

SEVEN SERMONS IN TWELVE HOURS.

E. A. Fredenhagen, Superintendent of Kansas Society for Friendless, Establishes a Record.

STRENUOUS TIME YESTERDAY.

Spoke to Prisoners at the Penitentiary and Addressed Six Congregations in Salt Lake Churches.

General Superintendent E. A. Fredenhagen of the Kansas Society for the Friendless, and a member of the Kansas State Board of Charities and Corrections, who is visiting in this city, had a strenuous day of it yesterday. He is in the far west in the interest of prison reform and evangelizing work of prisoners and the establishment of branches of the society for the friendless, an organization whose object is to look after men discharged from jails and prisons, help them get on to their feet, to make a new start in life, and to see that they are in a way to become useful citizens. At present, in this state, when a man is discharged from prison he is given \$5 in money, and a hand-me-down suit of clothes, and turned loose. He has been in confinement for several years, has lost all track of current events and is entirely out of touch with the time of life outside of prison walls. If the man lives at a distance, \$5 will not pay his railroad fare. It will barely maintain him for a week, while he is looking for employment, and the chances are strong against his finding work without assistance. He finds the tendency to turn him down, particularly if the style of his clothes is recognized, for there is a sameness about these discharged convict suits that is caught on to quickly, and operates against a man. Presently the man's money is gone, he is friendless, he gets desperate, he meets old acquaintances in wrong doing who invite him to take a drink, and the first thing that man knows is that he is in the grasp of the old home—the city "jug" and the prison. Dr. Fredenhagen and his wife, organized at Topeka, Kansas, the Society for the Friendless, which would take a discharged convict by the hand, and give him the same old-fashioned, old man's man for a while, while there is a practical sympathy with unfortunate of this class which will aid him in an endeavor to cast aside forever his old criminal life and strive to become a man in the future.

This society took root at once, and has since spread over the adjoining states, so that it has reached the important stage; and the main program is in this city to start a movement which shall result in the organization here of a branch society to find work for discharged convicts, to help them in their homes—if at a distance, to encourage them in all practical ways to strive for themselves, to earn an honest living, and keep away from evil associations. Dr. Fredenhagen is here to unite the Prison Society of Christian Endeavor in the Federation of the Prison League of Christian Endeavor, in which he has the support of the United Society at Boston. That he is an enthusiast in his work is evidenced from the fact that he spoke seven times yesterday, although not in the best of health. He arrived Saturday afternoon at 10 o'clock, and after a brief rest, he addressed the Kenyon, and held a conference with President H. H. Smith of the State Union of Christian Endeavor, Rev. P. A. Simpkins, chairman of the local Christian Endeavor Prison committee, and others, and began yesterday morning, by speaking to the Sunday school of the First Methodist church. Afterwards he spoke in the First Congregational, and then in the First Methodist church; in the afternoon he addressed the churches; in the afternoon he addressed the inmates of the state prison, and after dinner he spoke before the Epworth League of the First Methodist church, and then in the First Presbyterian church. This morning he spoke before the Ministerial association, and for the rest of the day he will be at work on his society for the friendless scheme.

The address yesterday afternoon, at the prison, was a very practical one, and made an excellent impression on the prisoners. It was entirely in line with what they were most in need of, and served to strengthen the Endeavor work there. Mrs. E. E. Shepard presided, and the members also Miss Grace M. Helges of the local committee, Miss Jessie Drew, a prominent evangelist, and others. The doctor was introduced afterwards to officers of the society, and came away favorably impressed with the status of the work. His addresses elsewhere were highly instructive in suggestions as to do effective work in reforming prisoners, and the great bulk of inmates of prisons are young men, and the need of rescuing them were made prominent.

BEN HARMAN DEAD.

Old-Time Resident of Mill Creek Falls a Victim to Diabetes.

The many friends of Benjamin M. Harman will be shocked to hear of his death which occurred at his late residence in Mill Creek at 11:40 Sunday morning. Death was caused by diabetes from which the deceased had been a sufferer for the past two or three years.

Mr. Harman was a familiar figure on the streets of this city, and will be missed by hundreds of his old-time associates. "Uncle Ben," as he was familiarly called, was born in Llanymor, Carmarthenshire, South Wales, Oct. 14, 1835, having just passed the 68th anniversary of his birth. He leaves a wife, two sons and one daughter, 10 of his children having preceded him to the other world.

He was the son of Charles S. and Mary Mathias, and came to this country with his parents in 1858. Accompanied by his brother Edwin, he returned to Wales in 1880, where he labored as a missionary for nearly three years. He was a member of the Sixty-seventh quorum of Seventy, and up to within a few days of his death, held the position of president of the Gold Dust Mining company and director of the St. Joe Mining company. It was only on Friday last that he resigned the position as president of the former company, and was succeeded by his brother Robert. In politics he was a staunch Republican, having identified himself with that party when the division on party lines took place in this state. Mr. Harman was a loving husband, an

indulgent father, a true friend to the poor and distressed, and an upright and honorable citizen.

The funeral services will be held at the Mill Creek ward meetinghouse at 12 o'clock noon on Wednesday, the 28th. The remains may be seen at the late family residence on States and Fourteenth South streets from 9:30 to 11 o'clock a. m., of the same day.

TOOK CARBOLIC ACID.

Former Resident of Eureka, Utah, Commits Suicide in Butte Hotel.

(Special to the "News.") Butte, Mont., Oct. 26.—Ella Davis, a young woman who has been working as a waitress at the Southern hotel for the past week, committed suicide by taking two ounces of carbolic acid. It seems that Miss Davis was fondly attached to a young man who had been working in the mines. When the shut-down of the Amalgamated mines occurred he decided to leave the city and find employment elsewhere, and the young lady brooded over his departure until she decided to end her wretched life by committing suicide. A small bottle about half full of the deadly acid was found in the room. The deceased was born in Pennsylvania and before coming to Butte she had employment at Eureka, Utah.

A WORTHY MOVEMENT.

Students of the Late Dr. Maeser Will Erect a Monument to His Memory.

With the approval of the First Presidency and the general Church board of education, a movement has been started among the students of the late Dr. Karl G. Maeser, to erect a monument to his memory in the Salt Lake City cemetery. Those who had the pleasure and honor of receiving instruction under this excellent teacher, are asked to contribute small amounts for this worthy purpose.

The labors of Dr. Maeser are beyond price in their effect for good on the lives of thousands of men and women who can consider his influence. It is fitting, therefore, that they who have enjoyed the direct benefit of his labors should participate in erecting a monument to his memory. Only small contributions are expected, as Dr. Maeser's former students are numerous, and it is hoped that all will do themselves the honor of giving to the fund.

The matter is in the hands of General Supt. J. M. Tanner, and remittances may be made to him at Salt Lake City or through those who are regularly appointed to receive them in their respective localities. A list of names and heavy response will undoubtedly be received.

A GUARANTEED CURE FOR PILES.

Itching, Blind, Bleeding or Protruding Piles Druggists will refund money if PAGO OINTMENT fails to cure in 6 to 14 days.

HIT BY A STREET CAR.

Harold Keller and Miss Mary Zinger, the former of Mill Creek and the latter residing on Ninth East, near Ninth South streets, had a narrow escape from death last evening while out driving. At about 9:30 o'clock they attempted to cross the street at the intersection of Ninth East and the streetcar track. The motorcar saw the buggy and rang the bell. The noise frightened the horse and the buggy was whirled towards the track again. The car struck the horse and the occupants were thrown to the ground. While both sustained painful injuries neither was seriously hurt.

WM. OWEN LAID TO REST.

The funeral of William M. Owen, who died on Thursday after an illness of about 10 days from heart trouble, was held yesterday afternoon at 3 o'clock from the Odd Fellows' hall, under the auspices of Salt Lake lodge No. 10 of which Mr. Owen was a past grand. The ritualistic services were conducted by Noble Grand R. B. Quay and Chaplain S. W. Darke. The veterans corps of the Grand Army of the Republic attended in force, and the hall of the organization Judge Botkin delivered an eulogy. Rev. P. A. Simpkins, grand secretary of the Utah district, paid a high tribute to the character of the deceased. The interment was in Mt. Olivet cemetery.

EVENING MISSIONARY CLASS.

This evening, commencing at 7:30, Mrs. Elizabeth McCune will address the members of the evening missionary class on her recent visit to the home of the Prophet Joseph Smith and the Hill Cumorah. The meeting will be held in Room 33 of the B. Y. Memorial building and all interested are cordially invited to be present.

RAID ON CHEWING GUM.

Thieves broke open the confectionery case in Sol Brown's cigar and confectionery stand in the City and County building Saturday afternoon between 5:30 and 6 o'clock and stole about \$3 worth of candy and chewing gum. The case is locked with small padlocks, and the parties who did the job were off the staple which holds the padlock and thus secured free access to the contents of the case. The theft was discovered about 6:05 o'clock Saturday evening by Nightwatchman McAllister, who came on duty at that time. The fact that only candy and chewing gum were taken leads the officers to believe the deed was committed by some boys. No clue as to the guilty parties has been obtained.

GRAZING CASE.

In the United States circuit court, Judge John A. Marshall presiding, the case of the general government against E. H. Reed et al. involving the use of the public domain for grazing purposes, was argued this morning and taken under advisement.

WHERE IS JOHNSON?

Governor Wells Posts a Reward of \$100 For His Capture.

Governor Wells today offered a reward of \$100 for the capture of Edward D. Johnson, the trusty who escaped from the state prison on Oct. 22. Johnson was serving a term for grand larceny and forgery. He is described as being 5 feet 8 inches in height, weight 145 pounds, age 32 years, of light complexion, with brown hair and blue eyes. There is also a reward of \$50 offered by the prison authorities for Johnson's capture.

TOM HORN AS A LETTER WRITER.

Special Correspondence.

Cheyenne, Wyo., Oct. 25.—Tom Horn, the condemned murderer of Willie Nickell, and sentenced to be hanged on Nov. 20, it, as a last resort, writing letters to the leading witnesses for the state who gave damaging testimony against him. Frank Mueck of Denver and Charles Ohnhaus of Cheyenne have already received letters, and Horn has written to his friends to see other witnesses personally and get them to make affidavits that their testimony at the trial was false.

Horn's letter to Ohnhaus is dated Oct. 3, and reads as follows: "I was informed by the sheriff and my lawyers that the supreme court had refused to grant me a new trial, and that I was to be hanged Nov. 20. Now, sir, I am going to make an appeal to you to act in my behalf and it certainly is not much that I ask, only that you make affidavit to the facts in this supposed confession of mine.

Horn then takes up the confession paragraph by paragraph and after asking why Ohnhaus left out certain portions of the conversation he had with LaFors, he denies having made the statement that "it was the best shot and the dirtiest trick I ever done." He also denies the talk relative to placing a stone under the head of Willie Nickell and leaving it there as his sign for the collection of his money.

In writing the letter to Ohnhaus, Horn evidently forgot that on the witness stand he himself admitted that the entire conversation was correct. He did not remember anything about the best shot and the dirtiest trick, etc., but said that if Ohnhaus had it in his notes he had no doubt but that he said it.

Horn charges that Ohnhaus probably got a sum of money for making his notes to fit the case. He closes with an appeal to Ohnhaus to come forward and save his life on the ground that he, Horn, never harmed Ohnhaus, and that unless he does this he will never be happy through life, knowing that he took Horn's life by telling the truth he could have saved it.

M'GUINNESS RETICENT.

Hopes to Have Something to Say By This Evening.

Vice President John MacGuinness of the United Copper company of Butte is a guest at the Wilson, and when approached today by a "News" reporter, and asked for detailed information relative to Mr. Heinze's proposition, he stated that at the moment he was not prepared to make any statement, but hoped to make one sometime so arranged by 7 p. m. that he could give out something for publication.

KIFFORD ARRAIGNED.

Slayer of Albert Harvey in Police Court This Afternoon.

Moss Kifford, the slayer of Albert Harvey, was arraigned in the police court late this afternoon on the charge of murder in the first degree. He pleaded not guilty, and the case was set for preliminary hearing for Friday next, Oct. 30, at 10 a. m. The warrant charging him with the crime was read to the prisoner by Deputy Sheriff Andrew Smith.

LOCAL MARKETS.

There are only two changes in the produce markets this week. Mutton has advanced from 12½ to 15 cents; and peaches are no longer to be had. There may be a few changes later in the week.

HANSEN ENTERS DENIAL.

In the "News" a few days ago there appeared an article in which it was charged that Chris Hansen and a man named Erickson deliberately drove to Mrs. F. B. Smith's surrey, completely demolishing the vehicle and throwing her and her companion out upon the ground. Mr. Hansen, who is a resident of South Cottonwood, called at the "News" office today and denied emphatically that he was in the least to blame for the accident. He said it was wholly unavoidable as Mrs. Smith drove right into his wagon and in a manner that precluded his getting out of the way. The suggestion that he was intoxicated, he says, is altogether unjustifiable as both he and Mr. Erickson were perfectly sober and were driving along slowly when Mrs. Smith cut across the road and thus caused the collision.

BETTER LIGHT SERVICE.

For the next 60 days, the electric light service is likely to be somewhat intermittent, on account of the company's standardizing and increasing its voltage, both over the high pressure lines from the north and over its feeder lines. The management has been considering this improvement for some two years, and when the intended improvement is carried out, the service will be in a perfectly satisfactory condition, and the currents will be steadier than ever before. The changes will require a heavy outlay in the matter of new copper wire and patient attention to many small details.

FOR MACEDONIAN AMELIORATION.

Scheme of the Powers for Improving Matters Duly Submitted To the Porte.

AUSTRIA AND RUSSIA CONTROL.

They Are to Have Surveillance Over Administration of Provinces For Two Years.

Constantinople, Oct. 24.—The scheme of the powers for the amelioration of affairs in Macedonia was submitted to the porte yesterday. It has for its guiding principle, control and surveillance over all branches of the administration of the disturbed provinces by Austria and Russia for a period of two years.

The proposals include the appointment of one Austrian and one Russian assessor, to be attached to the staff of Hilmi Pasha, the inspector-general, with a corps of assistants, secretaries and interpreters, whose duties will be to have control of all the acts of the provincial authorities.

A European in the Turkish service is to be appointed to command the gendarmes and he will be assisted by an adequate number of Russian and Austrian officers acquainted with the language of the country, and if necessary by Austrian and Russian non-commissioned officers.

A couple of further important proposals, which will be bitterly opposed by the sultan, provide for the establishment of communal autonomy and the rectification of the present communal boundaries with the view to the better distribution of the various communities, and the creation of spheres—Bulgarian, Albanian, Serbian, etc.—that shall be the more homogeneous in religion.

Other points of the scheme deal with the relief of refugees, the rebuilding of villages, schools and churches, the disbandment of the irregular troops and the prohibition of the employment of the sultan's troops in Macedonia.

It is thought that some of the other powers may object to the appointment of exclusively Austrian and Russian assessors and demand that the commission of control be given a more international character. It is believed in Paris, in view of the terms of the late Russo-Austrian note to Turkey, providing that the proposed commission is to control which is to assist Turkey in carrying out the reforms in Macedonia, it is to be composed of Austrian and Russian representatives without any representatives of the other powers, that the sultan may defer accepting the plan until he has ascertained the attitude of Great Britain, France and other powers interested in the orient, and that these powers are not likely to favor the reform plan unless they are represented upon the commission.

DOWIE'S FATHER.

He Declares in Public He Doesn't Know Who He Was.

New York, Oct. 26.—In his morning address today Dowie said that he had no right to the name of Dowie, and that he did not know who his father was. The occasion for the statement was certain letters published by a morning newspaper purporting to show that Dowie had cast off his own father, Verano Dowie, said he had the painful revelation made to him that John Murray Dowie, to whom the letters were written, was not his father. He said he had never heard his name, and that he had been told by certain persons for years. During his address he again denounced the newspapers and demanded the establishment of a censorship to protect clergymen, politicians, judges and business men from newspaper attacks.

The house to house visitation in Jersey City by the Dowieites was begun today.

Mrs. Iverson in Insane Asylum.

Salinas, Calif., Oct. 25.—Mrs. Louis Iverson, who killed three of her children at Pacific Grove on Saturday was today examined as to her mental condition. To the examination justice she answered all questions in a rational manner but when asked about the tragedy her mind was a blank. She asked the doctors to go to a sanitarium where the children lay in a trance and wake them up as they were sleeping too long. Finally she stated by order of the Lord she had put them in a trance and cried bitterly for them to be brought to her presence. She did not realize that they lay dead at the morgue.

Other evidence showed that Mrs. Iverson had been killing mentally for three months. She was afraid she was becoming irreligious and was very solicitous about her children's spiritual welfare.

DOCTOR KNEW.

Had Told It Himself.

The doctor who had tried Postum Food Coffee knows that it is an easy, certain, and pleasant way out of the coffee habit and all of the ailments following and he prescribes it for his patients as did a physician of Prossertown, N. J., one of his patients says: "During the summer just past I suffered terribly with a heavy feeling in the pit of my stomach and dizzy feelings in my head and then a blindness would come over my eyes so I would have to sit down. I would get so nervous I could hardly control my feelings."

"Finally I spoke to our family physician about it and he asked if I drank much coffee and mother told him that I did. He told me to immediately stop drinking coffee and drink Postum Food Coffee in its place as he and his family had used Postum and found it a powerful stimulant and delicious food drink. I hesitated for a time, thinking the idea of having to give up my coffee but finally I got a package and found it to be all the Dr. said. Since drinking the Postum in place of coffee my dizziness, blindness and nervousness are all gone, my bowels are regular and I am again well and strong. That is a short statement of what Postum has done for me." Name given by Postum Co., Battle Creek, Mich.

Dyspepsia

What's the use of a good cook if there's a bad stomach,—a stomach too weak properly to digest what is taken into it?

The owner of such a stomach experiences distress after eating, nausea between meals, and is troubled with belching and fits of nervous headache—he's dyspeptic and miserable.

"I have been troubled with dyspepsia and have suffered almost everything, I have tried many different remedies, but could get no relief until I began taking Hood's Sarsaparilla. After the use of this medicine I could eat without distress, and today I am as well as ever, but I always keep Hood's Sarsaparilla on hand." MRS. J. A. CROWELL, Canajoharie, N. Y.

"My stomach was weak. Reading how much good Hood's Sarsaparilla had done other people, I was encouraged to try it. My stomach soon grew stronger and now I can eat almost anything. My husband and I take Hood's for our blood in spring with good results." MRS. A. J. GREELEY, East North Yarmouth, Me.
