

TELEGRAPHIC. MAINE'S PLURALITY

For the Republicans is 45,000 to 50,000.

THE LARGEST IN HER HISTORY.

Demerit that will be the result, and five in the ratio—no free silver there.

ANANDA, Sept. 14.—Maine has elected the largest majority in her history, according to the latest returns, and the majority for Fusion, Republican, or government, will be over 40,000, and probably in the neighborhood of 50,000.

His Thomas H. Reed is re-elected to the House by over 10,000 plurality. The returns show a majority of about 10,000 for Mr. Dingler for congressmen from the second district, over 10,000 for Mr. Miliken in the third district, and practically the same for Mr. Beane in the fourth district.

In the state legislature the Democrats will apparently have less than half a dozen of the representatives. As a substitute, the Republicans picked a representative who was a strong supporter of the gold standard, and many disaffected Democrats remained at home and only a few voted for the same of the gold standard.

The successful candidate for governor is the Hon. Lewis W. Farnsworth, Republican. The success of the other parties were Hon. Melvin F. Frank of Portland, Democrat; Luther C. Burdick of Auburn, Populist; Annie Land of Calais, Prohibitionist; and Hon. William Henry Clifford of Portland, Democrat.

First district—Edward T. Hinkle of Biddeford, Democrat; J. P. Robinson of Portland, Populist; Aaron Clark of Bangor, Prohibitionist. Second district—Alfred L. Levesque of Thomaston, Democrat; Charles E. Allen of Bangor, Populist; Edward H. Ogier of Calais, Prohibitionist. Third district—Melvin H. Holway of Augusta, Democrat; Charles E. Levesque of Northport, Populist; William E. Thompson of Augusta, Prohibitionist.

From early morning it looked as if rain would fall, but it did not, and about 4 o'clock the sun came out brightly. Every where at the quill the organization of the Republicans is getting on its feet at the earliest possible hour.

The Democratic organization was nearly as good. There were only a few local clubs to organize local clubs, and after was prepared at the polls throughout the state, without much difficulty.

The campaign was the most interesting since the late war. It was a more favorable way campaign, and a more favorable way campaign, and a more favorable way campaign.

to conduct with the Democrats a very strong party, especially in the cities. Candidate Frank did good work in the campaign, and his speakers generally from outside of the state were of great value. Their work was probably of a good result. In the last two weeks the gold Democrats took a lead in the struggle, and several of their leaders addressed meetings in the cities. The principal effect of their participation in the campaign was to strengthen the Republican ranks. If the result of the campaign of the gold Democrats had been on the ticket, however, it is believed a very good showing would have been made.

Candidate Johnson was the main strength of the Democrats in his party. He was elected to the legislature by a large majority. His opponent was defeated by a large majority.

Johnson, M. S., Sept. 14.—Maine has elected a majority of about 10,000 for Mr. Dingler for congressmen from the second district, over 10,000 for Mr. Miliken in the third district, and practically the same for Mr. Beane in the fourth district.
