THE DESERET NEWS.

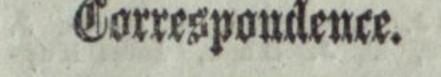

THE REWARD FOR OPENING UP AN EMPIRE.

LESS than a quarter of a century ago Missouri and Illinois were viewed as the Far West of the American Republic. The States of Iowa and Nebraska were inhabited by Indians. What is now Colorado and Wyoming was a portion of the Great American Desert, and the Pathfinder, Fremont, for his explorations through the West, was considered to have done enough to entitle him to the nation's gratitude, and, by many, to give him a strong claim upon the highest gift in the power of the people-the Presidential chair. Utah, Nevada and California were Mexican territory, over the larger portion of which a few tribes of the most degraded Indians roamed at pleasure, living on small game, fish, berries, and a few roots of spontaneous growth.

But what a change in so short a period! Some few advanced minds at that time thought of a transcontinental rail. road, to unite the waters of the Atlantic with the Pacific. But they were looked upon as dreamers. Giant and impassible mountains were believed to intervene, rendering such a work impossible; and the idea was deemed a chimera of the wildest and most unreasonable character. Yet to-day China and Japan shake hands with Europe across this continent. The "Great American Desert" is pierced, penetrated, opened up, settled; hundreds of thriving towns are scattered over it; population is pouring into it; vast mineral deposits have been discovered, and, to an extent, developed in it; agriculture flourishes in hundreds tation is conducted, signing himself present time is making but slow pro- evening. ject that I wish to write upon is that of a grand military pic-nic ball given by the cavalry company of Grantsville on the anniversary of Washington's birthday, Tuesday Evening, Feb. 22nd.

The people began to assemble at the Social Hall at an early hour. At half past seven prayer was offered by Maj. Barrus (commander of the infantry). After prayer, the cavalry formed into line for roll call. They were then numbered for the dance according to rank, by Capt. S. W. Woolley, who is in command of the cavalry forces of Grantsville, and was chief manager of the party. Of the invited guests present, were the commissioned officers of the infantry companies, also President T. H, Clark, President E. Hunter, and a number of other influential gentlemen. The hall was well decorated with flags and weapons of war, and everything was so well arranged for the comfort of the company, that too much praise cannot be given to the committee of arrangements, Capt. Samuel W. Woolley, Lieut. Alma H. Hale and Lieut. Wm. R. Judd.

Business, however, is not very lively at present, but "hope springs exultant on triumphant wing," or something of that sort, as everybody is looking for brisk times when Spring fairly opens. Last night there was a Female Relief Society ball, in Mr. C. Woodmansee's building, on Main street, which was numerously attended and was a success. There is some mud around; in fact a man wearing No. 13's might help himself to enough real estate to make a respectable lot, by walking about a day or two and regularly scraping off in one spot; but dry weather will soon settle that matter, until it begins to "get up and dust" under the influence of a sharp preeze.

RICH COUNTY .- Brother Osmond, writing from Paris, Rich county, on the 26th ult., says:

"A gloom has been cast over this town by the death of Sister Rebecca K. Eldredge. who died on the 24th inst. She was the daughter of William and Eliza Derr, and wife of Elnathan Eldredge, jr. It will be a great consolation to her many relatives and friends in Salt Lake City to hear that Sister Eldredge received every care that human sympathy or foresight could suggest. All business was suspended on the day of her funeral. The full attendance of the brethren and sisters to the services of which showed the great respect and sympathy felt for our sister and her husband. Suitable addresses were delivered on the occasion by President David P. Kimball and Elder George Osmond.

Sister Eldredge was twenty-five years of old and died five days after childbirth, leaving behind her the record of a faithful saint and affectionate wife.
