By Universal Accord, AYER'S CATHARTIC PILLS are the best of all purgatives for family use. They are the product of long, laborious, and successful chemical investigation, and their extensive use by Physicians in their practice, and by all civilized nations, proves them the best and most effective purgative pills that medical science can devise. Being purely vegetable, no harm can arise from their use. In intrinsic value and curative power no other pills can be compared with them, and every person, knowing their virtues, will employ them, when needed. They keep the system in perfect order, and maintain in healthy action the whole machinery of life. Mild, soothing and effective, they are specially adapted to the needs of the digestive apparatus, derange ments of which they prevent and cure, if timely taken. They are the best and safest pills to employ for children and weakened constitutions, where a mild, but effectual cathartic is required.

Solid Merit with Test. For all the bitter opposition of jealous rivals, no better illustration could be had of this fact than the immense sale already attained by the great Throat and Lung Remedy, Dr. Aug. Kaler's German Elixir. For the cure of Coughs and Bronchial Affections, it is truly wonderful, even those suffering from Consumption in advanced stages and great relief, and numbers of patients have found, to their delight, not only relief but cure. It being perfectly harmless, makes it at once popular with mothers, who of all others have felt the necessity of such a medicine. The genuine bears the Prussian Coat of Arms, the fac-simile signature of Dr. Aug. Kaler, and has his name blown on every 70 cent bottle. A trial size may be had for 25 cents.

For sale, wholesale and retail, by the Z. C. M. I. Drug Department and Moore Allen & Co., Salt Lake City. d38

INCIDENT CONSUMPTION. In bronchial and chest affection, in arresting indolent consumption, and in lessening the distressing symptoms of this disease in its hopeless stages, as well as in cases of nervous debility in giving tone to the system, it is undoubtedly a valuable remedy.

JOHN McMURRAY, (Methodist Minister) Newport, N. S. dead & w

Is pestered by an eruption, use Glenn's Sulphur Soap, the ruling specific for diseases, irritation and abrasions of the skin, and a most salutary beautifier of the complexion. This admirable article is an inexpensive substitute for sulphur baths, and is equally as effective in banishing cutaneous malady, and relieving the pangs of rheumatism and gout. Redness and roughness, tan, freckles, pimples, and indeed every imperfection of the cuticle is entirely removed by it. It is avouched, by ladies who have used it, to be the most effective means of clarifying and softening the skin that they have ever employed; its health-promoting properties are widely recognized by medical men and evidence in its behalf, emanating from other and equally respectable sources, precludes any reasonable doubt as to the genuineness of its claims to public confidence. Clothing and linen from the sick room are disinfected by it, and it prevents contagion when the danger of infectious diseases has been incurred by contact. Sores and ulcers, that resist the operation of salves and lotions, are healed by it, and it soon relieves the swelling and pain caused by bruises and sprains. The opening of the pores, resulting from the wholesome stimulation of special blood vessels that it produces, is the effect best calculated to ease the circulation when over-heated, and carry off those offensive granulations which disfigure the cuticle and render existence a state of martyrdom while they remain. Eruptions, ailments that otherwise will not cure, are entirely eradicated by GLENN'S SULPHUR SOAP.

Sold by Druggists. Price 25c. per box (3 cakes), 75c. per box. Can be had on receipt of price. C. N. Crittenden, Prop'r, 7 Sixth Avenue, New York.

EVENING NEWS.

Wednesday, July 30, 1879.

LOCAL AND OTHER MATTERS.

Police Court.—Nothing going on in Justice Pryor's court to-day.

Home Missionaries.—The Home Missionaries of the Stake will meet this evening, at 7.30, in the Council House.

"Pinafore" Matinee.—A very good attendance witnessed the "Pinafore" matinee this afternoon, and up to the time we left, the performance was progressing triumphantly.

Dramatic Probabilities.—Frank Loller, agent for Middle Aime's French opera bouffe company is consulting with Manager Harris and the negotiations may result in the engagement of the troupe here shortly.

Haverly's Masked Minstrel Troupe is also expected soon. There are 40 performers in the company.

The Boreman Decision.—The full text of Judge Boreman's decision in the contempt case will be found in our columns this evening. It is to the effect that the Executives, George Q. Cannon, Brigham Young and Albert Carrington, be committed to prison until they shall turn over to the receiver property to the amount of \$142,986.52, and that President Taylor be likewise imprisoned until he turns over all property conveyed to him by the Executives. The order will be filed to-morrow morning, at 10 o'clock, until which time the defendants are at liberty. An appeal will probably be taken.

City Council.—Proceedings at the City Council on Tuesday evening, July 29th, 1879, Mayor Little presiding.

The committee on streets and alleys to whom was referred the petition of John T. Lewis and others, who asked that a bridge be placed across the canal near the residence of said John T. Lewis, on Sixth South, between Fifth and Sixth West Streets, reported that the canal referred to was dug some years ago by the county authorities, and had since been a source of great inconvenience to the parties owning lots adjacent thereto, on account of the lack of bridges upon which to pass to and from their lots. The canal being dug on the edge of the sidewalk, it made it compulsory upon teams to travel on the sidewalks to the street corners. The committee desired an expression from the council as to the propriety of the city bearing the expense of constructing these bridges. Report received and laid on the table.

Upon motion it was decided that, in consideration of the great scarcity of water for irrigation and household purposes, the sprinkling of streets in the business centres of the city, from fire hydrants, be entirely stopped.

Council adjourned to next Tuesday evening, at the usual hour.

St. Charles Notes.—"Rural" sends us a communication from the above named place, from which we glean as follows:

President Rich, Presidents Hart and Osmond, Bishops Pagnire and Hunt and twenty others celebrated the 25th in the mountains at the Logan Temple saw mill.

The weather was hotter and drier than ever, though there was an abundance of water to be had, and the crops generally looked well.

A new school-house was in contemplation, and on its completion, the services of a good teacher would be in demands one who could lead a choir preferred.

Elder N. Wilhelmsen left last Saturday for Europe, to take charge of the Scandinavian Mission, the people nobly coming to his assistance with means for the journey.

Coal Discovery.—The Dispatch details an account of the discovery in Eastern Nevada of a vein of coal thirteen feet thick, by Mr. J. Gallihar, a former resident of Ogden.

The fortunate prospector arrived in Ogden last Saturday with specimens of the coal, which were examined by Mr. R. H. Pratt and other railroad men and are said to have presented a better appearance than the Rock Spring variety. A number of the specimens have been sent to the headquarters of the Central Pacific Company in San Francisco, for a more complete assay. If the result proves successful, it is expected that the company will lay a branch road from Lucin to the mine for transporting purposes.

Williamsburgh Conference.—Brother P. A. French, Secretary of the Williamsburgh branch of the New York Conference, writes under date of the 10th, that their conference, an unusually happy and interesting one, had recently closed, with the general regret of the members that it could not be continued longer. The Saints there had much opposition to meet and needed the moral support that "Mormonism" could alone impart. The Brooklyn Branch had emigrated many hundred members and was preparing to emigrate more. All were alive to duty.

Garden City.—A few words for Garden City, Rich County, which one of its residents furnishes under date of the 29th inst. The place was first settled in the spring of 1877, is situated on Bear Lake, in a sloping valley about a mile in width, from the lake to the base of the mountains. The climate is adapted to the growth of all kinds of vines, such as squash, cucumber and melon, and is also favorable to sugar cane, tomatoes, &c. The wheat crop is a average this year.

Georgetown News.—A correspondent writes from Georgetown, Bear Lake County, under date of the 25th inst. The general health of the people was good at the time, though they had had much sickness of late, and four deaths. Meetings were well attended. The hay crop was a total failure, but grain was never more promising. No rain for several months, but plenty of water for all purposes.

In Ogden to-morrow.—The following telegram from Elder Rudger Clawson to his father, was received at 5 p. m. to-day:

30 SHERMAN, Wyoming, July 30th, 1879.

H. B. Clawson: Will reach Ogden to-morrow at 6 p. m. RUDGER CLAWSON.

Discouraging.—If there is one thing that makes a man feel his life has been in vain, it is to start for the depot to catch the evening train and not look up from his paper until the sulphuric fragrance of the Warm Spring apprises him of the fact that he has taken the wrong car.

Gipsy Encampment.—A gipsy colony is at present located just outside of the old city wall in the vicinity of the Warm Springs. Now young ladies, go and cross the sibil's palm with gold and learn the color of your lover's hair.

Frost, Drouth and Hoppers.—A correspondent at Meadow, Millard County, writes that for the third year the fruit has been cut off by late frosts, and that the drouth and the grasshoppers have ruined nearly the entire crop.

Richard Himself Again.—Harry Emery, our young home actor, as Richard III, is the latest dramatic sensation in Montana. Give him another horse.

Friesthood Meeting.—A meeting of the Priesthood of this Stake will be held in the 14th Ward Assembly Rooms, on Saturday, August 2nd, 1879, at 11 a. m.

In Town.—Hon. Moses Thatcher and Hon. W. R. Preston have been in town a day or two, and expected to return to Logan this evening.

Crowded Out.—We have laid over much editorial and other matter to make room for the text of the decision in the so-called contempt case.

Assignee's Sale.—The entire stock of the late firm of Siegel Bros., clothing, is to be sold out within 30 days, for cash only. Now is the chance for bargains. See their advertisement.

Operatic Entertainment.—Miss Amy Sherwin, the brilliant young Prima Donna, who made such a hit lately in the western cities, arrived this morning, and will give a grand operatic entertainment on Friday, the 1st of August. Box plan now open.
