LOGAN WANTS TO LIGHT CITY.

Scheme for a Municipal Lighting Plant for Salt Lake Being Considered.

THE MAYOR'S COMMUNICATION.

He is in Favor of the Proposition—Committee Appointed—Free Ball Grounds.

Municipal ownership of the electric light system of this city is the proposition which was submitted to the city council last night by Mayor Morris. The mayor also sent in a communication received by him from a Logan firm which desires to meet representatives of the city and talk the matter over. Upon the recommendation of the mayor a special committee consisting of Hartenstein, Martin, Barnes, Black, Preece and Hewlett was appointed to confer with the mayor in regard to the matter, and both communications were referred to such committee for consideration.

MAYOR'S COMMUNICATION.

The mayor's letter in relation to the matter follows:

I am in receipt of a letter from Messrs. C. Garff & Son of Logan, Utah, which I attach hereto and is made a part of this communication, and which I believe should receive your very serious consideration.

The lighting of this city, both private and public, it seems to me, has reached a point where the city council should take the matter up in all seriousness in order that a better service at less cost to the people be had. I thoroughly believe that the city should own and operate its lighting plant. It did at one time, but through the machinations of a former administration let it go for, figuratively speaking, a song. The sale of the city's lighting plant was decidedly against the sentiment of the people and that the city's waterworks system should not be sacrificed as was the lighting plant, a strong sentiment was created, which crystallized into the section of the state constitution forever prohibiting the city council of any city in the state from selling or disposing of its waterworks system.

The proposition in the accompanying letter is something that this administration should not ignore, and I therefore respectfully recommend that a special committee be appointed to devise some way that the proposition of Messrs. Garff & Son receive consideration. I believe that the city should have better lighting facilities than it now has and at a reduction in cost, and the best solution of the difficulty, in my opinion, would be for the municipality to own its lighting plant.

I sincerely trust that your honorable body will give the matter your most earnest consideration.

Very respectfully,
RICHARD P. MORRIS,
Mayor.

LOGAN PROPOSITION.

The accompanying letter from Garff & Son of Logan, is as follows:

We notice in your report of the city that you pay the sum of $32,664 per annum on 428 street lights and very poor service at that. We have recently secured in Salt Lake county a very valuable power site that we intend developing this spring, with a view of transmitting the power to the mines. How would you like to take under advisement a proposition something like this: We enter into a contract with your city to build a reliable, up-to-date light and power plant, that will develop say 50 per cent more arc lights than you are now using, besides lighting all your municipal buildings. You to let us the contract to light your streets at about the same rate you are now paying for the term of four or five years and at the expiration of that time we to give your city absolute title to the plant, all in first-class working order, for some nominal figure, say 25 per cent of its cost, which amount can be stipulated and agreed upon. This will enable your city to become owners of your lighting system for about the same money that you are now paying out and own nothing. And we shall be in this amount paid our commission and time for services.

Monopoly and extortion go hand in hand the world over and the only remedy is municipal ownership of these public utilities, same as Logan, Brigham, Lehi, American Fork and other towns. If this proposition suits you we shall be pleased to meet you at an early date to discuss the matter. Ample reference will be furnished when wanted.

RESOLUTION OF RESPECT.

Councilman E. H. Davis introduced the following resolution upon the death of the late Dist. Atty. Dennis C. Eichner, which was adopted by a unanimous vote:

Whereas, the great Ruler of the Universe has in His infinite wisdom removed from our midst our worthy and esteemed fellow citizen, Dennis Clay Eichner; and

Whereas, the intimate relations held during a long business life by him with this and other city councils, makes it fitting that we record our appreciation of him; therefore be it

Resolved, that the sudden removal of such a man from our midst and from the courts in which he has held leading positions for a number of years, leaves a vacancy and shadow that will be deeply realized by all members of this council and its friends, and will prove a grievous loss to the city and the public; and be it further

Resolved, that with deep sympathy for the afflicted family and friends of the deceased, we express our earnest hope that even so great a bereavemnt may be overruld for their highest good; and be it further

Resolved, that this resolution be placed on the minutes and a copy sent to the family.

SIDEWALK DISTRICT.

The engineering committee reported favorably upon the petition of the Commercial club asking that a sidewalk district be established for the construction of cement sidewalks between South Temple and Fourth South and between Second and Seventh East streets. Fernstrom argued that the report was out of order for the reason that there had been no petition from the property owners asking for the sidewalks and the sidewalk district could not be established by the council except upon a petition from the property owners. He said that the Commercial club had no business to "poke its nose" in the city's affairs in any such manner. Black also opposed the proposition for the reason that a sewer district had already been established this year on the proposed streets and he did not think the citizens could stand a double special tax. The report was finally referred back to the committee.

FUN OVER A TYPEWRITER.

City Treasurer Fisher Harris had a little fun during the meeting at the expense of City Recorder Critchlow. The latter asked the council for an appropriation of $100 with which to purchase a typewriter for the police court stenographer. Mr. Harris politely informed several of the councilmen on the quiet that he had a typewriter in his office which was not in use and which could be turned over to the city recorder. The councilmen immediately objected to the appropriation and wanted the recorder to take the machine in the treasurer's office. After it looked as if the appropriation would be defeated Mr. Critchlow was given the privilege of the floor and explained that he had purchased the typewriter several weeks ago and that the man wanted his money for the same, and he merely asked that the appropriation be made. Mr. Harris, unable to keep his face straight any longer, found it agreeable to leave the council chamber. The appropriation was then made, much to the relief of the recorder.

FREE BALL GROUND.

The Hartenstein resolution providing for the appropriation of $100 with which to maintain a ball ground at Liberty park to be used by the boys of the city free of charge was adopted. The resolution of Black providing for the city sexton to keep the soldiers' plot at the cemetery in proper condition without cost to the Utah Philippine veterans was also adopted.

OTHER MATTERS.

A petition was received from Mrs. Susan B. E. Holmes and 37 other property owners in the Eighteenth ward, asking that the entrance to City Creek canyon be widened from State street back a distance of about 150 feet. Should the council decide to make this much needed improvement, the petitioners agree to pave Canyon road from State to Second or Third street. The matter was referred to the committees on streets and engineering.

City Engineer Snow submitted an estimate of the cost of macadamizing State street with crushed stone from Fourth South to Tenth South street. To remove the surplus mud and dirt and bring the street to an established grade, fill in with crushed rock for a depth of nine inches and a width of 30 feet, will cost $12,500, according to the estimate of the city engineer. This is the work which the council appropriated $4,500 to carry out, but the action of the council was vetoed by the mayor. The communication of the city engineer was referred to the streets committee.

A claim for $2,000 damages was submitted by W. A. Sidney, who fell on a slippery sidewalk at West Temple and Eighth South streets on Feb. 4 and broke his arm. The claim was referred to the committee on claims.

Mayor Morris' veto of the Black resolution providing for the humane officer to appoint a deputy dog tax collector, was sustained by a vote of 10 to 4. Later an ordinance was introduced by Neuhausen providing for the city treasurer to appoint a deputy dog tax collector. The ordinance was laid over for one week.

Upon the recommendation of Mayor Morris, the council conferred police powers upon City Sealer of Weights and Measures Richards.

ARMY TRIALS

An Infantryman's Long Siege.

This soldier's tale of food is interesting.

During his term of service in the 17th Infantry in Cuba and Philippines, an Ohio soldier boy cotracted a disease of the stomach and bowels which all army doctors who treated him pronounced incurable, but which Grape-Nuts food alone cured.

"In October, 1899, when my enlistment expired, I was discharged from the Army at Calulute, Philippines, and returned to the States on the first available steamer that left Manila. When I got home I was a total wreck physically and my doctor put me to bed saying he considered me the worst broken-down man of my age he ever saw and after treating me 6 months he considered my case beyond medical aid.

"During the fall and winter of 1900 and '01 I was admitted to the Barnes Hospital in Washington, D. C., for treatment for chronic inflamation of the stomach and bowels but after 5 months returned home as bad as ever.

"I continued taking medicine until February, 1902 when reading a newspaper one day I read about Grape-Nuts and was so impressed I sent out for a package right away.

"The result is quickly told for I have used Grape-Nuts continually ever since with the best results, my health is so I can do a fair day's hard work, stomach and bowels are in good condition, have gained 40 pounds in weight and I feel like a new man altogether.

"I owe my present good health to Grape-Nuts beyond all doubt for medical science was exhausted." Name given by Postum Co., Battle Creek, Mich.

Had he consulted any one of several thousand physicians we know of they would have prescribed Grape-Nuts immediately.

BAKING POWDER

Absolutely Pure

It Is a Matter of Health

TWENTY YEARS AGO TODAY.

(DO YOU REMEMBER?)

Large financial concessions by the Mexican government to American railroads led to a popular revolt that almost became a revolution.

Congress killed a bill intended to restrict the use of alcoholic liquors in the United States to arts and manufacture.

President George Q. Cannon delivered a discourse on the question: "Is plural marriage a tenet of the Latter-day Saints' faith; if so, can it be legally interfered with?"

TEN YEARS AGO TODAY.

Rioters at Valencia, Spain, made fierce demonstrations against the pope, which led to the killing of 35 people.

Gov. West demanded of the Southern Pacific company all the expense incurred by the Territory of Utah during the invasion of Coxey's army.

FIVE YEARS AGO TODAY.

The Samoan trouble broke out. A band of Mataafa's savages attacked American and British marines and behe aded all captives.

Prof. Cooper was appointed superintendent of the city schools.

"DO IT TODAY."

The time-worn injunction, "Never put off 'til to-morrow what you can do to-day," is now generally presented in this form: "Do it to-day!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it TO-DAY—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists.

Household Washing.

The new term and new system of house laundering by the piece. We have added capacity in every department for properly handling this class of work; new buildings, new equipment, with expert employes and superintendence enables us to insure all patrons of unexcelled work and service. We iron bed and table line, starch all children's and ladies' pieces, treat the colored pieces with care in the process. Telephone for particulars.

TROY LAUNDRY.
Telephones 192 and 193. 166 Main St.

FISHERMEN, BEWARE.

Disciples of Isaac Walton Must Not Fish in Jordan Until June 14.

It will be painful to the ardent fishermen who make a point of taking their poles and lines down to the Jordan river with the advent of spring to learn that the state game and fish warden has determined to put a stop to this practise during the close season. On Sunday two deputies made a trip along the banks of the river with the result that had they gathered in all the law breakers there would have been prisoners enough to fill the county jail twice over. The fishermen were warned and told that they would be arrested if they persisted in fishing. The close season will be up on June 14 when fishing will be permitted until December 15. As it is now disciples of Isaac Walton cannot even catch chubs, suckers or carp until the date indicated.

KILLED ON THE CUT-OFF.

Suit in Federal Court Brings to Light Another Fatality.

A. W. Valentine, administrator, has filed a suit for $20,000 against the Southern Pacific company for the death of Allen Towson, who was an engineer employed on a launch used in the construction of the Lucin cut-off. It is alleged that the company allowed the machinery to become defective and Towson breathed gases generated by the gasoline engine until he was unconscious, when he fell backwards, and was struck in the head by a fly-wheel, killing him instantly. The accident occurred on Sept. 24, 1903.

The Southern Pacific is asked for another $20,000 by James B. Fenton, a brakeman. He alleges that while setting brakes on a freight train at Jackson, the first division of the train backed into the second division, the collision resulting in the fall of the plaintiff from the top of the car, with serious injuries resulting.

Charles R. Berg of Muray has filed a petition in bankruptcy. His liabilities are $326, and assets $179.50.

A Grave Sensation.

There was a big sensation in Leesville, Ind., when W. H. Brown of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from Asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of Consumption, Pneumonia, Bronchitis and Grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c, and $1.00. Guaranteed by Z. C. M. I. Drug Store. Trial bottles free.

MORMON WOMEN NOT IN DISGRACE.

Editor Who Says the Almighty Will Not Hurl Thunderbolts At Them.

WHAT HE THINKS ABOUT IT.

Society Women Who Have Shattered The Precepts of Divinity and Every Civilized Religion.

Sacramento Bee.—In a recent editorial, the Deseret Evening News, published in Salt Lake, gets in a body blow at "Christian women" who have so much to say, in clubs and through the press, about the Smoot case. The "News" quotes the following from a sermon preached by Bishop Joseph M. Francis, of Indiana:

"The wealthier classes do not want children, claiming that they do not have time to devote to them. A woman cannot be a leader in society and raise children. Both demand her attention, and it is getting to the sad point where many women prefer society to children."

The "News" goes on to say:

"'Refined society' was much more shocked at the number of President Smith's children than even over the fact that he acknowledged the wives whom he wedded previous to the issuance of 'the manifesto.' So with the course of other 'Mormons' in the same status. The objectionable thing is that children are born to those plural wives. Punishment for this increase is the demand of modern moralists of the school of suppression.

"It will be found that the most vehement outcries against the 'Mormons' on the part of various societies, come from women who are of the class mentioned by Bishop Francis. Understand, we do not claim for a moment that there are no good, 'Christian' women, mothers of children, and in every way admirable, who protest against 'Mormonism.' There are many such, who do not understand the situation here nor the principles by which 'Mormon' men and women are governed.

"But we say that females of the kind that the Bishop proclaims against, will be found among the most strenuous of anti-'Mormon' and anti-Smoot declaimers. The evil he speaks of is a real 'menace' to the country, and it is a crime against God and nature and human enactments."

None can say the "News" has not struck the nail very cleverly on the head.

One may detest "Mormon" polygamous practises, but if he is a sensible, well-read, intelligent man, a man with a sane mind and a clean soul, he will not look down on the 'Mormons' while at the same time applauding the intentional birth-prevention by society women.

With the ancient Israelites, barrenness in a married woman was a badge of disgrace. Sarah and Rachel are instances of Jewish women who "lifted up their voices and wept" when God kept them childless. Barrenness was keenly felt by Jewish women in the days of the Lord, and Elizabeth, the mother of John the Baptist, rejoiced overmuch when God removed the curse of barrenness from her.

In these later days of progress, new ideas, and the New Woman, a wife who thinks she is somebody, has no time to bear children. She makes a virtue of her intentional barrenness and looks with contempt upon the 'Mormon' women, who are far better in the eyes of God than she is.

For we do not believe the Almighty will hurl the thunderbolts of His wrath at "Mormon" women, who have followed what they believed to be revelation—as Sarah and Rachel followed it, and as all the old patriarchs of the Bible followed it—and will shower divine gifts upon society women who, in their enforced barrenness, have shattered the precepts of divinity as taught by every civilized religion and broken as well the unwritten salutary laws of humanity.

Will Interest Many.

Every person should know that good health is impossible if the kidneys are deranged. Foley's Kidney Cure will cure kidney and bladder disease in every form, and will build up and strengthen these organs so they will perform their functions properly. No danger of Bright's disease or diabetes if Foley's Kidney Cure is taken in time. F. J. Hill Drug Co.

SURVEY CONTRACT.

First Completed Work on the Uintah Indian Reservation Approved.

The first completed survey contract on the Uintah Indian reservation was approved this morning by Surveyor-General Edward H. Anderson. It is known as contract No. 266, executed by Harvey D. Heist, deputy surveyor, and the complete returns were filed in the surveyor general's office Jan. 12 last. It embraces the following townships: One N. 2 W. Uintah B. and M., 22,935.30; 1 N. 6 W. Uintah B. and M., 23,093.95; 1 N. 3 W., Uintah B. and M., 22,836.27; part of 1 N. 5 W., Uintah B. and M., 2,233.08, aggregating 71,098.60 acres, being 251 miles, 26 chains and 27 links surveyed. The plats and field notes will be forwarded immediately to the general land office at Washington for approval.

The Property Called Health

runs down or improves, just depends on how it is cared for. It is the most valuable property we have, and should receive the most consideration. It helps you in business, helps good looks, helps make friends, helps get situations and helps you hold them, and always makes happiness. Property like this, at the first indication of being out of repair, should be looked after and a remedy applied at once. There are any number of signs that show repairs are needed. Bilious spells, indigestion, dyspepsia, belching, dizziness, sick-headache, sallow complexion, pimples and liver spots on the face, a drowsy feeling after meals, sour stomach, etc. These symptoms all show loss of health. Druggists will you sell for 25c, a box of Dr. Gunn's Improved Liver Pills, a sure cure for all of these diseases. For sale by Z. C. M. I. Drug Department.

While There Is Life There Is Hope.

I WAS afflicted with catarrh; could neither taste nor smell and could hear but little. Ely's Cream Balm cured it. —Marcus G. Shautz, Rahway, N. J.

CREAM BALM reached me safely and the effect is surprising. My son says the first application gave decided relief. Respectfully, Mrs. Franklin Freeman, Dover, N. H.

The balm does not irritate or cause sneezing. Sold by druggists at 50 cts or mailed by Ely Brothers, 56 Warren St., New York.

A VENERABLE PASTOR CURED BY PE-RU-NA.

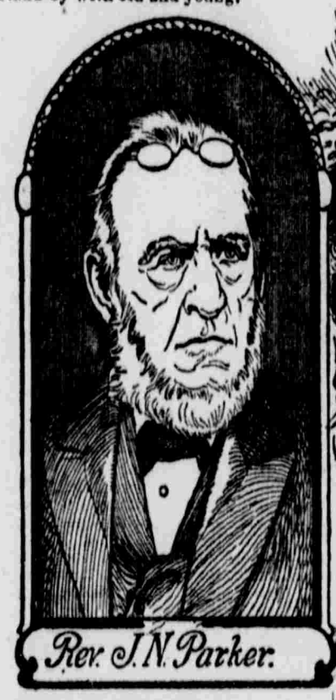
Pe-ru-na Is a Catarrhal Tonic Especially Adapted to the Declining Powers of Old Age.

In old age the mucous membranes become thickened and partly lose their function.

This leads to partial loss of hearing, smell and taste, as well as digestive disturbances.

Peruna corrects all this by its specific operation on all the mucous membranes of the body.

One bottle will convince anyone. Once used and Peruna becomes a life-long stand-by with old and young.



Rev. J. N. Parker.

Strong and Vigorous at the Age of Eighty-eight.

Rev. J. N. Parker, Utica, N. Y., writes: "In June, 1901, I lost my sense of hearing entirely. My hearing had been somewhat impaired for several years, but not so much effected but that I could hold converse with my friends; but in June, 1901, my sense of hearing left me so that I could hear no sound whatever. I was also troubled with rheumatic pains in my limbs. I commenced taking Peruna and now my hearing is restored as good as it was prior to June, 1901. My rheumatic pains are all gone. I cannot speak too highly of Peruna, and now when 88 years old can say it has invigorated my whole system. I cannot but think, dear Doctor, that you must feel very thankful to the all loving Father that you have been permitted to live, and by your skill be such a blessing as you have been to suffering humanity." —Rev. J. N. Parker.

A Bishop's Letter.

T. H. Lomax, D. D., Bishop 2nd Dist. A. M. E., of Charlotte, N. C., writes: "I recommend your Peruna to all who want a strengthening tonic and a very effective remedy for all catarrhal complaints."—T. H. Lomax.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.
