

LOCAL AND OTHER MATTERS.

DRAMATIC.—The Theatre was tolerably well filled last night at the last appearance of two of Mr. and Miss Coudock. "Uncle Dick's Darling" is a pretty little drama, after the style of "Victorine, or I'll Sleep on It,"—that is, it is a dream. The representatives of "Uncle Dick" and his "Darling Mary" were extremely natural, so much so that at the close of the dream and just before the old man's waking from it, we noticed quite a number of eyes getting wiped. Messlames Langrishe and Fitzwilliams, and Messrs. Richmond, Morrell and Shields gave them good support. The farce was capably played and created lots of fun.

To-night the great masterpiece of Mr. Coudock, Luke Fielding, and the beautiful chaste impersonation of Rose Fielding, by Miss Coudock, should draw the house "from pit to dome," and, besides, it is Mr. C's benefit, and his last appearance but one, which is another item to be remembered by our Theatre-goers.

The farce is "Fatal Initials."

NEWS FROM THE SOUTH.—The following dispatch was received, per Deseret Telegraph Line, this morning:

St. George, Dec. 30.

DEARER NEWS.—A Reunion Festival of the Johnson family, ancient Mormons, met on the 25th inst. Joel H. Johnson, Benjamin L. Johnson, George W. Johnson, William D. Johnson, Esther W. Johnson, with their families, amounting to seventy-seven persons, partaking of the feast; representing four generations, three of which were born in the Church. President Young, together with many old friends, participated. The descendants of Ezekiel and Julia Johnson number 23, in this Territory, none of whom ever raised hand or voice against Zion. On the 29th President Young visited Washington and examined the machinery, at the factory, a portion of which is successful operation. The factory is producing a quality of cotton yarn superior to any produced heretofore. He also attended the Wine and Fruit Growers' Convention, at the Gardeners' Hall, St. George. Numerous specimens of wine, raisins, grapes and other fruits were exhibited. Some of the writings were of excellent quality. Charles Smith lectured on English history before the Lyceum. Weather very pleasant. Thermometer 33 at 8 a.m.

Geo. A. Smith.

DEATH OF THE "CARSON APPEAL."—The Appeal, a paper published for some years past, at Carson, Nevada, in the interest of the Republican party, has ceased in the last number being issued last Sunday. It is to be replaced directly by a Democratic paper, to be called the Carson State Register.

BACK TO AMERICA.—G. F. T., the Original no longer fumes and stews in a French prison; he is "home again once more." The Washington Star, of the 23rd inst., says:

"It is dead sure that there is no such thing as unalloyed happiness in this world. Here with the blessed holiday season comes that black jack George Francis Train. He arrived at New York from Liverpool on Wednesday."

CLARINDA WASHBURN.—There is a letter at this office addressed as follows: "Mrs. Clarinda Washburn, or her heirs, Salt Lake City, Utah, in care of the authorities of the Mormon Church." The above letter can be obtained by the person to whom it is addressed on application.

MUSICAL.—The concert in the Thirteenth Ward Assembly Rooms, given by the Cushman Troupe, last night, was the best attended of the series, and the performances were even more than usually brilliant and entertaining. The Troupe will perform again at the same place on Saturday (tomorrow) evening.

AN AGREEABLE PARTY.—There was a select party, for the benefit of the Twentieth Ward Female Relief Society, in the School House, last night. The gathering was large and an excellent feeling prevailed during the evening, all present seeming to enjoy themselves "highly."

ADDITIONAL PARTICULARS OF THE KILLING OF RICHARD BROWN.—The following, received last night, per Deseret Telegraph Line, is additional to what was published yesterday with regard to the killing, on Wednesday night, at Provo, of Richard Brown:

PROVO, Dec. 29.
From evidence given, during the inquiry, it appears that Richard Brown was shot while standing near Wm. D. Roberts' corner on the sidewalk, between eight and nine o'clock, last evening. One shot was fired, on which he shouted "murder," and was struck several persons to the spot. The second shot, in a few seconds after, struck him in his left wrist. There are four wounds from buckshot, and six or eight from his groin. He is accused of having had illicit intercourse with the daughter of George Baum; and, refusing to marry the girl, it is supposed that some of her relatives avenged her wrong; but there is no positive evidence as to who committed the deed. Brown has been in the employ of Wm. D. Roberts for over a year past, and I understand, came to Utah in the employ of Joseph Taylor of Salt Lake City, for whom he drove stock from the East. We know nothing of his parentage, but he has been, while here, esteemed by those employing him; although he sometimes indulged in drinking spells. His body is now in charge of Byron Roberts, and will be interred to-morrow. He leaves no property, being somewhat transient before coming to Provo.

CORONER'S VERDICT.
A coroner's jury of five persons returned a verdict that Brown's death was caused by two wounds, one in the femoral artery in the fold of the groin; the other wounding the internal iliac artery, either of which being sufficient to cause death; supposed to have been done by a shot fired in the hands of some person or persons unknown.

ONE HUNDRED DOLLARS REWARD.—It has been a common occurrence for some time past for bridges to be torn up, on the sidewalks on South Temple Street, between the U. C. R. depot and the Tabernacle, and very frequently garden gates have been wrenched off their hinges, and other outrages of a somewhat similar character have been perpetrated to the annoyance and loss of citizens and to the exposure of lots to the depredation of stray cattle. It is only a few nights ago that the fence of Wm. Jennings, Esq., was thrown down, and not a week has passed of late without some depredation being committed in that quarter. We have heard citizens utter ominous threats as to what they would do if they could catch the rascals who are guilty of these tricks, and many of them are becoming so aroused that it will be strange, should

these operations continue, if those guilty of them should not be caught.
We are authorized to say that ONE HUNDRED DOLLARS reward will be paid to any person whose evidence will lead to the discovery and conviction of the party or parties who commit these acts. If such wrongs can be perpetrated with impunity, those guilty of them, emboldened by their escape from punishment, may proceed to acts of greater outrage. It is, therefore, felt that they must be stopped.

MESSAGES.—There are messages at the Deseret Telegraph Office for Eugene Calley and D. Sanderson.

THE DANFORTH NON-EXPLOSIVE PETROLEUM FLUID!

THIS terrible and fatal disaster, which are almost daily occurring by the careless use and explosions of kerosene oil, should call the serious attention of using it to its deadly qualities and induce them to procure a substitute for it.

Thousands have perished by using kerosene oil, and thousands more will be offered a sacrifice to its death-dealing properties without its use is discontinued or its destructive element done away. If a fluid capable of a far more brilliant light.

1st. That it is Non-Explosive and perfectly safe in whatever form used.

2d. That it is entirely free from dirt and grease, and will not stain silks or fabrics of the most delicate colors or tints.

3d. That it is entirely free from all disagreeable odor.

4th. That it gives a purer, more brilliant and at the same time a softer light than any oil or fluid in use, and is fully equal to gas light.

5th. That it is (except daylight) the cheapest light ever discovered.

Surely, if the fluid is as above represented, kerosene oil should be discarded in every family where it is used, and the Danforth Fluid used in its stead. No use it would be trifling with the lives and property of every member of the family.

Can be found, sold not perfectly suicidal to delay for a single day to use it! Such a fluid, by years of patient experiment and the expenditure of over fifty thousand dollars, has been provided by R. E. DANFORTH, of Cleveland, Ohio, and it has been introduced to the public with great success.

For the Danforth Non-Explosive Petroleum Fluid it is claimed:

1st. That it is Non-Explosive and perfectly safe in whatever form used.

2d. That it is entirely free from dirt and grease, and will not stain silks or fabrics of the most delicate colors or tints.

3d. That it is entirely free from all disagreeable odor.

4th. That it gives a purer, more brilliant and at the same time a softer light than any oil or fluid in use, and is fully equal to gas light.

5th. That it is (except daylight) the cheapest light ever discovered.

Surely, if the fluid is as above represented, kerosene oil should be discarded in every family where it is used, and the Danforth Fluid used in its stead. No use it would be trifling with the lives and property of every member of the family.
