IMPORTANT TO THE TRAVELING PUBLIC. It is the duty of all persons before starting on a journey to ascertain by what route they can reach their destination with the least trouble, and if there are two or more routes leading to the same point, to decide which is the safest and most pleasant to travel.

We take pleasure in stating, that the CHICAGO & NORTH-WESTERN RAILWAY is the oldest, and several times the shortest, route between Chicago and Chicago. Within the last two years the road bed has been put in admirable condition, and almost the entire line has been built with steel rails.

The Depot in Chicago is a central station, and as their trains arrive there thirty minutes in advance of all other lines, passengers are always sure of making East connections.

These connections are made at Chicago with the Lake Shore & Michigan Southern, Michigan Central, Baltimore & Ohio, Pittsburgh & Wayne & Chicago, Kanawha & Pan Handle Routes, for points EAST and SOUTH.

If you are going to Chicago, or East, you should, by all means, purchase your tickets on the Old Route—

Chicago, and North-Western.

You will find on all through Pullman Sleepers, new and magnificent Day Coaches, and the best Smoking and Second Class cars now on any road in the United States.

Particular information with maps, time tables, etc., may be had at any of the Through Ticket Offices in the West, or upon personal application to J. W. Lyman, Ticket Agent, Salt Lake City, A. H. E. Ticket Agent at Ogden, or to J. H. Mountain, Western Traveling Agent, Omaha, Neb., or to W. L. Stennett, General Passenger Agent, Chicago. d351 2m

EVENING NEWS.

Saturday, October 2, 1875.

Local and Other Matters.

Thermometer 78 degrees F in the shade at 1 p.m. to-day, some clouds.

Meetings.—Religious services to-morrow afternoon, at the New Tabernacle, commencing at 2 o'clock, and at the various ward meeting-houses in the evening.

Thirteenth Ward.—Elder George Q. Cannon will preach in the Thirteenth Ward Assembly Rooms to-morrow evening; services commence at half-past six.

Keys.—A couple of small, flat keys have been found. The owner can get them at this office.

Accident.—A son of Bro. John Whitney was thrown from a horse last evening, and severely cut and bruised about the face and head.

Laying the Pipes.—The water pipes have been laid on that part of South Temple street parallel with the Temple Block.

The Conference.—According to previous announcement the Semi-Annual Conference will be held in the New Tabernacle, commencing on Wednesday morning, at 10 o'clock.

Theatre.—There will be interesting programmes for theatrical performances next week, including popular plays, Mr. Vivian in his character songs, and the Alleghenian bell-ringers.

Fatal Accident.—We learn that a man in the employ of the Union Pacific Railroad Company was killed last night at the Ogden depot. He was engaged switching a train when he was caught by the brake bar and dragged around the yard with the engine a considerable distance. When he was found life was extinct.

Teachers' Meeting to be Postponed.—The regular monthly meeting of superintendents and teachers of Sabbath schools will be postponed from next Monday night to next Wednesday night, at 7 o'clock at the City Hall. Superintendents will please give due notice of the postponement in school to-morrow.

G. Q. CANNON, President Sabbath School Union.

Lots of Grain.—We learn from a gentleman from Grantsville that it is estimated that 35,000 bushels of small grain have been raised there this year. When the place was first settled it was estimated that the water facilities would be sufficient to raise about 1,000 bushels.

The corn and vegetable crops are also excellent there this season, and combined with these indications of material prosperity it is a general time of health among the people.

Funeral Services.—The obsequies of William Gibson were conducted at the 29th Ward School-house yesterday afternoon; a large number of the relatives and friends of the deceased being present. His fellow members of the Deseret Fire Company were there in uniform, to pay their last respects to their departed comrade. The assemblage was addressed by Elders Orson Pratt and Fenimore Little.

Fine and Imprisonment.—Yesterday afternoon Robert Riley was sentenced to pay a fine of \$50 and to imprisonment for sixty days, by Justice Pyper, for beating William Bean over the head with a rock, and a further fine of \$20 was imposed on him for assaulting and presenting a pistol at Mr. Hague. William Bean was fined \$25 and sentenced to imprisonment for twenty days, for beating Riley over the face with a pistol.

Such characters need to be taken care of, and the action of Justice Pyper relative to them was just.

President Grant Coming.—Definite information has been received to the effect that President U. S. Grant will visit Salt Lake City. He will arrive at Ogden about one o'clock to-morrow, by special train, and the Utah Cattle Company will have an engine there ready to bring the train along to this City.

In view of the arrival of so distinguished a visitor a meeting of the members of the City Council was held this afternoon for the purpose of making arrangements to tender to the President the hospitality of the City, and give him a reception befitting a man of his position.

Returned Missionaries.—As stated in yesterday's News, Elders Joseph F. Smith and F. L. Lyman were met at Ogden yesterday by a party of relatives and friends from this City, by whom they were conducted to this City on the regular evening train.

We are pleased to be able to state that Elder Smith's health is tolerably good and he is in fine spirits. The health of Elder Lyman is altogether unexceptionable, a condition to which his outward appearance bears ample testimony, and he feels as buoyant as usual. We heartily welcome these brethren home.

Bear Lake.—Brother C. Merkle, of St. Charles, Bear Lake Valley, called to-day. He left his home last Monday and reached this city this morning. He expressed great surprise at the temperature being so high in this valley, the thermometer in his district of country having ranged at about 70 to 82 during most of the summer. They had no rain there from last May
