FRED GEORGE AT LIBERTY.

Parole Continued and Young Man Went To Work Today.

As was generally expected, with the consent of the governor, the members of the board of pardons concurring, the parole of Fred George, who created something of a sensation last Thursday night by his flight and capture by prison guards, was continued in force and the young man permitted to go to work this morning. Governor Wells, while satisfied that the break for liberty was due to sudden fright rather than an intention to run away from the prison officials, thought it would be better to defer action on the parole matter till the regular meeting of the board the latter part of the month. But George's friends were anxious to have him set at liberty, they having secured the promise of steady employment and a good home for him with highly respectable people. The governor out of deference to the other members of the board, said if their individual consent was obtained he would permit the prisoner to be released at once, in order to accept the situation offered. The other members were seen and were of the same opinion as his excellency, and of course favorable action was taken, and George was released from the last evening and went to work this morning. The young man has many friends who seem very confident that he will make no more breaks but will lead an honorable and industrious life.

Senator Kearns announces that there will be an examination in this city on Monday next, April 6, at 2 p. m., at the office of President Kingsbury of the University of Utah, of applicants for appointment to the United States naval academy at Annapolis, the examining board to consist of resident Kingsbury, Prof. Eaton of the High School, and State Supt. of Public Instruction A. C. Nelson. The physical examination will be conducted by Dr. E. S. Wright. The examination will be public and all who desire to enter are invited to do so at the time appointed.

INCREASED WAGES.

Will be Recommended for City Teamsters and Laborers.

At the meeting of the committees on finance and sanitary held in the city council chamber last evening, it was decided to recommend a 10 per cent in-

crease for the teamsters and laborers employed by the city. If the increase is granted by the council, the teamsters will receive \$3.55 and the laborers \$2.20 per day.

The committee on sprinkling decided to recommend to the council the purchase of 10 additional street sprinklers at a cost of not to exceed \$3,500. It was also decided that all the sprinkling shall be done in the day time and not partly at night.

Robbed The Grave.

A startling incident, is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters; to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50c guaranteed, at Z. C. M. I. Drug Store.

A GAMBLING OUTFIT.

It Was Gathered Up Last Night and Taken to the Station.

Last night about 9 o'clock, the police made a raid on an alleged gambling house in the Gladstone block, and the gambling devices were confiscated and taken to the police station, where they will be held. The stuff, consisting of roulette wheels, a faro layout and cards and chips, was hauled away from the building in the patrol wagon. Chief Sheets says that while the law does not give the police the right to confiscate gambling paraphernalia, he proposes to do it right along. The officers had a hard time to get into the place last night. There are no windows in the room, but the light comes from a skylight. There are two entrances to the room, but five doors have to be passed to get into the room. If there had been any gamblers in the room when the officers arrived, they managed in some manner to effect their escape, for when Sheets and his men dropped through the skylight the room was empty except as to the gambling devices. These were loaded into the patrol wagon and taken to headquarters.

Kickapoo Oil

A Godsend to Mothers

"I want to tell you what your Kickapoo Indian Oil did for my son. He woke up almost crazy with cramps in his stomach and bowels. He was relieved by the Oil as soon as I used it and in less than 15 minutes later he went to sleep. Thanks to this remedy which is really a doctor in the house."—Mrs. F. Williamson, West Point, N. RIOT IN CALIFORNIA.

At Gracy Lumber Camp, Several Strikers Being Wounded.

Ukiah, Cal., April 1.—Word was received at the sheriff's office here yesterday afternoon of a riot at Gracy. Several of the strikers were wounded. Citizens intervened and prevented further trouble. As near as can be learned by telephone several of the strikers visited the Union Lumber company's logging camp at Gracy on Tuesday morning and induced about 20 miners to quit work. Another band of strikers started from Fort Bragg about 6 o'clock the same morning to walk to Gracy and endeavor to get the rest of the men out. When they reached Gracy they were met by guards and a foreman of the woods at Gracy. They were ordered not to approach the camp unless they were on the company's business. It appears that the strikers were armed.

The leader of the strikers ordered the men to fire on the guards. The guards armed with shotguns loaded with buckshot, returned the fire with damaging effect. The strikers returned the fire and the battle was kept up for several minutes. Meanwhile citizens of Fort Bragg had heard of the trouble and organized a citizens' committee to endeavor to stop further fighting, which was anticipated. They boarded a logging train and left for Gracy immediately but arrived after the fight.

The leaders of the men were arrested and placed under guard to await the coming of the sheriff. The guards on the mill property were doubled and a close watch was kept during the night. No more trouble occurred. The mill is again running full time. Both sides claim they have the strike well in hand. It is reported that most of the strikers who participated in yesterday's fight are leaving town to avoid arrest. Threats have been made to burn the mill property, but as yet no attempt has been made. Five strikers were wounded in the fight but none was killed.

Preparing Canada's Case.

New York, April 2.—Clifford Sifton, Canadian minister of the interior, who has arrived in London in connection with the Alaska boundary commission, has taken up his quarters at the Hotel Cecil, and already begun in co-operation with the foreign office, to prepare the Canadian case, cables the London representative of the Tribune. The preliminary meeting of the boundary commission will be held in London before May 22. In all probability the commission will not actually begin the inquiry until early in the autumn.

Anonymous Gift to Harvard.

Boston, April 2.—An anonymous gift of \$50,000 has been announced at Harvard for a new hall of philosophy to be called Emerson hall, and to cost in all about \$150,000. Of this amount \$55,000 has already been raised, and a further sum of \$10,000 has been promised on the condition that the money be raised by May 24, Emerson's birthday.

THREE MEN WOUNDED

By Seattle Man Crazed with Bad Whiskey.

Seattle, Wash., April 2.—Dan McCauley, crazed by tenderloin whiskey, attacked a crowd of men in the O. K. saloon at an early hour this morning with a revolver. James Clark and William McCauley were mortally wounded by shots from McCauley's gun and an unknown man received a serious wound from a third shot. McCauley was shot twice by Patrolman Griffith in attempting to escape from the saloon and may not recover. No other cause than bad whiskey is assigned for McCauley's outbreak.

Boston Banker Arrested.

Boston, April 2.—Edward Dunne, a State street banker, has been placed on trial in the Suffolk superior court, charged with the larceny of \$25,000 from the estate of Francis A. Brooks, who died last September. Counsel for Dunne in opening, presented a demurrer to the indictment and specifications and a motion to quash the indictment. These being overruled the jury was drawn. As it is Dist. Atty. McLaughlin described four counts of the indictment, alleging the larceny of \$3,000, \$2,000, \$10,000 and \$5,000 at various times. "The commonwealth claims," said Mr. McLaughlin, "that the defendant defrauded Mr. Brooks out of this money."

Increased Postal Receipts.

New York, April 2.—Receipts of the general postoffice and branches for the month of March show an increase of 54-100 per cent over the corresponding month last year and an increase of 10 to 15-100 per cent for the quarter ending March 31. The receipts of the month just ended were \$1,210,004, as against \$1,103,845 for March, 1902. The receipts for the three months just ended were \$3,436,040. For the corresponding period last year they were \$3,013,132.

Religious Refugees Seek Louisiana
Chicago, April 2.—A dispatch to the Inter-Ocean from New Orleans, says: Bishop Rouxel, who is in charge of the archdiocesan see of New Orleans in the absence of Archbishop Chapelle, says that he is flooded with applications from the refugee religious orders in France, which are desirous of establishing themselves in Louisiana.

Some of the convents may be able to receive a number of the refugee sisters, but even they will take no action until the return of Archbishop Chapelle, which is expected about Easter.

Has Claims Against France.

New York, April 2.—Papers carefully guarded in a little tin box for more than a century are now expected by Frederick A. Girardot of Gravesend Beach to establish his claim against the French government for \$250,000, which

sum, it is asserted, was loaned by his grandfather, Gen. Jean Francois Girardot in 1793, to be returned to him or his heirs, with interest, after the revolution. The documents bear the seal and stamp of the government.

Counsel for Mr. Girardot will sail for France shortly to demand the principal, if not the interest. He will present all the documents to the French authorities, and is confident that at least part of the money will be paid. Among the papers are official dates and record of the battles in which Gen. Girardot fought and letters commending his bravery. The claim will be presented as in the nature of a debt of honor.

To Call at Island of Yap.

Washington, April 2.—Acting Secy. Darling of the navy department has directed Rear-Admiral Evans, commander-in-chief of the Asiatic station, to have the supply ship Gustin, while on its way to the Pacific coast, call at the island of Yap, and leave there the attorney of the heirs of David O'Keefe, the late king of that island, who came from Savannah, Ga., and on his death left a large estate for the possession of which his heirs will make a fight. The navy department has not agreed, however, to provide a ship for the return of the American attorney on the completion of his mission.

To Develop Ireland.

London, April 2.—In the course of a discussion of the Irish development scheme in the house of commons, the Irish secretary, Mr. Wyndham in moving that \$102,000 be granted annually for development purposes in Ireland, said a genuine industrial revival was taking place in that country and added that he was authorized to announce that Lord Iveagh of Dublin and Alderman Pierie of Belfast were prepared, in a spirit of patriotism and in view of the happier conditions prevailing, to provide the capital and address in developing the transport facilities of the country. This they proposed to do without going to the public for help. Mr. Wyndham concluded with saying: "There has been nothing so hopeful, patriotic and business like in Ireland since the 13th century."

Mexican Concession to Harriman

San Francisco, April 2.—E. H. Harriman is to get a valuable land and cash concession from President Diaz of Mexico on condition that he build a railroad in Lower California that shall extend its entire distance north and south and have a connection with the main line of the Southern Pacific in California, says the Examiner. A company will be shortly incorporated in Mexico to build the proposed line. The portion of the new road in this state will be known as the Gulf and Imperial company. The latter is already building a road from Old Beach, a station on the Southern Pacific main line in the Colorado desert south to the Colorado river, a distance of 40 miles. Twenty-eight miles of this line is now completed. The remainder of the distance to the river is surveyed and a preliminary survey through most of Lower California has been made.

A Warning.

To feel tired after exertion is one thing; to feel tired before is another. Don't say the latter is laziness—it isn't; but it's a sign that the system lacks vitality; is running down, and needs the tonic effect of Hood's Sarsaparilla. It's a warning, too—and sufferers should begin taking Hood's at once. Buy a bottle today.

An Attractive

SALE of - SILKS

Every visitor has been impressed with the magnificence of the store and goods. A character of the Emporium naturally is asserted in the line of silk goods. The department is a leading one, emphasized by the fact that we make fine gowns to order. The silks carried, therefore, comprise rare importations and leading domestic novelties, in quantities and selections not hitherto presented to Salt Lake shoppers.

The Special Sale prices are greatly below values. This is our first silk sale—to be remembered as astonishing in point of reduction. Silks of like quality were never sold lower in the East—never as low in the West.

The policy of the house is not to advertise a sale, or an article, unless actual reduction is made. A few visits to the store, on the part of careful buyers, when sales are not on and when they are in vogue will be proof positive.

This sale for today and Friday is remarkable, considering quality and desirability of the silks, which are the season's best weaves. The line is distinctly new, and is such as will appeal to lovers of attractively pretty summer silks. Every weaving and printing center of consequence have contributed to our selections.
