

PRICE OF GOLD.  
Reported Daily by HOPKINS, BROTHERS & CO.,  
SALT LAKE CITY, August 18, 1871.  
Gold at \$100.00; Silver at \$12.00.

WEATHER ITEM.—The highest point reached by the thermometer to-day was 90.

GONE TO PROV.—The First Presidency, President's R. Young, George A. Smith and D. H. Wells, Elders John Taylor and George A. Cannon, of the quorum of the Twelve, and a few other brethren, for the purpose of attending to-day's meeting there, to be held to-morrow and Sunday. The party will probably return on Monday evening. President Joseph Young went to prove a few days since.

W. A. N. JOURNAL.—We are in receipt of a communication from Provo, dated the 14th inst., the writer of which signs himself "Inquirer." He is anxious to know why we do not publish the account of the Utah county celebration of the Twenty-Fourth of July, held at Provo. The reason for the non-publication of the report is a very conclusive one; we never received it, the only one ever having come to hand being that now regarded by "Inquirer," whose description of the celebration shows it must have been an expensive and fine affair. The proceedings included a picnic in the lower room of the big woolen factory and afterwards a good old-fashioned social dance in the upper room. These exercises served a double purpose, that of celebrating the anniversary of the entering of the Pioneers to this valley, and the completion of the huge factory building. All the other portions of the celebration were worthy the memorable occasion, and were participated in by representatives from every part of the county.

ARRESTED FOR FIGHTING.—This afternoon, Vernon H. Vaughan, ex-governor of Utah Territory, and E. K. Gordon, being both under the influence of liquor, entered into a quarrel in the billiard saloon of Charles Trowbridge, on Main Street. After showing each other with the tongue for some time, Vaughan struck Gordon on the back of the head with a cane, causing the blood to flow freely. Both men were arrested and brought to the City Hall, where an attempt was made at an examination of the case, which, however, owing to frequent interruptions by the press, could not be proceeded with, Vaughan being freed twice, and Gordon once in the sum of \$5 for contempt of Court, and as the examination had to be delayed they were held in the lock-up.

W. J. Pratt was arrested for interfering with the officers while arresting the above parties, for which he was fined \$10.

A PERSONAL CALL.—We were pleased to receive a visit yesterday from Joseph McGill, Esq., of California, and Mr. Barron, President of the Utah Lumber Company of this city. Mr. McGill is of the firm of D. A. McDonald & Co., of the "Enterprise" sawing and planing mill, and manufacturer of floors, sashes, blinds and moldings, San Francisco. He is here in the interest of the firm, which does a heavy business in the line. The gentleman is one of the old residents of California, a fact which rendered his visit the more pleasant, as we were enabled to converse with him upon old times.

Election Returns.

JEAN COUNTY, Nephi, Aug. 18.

The following is the abstract of the election held in this county on the 7th inst.:

Fence Viewers—1st Precinct, J. Baum, J. McDonald and E. Smith, 123 each; 2nd Precinct, A. Wootton, George Wardle and Jacob Bargner, 77 each; 3rd Precinct, J. C. Parod, J. Rogers and J. G. Timothy, 77 votes each.

CHARLES SHELTON, County Clerk.

CHANGE OF EDITORS.—The Reese River Revue, published at Austin, Nev., has changed hands. For many years past, it has been edited and owned by O. L. C. Fairchild, Esq., but that gentleman has now resigned his connection with the paper, and has gone to take up his residence at Oakland, Cal.; and it will henceforth be conducted by Messrs. Andrew Cassanoy and John H. Dennis who, in a "Salutatory," in the issue of the 14th instant, state that they have purchased the property and good will of the Revue. They are old citizens of the locality, and it may be supposed, understand the requirements of the people. The Revue, while under the control of its late editor, has been remarkable for its straightforward course, and for the utter absence of partisanship or malevolence in its columns. Its new proprietors state that it is their intention to pursue the same course, by so doing they will deserve well of their fellow citizens of Austin, and we hope will secure a large and paying share of their patronage.

ACCIDENT ON THE U. S. R. R.—An accident occurred on the Utah Southern railroad yesterday morning, about twelve miles south of this city. At that point a man, named Cox, has been in the habit of placing ties across the track to prevent stock from getting upon his farm, and removing them in the morning. Yesterday morning, however, he forgot to take away some of the poles, causing what might have been a most disastrous accident. As the construction train consisting of three flat cars with about sixty men on board, and an engine pushing behind, came along, the first car was thrown up about three feet, when the coupling broke and it went over the embankment and was completely smashed. The second car was partially derailed on the track. None of the men were injured except one, who was considerably shaken. All of them jumped from the cars on first feeling the shock. The line was considerably damaged at the scene of the accident.

The conduct of the person who can coolly make the lives of sixty of his fellow beings dependent on his memory and to take such an insane method of keeping cattle off his land needs no comment.

"HEARTH AND HOME."—The eastern journal *Hearth and Home*, so notably improved since it passed, last October, into the hands of Messrs. George Judd & Co., of 245 Broadway, New York, publishers of the *American Agriculturist*, is one of the best family papers now published, either in this country or any other; and it is one of the choicest illustrated journals anywhere issued for the family circle, being adapted to both juvenile and adult, and meeting the special wants of the housekeeper. Besides it supplies very useful

chapters for the garden and farm, and is an important news sheet, giving a valuable resume of the news for the week, up to the moment of issue. The publishers have secured the exclusive editorial services of Edward Eggleston, so widely and favorably known by his writings in *Scribner's Monthly*, and many other magazines and journals, and especially as the chief superintending editor of the *New York Independent* for some time past. With this notable addition to the previously large and strong editorial force, *Hearth and Home* can not fail to merit and command a prominent place in every household, in city, village and country. Terms only \$3 a year. Single numbers 8 cents. *Hearth and Home* and *American Agriculturist* together, \$4 a year.
