says: "It is persistently rumored in St. Petersburg that the Russian government has received a dispatch asserting that after the flerce battle inside Pekin, the allies retreated, losing 1,800 men, mostly Russians. It is further said that the Chinese occupied fortified positions, from which they are bombarding the allies in a murderous manner.

THIS SAYS ALLIES SUCCESS. London, Aug. 28, 3:50 a, m .- The allies, resuming aggressive operations, have taken the district west of Pekin.

This statement, based on Chinese authority, is cabled from Shanghai. From the same place comes the further statement that Li Hung Chang has wired the empress dowager at Sian Fu requesting the arrest of Prince Tuan and the disarmament of the Box-ers, in order to give him an opening for negotiations with the powers. The Illuminations projected at Shanghai in celebration of the relief of Pekin have been abandoned, lest they should cause a native outbreak.

ANXIOUS FOR NEWS.

New York, Aug. 28.—A dispatch to the Tribune from London says: The news of an attack on the Chinese force assembling at Nam-Ylen, near Pekin, is anxiously awaited, according o a Japanese telegram from Taku. MORE REINFORCEMENTS NEEDED

ADMIRALS DISAGREE.

New York, Aug. 28.-Sharp differ. ences of opinion among the foreign admirals at Taku as to Li Hung Chang's proper status were apparently the moving cause of the note of inquiry re-cently addressed by the United States government to fereign powers as to ac-cepting the aged viceroy as peace envoy of the Chinese government, says the Washington correspondent of the

Herald.
Officials will say little about the dissension among the navai representa-

AMERICAN ADMIRAL UPHELD.

The effect of the protests of the United States and Russia has been to secure practically the unanimous disapproval of the agreement of the foreign admirals. Why the admirals should wish to prevent Li Hung Chang from communicating with Chinese officials in Pekin is not understood here. Seemingly, it would be in the interest of peace for the viceroy to be put in prompt relations with the imut in prompt relations with the im-erial authorities. From Minister Conger's dispatch, it
