Long-Standing

Blood Diseases are cured by the persevering use of Ayer's Sarsaparilla.

This medicine is an Alterative, and causes a **radical change** in the system The process, in some cases, may not be quite so rapid as in others; but, with persistence, **the result is certain.** Read these testimonials:—

"For two years I suffered from a severe pain in my right side, and had other troubles caused by a torpid liver and dyspepsia. After giving several medicines a fair trial without a cure, I began to take Ayer's Sarsaparilla. I was greatly benefited by the first bottle, and after taking five bottles I was completely cured."—John W. Benson, 70 Lawrence st., Lowell, Mass.

Last May a large carbuncle broke out on my arm. The usual remedies had no effect and I was confined to my bed for eight weeks. A friend induced me to try Ayer's Sarsaparilla. Less than three bottles healed the sore. In all my experience with medicine, I never saw more

Wonderful Results.

Another marked effect of the use of this medicine was the strengthening of my sight."—Mrs. Carrie Adams, Holly Springs, Texas.

"I had a dry scaly humor for years, and suffered terribly; and, as my brother and sister were similarly afflicted, I presume the malady is hereditary. Last winter, Dr. Tyron, (of Fernandina, Fla.,) recommended me to take Ayer's Sarsaparilla, and continue it for a year. For five months I took it daily. I have not had a blemish upon my body for the last three months."—T. E. Wiley, 146 Chambers st., New York City.

"Last fall and winter I was troubled with a dull, heavy pain in my side. I did not notice it much at first, but it gradually grew worse until it became almost unbearable. During the latter part of this time, disorders of the stomach and liver increased my troubles. I began taking Ayer's Sarsaparilla, and, after faithfully continuing the use of this medicine for some months, the pain disappeared and I was completely cured."—Mrs. Augusta A. Furbush, Haverhill, Mass.

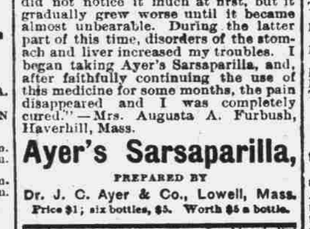
THE PATENT

Wire Gauze Oven Door

IS THE LATEST IMPROVEMENT ON THE



It Produces Practical Results in Baking and Roasting never before attained in any Cooking Apparatus, and will

Revolutionize the Present Methods of Cooking

ITS THEORY

Is that all Food Baked or Cooked, should be cooked in fresh air freely admitted to the oven. This is done by discarding the close oven door heretofore used, and substituting for it a door containing a sheet of Wire Gauze nearly as large as the door itself.

Through this Gauze Door the air freely circulates, facilitating the process of cooking, and producing food that is unequalled in flavor and nutrition, and actually cooked with less consumption of fuel than in an oven with a closed door.

It makes an enormous saving in the weight of meat.

It also produces larger Loaves of Bread, requires less attention from the cook, and promotes the health of the family by the SUPERIOR QUALITY OF THE FOOD COOKED IN IT.

OPINION OF AN EXPERT.

MRS. MARY B. WELCH, Teacher Domestic Economy, Iowa State University, says: "My deliberate judgment is that the oven of the Range, as compared with others, is not only more equally heated in every part—front and rear—but as a result of its superior ventilation the food placed therein is better cooked, while retaining a sweeter flavor, and a larger proportion of its best juices. I find, also the consumption of fuel in this Range is much less than any other or same work.

Amnesty to two Ex-"Mormons."—Thanksgiving Proclamation.

WASHINGTON, Nov. 1.—The President today granted a number of pardons in cases of violations of the revenue law, attempted killing, etc. Among them Elmore Field, convicted in the District of Columbia of larceny.

The application of amnesty was granted in the case of Lewis Larsen and Christian Madsen, convicted in Utah of polygamy, and the application of the restoration to citizenship was granted to Rickland M. Fitch, undergoing sentence in the North District of Ohio for embezzlement of bank funds.

The sisters of the Visitation were startled last night just as they were about retiring by the loud noise of an explosion which rattled the window frames, but did no damage. This morning a rudely constructed bomb of iron pipe was found in the yard. The Mother Superior thought the whole affair was a Hallowe'en joke.

THANKSGIVING PROCLAMATION.

A proclamation by the President of the United States:

Constant thanksgiving and gratitude are due from the American people to Almighty God for His goodness and mercy which have followed them since the day He made them a nation and vouchsafed to them a free government. With loving kindness He has constantly led us in the way of prosperity and greatness. He has not visited with swift punishment our shortcomings, but with gracious care He has warned us of our dependence upon His forbearance, and has taught us that obedience to His holy will is the price of the continuance of His precious gifts.

In acknowledgement of all that God has done for us as a nation, and to the end that on an appointed day the united prayer and praise of the grateful of the country may reach the throne of grace, I, Grover Cleveland, President of the United States, do hereby designate and set apart Thursday, the twenty-ninth day of November inst., as a day of thanksgiving and prayer to be kept and observed throughout the land. On that day let all our people suspend all their work and operations, and at their accustomed places of worship, with prayer and songs of praise, render thanks to God for all His mercies, for the abundant harvests which have rewarded the husbandman during the year that has passed, and for the rich rewards that have followed the labors of our people in their shops and their marts of trade and traffic. Let us give thanks for the peace and social order and contentment within our borders, and for our advancement in all that adds to a nation's greatness, and mindful of the afflictive dispensation with which a portion of our land has been visited, let us, while we humble ourselves before the power of God, acknowledge His mercy in setting bounds to the deadly march of the pestilence, and let our hearts be chastened by sympathy with our fellow countrymen who have suffered and who mourn. And as we return thanks for all the blessings which we have received from the hands of our Heavenly Father, let us not forget that it is the enjoined upon us charity, and upon this day of thanksgiving let us generously remember the poor and needy so that our tribute of praise and gratitude may be acceptable in the sight of the Lord.

Done at the City of Washington on the first day of November, eighteen hundred and eighty-eight, and in the year of the independence of the United States, the one hundred and thirteenth.

In witness whereof I have hereunto signed my name and caused the seal of the United States to be affixed.

GROVER CLEVELAND.

By the President.

T. F. BAYARD, Secretary of State.

INDIANA MATTERS.

A Historical Relic.—Preparations for the Count, Etc.

INDIANAPOLIS, Nov. 1.—Gen. Harrison passed the day in his library at home receiving the usual number of visitors. Among his callers this afternoon was D. L. Brown, of Kansas, who presented the General with a mallet made from the stump of a whig tree at Mount Tip, At ens County, September 25th, 1840. On the 25th of September the citizens met to plant another Harrison pole on the identical spot where the remains of its predecessors were unearthed. On the handle is attached a finely preserved medal of the Tippecanoe campaign. General and Mrs. Harrison evinced a lively interest in the historical relic.

Every one is hard at work about political headquarters for receiving and tabulating election returns by precincts. During no previous campaign in Indiana were such careful and complete preparations made regarding the returns as are now in progress. It is calculated the total vote of Indiana will reach between 530,000 and 560,000, an increase of 50,000 over 1884. A goodly percentage of this increase is attributed to the discovery and development of natural gas, which brought thousands from Pennsylvania, Ohio and the east.

Chairman Huston, of the republican state central committee, today wrote Chairman Jewett, of the democratic committee, asking co-operation in certain plans to prevent fraudulent voting. Mr. Jewett promises to give the matter his earliest consideration.

Ohio Republicans

SPRINGFIELD, Ohio, Nov. 1.—The great parade of the Ohio League of republican clubs has just started, and the magnitude of the demonstration has not been fully realized until now. The city is jammed with people, marching clubs from every city in southern Ohio moving along the line of march. One feature of the parade is the industrial display, a mile and a quarter long.

Gove nor Foraker will speak this afternoon.

At half-past 12 o'clock this morning General Asa S. Bushnell, who was the central figure in the great republican demonstration held here in the afternoon and evening, was assaulted by a gang of roughs as he was going home, and badly injured. The ruffians made good their escape. General Bushnell was carried to the residence of a surgeon, who pronounced him dangerously hurt. He is terribly cut about the head and face. Several teeth are knocked out, and he is badly bruised. It is yet too soon to predict what the result of his injuries may be.

A Test Action.

NEW YORK, Nov. 1.—A committee appointed by Tammany Hall has been placed in charge, and the suit that will be argued before Judge Berrett tomorrow is to determine the right of the voters on election day. The question is whether, in the crowded election districts, a voter who arrived at the polls at 4 o'clock should be allowed to register after that hour in case he must wait for the line that is ahead of him. The suit will be *pro forma* against an inspector who has refused to register any such voters.

Panama News.

PANAMA, Nov. 1.—More than 230 gold and silver mines have been registered lately in the department of Antiqua.

President Arce of Bolivia was to have left on September 30th for the mountains between Potosi and Lucre with 1500 men to act in union with 1400 men which General Rieden had as police. The rebels were said not to number over 800 men. An official telegram states that the Lucre rebels were reorganizing and consolidating their forces.

Decatur, Ala., Nov. 1.—There has been a sudden increase in yellow fever the last 24 hours. Eight new cases.

A MINISTER'S STATEMENT.

I Expect to be Believed in all I am about to say—I write for the good of others.

"I am now at an age when a man should speak words of truth and soberness, having reached the alloted term of three score years and ten, and having devoted my time in the pulpit impressing lessons of wisdom to my fellows. Mine is a common story of physical suffering and how I was delivered from it; and my desire is to mention the facts as though no one were interested save myself and those who may read these lines. I was long troubled with a stubborn affection of the kidneys and bladder. I had painful gravel deposits, and at times enlargement of the prostrate gland. Despite all the professional help I could get I grew steadily worse. In this extremity I first learned of Dr. David Kennedy's Favorite Remedy, made at Rondout, N. Y. I took the wise course. I privately inquired into Dr. Kennedy's personal character and professional standing at his home in Rondout, N. Y. The result was more than satisfactory. I discovered him to be a highly educated and experienced physician and surgeon, respected and trusted at home and abroad—a man whose career has been a long and open success. I bought a bottle, however (the price being only $1.00,) taking nobody into my confidence. The good effects cheered and emboldened me. I bought another, following the clear directions; and now I want to make known the good it has done me. The disease has relaxed its hold and I look forward to spending the balance of my life free from bodily torture, and with a heart grateful for the medicine which affords me so pleasant a prospect."
