GIRLS WIN STRIKE AT POCATELLO

Yen Switchboard Operators, After Much Tribulation, Get Increase in Wages.

PUBLIC BECAME INTERESTED.

Amicable Agreement Finally Arrived at And "Hello Maidens" Return To Work.

Special Correspondence.

POCATELLO, Ida., June 27.—The local telephone girls, 10 in number, struck for higher wages, and after 10 days parleying, walked out last Monday morning, being unable to get a hearing before Division Superintendent, who claims the girls have no occasion to strike and may consider themselves discharged. Strike breakers arrived Tuesday morning from Salt Lake, and the local girls are appealing to the public for sympathy and have issued a statement in their case saying they get only from \$24 to \$30 per month, which is inadequate for living expenses in a city of this class. The girls continue to be on strike, and the public is becoming more and more interested.

The girls, though not organized, have resolved themselves into committees, and are petitioning the telephone company to have their phones removed, and are threatening to have a boycott; but the Bell company has a 30-day clause in the contract, and is resisting the demand on the ground that it is not a good faith strike.

HELLO GIRLS WON. This afternoon, however, a settlement and compromise was effected through a committee of citizens headed by ex-Mayor Walter H. H. and James Kane, a committee of the striking girls, a committee from the Trades and Labor council and Manager Lanestrom of the Bell company. Traffic Superintendent MacDonald was also present, and his proposition, refused yesterday, was accepted today. The girls all go back to work tomorrow and work one week at the old salary, after that they get the increase demanded.

JOCKEY INJURED.

The horse race between Potter's horse of Dempsey and Loretta's mare of Elkan, which was scheduled here for last Friday, when some \$1,500 was up on the result, came to naught through an accident to Jockey Ed Enos, who was riding the Loretta mare. The horse fell, and in falling injured the rider, who remained unconscious for several hours. He was taken to Dr. Bean's drug store and given aid restoratives. It is now convalescing, but the race was called off.

MUST ISSUE LICENSE.

District Judge Alfred Budge handed down a decision last Monday in the case of J. B. Perkins and J. H. McCarty vs. C. E. M. Lox and et al., which is a case against the city wherein the plaintiffs seek to compel the city to grant a salaried position to a man who turned down. The court, after mature examination of the law in the case, issued a mandamus directing the city to issue the license. The case has been appealed to the supreme court.

FOURTH CELEBRATION.

Preparations for celebrating the Fourth are going on apace. A big parade is to be given, and among the special attractions will be seen 150 Indians dressed in war-paint and riding ponies; 60 young "Americas" dressed in hunting costumes, riding horseback, will add to the merriment of the day. There will be the usual representation of lodges and orders, floats and the horrors, baseball games, and tug of war, and the first of all will be the time-honored salute to sunrise.

WOMEN ORDERED TO LEAVE.

County Atty. Gray served notice last Tuesday on the women of the western district to close their places of business on or before July 1, and to leave not only the city, but the county as well. The municipal authorities have acquiesced in the proposition, and are paying to offset the loss in revenue by increasing the taxes all along the line.

A BABY SHOT.

Roy Richardson, a 9-year-old boy from Healey, met with an accident yesterday while with his uncle, John Richardson, of Idaho, who had come to town to do some trading. The lad had obtained possession of a revolver, which was not supposed to be loaded, but was, and while making a careless display of it in the Holmes candy store it was discharged. The child, however, was loaded with shot, one of which entered the lad's left wrist, inflicting a painful but not a very serious wound. He was taken to the office of Dr. Wright, where the wound was dressed.

MEEKER MONUMENT.

The Ezra Meeker overland trail monument was quietly set up last week at the west side school grounds, and will shortly be unveiled with appropriate ceremonies.

The ladies of the civic club have made this movement a success and have collected the incidental expense by popular subscription. While the schoolhouse is not strictly on the old trail, which was retraced last summer by Mr. Meeker in a prairie schooner, this spot was chosen for the monument. Another lady who was set up at "The Dobbs" a few miles west of here, right on the old trail, and as it was then called "The Oregon Trail."

INDIAN DANCES.

The Indians are having one of their customary spring and summer dances this week down on the "bottoms" about eight miles west of here, and many of the citizens went down this evening in all kinds of conveyances to see the natives amuse themselves after the manner of their ancestors.

Every idle team in the city was utilized; one party of ladies and gentlemen went down in a hayrack bedded with straw, drawn by two span of horses, but they had a runaway and narrowly escaped serious injury.

Word was sent in to the city and fresh teams were sent out and the injured were taken to the general hospital.

MONTPELIER AT LAST WELCOMES SUMMER.

Special Correspondence. MONTPELIER, June 27.—The cold storm wave, which has been so prevalent this season, did not fail to reach this neck of the woods, and not only found it, but remained, greatly increasing the discomfort of the farmers as well as doing much damage to the fruit crops of all kinds. The storm did not, however, bring any relief to the farmers as in hopes of better weather for at least a few weeks.

Several cases of diphtheria of the town it is rumored, have decided to change their status of single blessedness to that of matrimony in the near future. The town is very quiet, and the giving out of any definite information concerning the all-important venture, but the rumors are so persistent that it is necessary to get another confirmation of the truth with which to replenish their stock.

Building and improvement of various kinds are now in full operation and are being prosecuted as rapidly as the material can be placed upon the ground.

The commercial and agricultural fathers have prepared for a grand celebration of the Fourth of July.

The people are good and general good cheer prevails.

JAPANESE LABORERS REPLACED BY CHILDREN.

Special Correspondence. SUGAR CITY, June 27.—The weather men have been dealing all kinds of weather for the past few weeks. There has been a great deal of rain, but the skies cleared yesterday, and it looks as though summer has come to stay. The rains have done much good to the hay and grain and to the ranges, but there has been too much rain for the sugar crop. The farmers are now getting them all thinned to date. However, the thinners are hard at work and they expect to finish thinning in most places by the end of this week or the first of next week. One pleasing feature of the children work this spring is the number of children that have been employed. Here the Japanese have done all the work, and it has been impossible for the children to find employment, but this year there has been plenty of work for all the children, consequently Sugar City streets have seen a lack of idle boys and girls. This alone has been a great help to the surrounding towns as well as Sugar, as each family receives directly the benefits of the money that is distributed by the sugar company.

Last Saturday the opera house was crowded with dancers, the event being the grand prize waltz tournament, and a dancing plan in the opera house. Each Saturday evening, commencing last week, two couples are chosen by judges and on the fourth Saturday, July 6, the couples chosen the weeks previous, will compete for a handsome prize. There is a great deal of interest in the contest, and the management of the opera house is kept busy answering inquiries about the tournament.

It has been officially announced that A. L. Comstock has resigned as cashier of the Western Union Telegraph company, and has been succeeded by J. W. Timpane, who has been promoted to cashier of the sugar company and W. A. Besley of Salt Lake City will take Mr. Timpane's place.

The young men who have received promotions are men of sterling qualities and are respected in the community and the citizens of Sugar compliment them on their success. Mr. Comstock will reside in Rexburg, where he will enter the mercantile business. He has been a hard worker in this town and has been very active in public undertakings. He has the best wishes of all his friends here.

Hon. Orson P. Whitney is spending a few days with his daughter, Mrs. W. Timpane. He will occupy the time in visiting Sunday afternoon.

Lewis Rick has returned from California where he has been working for the past few months. When asked about conditions there he stated that there were plenty of work for everyone but there were so many strikes that it was impossible to get in even half time.

Irrel Bligh, formerly of Rexburg, has accepted a position with the Sugar City plant.

Afton Pratt, daughter of M. C. Pratt, has been very low with Bright's disease, and was getting very nicely when she contracted a case of diphtheria. The danger point is over and though she is very sick, there is no fear and all hope to see her about again.

Several new families have bought homes near Sugar City and some others have come to Sugar City to reside. There is room for more people, and all inquiries will be cheerfully answered by either the Commercial club or the Business Men's association.

RELIEF SOCIETY HOLDS CONFERENCE AT OAKLEY.

Special Correspondence. OAKLEY, Casia Co., Ida., June 27.—Mrs. Annie Taylor Hyde and Mrs. Emma Smith Woodruff of Salt Lake and Stephen L. Richards of Murray, have been visitors to Oakley during the past few days. The ladies were here to attend the Casia stake Relief society conference held here on Friday, June 28, and Mr. Richards to attend the Sunday school conference of Casia stake held on Sunday. Many people were present from different parts of the stake, some traveling 10 miles to attend. Each gathering was largely attended and extremely interesting.

At the Relief society conference Mrs. Louise Haight, who has presided over the stake society for 20 years, was honor-

ably released, having previously tendered her resignation, and Mrs. Alice Sessions

Marion was elected to the office. Mrs. Julia Haight Smith, 2d Mrs. Rachel Hale and Mrs. Portia Iversen Funk, secretary, and Mrs. Loreta Wells Cranes, assistant secretary.

The weather is still cold and stormy, the mountains were covered with a coat of fresh snow Friday night, and rain has been falling almost daily for two weeks. Farmers begin to wonder if the weather will permit the saving of any of the first crop of hay. A few people have cut their alfalfa and it is priced fairly high, on account of the continued rains.

The village trustees are laying a four-inch pipe from the canal on East Main street to the Worthington corner, for the purpose of filling the sprinkling wagon, should such a thing be needed this summer.

Among the visitors to Oakley this week are Leslie and Mrs. Stott and Miss Jenkins of Camas Prairie, Idaho; George J. Holway and Ezekiel C. Pulephier, and After Hardey of Kimberly, Idaho; Hyman Philpen and Mrs. Wm. F. Hammon of Carey, Blaine county, Idaho; David H. Toms and James and Mrs. Betteridge of Grosve Creek, Utah.

NEW WARD ORGANIZED IN FREMONT RAILROAD TOWN

Special Correspondence. REXBURG, Fremont Co., Ida., June 27.—A ward was organized at Ash-ton, the new railroad town, last week. Bishop M. J. Kerr of Ora was chosen as bishop, and Mansfield Andrus was named as bishop of Ora.

Nels Newman was in town this week shaking hands with friends before leaving for a mission to the Sandwich Islands. He was also receiving congratulations as he was married last week to the stake at which he is serving in the stake at Rexburg. They were both students of the Rexburg Academy last winter.

Rexburg baseball team had a game with St. Anthony's last week. The score was 2 to 4 in favor of Rexburg. All business houses closed for the game. A dance was given in the evening in Flamm's hall. Dr. G. L. Tuffs of Portland, Ore., lectured here last week in the first ward meetinghouse, under the auspices of the stake M. I. A. His lecture was on the "Local Official and Sunday Closing Law."

John E. Winder of Ogden and May Cahoon were married at the home of the bride's parents, Mr. and Mrs. Miles R. Cahoon, June 25, at 2 o'clock. The ceremony was performed by the family and immediate relatives. Refreshments were served during the evening. Mr. and Mrs. Winder expect to make their home in Rexburg.

Oliver C. Daby has now assumed the management of the stake at which he is serving. Ezra C. Daby expects to continue as the editor.

Charles Cook has returned from Texas, where he has been laboring for the last 20 months as a missionary.

At the new Third ward there was no meeting here this week. The First and Second wards will have to reorganize nearly all of the associations, as a number of the members are charged to other wards, and a great many have resigned, for various reasons.

IRATE HUSBAND SEEKS REDRESS

Asks for \$20,000 Damages for Alienation of His Wife's Affections.

J. M. HALLEY IS DEFENDANT.

Hailey Strikers Accused of Meddling With Wives—Bey Drowned—Whiteway Improving.

Special Correspondence.

BOISE, Ida., June 27.—Fred Harrop, a driver of the Idaho Dressed Beef company, has entered suit against J. M. Halley for \$20,000 damages, charging him with alienation of the affections of Harrop's wife. The complaint and summons have been filed in the district court and Halley is ordered to appear in court 49 days after the service of the summons upon him.

The case brought on in the complaint is known to some citizens and has caused considerable comment. Some few weeks ago both Halley and Harrop were missed from the city, and it was reported that they had been killed in a fire. Harrop was not arrested, however, Harrop decided to institute a suit against him. The complaint states that Harrop was standing upright in the hall and the interference of Halley, they lived peacefully in each other's affections. They are the parents of one child.
