

WEBSTER DAVIS
AND THE BOERSHe Flits to Washington to Present
A Great Petition.

IT HAS 212,604 SIGNATURES.

Purpose is to Get Congress to Sympathize with the Afrikanders and Give Moral Support.

Kansas City, Mo., Jan. 18.—Webster Davis started for New York last night with a petition carrying the signatures of 212,604 citizens of the south and west, which eventually are to be taken before Congress, asking for national sympathy for the Boers.

These signatures have been received in answer to an appeal sent out by Mr. Davis some four months ago and are addressed to the several congressmen, asking them to vote for a resolution already framed for them. The petition asks Congress to declare: "That the people of the United States feel a strong sympathy with the people of the South African republic and the people of the present suffering of this Christian people, and they unite in the hope that this declaration which they feel it their duty to make, will be favorably considered by the government of Great Britain in a settlement of their unfortunate differences."

Mr. Davis will not deliver the petition in Washington himself, but intends to turn it over to the floor committee of the House of Representatives, and then to the Senate. The documents are in perfect form, foolscap size, and when packed for transit filled four steamer trunks.

Firemen Hurt.

Chicago, Jan. 18.—When responding to a call of fire, six members of truck company No. 17 were hurled from the wagon by the breaking of an axle. Two of the men were buried beneath the wreckage, and both were severely injured. One of them may die. Four were bruised severely. The men injured are: John Green, driver, ninety-third street and Stony Island avenue, intermally injured; condition serious. John Daniel, McNamara, bruised about body and head cut. Julius Travis, face and hands cut and bruised.

SHIP SUBSIDY.

Senate Committee will Report the Bill Favorably.

Washington, Jan. 17.—The Senate committee on commerce today authorized Senator Frye, its chairman, to make a favorable report on his ship subsidy bill. Senator Frye's report accompanying the bill places the cost of the bill at \$1,700,000. He says the revenue from ocean mail postage will be \$1,000,000 of this amount, leaving a deficit under the system proposed of nearly \$700,000.

The Democratic members of the committee voted against reporting the bill. They also solidly voted for a motion offered by Mr. Mallory to strike out the general subsidy provision of the bill. The committee adopted several amendments to the bill. The most important were: Allowing mail-carrying vessels under the bill to be either iron or steel instead of steel as originally provided; and another reducing to one thousand tons the tonnage of vessels receiving a bounty under the bill. Based on foreign navigation of American vessels in foreign trade in 1900 the subsidies proposed would amount to \$1,700,000. The bounties on deep sea fisheries is estimated at \$175,000.

UNIVERSITY OF UTAH.

This afternoon Dr. Merrill and instructors Beckstrand and Wilcox, with the classes in metallurgy, steam engineering, mining and mechanism, visited the plant of the American Smelting and Refining company, now in course of construction. They also visited the Germania smelter and examined the work done there.

Instructor Howard R. Driggs, of the English department, will conduct chapel during the coming week.

The talks of Mr. Holmes in chapel last week were on "The True Christian" and "A Manly Sport." The first talk and the new music drew a room full of students every morning.

The classes in chemistry, physics and metallurgy will all convene in laboratory work Monday next in the rooms newly finished in the museum building for that purpose. But for the fact that the museum building is in view on the campus students would hardly realize that the laboratories were burned. The work will all be going on as if it had not been disturbed.

More than a thousand dollars worth of apparatus was ordered last week for laboratory work on the steam engine, the gas engine and other lines of work in engineering.

Instructor Evans lectured to the principals of the Utah county schools this afternoon on "Drawing as a Mode of Expression."

At a meeting of the dramatic club held last Monday the resignation of Le Roy Sanders as president of the club was accepted and Miss E. Angelina Macy was chosen to fill the vacancy. Macy was a member of the executive committee to occupy the place of Miss Sanders held before her promotion. Club to make arrangements as early as possible to have "The School Miss" presented in Ogden and Provo.

The executive committee are looking for a play which they expected to present about the middle of March.

Prof. Marshall is at Ephraim today lecturing to the teachers of Sanpete county. Tonight he is to lecture to the students of the Snow academy.

Mr. Mannes E. Jones delivered an entertaining and thoughtful lecture to the members of the training class Friday morning on "The Plants of Utah."

Miss Margaret Miller of New York visited the training school Wednesday and Thursday.

Sgt. D. H. Christensen lectured to the class of education yesterday on "German Universities and the Schools of Great Britain."

The class of '94, "The Orphans," are to give a social party, the normal committee on arrangements follows: Margaret Savage, Lottie Smith, Mattie

"77"

To knock out the Grip, take "77."
To break up a Cold, take "77."
To stop a Cough and clear the chest, take "77."
To cure Catarrh and clear the head, take "77."
To prevent Pneumonia and strengthen the lungs, take "77."
To cure Quinsy and heal the throat, take "77."
To feel secure and keep well, be prepared for emergency by carrying in your pocket a bottle of "SEVENTY-SEVEN" ("77"). Dr. Humphreys' Famous Specific for Grip and Colds. It stops a Cold at the start and "breaks up" Colds that hang on.

COLDS

Duncan, Grace Livingston, Leo Butler, David Lusk.

Mr. John E. Hansen, city editor of the "News," expressed himself as being pleasantly surprised with what he saw at the training school during the forenoon of Monday. The growth of the school and its improvement generally since he gave it a careful study a few years ago, are what occasioned his surprise.

Since Mr. Cummings of the training school lectured before the state teachers' association on nature study there has been a great increase in the demand for outlines of the work as it is done in the training school. Eleven hundred copies were printed of the last issue to satisfy the demand for them.

The kindergarten students made a snow man Friday, and had the pleasure, as soon as it was finished, of battering it down with snow balls.

Five of Miss Vincent's students invited the children of the kindergarten to visit them yesterday. As a lesson in oral expression the five little folks explained to the visitors how the doll dresses and all the other beautiful things in their play house were made.

Miss Virginia Snow Stephens has recovered from her attack of typhoid fever, and is again teaching her department in the training school.

Miss Pincoini met the students of the upper grades Friday and gave them a lesson in baking. Muffins, it is said, were the result.

The current history class will meet the Zeta Gamma society in debate Friday next on the question "Resolved that the United States should not recognize the Gentry law or any like act to exclude the Chinese from this country."

L. E. Ellgren, J. L. Muir, and Harold Goff of the Zeta Gamma will take the negative side of the question, and G. S. Riser of the history class will take the affirmative.

The question selected by Nevada for our coming inter-collegiate contest is "Resolved that the United States should not recognize the Gentry law or any like act to exclude the Chinese from this country."

NEW LIBRARY BOOKS.

Fifty-four volumes will be added to the public library Monday morning, Jan. 20, 1902, as follows:

MISCELLANEOUS.

Adams—William Hamilton Gibson, Artist, Naturalist, Author.
Bancroft—History of the United States, 4 vols.
Bradford—The Wild Flowers.
Capps—Homer to Theocritus.
Checkley—A Natural Method of Physical Training.

Fountain—The Great Deserts and Forests of North America.
Glave—In Savage Africa.
Green—Oxford Studies.
Grinnell—American Duck Shooting.
Guiney—A Roadside Harp.
Hardy—Poems of the Past and Present.

Hawthorne—United States from the Landing of Columbus to the Signing of the Peace Protocol with Spain, 3 vols.
James and Sanford—Government in State and Nation.

Kerley—Short Talks with Young Mothers.

Kings—Ben King's Verse.

Kropotkin—Fields, Factories and Workers.

Larcom—Poetical Works.

Loveland—Songs and Sonnets.

Macaulay—History of England, 5 vols.

Macaulay—Critical and historical Essays, 3 vols.

MacElwaine—The Truth about Alaska.

Shepherd—Plantation Songs.

Stanton—Comes One With Song.

Songs from Dixie Land.

Thaxter—Poems.

U. S. Library of Congress—List of Maps of America.

U. S. Smithsonian Institution—Annual report for 1900.

FICTION.

Bailey—Mark Heffron.

Barrett—The Sign of the Cross.

Embrée—A Heart of Flame.

Herrick—The Red World.

McCarthy—Mononia.

Mason—Clementina.

Mayo—Kalevala.

Romance Dust.

Sun-King of Malta.

Thapet—A Book of True Love.

White—The Westerners.

BLACK AND RICH

Is the Way Postum Coffee Should Be. A liquid food that will help a person break a bad habit is worth knowing of. The president of one of the state associations of the W. C. T. U., who naturally does not want her name given, writes as follows: "Whenever I was obliged to go without coffee, for breakfast, a dull, distracting headache would come on before noon. I discovered that, in reality, the nerves were crying out for their accustomed stimulant."

At evening dinner I had been taught by experience that I must refrain from coffee or pass a sleepless night. In the summer of 1900, while visiting a physician and his wife I was served with a most excellent coffee at their dining room table, and upon inquiry, discovered that this charming beverage was Postum Food Coffee, and that the family had been greatly benefited by leaving off coffee and using Postum. I was so in love with it, and so pleased with the glimpse of freedom from my one bondage of habit and so thoroughly convinced that I ought to break with my capricious, that upon my return home I at once began the use of Postum Food Coffee and have continued it ever since, now more than a year.

I don't know what sick headache is, now and my nerves are steady and I sleep sound generally eight hours regularly. I used to become bilious frequently and require a new solution ever have that experience.

I have learned that long boiling is absolutely essential to furnish good Postum. That makes it clear, black and rich as any Mocha and Java blend. Please use my name, but you may use the letter for the good it may do."

The class of '94, "The Orphans," are to give a social party, the normal committee on arrangements follows: Margaret Savage, Lottie Smith, Mattie

SHARKEY-MAHER
FIGHT STOPPEDMen Arrested Early in the Evening
And Placed Under Bonds.

NOT A HARD BLOW STRUCK.

Referee Rocap Stepped to the Side of
Ring and Said: "This is No Contest."

Philadelphia, Pa., Jan. 17.—Tom Sharkey and Peter Maher, who were heralded to fight six rounds before the Industrial Athletic club for the championship of Ireland, at the Industrial hall tonight, were stopped by Referee Rocap in the middle of the third round of one of the poorest exhibitions ever given in this city. The men had been arrested early in the evening and bound over in \$5,000 bail to keep the peace, and this dampened their vigor and reduced the steam of their blows.

There was not a blow struck which would have rocked a bantam's head. When the bout had progressed for two and a half rounds, amid incessant catcalls, hisses and yells of "take them off" and "fake," Referee Rocap stepped to the side of the ring and said he was engaged to referee a contest. "This is no contest," said he, and the men took their corners and the contest was over.

Both Sharkey and the president of the club attempted to address the angry crowd, but neither was permitted to speak. The spectators were worked up to such a pitch that they broke chairs and benches in their desire to "get even." It was little satisfaction for the 4,000 persons who had paid \$2, \$3 and \$5 for seats.

Jeffries and Fitzsimmons occupied seats near the ring.

The warrants for the arrest of the pugilists, charging them with conspiracy to commit a breach of the peace, were served out by J. D. Barnitz, a citizen, who it is understood represented the Law and Order society of this city. More than a dozen witnesses were subpoenaed, most of them being writers on Philadelphia and New York newspapers. About a half dozen witnesses were examined, and the magistrate considered that sufficient evidence was elicited to warrant him in holding the prisoners. The men promised that there would be no knock-out, no violence and no infraction of the state laws regarding prize-fights, and that they would engage only in a sparring contest. This promise was accepted by the magistrate and the bail was fixed at \$5,000 for each man.

The magistrate stated that if the men lived up to the promise they would be discharged on their appearance in court tomorrow morning.

Round 1.—The men sparred for a few seconds, Sharkey being the first to lead. Maher rushed to a clinch. It was evident they intended to obey the mandate of the court, for they merely tapped each other. Many of the spectators started to leave the building. There was not a blow in the first round hard enough to jar the teeth of a feathery-weight. When the men took their corners the hall rang with hisses and cries "take them off" and "fake."

Round 2.—After tiddling for a moment Maher put a light left on Sharkey's stomach and they clinched. Sharkey slapped Maher on the face with the open glove and the two men wrestled over the ring. Sharkey led with his right and Maher ducked into a light left uppercut. The men continued their love taps and the spectators continued to hiss. Sharkey landed a light left and Maher countered with a right and landed over the heart. Sharkey's right opened glove on Maher's face but the blow was not hard enough to shake Peter's head. The men were dancing about the ring when the song sounded.

Round 3.—Sharkey for the wind but fell short and Peter tanned him on the face. Peter landed a light right on Sharkey's ribs and received a gentle tap on the back of the neck as he ducked. Maher led with his right and the men clinched and wrestled. Sharkey tapped Maher on the head and got a light blow on the stomach in return. Referee Rocap then stopped the contest.

"KID" BROAD IN DEMAND.

Match Makers Are After Him Despite His Poor Showing.

"Kid" Broad, despite the poor showing he made against Tim Callahan at Philadelphia, is still in demand by match makers. He is a member of the Athletic club of Appleton, Wis., that organization was ready to give a purse of \$1,000 for a 20-round bout between Broad and a certain "Mowat" or Joe Bernstein, and a purse of \$1,500 for a contest between Broad and Benny Yanger of Chicago. The club stipulates that George Siler shall referee. Word has been sent in return accepting both offers. If a "Mowat" is clincher with Yanger, Broad says he will insist on \$750, win, lose or draw. He expects Yanger to agree to this. The club wishes to have the mill decided about February 1, but Broad says if it won't suit him better to fight by January 23. A club in Chicago is desirous of bringing about a struggle between Broad and Martin Duffy, the Chicago light-weight. Broad says he will tackle Duffy for six rounds, provided the proposed tilt with Yanger and either Bernstein or Mowat at Appleton falls through.

COMING BILLIARD CONTEST.

Amateur Champion, W. H. Sigourney, Getting in Shape for It.

New York, Jan. 18.—Wilson H. Sigourney, champion amateur billiardist of the Pacific coast, who is to take part in the tournament of the Amateur Athletic union, which begins at the Knickerbocker Athletic club on Feb. 3, has just arrived here. In an interview he said:

"While I have beaten the best men on the Pacific slope I feel that the coming billiard tournament will tax my skill. I have been practicing already and will be in good trim when my first game is called."

Sigourney is said to equal Wilson P. Foss, who holds the challenge emblem, which he will be called upon to defend at the conclusion of the tournament.

The other entries to date are: C. F. Conklin of Chicago, class A champion of 1901; Chas. S. Schmitt of Boston, champion of New England; Dr. L. L. Mial of New York, winner of three prizes in the class A tournament of 1901; John H. Hendrick of New York, one of the best amateurs in the city, and Chas. Threshire of Boston.

CENTURY CLUB RECORD.

Five Thousand One Hundred and Forty-Three Runs.

New York, Jan. 18.—Five thousand one hundred and forty-three century

runs, a total of 514,300 miles covered in installments of 100 or more miles at a time, is the record of the members of the century road club association. This record includes one side of twenty-six consecutive centuries, one of ten, one of eight, one of seven, two of five, five of four, forty-six of three and 23 double centuries. President C. P. Staudach, of the C. C. association in tabulating the century records of the members to Jan. 1 has included only active members in good standing.

In this list of premier century riders, the leader is Harry Barry, whose record is 212 centuries. Next in order are Gus. Ziegler, 206; Isaac Gillette, 191; D. M. Adee; C. H. Essenden, 115; Paul Thomas, 108; C. P. Staudach, 106; W. H. Anderson, 90; Henry Vail, 82; F. W. Hyde, 77; Miss J. C. Yattman, 65; F. M. Clark, 56; W. H. Lange, 59; J. T. McCracken, 58; T. J. Moore, 51; Miss M. Gast, 55; John Simpson, 53; W. Lewis, 52; and R. M. Bingham, 50. Four hundred other members have records from 49 down.

Turning 1901, the members of the association rode 2,293 centuries but this total probably will be increased materially when the final reports are made upon Feb. 1, up to which date century on any location, with their accompanying evidence, may be filed with previous active club record of 1,373 centuries, established by the C. C. association in 1900 may be exceeded and a new mark set. The centuries of 1901 included three quadruple, sixteen triple and 69 double centuries, probably the greatest number of multiple centuries ever ridden in a single year by any club.

SPALDING IS CHAIRMAN

Of Final Athletic Committee for Olympic Games of 1904.

Chicago, Jan. 18.—A. G. Spalding, who has been appointed chairman of the final athletic committee of the Olympic games of 1904, has had a conference with H. J. Furber, chairman of the general committee, for the purpose of discussing the details which would fall to the athletic committee. After the conference, Mr. Spalding said:

"I had no idea of the scope of the undertaking planned by the general committee. It was astonishing to me in its proportions. Nothing like it has ever been undertaken. I was on the athletic committee of the Paris exposition as American representative and I can truly say if the present plans for the Olympic games are carried out there will be absolutely no comparison with anything in that line that has taken place."

"I did not realize until today the importance of the position I had accepted nor the work it will entail, but I can promise everything in my power to make it a success."

JACK WADE WINS.

Knocks Out Kid Ople in the Sixteenth Round.

Butte, Mont., Jan. 17.—After the close of sixteen fast rounds Jack Wade, the lightweight champion of Montana, knocked out Kid Ople of Centerville. A terrific right swing to the jaw did the trick. Ople clung to Wade and both fell to the floor. Ople clinging on until the referee had to pull him off. Ople got up and staggered across the ring looking groggy. Wade made a lunge and showed right and left punches to the face. Ople unable to defend himself, fell in a heap to the floor and was counted out.

The fight was one of the most exciting seen in Montana of some time. The bout was held at the Five Mile House near this city, the original plan of holding the mill in Anaconda, having been changed by the attitude of the authorities of that city.

Breaking the Record.

Philadelphia, Jan. 17.—The leaders, Goulet and Wilson, in the six days' bicycle race at the Second regiment armory, were thirty-one miles ahead of the world's record when the first day's racing closed at 10:30 tonight, which also closed the fourth hour of the contest.

Fought a Draw.

Baltimore, Md., Jan. 17.—George Dixon and Joe Lipman fought twenty rounds in the evening before the Eureka Athletic club here tonight.

Lipman, who is a Baltimore boy, had about twenty pounds the advantage of the veteran in weight, but Dixon made it up in reach and speed and landed a very even proposition from start to finish.

Dixon did most of the leading and landed oftener than Lipman, but the latter came up strong again and round knocked the ex-champion all over the ring.

Drilling Contest.

El Paso, Tex., Jan. 17.—World's championship drilling contest held here was won by Farr Brothers, of Globe, Ariz., over Chamberlain and Matley of San Pedro, Mexico. Farr brothers drilled 34 1/2 inches in fifteen minutes and Chamberlain and Matley 37 1/2 inches. The prize was \$2,500, a gold medal and other prizes. One of the Farr brothers drilled with a hammer and was badly wounded but did not drop the drill.

The Oakland Races.

San Francisco, Jan. 17.—Favorites were again in evidence at Oakland today, four of them winning. One of the upsets of the afternoon occurred in the Stokton handicap at six furlongs, for which Mechanus was favorite. The driver, a heavily-weighted favorite, gained a neck victory over Milas in the fourth race. Summary:

First race, one mile and fifty yards, selling—Ulla won, Volhurst second, Osmund third. Time, 1:44.

Second race, one mile, selling—Roller won, Tizona second, Diomed third. Time, 1:40 1/2.

Third race, Futurity course, selling—Shellmount won, Kilidoo second, Constance third. Time, 1:36 1/2.

Fourth race, seven furlongs, selling—The Giver won, Milas second, Colonial Girl third. Time, 1:36 1/2.

Fifth race, six furlongs, Stokton handicap—Sister Jennie won, Mechanus second, Frank Bell third. Time, 1:33.

Sixth race, one mile and fifty yards,

FIXED THE FAMILY.

Grape-Nuts Set Them Right.

It is better to have a food epidemic in a family than an epidemic of sickness. A young lady out at Hibbing, Minn., tells about the way Grape-Nuts won her family. She says, "When recovering from typhoid fever my doctor ordered Grape-Nuts. Breakfast Food. I gained four pounds the first week, and, as the package was kept on the table for me, the whole family started to eat the new food."

We soon noticed a difference in my younger brother's face, which had been pale and bloodless, and who had been suffering from chronic inflammation of the stomach. In a short time he began to eat so heartily that we all remarked about it. He had never before got so he could eat anything without the least bad effect.

We often eat Grape-Nuts dry as we would candy or nuts, and it has a rich, nutty flavor when soaked in water. The best way is to put in some good rich cream.

My sister found that after we began eating Grape-Nuts she had a much greater supply of milk for her baby. We have quit eating hot bread and meat for the evening meal and take in place some nice Grape-Nuts, with cream, and a little fruit, and have all improved greatly in health. Time, 1:33.

Please don't publish my name. Name can be given by Postum Co., Battle Creek, Mich.

HOPE FOR ALL.

NEW NAMES—NEW FACES—NEW TROUBLES, BUT THE SAME OLD STORY—"DRS. SHORES & SHORES CURE THEIR PATIENTS."

NO MATTER WHAT YOUR TROUBLE MAY BE, NO MATTER WHO HAS FAILED, NO MATTER HOW COMPLICATED IT IS, THERE IS HOPE FOR ALL, AND A CURE FOR MANY WHO HAVE BEEN TOLD THEY WERE INCURABLE.

Drs. Shores are not "EXPERIMENTERS" but EXPERIENCED TRAINED SPECIALISTS, MASTERING ALL FORMS OF CATARRH, CHRONIC NERVOUS AND PRIVATE DISEASES. Drs. Shores' prices and terms are low and uniform, and within the easy reach of all. Consultation Free at the office or by letter.

"I Am Glad to Endorse Drs. Shores."

"I Am Permanently Cured."

LANGFORD LOGAN,
553 Cannon Street,
Salt Lake City, Utah.

J. H. HORR, West Jordan, Utah.

Mr. Logan says: "I have lived in Utah about 12 years and am well known in Salt Lake and Provo. I have suffered from Catarrh and Deafness for 10 years or more—and at times suffered very severely. I was subject to Neuralgia headaches, which sometimes lasted for a week at a time, and was generally run down. I started treatment with Drs. Shores & Shores a short time ago, and have done wonderfully well under their care. My pains are few and much less severe at present than they have been in years, and I feel I am getting better every day. I have gained 7 pounds in weight, feel better generally and am well pleased with my experience with Drs. Shores & Shores. I heartily endorse them. Signed, LANGFORD LOGAN."

Mr. Horr says: "I suffered from what I considered the worst case of Catarrh a man could possibly have. I could hardly smell kerosene, I could not tell one food from another by smell, I blew scabs out of my nose two inches long, I could hardly speak at times, had constant colds, with head stopped up and generally felt sick and run down. I had about given up hope of a cure until I went to our Home Doctors, Drs. Shores & Shores.

"In a very few weeks I felt all right, all my old my old symptoms left me. My head got clear and to all outward pains I was a sound man. I spoke of this splendid work to my friends from time to time, but I WANTED TO SEE IF THE CURE WAS PERMANENT, so I have waited now over fifteen months, and FIND NO RETURN OF MY TROUBLE, but on the contrary, I never felt better in my life. I have no trace of Catarrh, I weigh more than I ever did, have good appetite, sleep well and feel like a perfectly sound and healthy man, and I have concluded there is no doubt about my cure being ABSOLUTELY PERMANENT AND COMPLETE."

WE TREAT AND CURE
Catarrh and Stomach Troubles, Nervous Diseases, Kidney Diseases, Bladder Troubles, Heart Diseases, Diseases of the Stomach and Bowels, Piles, Fistula and Rectal Diseases, Female Complaints, Diseases of Women and Children, Rickets, Spinal Troubles, Skin Diseases, Deafness, Asthma, Bronchial and Lung Troubles, Consumption in the First Stages, Rheumatism, Hay Fever, Neuralgia, Hysteria, Eye and Ear Diseases, Gout or Big Neck, La Grippe, Lost Manhood, Etc.; Blood Diseases, Special Diseases, Scrofula and all forms of Nervous and Chronic Diseases (that are curable). CONSULTATION FREE. CALL OR WRITE.

Drs. Shores & Shores,
SPECIALISTS,
Lyon Block, 56 West Second South,
Salt Lake City.

OFFICE HOURS—Week days, 9 a. m. to 4 p. m. Evenings, 7 to 8 p. m. Sundays and holidays, 10 a. m. to 12 noon.

The tourist section of the Ladies' Literary club met Monday morning, January 20 at 10 o'clock in the club house. The topics will be the "Black Forest," by Mrs. Whitney; the "German Drama," by Mrs. Bredemeyer.

Mrs. Mary B. Page, a Chicago lady, who is to address the forthcoming congress of Mothers in New York, has chosen a large and very important subject for her discourse. She is to speak on "The Educational Value of Play." The subject is not altogether new, since the kindergarten is an organized attempt to turn childish play to advantage in an educational way. But it is as important as it ever was, especially in view of the widely expressed opinion that the kindergarten system has been carried somewhat too far, and has resulted in harm by encouraging a spirit of play which renders it very hard for the kindergarten child to combine his childish play with the educational effect of the free play of the nursery, the playroom, the street. The pure undirected spontaneous play and generally too much neglected play of the children themselves is always educational; and what is it educating the children to?

Children in their free play learn a great many things; some of them are bad, but most of them are good. Boys, in their games, undeniably learn manliness and self-dependence. They learn not to cry when they are hurt. They learn that one who cheats is a sneak, worthy of blows. They learn not only to be quick of eye and hand and foot, but to favor the small and weak, and to combine adroitly against bullying and oppression. Incidentally, and as an undesirable offset, they learn a good deal of bad language and impertinence.

The Cleofan met with Miss Emmeline Wells on Tuesday and the club listened to an interesting talk by Bishop O. F. Whitney on Lord Byron, accompanied with readings from Childe Harold. Dainty refreshments were served after the program and a pleasant social time spent. It was open day and a number of guests were present.

The Daughters of Utah Pioneers will meet next Friday at the home of Mrs
