

Ore Shipments Larger - Other Mining day is delinquent sale lay, and some of the stock released was sold by the Special Correspondence. holders for the purpose of paying up the recent 20-cent levy on their hold-

The mill shinmente in operatio concentrates will be coming and concentrates will be coming to-wards the samplers again next week, which will probably have the effect of stimulating the market price of the stock. Little was done in Park City stocks, the most active of the lot be-ing New York Bonanza, which has closed weaker. Tetro is higher. Today's closing quotations and sales were posted as follows:

Eureka, Utah, March 3 .- The ore fron ncreased considerably this week; 124 cars coming from the following properties, with two carloads of concentrates from the Uncle Sam mill: Centennial-Eureka, 53; Bullion-Beck 5; Gemint, 15; May Day, 5; Uncle Sam Cons., 7; Yankee Cons., 5; Godiva, 1 Eagle and Blue Bell, 9; Star Cons., 3 South Swansea, 2; Joe Bowers, 1 Ajax, 1; Carisa, 2; Grand Central, 7 The shaft at the Victoria mine in North Tintic is now down to a depth of 175 feet, and sinking will be con-tinued to the 400 foot level. The show-ing at the property is all that can be expected as depth is attained and Supt. R. S. Robertson feels sanguine that he will have a splendid property in operation before many months. The force at the McKinley property is making rapid progress in the de-velopment of the mine. The tunnel is in a distance of 500 feet almost direct-ly under the shaft. A depth of over 300 feet has been attained and indica-tions point the close proximity of an The shaft at the Victoria mine in tions point the close proximity of an ore body. Two shifts are constantly employed and any shot may open up the mineral deposits. The leasers at the Ajax mine are all doing well and the company is doing considerable development work on its

News.

to be done it would entail much greater expense as well as much more time. The money required to build the Ploche branch will be deposited with the offi-cials of the San Pedro, Los Angeles & Salt Lake road by the mine owners of the camp, but this will be returned to 'hem in the shape of credits on outgo-ng freight. SOME DEALS CONSUMMATED. Several important deals in Pioche roperty have been consummated. Un-announced, the representatives of a Boston syndicate came in a short time igo and acquired the old Mendha and igo and acquired the old Mendha and other groups, which formed the basis for the organization of the Ploche Ex-ploration company, of which A. W. Scott is general manager. From the latter it was learned today that this concern has been launched as a close corporation; not more than a half dozen parties are interested in it, there is no stock for sal, Mr. Levit states, but the promoters have subscribed to and have raised a fund of \$200,000 which is to be applied in the purchase, development and equipment of properties in the camp of Ploche. The gentlemen comprising the syndicamp of Pioche. The gentlemen comprising the syndi-cate are said to have enough capital hehind them to carry operations on along an extensive scale. Another enterprise recently launched is the Janet Mining and Milling com-pany, another close corporation, in which Charles L. Miller of Boston, and A. W. Scott of Pioche, are the only shareholders. Both gentlemen are in-terested in the Pioche exploration, hence, their interests are somewhat

5132
